Yankees Badly Bruised By Fourth-Place Boston

By The Associated Press

What are the American League Boston Red Sox doing in fourth place? On appearances, they ought to be away out front.

They showed just about everything a manager could want — power hitting and great pitching — while wrecking the league-leading New York Yankees 4-2 and 10-5 in a doubleheader Monday.

The 43,794 fans at Yankee Stadium fended to see some fireworks, it being the Fourth of July and with plenty of advance warning that the Red Sox were hot but the extent to which Boston hurled at Yanks was a stunner.

Most of the fans came to see Ted Williams. And he delivered with a double and a towering home run to the upper deck in right field. It was his 30th. That was in the opener. He walked as a pinchhitter in the second game.

But it wasn't all Williams. Willard Nixon, still treating the Yanks like patsies, marched his record 7-2 over the New Yorkers, knocking home two runs with a single before retiring from the mound after five innings of first game because of the 96-degree heat. He Delock took it from there.

Five pinchbatters were used — four of them Yanks and all came up.

Boston really blew up in the nightcap, romping in on a grand-slammer by Jackie Jensen and a three-run homer by Norb Zauchin in the ninth. Tom Hurd held New York to two hits in 6⅓ innings of relief.

21 OF 29

The sweep gave Boston 21 victories in the last 29 games, yet because of a slow start the club is no better than fourth. Over that same 29-game span, Yanks have won 17, Cleveland Indians and Chicago White Sox 16 each and Detroit Tigers 12. Still, Detroit is the only club Boston has been able to overtake.

Cleveland made a move in the double header doings, taking second place by beating Detroit twice, 6-4 and 8-5, while White Sox slipped to third by splitting with the Athletics at Kansas City. Chicago won the opener 8-2 but lost the second 4-3. Baltimore Orioles beat Washington Senators 6-2 in the only single-game action.

In the National, first-place Brooklyn Dodgers rapped Philadelphia Phillies twice, 11-2 and 6-3. Chicago Cubs split with Cincinnati Redlegs, losing 6-3 before winning 4-3; St. Louis Cardinals took two from Milwaukee Braves, 4-2 and 5-4; Pittsburgh Pirates beat New York Giants 4-3, then lost 5-3.

The day's work left Yanks atop the American League, five games up on Cleveland, and Brooklyn ahead of Cubs by 12½ in the National. The July 4th rule of thumb has sent 36 American League leaders on this date to the world series in the last 54 years. Thirty-four of the National League leaders at this point have gone on to win in the last 55 years.

Both the Yanks and Dodgers, incidentally, have been among the more notable "failures" to the rule.

White Rock Athlete Produces Only Record at Track Meet

SASKATOON (CP)—Bad Stapleton of White Rock, B.C., came up with the only record-breaking performance at the Canadian track and field championships here Monday.

Stapleton set a Canadian open and native record for the juvenile boys' discus with a throw of 146 feet, 11½ inches.

The meet is limited to competitors in senior women, senior, juvenile and midget boys and it will conclude today.

Two other Canadian records were equalled. Stan Lawson of Montreal ran the juvenile 220-yard dash in 22.5 seconds and Chuck Hardy of Toronto covered the junior 100-yard dash in 9.9 seconds.

Saskatchewan athletes dominated picking up an aggregate of 245 points. Quebec entries have gained 119, Manitoba 101 and Alberta 99.

CHOPS EIGHT SECONDS

A brilliant victory was registered by Regina's Don Loadman, who set the Saskatchewan high school record at four minutes, 33.9 seconds, clipped better than eight seconds off his previous time as he steamed home the winner in 4:25.6.

Loadman out-duelled Vancouver's Richie Nicholls overhauling his lanky rival with 300 yards to go and holding on to win by two steps. The last quarter mile was particularly fast with Loadman covering the distance in 62 seconds.

