Canadian Stock Traders Throw Off Indecision

By PATRICK FELLOWS
Canadian Press Staff Writer

The Canadian stock market is in a speculative mood. Traders this week threw off the indecision that has dominated the market in recent weeks and marched boldly in from the sidelines to bid up values in the low-price mining field.

At Toronto, selected copper issues were strong from the start of the week, though the major push didn't get under way until Thursday.

Industrials meanwhile continued to mill about sluggishly, awaiting bullish news from the political or business scenes. One such item of news gave the market a lift on Tuesday when President Eisenhower's annual economic report, forecasting a gross national product of $400,000,000,000 for the United States sparked the New York market to its best advance in more than two months.

But while the recovery continued on Wednesday, a decline set in during the last two sessions of the week.

Stock markets at Toronto and Montreal reacted favorably to the higher prices at New York, then turned down when that market weakened.

COPPERS SHOW GAIN

Copper stocks scored some of the best gains of the week.

Indian Lake was the big trader at Toronto trebling its value with a 40-cent jump to 57 cents. Activity was set off by news that the company will drill in the Chibougamau area.

Other advancing Chibougamau issues included Campbell, which climbed $2.37 to $21.75. Merrill Island and New Rovran. Temagami was another mining feature as the company reported good ore showings on its northern Ontario property.

McIntyre gained $3.50 in a trendless golds section. Only Nesbitt Labine and Lorado scored noteworthy gains in uranium, each advancing about 20 cents.

Selected industrial stocks won attention on special developments. Canadian Locomotive climbed $4.25 on the week to $36.25, rounding a $14 advance in 30 days. G. A. Mueller, senior vice-president, said the company did a record volume of business in 1955 and prospects for 1956 looked even better.

SHOW STRENGTH

Selected western oils showed strength and the group as a whole scored the best advance of the week.

Week's index changes in Toronto: Industrials up 1.6 to 434.21, golds down .86 to 86.42, base metals up .76 to 220.66 and western oils up 2.26 to 120.44.

Week's volume: 27,244,00 shares against 22,696,000 the previous week.

The Associated Press average of 60 stocks was down 20 cents at $173.20.

Week's index changes at Montreal: Banks up .10 at 50.71, utilities down .80 at 134.10, industrials up .20 at 235.30, combined down .30 at 234.9, papers up 5.67 at 1351.34, and golds down 1.61 at 76.79.

Week's volume: 306,811 industrials and 5,891,029 mines. Previous week's volume 338,995 industrials and 5,303,321 mines.

Howe Boosts Point Lead

Detroit's Gordie Howe widened his lead in the National Hockey League's individual scoring race Friday night by picking up an assist in the Red Wings' 7-0 rout of Chicago Black Hawks.

Howe boosted his point-total to 56, four more than Jean Beliveau of Montreal. Howe has 28 goals and the same number of assists while Beliveau's total is made up of 26 goals and 26 assists.

	G	A	Pts
Howe, Det.	28	28	56
Beliveau, Mtl.	26	26	52

Vancouver Leaders Cool To Hosting Olympics

VANCOUVER (CP)—A suggestion that Vancouver would be an ideal choice of location for the 1964 Olympic Games has drawn little support from sport leaders here.

Sydney Dawes, president of the Canadian Olympic Committee, said Thursday in Cortina, Italy, that Vancouver is an "excellent site" for the Games and any bid from Canada would be welcomed by European countries.

But the idea was wet-blanketed here.

Fred Rowell, track and field director of the Canadian Olympic Association, said: "A bid from Vancouver would receive serious consideration but I would not be keen on recommending it.

"The impetus of the British Empire Games, which was to provide sports facilities for Vancouver, has gone. Yet the Olympics would require five times the organization and much more money.

"The city isn't sports-minded enough to see it through," he said. "We barely scraped through with the Empire Games and we couldn't take any chances with the Olympics."

Stan Smith, who was chairman of the Games committee, said: "It would be a terrific task and it would be disastrous for us to undertake it without the moral and financial support of both the federal and provincial governments."

Bob Osborne, University of British Columbia athletic director and also a director of the Canadian Olympic Committee, said: "We'd need a 100,000-seat stadium, accommodation for 7,000 athletes and 10 times the Empire Games budget.

"The Olympics are big league stuff beside the Empire Games," he said. "We can't talk in the same penny-ante terms. Toronto will be in a far better position than Vancouver when it builds its new stadium, but we could tackle the winter Olympics here."

Dawes, who had also suggested Toronto as a good location for the Olympics, said Canada would have to convince Olympic officials "she really would buckle down to the job."

Vancouver was a natural for the winter Games, having both population and ski sites.

"All they need is to build up an interest in staging the games," Dawes said.

HANGED BY CLOTHESLINE

LOUISVILLE, Ky. (AP) — A five-year-old girl hanged herself Friday while playing with a plastic clothesline. Diana Bishop was found in a front room by her mother, Mrs. Mary Catherine Bishop. The child's father, Herman, said the clothesline was put up Friday and that an end was hanging from a nail in the wall.

factions for several months past.

Surely it is not beyond the statesmanship of great world leaders, like Eisenhower and Eden, to deal with this Chinese question on lines of commonsense which would secure the support of men of goodwill throughout the whole world.

The United States and all western countries, including Canada, should recognize the real government of China now.

Formosa should be put in "cold storage", perhaps under a U.N. trusteeship, and allowed to settle her own future, peacefully and democratically, after a stipulated period of years.
