Water Reveals
Whisky's true flavour

Water (plain or sparkling) is your most reliable guide to the whole truth about any whisky. Water adds nothing, detracts nothing, but reveals a whisky's true natural flavour and bouquet. Put Seagram's "83" to the water test and you'll agree — to be that good with water, it must be a superb whisky and a more satisfying drink with any man's favourite mixer.

At The CURLING CLUB

By BOB RUDDERHAM

If you happen to be the least bit superstitious and believe in good luck charms, then please get working on them tonight for I believe that we have found the solution to the leaks we have been having trouble with in the pipe lines to and from the B.C. Packers Plant.

In the dim, mysterious back room of the Prince Rupert Plumbing and Heating, a strange mixture was stumbled upon and after it had been tried, was found to be fairly successful. This secret solution, which we will call "X" for short, was composed of special ingredients supplied by Kalen Hardware and tested by a panel of experts, **Bud Schuman, Sid Elkins, Joe Scott, Mel Mathews, Chappie Smith** and myself and for the price of a drink in the Snake Room on opening night, any one of these gentlemen will unburden his soul on the difficulties we have had on this line but they will not let you know the composition of "X." The main reason for this is that we have heard that C. D. Howe is having trouble with leaks in his Trans-Canada Pipeline, so we figure we can shake him down for a few bucks for our secret.

We have set the opening night tentatively for the end of the week so any energetic members who are finding time hanging heavy on their hands, will find plenty to do at the club. We were fortunate in getting an able assist from the weatherman so ice maker's **Evan Shier** and **Chappie Smith** have been busy and have a good crust formed now so the heavier floods will not be too far away.

We have not received all the entries for curling rinks as yet. We have about thirty rinks completed, some with the fourth player and others with one man short, their fourth man being picked out of the hat before the draws are put up.

Joe Scott is interested in getting a good big bunch of members out on Wednesday for an all day work party. A good turnout of merchants and their help is expected and he will promise that all will have jobs to do.

Here is a fervent hope that I will see you all out this coming Saturday night with your curling sweaters on and your brooms out of the lockers ready for action. When all the rinks are completed, a draw will be made up for those who will play in the president's and vice-president's match, so make sure that your rink is entered and then we will get the draws made up for the first competition and ready for Tuesday night.
