#### M'CARTY WON IN THE EIGHTEENTH ROUND

Big New Year's Day Fight at Los Angeles Was Practically a Knockout.

(Special to Daily News.)  
Los Angeles, Jan. 1.—Practically every seat in the great arena was occupied today to witness one of the most exciting pugilistic contests ever pulled off here. McCarty seemed to have the better of his opponent from the start and won the decision in the eighteenth round in what was practically a knockout. Both McCarty and Palzer were in splendid form at the outset.

#### Jack Pooler, manager for P. Burns & Co., in this city, left this morning on the Prince Rupert upon an extended vacation to his old home in Bangor, Maine.

Mr. Pooler, who is very well-known and popular in the city, is one of the young men about town and his many friends will look forward to his return when the flowers bloom again.

#### TIPS ON CIVIC POLITICS.

The Mayor accuses Mr. Pattullo of being the candidate of the interests. You bet he is, and the packed meeting, representing every trade, business and interest in Prince Rupert, which gathered to his support last night proves it.

That \$575 has not yet been paid back to the city. It may be another case of the banks refusing to give the Mayor the money.

"Now be honest about it! What has the Council done to deserve your condemnation?" — Mayor Newton's paper.

Nothing! Get it?

That play ground on Acropolis Hill which was promised a year ago turned out to be a zoological garden—which escaped one night.

1912 will go down in Prince Rupert history as "The Lean Newton Year."

For six days the Empire has shouted: "Wherein has the City

#### VICEROY OF INDIA IN A CRITICAL CONDITION

It is Feared Another Operation is Necessary for Lord Chas. Hardinge, Wounded by Bomb.

(Special to Daily News.)  
Delhi, Jan. 2.—The condition of Lord Charles Hardinge, viceroy of India, who was wounded by a bomb about a week ago, is causing much alarm. He is feverish and restless and it is feared another operation will be necessary.

Council failed? Well, we'll be the goat. What's the answer? Don't be vulgar.

No candidate for public office in Prince Rupert has ever had such unanimous and representative support as last night's meeting tendered T. D. Pattullo. It prospected an enthusiastic campaign by the allied labor, trade, business and property interests of Prince Rupert for a progressive and efficient civic administration.

#### EIGHT KILLED, FIFTEEN INJURED IN BAD RAILWAY WRECK

FREIGHT TRAIN CRASHES THROUGH BRIDGE ON CHESAPEAKE AND OHIO RAILWAY UPON WHICH WORKMEN WERE MAKING REPAIRS

(Special to Daily News.)  
Huntingdon, W. Va., Jan. 1.—Eight men were killed and fifteen badly injured today when a freight train crashed through a bridge on the Chesapeake and Ohio Railway, near here. The large number of injured was due to the fact that workmen were engaged in making repairs to the bridge when the accident occurred.

#### G. T. P. MAIL SERVICE VERY MUCH IMPROVED

First Regular Mail Car Left City on Wednesday—Now Get Mail from Up River Quicker.

Wednesday's train on the G. T. P. had attached to it the first regular mail car to leave Prince Rupert. It was in charge of E. A. Price, the newly appointed mail clerk. This marks another stage in our progress and ought to be the subject of much congratulation both to the citizens of Prince Rupert as well as to the people generally of Northern B. C. Accompanying the train was Mr. J. G. McLeod, the western superintendent of the Dominion government mail service. Owing to the fact of the heavy fall of snow a snow plough had to be used on both the up and down trip, and the train was somewhat delayed, arriving in the city last night about two hours late. Mr. McLeod was greatly pleased with the trip over the new line and is authority for the statement that everything in connection with the new service is absolutely modern and up to date. The great advantage of having a mail clerk on the train, who sorts and fixes up the mail en route, was apparent yesterday, when citizens were enabled to obtain their letters at the post office immediately after the bags were received there.

#### Snow at Vancouver.

Vancouver, Jan. 2.—Two inches of snow fell here this afternoon. Tonight the temperature has risen and rain is now falling.

#### Railways Fighting Storm.

Seattle, Jan. 2.—All transcontinental railway lines are battling with one of the heaviest snow storms of recent years. Snow is falling heavily here and throughout the Cascade Mountains. Nearly all trains are arriving many hours late.

#### Burns Beaten in Seventeenth.

San Francisco, Jan. 2.—Harlem Tommy Murphy defeated Frankie Burns in the seventeenth round.

#### M. P. McCaffery a Candidate.

Mr. M. P. McCaffery, of the real estate firm of McCaffery & Gibbons, announces that he will be a candidate for the Council in the coming election.

