CITY COUNCIL BRIEFS

City Will Construct Beach Place Sewers

The city public works department will undertake the construction of the Beach Place sewers rather than have the work done by an outside construction firm, it was decided by council Monday night.

Following a recommendation of the board of works committee the council agreed that the original tenders be so notified and their deposit cheques returned.

Tenders for the project had been opened and read at the previous general council meeting and the matter at that time had been referred to the board of works committee for their consideration.

Council approved also a recommendation by the board of works committee for the purchase of a back-hoe attachment for the DC-4 caterpillar tractor at an approximate cost of $5,500.

The widening of Immanual Street to Sixth and Seventh Avenues West will be considered by council at the time of the preparation of the estimates, the council decided Monday night following a recommendation of the Superintendent of Works that the work be done.

Approximate cost of the program would be $5,000.

Installation of a new 24-inch culvert in the street was approved.

The lowest of five tenders for the supplying of petroleum products to the city for 1958 was accepted by the council on the recommendation of the board of works committee. Amount of the tender is $13,176.60.

Two half-ton pickup trucks will be purchased by the city for the use of the telephone department, at a total cost of $4,077.65 it was decided Monday night.

Council adopted the report of a special committee appointed for the consideration of the three tenders submitted for the supplying of the vehicles. The committee consisted of C. J. Gustafson, superintendent of works; A. E. Jones, telephone superintendent; Norman Moorehouse, city master mechanic; and R. W. Long, city clerk-comptroller.

The three tenders, which included a trade-in allowance on the old vehicle now in use, were: Rupert Motors, $4,077.65; Bob Parker Ltd., $4,593.75; and McRae Motors Ltd., $4,577.26.

Alderman Ritchie was excused from the voting.

Council approved the purchase of a telephone switchboard to be installed in Rupert Hotel and moved also that the telephone bylaw be amended to establish hotel PBX rates.

Recommended by the utilities committee, the switchboard and installation will cost an estimated $4,594.

Also approved was the purchase of 100 telephones at the approximate cost of $5,600.

Four trade licences were approved by council on the recommendation of the health, social assistance and licencing committee: Wasyl Yerema (Star Cabs), 315 Fifth Street, taxi operator; Roy Lovin, Second Avenue and Queensway, Prince George, tire recapping and wholesale; P. Brendstrup, 615 Eighth Avenue West, piano tuner; and Henry Bergen, 708 Fraser Street, milk distributor.

Another Tag Day, on June 7, will be held by the Women's Auxiliary to the Prince Rupert General hospital following approval by council Monday night.

Council granted the organization the use of the council chambers for their headquarters.

Permission was granted by council to the Air Cadet sponsoring committee to hold a Tag Day in Prince Rupert May 17.

A plan to bring bottled gas to Prince Rupert to be distributed through a main and meter system was heard by council Monday night.

E. Mertz, of the Continental Gas Utilities Limited, Vancouver, told council that he had access to some 35,000 gallons of low-cost butane which his firm could supply through the proposed system at a cost "much lower than anything now used" in the city.

He said he was also attempting to bring the service to Terrace and Kitimat and that there was sufficient source of supply for the three cities. The fuel, he said, would come from Taylor Flats, B.C.

Mr. Mertz said that he was ready, with the permission of council to have his engineer come in to survey the city. Council informed him that he was welcome to carry on a survey and that their permission was not required.

The provincial public works department will install electrical outlets on both the "A" and "B" public floats at Fairview, council was informed Monday night.

In a letter from the district engineer, the number of outlets to be installed was listed as 13 on group "A" floats and eight on group "B" floats.

The letter said also that tenders would be called "within the next week."

A total of seven land sales were reported to council Monday night, by the finance committee. Selling price of the land was a total $8,180.

You can't go "ALL-OUT" If you feel "ALL-IN"

These days most people work under pressure, worry more, sleep less. This strain on body and brain makes physical fitness easier to lose—harder to regain. Today's tense living, lowered resistance, overwork, worry—any of these may affect normal kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest, that "tired-out" heavy-headed feeling often follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Ask for Dodd's Kidney Pills at any drug counter.