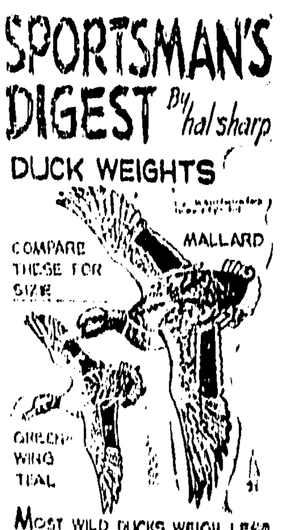
Another Saskatchewan star, Maureen Rever, won the senior women's 100-yard dash in 11.2 seconds, a provincial record. Earlier in the meet, during the first heat, she had tied the Saskatchewan record at 11.0.

FAILS CRACK RECORD

Jackie MacDonald, Toronto's shot put expert, failed in a bid for a new mark. She won the event with a throw of 41 feet, 11 inches, which is 8½ inches below the Canadian native record. She hit 44 feet, 2½ inches on one throw but was disqualified for stepping over the boundary.

Outstanding individual was Warren McKenzie of St. Lambert, Que., who amassed 28 points in the midget boys' group. The bulk of his points came on victories in the discus and low hurdles.

Hardy was the top junior, with two wins. Stapleton led the juveniles, also with a pair. The aggregate race among women is a three-way tie between Maureen Rever, Margaret George of Melville, Sask., and Annabelle Murray of Okotoks, Alta., each with 18 points.



MOST WILD DUCKS WEIGH LESS THAN DOMESTIC DUCKS, AND THE VARIED SIZES OF WILD SPECIES HELPS CONFUSE TYRO HUNTER'S JUDGING IF SMALLER SPECIES ARE WITHIN SHOTGUN'S RANGE.

VARIOUS SPECIES OF EIDER DUCKS VARY FROM 2 TO 5¼ POUNDS. OTHER DUCK WEIGHTS ARE: CANVASBACKS, SCOOTERS, UP TO 3½ LBS.; BLACK DUCK, 2¾ LBS.; MALLARD, 2½ LBS.; TEAL (SMALLEST OF ALL DUCKS), 10 TO 15 OZ.; ALL OTHER DUCKS ARE BETWEEN TEAL AND MALLARDS IN SIZE. MERGANSERS VARY FROM 1½ TO 2¾ LBS.

Rod and Gun Club Supports Smithers Hatchery Location

The Prince Rupert Rod and Gun Club will throw its support behind that of the Bulkley Valley Rod and Gun Club for the establishment of a Game Department trout hatchery at Smithers, it was decided at the local group's regular meeting last night.

A letter recommending location of the hatchery at Smithers will be sent to the Mainland North Coast Zone Council, which will in turn recommend to Victoria that the new $75,000 hatchery be built in the Smithers district. Alternate location is Prince George.

Other nine members of the North Coast Zone Council will be asked to submit in writing their preference for the hatchery location.

The Bulkley Valley Club has operated a hatchery of its own at Smithers for some time.

In other Rod and Gun business, the group decided to suspend regular meetings during the summer months. The group will meet at the call of the chair if it is necessary to arrange for any inter-club shoots.

The members also gave consideration to a suggestion that the annual zone council meeting be held at the same time as the Rod and Gun Club banquet.

Fifteen new members were admitted to the club.

Softball Teams Increase Quota Of Hardballers

Teams in the newly formed Prince Rupert Senior Men's Softball League will be limited to carrying two active members of the city's baseball clubs on their rosters, it was decided at a meeting of the fastballers last night.

Number of hardball players to be allowed each team prompted a lengthy discussion on the question, resulting in passage of an amendment, increasing from one to two the baseball player quota for each team. Mike Kutzak, softball league president said this morning.

Three more teams have indicated a desire to join the league, Mr Kutzak said, but no confirmation had been received.

At present four teams comprise the league, which got underway Saturday and Sunday. Next game will be played at Gyro Park tomorrow at 7 p.m. matching Electricians with RCMP-Firefighters. The combination team chose to play under the title of P & P.

