9 IN MEMORIAM

SCHWAB — In loving memory of our babies—Robert James, who passed away December 19, 1953; Robert Emil James, who passed away February 18, 1955; and April, who passed away April 1, 1956.

We try not to question His intent,
But darlings, though His will be done,
He has so many little angels,
Why did He take our little ones?"

Ever remembered and sadly missed by Mummy, Daddy and brothers Billie, Roddie and Martie. (38)

IN loving memory of Mrs. Alice Juvik who passed away February 18, 1956.

The depth of sorrow we can not tell,
Of the loss of one we loved so well
And while she sleeps a peaceful sleep,
Her memory we shall always keep.

Ever remembered by her loving husband, son and family. (38p)

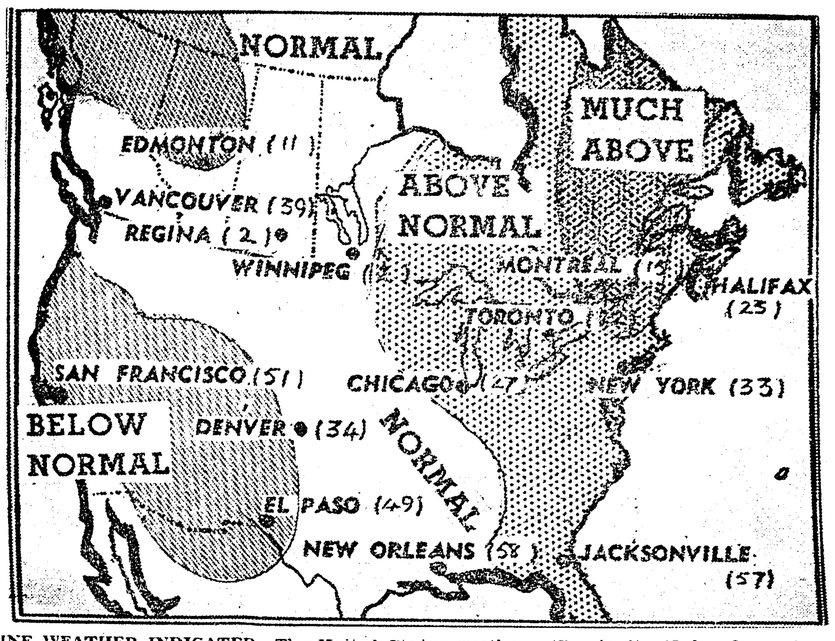
HIGH WATER MARK — This odd caravan crossing the Blue Star Memorial Bridge from Groton to New London, Conn., had motorists guessing that the rolling roadblock was anything from a swimming pool to a giant rain catcher. The giant object is actually a 21-ton submarine hull section that General Dynamics' Electric Boat Division dispatched to the site of a land-based prototype for an atomic sub. Undersea craft from the New London Submarine Base pass beneath the bridge daily, but none ever crossed over it before.



FINE WEATHER INDICATED—The United States weather office in its 15-day forecast predicts fine weather for almost all of Canada. Only parts of northern British Columbia and Alberta are expected to have below-normal temperatures. The remainder of Canada will be either normal or above. Bracketed figures are forecast average temperatures. (CP Photo)

Approve Bill For Women Peers

LONDON (Reuters) — The House of Commons Thursday night endorsed a government plan to allow women to become members of the House of Lords. The lower house approved a second reading of the bill which would create lifetime peerages for men and women. Membership in the House of Lords now is based on hereditary titles. The House of Lords already has passed the bill.

LANDMARK GOES

PORT ARTHUR, Ont. (CP) — A landmark here, the Convent of the Sisters of St. Joseph is being demolished. Since it was built in 1880 it has been used as a school, a church and a hospital. It will be replaced by a new wing of St. Joseph's general hospital.
