Additional stamps may be issued during the year.

One of two stamps marking the opening of the seaway will be a joint issue by Canada and the United States. The same basic design will be used by both countries.

AT THE CURLING CLUB

North zone playdowns set for January 24

By BOB RUDDERHAM

At a recent executive meeting of the club, Jack Lindsay was appointed chairman of a special committee to handle arrangements for the zone playoffs here January 24, 1959, the winner of which will represent this district in the British Consols playdowns. Winner of the Consols playdowns will represent British Columbia in the next McDonald Brier.

This will be the first time that the Prince Rupert Curling club rink will be used for zone playoffs. Rinks from Smithers, Kitimat, Terrace and Prince Rupert will compete in a round robin competition with games of 12-end duration.

First of course, must come the local playdowns in which one team will be selected from Prince Rupert to play against one team from each of the aforementioned centres. Our local playdowns will be a double knockout competition for 10-end games and must be completed by January 20. Deadline for entries is January 5.

Curlers wishing to enter this competition may do so providing that they are able and prepared to go to Vernon should they be returned the winners of the zone playoffs. The Consols playdowns in Vernon will be held in the first week of February and it is extremely important that a complete rink go there. It is grossly unfair for one player to compete in this event and find out at the later stages that he is unable to go with his rink. Also as this is the first year of the new zone, the strongest rink should go so that some of the curling clubs in the south will realize that there are some good curlers in the north as well.

So there you have it. If you can form a rink that is able to go to Vernon during the first week of February, first phone Jack Lindsay at 5317 or at 5990 by phone or see him at the rink before January 5th.

Between January 5 and January 20 you will be competing against other local entries and anyone you choose for practice. These competition games will be 10-ends and will be a double knockout affair.

On the January 24 weekend, a rink from Smithers, Terrace, and Kitimat will be here to play a four-team round-robin series of games of 12-end duration. The winning rink then goes to Vernon on the first week of February for the Consols playdowns.

The club is also backing the local rinks to the extent of offering free ice to practice on during the weekends when the ice is available. Perhaps the membership as a whole could make a contribution also by that time as it will be near the end of the Grotto Trophy Event. If two teams are scheduled to play and neither has a chance to get into the playoffs, then I think that they should relinquish their ice for these boys to practice on for the more practice these rinks get, the more heane for a Prince Rupert rink to make a few favorable headlines.

Let's all get behind these rinks!

BLACKWOOD on BRIDGE

By EASLEY BLACKWOOD

Mrs. Fusty, the old-fashioned player, has a hearty contempt for the conventional frills of modern bidding. This may stem, in part, from her inability to understand them; nor, more likely, it is because of a stubborn, nostalgic loyalty to the game as it was taught to her more than 40 years ago ("What was good enough for Wilbur Whitehead is good enough for me").

It must be made clear, however, that Mrs. Fusty is at no disadvantage at all when it comes to defensive play. Her defense in today's deal had Mr. Dale talking to himself.

With a part-score of 30, Mr. Masters stretched his meager holding for a raise to two no trump. Mr. Heinsite led the ten of spades and Mr. Dale won with the jack.

By way of testing, Mr. Dale cashed the king of hearts. The trick was something less than significant when the opponents followed suit with the deuce and the trey. Next he led the queen of diamonds and it was permitted to win. A small diamond was led to dummy's ten and again Mrs. Fusty held up the ace.

Mr. Dale

Now the jack of hearts was led from the board and it won. The ten of hearts won the next trick. Things were going very smoothly. Mr. Dale had six tricks in, and he had a sure spade winner and the ace of hearts left in his hand.

He was not prepared for the catastrophe which followed.

At trick seven he led a club from dummy. Mrs. Fusty went in with the king. She cashed the ace of diamonds. And now she led her last diamond.

Here a fantastic situation developed. True, Mr. Dale was going to win a trick with the king of diamonds—a trick he could not possibly have developed for himself, as dummy had no entries.

However, he was going to have to play something from his hand. What could he spare? The answer was: Nothing. If he dropped a spade, all of Mr. Heinsite's spades would be good. A club discard would give up his only stopper in that suit. Desperately, he parted with the ace of hearts.

After winning the fourth round of diamonds, dummy had nothing left but clubs and on the club lead Mrs. Fusty won with the ace and cashed the queen of hearts Again Mr. Dale was hopelessly squeezed. He elected to discard the queen of spades. Mrs. Fusty then led a spade and Mr. Heinsite took the rest of the tricks.

½ AWAKE NIGHTS ½ ASLEEP DAYS

Many people never seem to get a good night's rest. They toss and turn in bed—and then are dull and listless throughout the day. All of which may be due to a temporary toxic condition which calls for the use of Dodd's Kidney Pills.

Healthy kidneys filter poisons and excess acids from the blood. If they slow down and impurities stay in the system, disturbed rest, tired feeling and backache often follow. If you don't rest well at night—if you haven't that sprightly step of health in the daytime—use Dodd's Kidney Pills. You can depend on Dodd's!
