Car Kittenish After Drive

GREENSBORO, N.C. (AP) — When Jack O. Jones of Greensboro arrived here Sunday after an 18-mile drive from Conway, S.C., he remarked that his motor purred like a kitten.

Then he looked under the hood and discovered a furry kitten. Jones said it must have hopped aboard at Conway where a family of cats slept under the car. The kitten was unharmed.

Hurlers Rested, Few Crocks In Sight For All-Star Game

By JOE REICHLER

MILWAUKEE (AP)— For the first time in years, American and National League squads come up for the annual all-star game Tuesday with rested pitchers and a minimum of injuries.

Whereas in other years all-star pitchers were called upon within 48 hours of working a nine-inning game on Sunday, only five of the 16 saw action Sunday. A year ago, five of the seven National League pitchers and four of the eight American leaguers had worked on Sunday.

Outside of Brooklyn's Roy Campanella, who was scratched several days ago because of a damaged knee, neither side reported any injuries. Last year, Al Rosen, Yogi Berra, Allie Reynolds, Mike Garcia, Campanella and Harvey Haddix all were crippled although some were able to play. In fact, Rosen, despite an injured index finger, hammered two homers and drove in five runs to lead the Americans to an 11-9 victory in Cleveland.

LARGE SELECTION

Managers Al Lopez and Leo Durocher, who will direct the American and National League squads respectively, have a wide choice of pitchers. Most likely starter for the Americans is Early Wynn 11-4, Cleveland's strong-armed righthander, who probably will be opposed by either Don Newcombe 14-1 of Brooklyn or Robin Roberts 13-7 of Philadelphia.

Newcombe, the majors' biggest winner, has not worked since his three-inning stint Friday night. Roberts went the distance Saturday while Wynn hurled only five innings the same day.

The game figures to be a battle of National League power against American League pitching. Although the American leads 13-10-8 edge in previous games, the Nationals have been installed as 13-10 favorite to win their fifth in the last six clashes.

POWER HITTERS

The Nationals, led by such power hitters as Ted Kluszewski, Duke Snider, Stan Musial, Willie Mays, Eddie Mathews, Del Ennis and Ernie Banks, stand head and shoulders above their rivals in the home run and runs batted in department.

Kluszewski, with 20 homers, Snider with 28, Mays with 27, Banks with 23 and Mathews with 22, all top Mickey Mantle the American League leader with 21. Snider's 89 RBIs is far and above the figures of any of his rivals.

The American, however, has the edge in speed, defence and pitching. Five of the junior circuit pitchers have won 10 or more with Bob Turley of New York Yankees and Herb Score of Cleveland far out in front in strikeouts.

Musial can set a record by playing in his 12th game. Mel Ott and Joe DiMaggio each played in 11. Ted Williams will appear in his 11th game.

Remember when..

National Leaguers were winners of the first shut-out pitched in the annual all-star baseball game against the American League 15 years ago at St. Louis. The American leaguers managed three hits but could not plate a run while the Nationals had four runs on seven hits. Derringer of Cincinnati was the winner; the loss went to the Yankees' Ruffing.

$730,000 Asked For U.S. Study Of Salmon, Crab

WASHINGTON (AP)—The United States fish and wildlife service has asked congress for $730,000 to finance a five-point study of salmon and king crab in the north Pacific.

The studies, dealing primarily with the movement of salmon in the high seas, will be carried on under the international north Pacific fisheries commission—the body set up by the United States, Canada and Japan, to regulate north Pacific fishing.

Under the north Pacific treaty Japan has agreed not to fish for salmon, herring and halibut east of a line running roughly off the end of the Alaskan peninsula.

More purpose of the studies is to determine the extent to which Asian and American fish intermingle around the line now set at the 175th meridian.

Arnie J. Sumela, assistant director of the fish and wildlife service, told the House of Representatives appropriations committee in testimony made public Sunday:

"Should it be found that the fish in the area of the 175th meridian are predominantly of American origin, then presumably the commission will take steps to move the line farther westward."

"And vice versa," replied Sumerla.

The official said the salmon program involves study of the distribution of fisheries in the north Pacific area, identification of the stocks of salmon in the north Pacific by anatomical, biochemical and physiological methods, tagging of salmon to determine offshore motions, oceanographic studies of the currents and other water movements which direct the distribution and migrations of salmon.

Research on king crab will include a study of collection and commercial catch records, a study of movements by tagging and determination of fishing and natural mortality.

"Many Called, Few Chosen" As B.C. Lions Start Workouts

KELOWNA, B.C. (AP)— Sixty football players applied for jobs here Sunday, but only 35 will be gainfully employed when the two-week British Columbia training session is over.

The Lions began their pre-season training camp under the guidance of Annis Stukus, who coached the last-place Lions in the Western Interprovincial Football Union last season.

The Lions, due to "roar in '54," have promised to "come alive in '55," their second season in the WIFU.

The formula Stukus and the Lions' directors plan to use in their second onslaught is fairly simple: A liberal dose of name players, a sprinkling of local talent, and two weeks of intensive workouts.

The two top name players to enter the Lions den is Mac Speedie, sensational offensive end and quarterback Arnold Galiffa. Speedie played six seasons with the National Football League Cleveland Browns before joining Saskatchewan Roughriders.

Galiffa, with New York Giants in 1953 and San Francisco 49ers last season, saw little action with either team. He was sidelined most of 1953 with a back injury, then broke a finger with the 49ers, where he was number two signal caller.

Other outstanding names among the 25 U.S. imports are Ron Clinkerscale, linebacker from Texas Christian; Joe de Luca of Montana State, halfback Stew Crook of Washington; and end Don George of Notre Dame.

The non-imports include tackle Arnie Weinmeister, sidelined part of last season by injuries; end Don Marston of Queens, halfback Jimbo Chambers, Jack Hutchinson, Gil Steer and Gordy Mitchell of Vancouver and Ken Higgs and Gordy Ienko of Victoria.

Stukus is depending on seasoned pros to supply most of the strength it will take to reverse the win-loses figures of last year. The Lions lost 15, won one.
