A CANADIAN ARMORED corps squadron, equipped with Ferret armored scout cars similar to these shown in an exercise in Canada, is to join the United Nations Emergency Force in the Middle East at the end of February. The radio-equipped cars, said to be ideal for rough or sandy ground, are to leave Halifax by freighter about Feb. 16. They can reach a speed of 60 miles an hour. (CP from National Defence).

Canadian Markets Pounded By Strong Selling Wave

By RON ANDREWS
Canadian Press Staff Writer

The Canadian stock markets this week underwent the heaviest selling in three months and the strongest rally since December.

Strongest selling wave since last November pounded markets lower Monday and Tuesday, then reversed Wednesday and more than half the ground was recovered. Prices were generally lower after five sessions.

Observers said the selling was caused mostly by technical factors.

Wall Street touched off the heavy selling. Prices dropped below 1956 lows on average on the New York Exchange and the trend quickly spread to the Canadian boards.

The selling continued through Tuesday but the decline was not as great.

Thursday the pattern was inconclusive but a moderate rally pulled the market higher Friday.

The indices on the Toronto Stock Exchange remained above November's level. Base metals dipped below but moved four points ahead before the end of the week.

FEW BIG CHANGES

There were few outstanding price changes. Industrials moved narrowly and only Aluminum up $3 at $115, record a gain of more than $2. International Paper lost $3.50 at $94.50.

The TSE's mining section, a few coppers emerged from their lengthy slump. Campbell Chibougamau gained $1.62½ to $11.62½ while Chibougamau Mining climbed 90 cents to $4.20.

Senior base metals moved fractionally lower. Noranda had the heaviest loss.

Western Naco featured western oils with a 74-cents gain to $1.99.

Trading on the TSE was the lightest of the year. The week's sales totalled 21,269,000 shares compared with 25,410,000 the previous week and 43,560,000 for the corresponding week, a year ago.

Index changes at Toronto: Industrials off 4.10 to 448.02; golds up .41 to 76.14; base metals off 2.03 to 207.55; western oils up .58 to 155.70.

Index changes at Montreal: Banks off 2.53 to 52.03; utilities off 1.7 to 140.1; industrials off 2.8 to 279.6; combined off 2.4 to 233.1; papers off 1.20 to 1320.12; golds up 0.66 to 72.85.

Week's volumes: 364,398 industrials and 3,009,775 mines against 316,103 industrials and 3,795,640 mines the previous week.

Firemen Protest Remarks Against Office in Firehall

The executive of the Prince Rupert Fire Fighters Local 559 today protested what it termed "disparaging remarks" made about the disorganized state of the 'office' in the city fire hall.

The protest referred to remarks made by Prince Rupert Labor Council auditor R. G. Moore who was quoted in a report yesterday as saying he "had gone up to the office (located in the firehall) on several occasions to audit books and had to search 'high and low' for the necessary documents."

The Fire Fighters executive said this morning that the Labor Council has never had an office in the fire hall, but the firemen's union did permit J. S. Furness, a fireman, when he became secretary-treasurer of the former Trades and Labor Council to move cartons of publications, filing cabinets and other TLC paraphernalia into the firemen's reading and study room, despite the fact that the room was already over-crowded.

Firemen's union president J. C. Franks said that "the union is prepared to grant this concession to a delegate who is an officer of the organization to which it is affiliated but it must be understood that our union is not going to have Mr. Moore tell us how to orderly arrange our affairs nor are we going to rearrange our own firefighters' files and records to accommodate the requirements of the Prince Rupert Labor council.

Mr. Franks said "that if, as he says, Mr. Moore has at any time had difficulty in obtaining supporting documents to complete his audit, then it is a serious charge and one which should certainly have been substantiated by the trustees in their report to the labor council."