Full schedule will be published later this week.

Old-Time Racer Dies Aged 70

NEW YORK (AP)—Lt. Col. Geo. H. Robertson, 70, the first American to win the Vanderbilt Cup automobile race, died in a hospital Monday. Col. Robertson drove a 120-horsepower Locomobile to victory in 1908 at the Long Island motor parkway course. He averaged 64.3 miles an hour, covering the 258 mile course in four hours and 48 minutes.

Super-Valu Decision Bottlers 10-8

Prince Rupert's Little League Super Valu team took a 10-8 decision off North Star last night at Algoma Park despite a determined last-ditch effort by the bottlers which saw them push three runs across the plate and load the bases in the sixth inning.

Super Valu starter, Hughie McKenzie went five and a third innings before being replaced by Don Love.

Loser Gerald Hubel pitched two and two-third innings before relieter Murray Wells took over on the mound.

The loss is charged to Hubel, the win to McKenzie.

Tonight Sea Kings will meet Kinsmen at 7 at Algoma Park.

A meeting has been called for this Thursday to revamp the league schedule. Decisions on the future of Little League in the city will also be made, a loop spokesman said today.

Six-Run Last Inning Rally Not Enough In Pony Fixture

Moose of the Prince Rupert unofficial Pony League staged a six-run rally in the seventh frame of a scheduled fixture at Roosevelt Park last night but missed by one run taking over the lead from Gyros dropping the game 11-10.

The Moose entry went into the last frame trailing 11-4. Gyro hurler Eddie Eyford who had been effective up until this time, weakened and allowed three walks. A boot in the field scored four runs. With two men on base and Willard Anderson, the tying run at the plate, hit a long ball to centre-field. Game-end came when Anderson was thrown out at third, trying to stretch the cinch-double into a triple.

Teddy Careless was replaced on the mound for Moose in the fourth by Billy Smith with two out, snuffed a five-run Gyro rally by walking Eyford and getting Jackie Jensen to ground out.

Careless returned to the mound in the fifth and only allowed one hit for the rest of the game.

In posting his fourth win against no losses, Eyford walked nine and fanned 14. He accounted for all nine putouts in the first three innings. Careless walked seven, struck out five.

SHELL

It takes TCP to get the full power from High Octane Gasoline

Cars being made today are the most powerful ever built. And with this extra power you also get extra economy—more miles per gallon.

The reason for these benefits is that today's engines are high compression engines and make more complete use of the power available in today's higher octane gasolines.

But did you know that the kind of driving most people do most of the time—*local* driving—can, in a short time, create a condition that offsets the extra power and economy that these engines should get from high octane gasoline.

Why? Because this kind of driving increases the build-up of certain combustion chamber deposits—the root of most power and gasoline waste. And to overcome these deposits you need a gasoline with a special kind of additive.

What happens is this:

As your engine warms up, these deposits warm up, too—glow red hot. And these glowing particles act like hot coals—ignite the gasoline mixture ahead of time... before the pistons reach proper firing position. This is called pre-firing and means that power works *against* you instead of *for* you.

In addition, these same deposits have another power-wasting effect: They foul spark plugs, causing your engine to miss.

Engineers will tell you there's nothing more wasteful of power and gasoline than pre-firing and spark plug "miss."

But there is an answer—there's *one* high octane gasoline that gives you *all* the advantages of high octane without the power-crippling effects of these deposits—Shell Premium Gasoline with TCP*.

TCP, the Shell-developed additive, fireproofs the deposits so that they no longer cause pre-firing. No longer can they glow red hot and ignite the gasoline mixture. And TCP stops spark plug "miss," too. Your spark plugs do the job they are supposed to do.

Start getting the full power built into your engine. Get Shell Premium with TCP. It's the most powerful gasoline your car can use!

*Shell's Trade-mark for this unique gasoline additive developed by Shell Research. Patent applied for.

SHELL
Only Shell Premium Gasoline has both TCP *and* High Octane!
