Recent studies of Canadian Indians sponsored by the Canadian Cancer Society show that Indians have less skin cancer than do whites. The probable explanation of this is that the pigment in the skin of Indians is a protection against the ultra-violet rays of the sun. Negroes are also less susceptible to skin cancer.

Milwaukee Sells Wilson To Birds

MILWAUKEE (AP)—Milwaukee Braves today announced the sale of pitcher Jim Wilson to Baltimore of the American League.

The Braves said Wilson was sold for cash and a minor league player to be named later.

General manager John Quinn sold all National League clubs waived on the 33-year-old right-hander, in his fifth season with the Braves. He hurled a no-hit 2-0 victory over Philadelphia last June 12 to climax a spectacular comeback drive. It was the only no-hitter in the majors last year.

Owen J. Thomas Award Winner

VANCOUVER (CP)— Owen J. Thomas, deputy superintendent of Vancouver schools, was named winner of the G. A. Fergusson memorial award at the B.C. Teachers' Federation convention here.

It is given to the federation member, or ex-member, who has made the largest contribution to education in the province during the year.

Mr. Thomas, 65, retires this summer after 40 years in the Vancouver school system.

The Charlesworth Memorial scholarship was awarded to Carl Allan Payne of Victoria, whose mother is a teacher at Sooke, B.C. The award, worth $200, is open to children of a BCTF member and honors Harry Charlesworth, first general secretary of the federation.