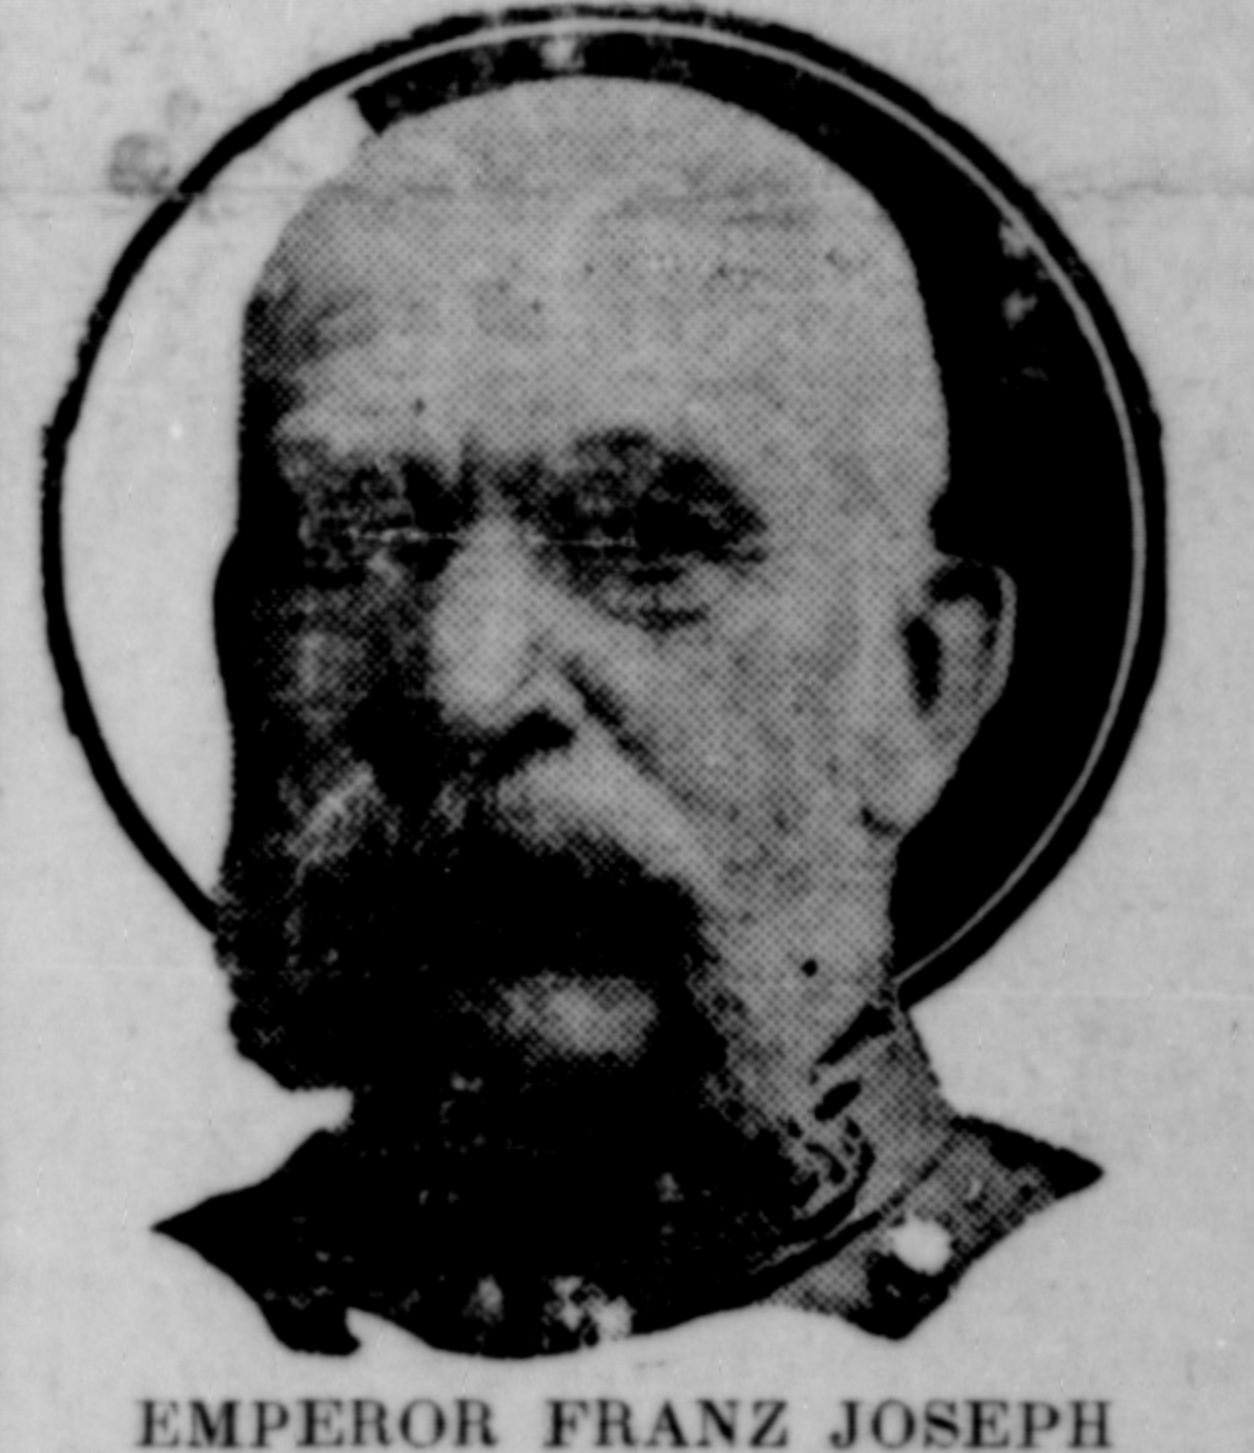

#### Left for San Francisco.

Mr. and Mrs. Nelson Dunn, with their little son, left this morning on the Prince Rupert for San Francisco, in which city they expect to make their future home. Mr. and Mrs. Dunn, who in common with the other members of their large family have been so well known in this city since the pioneer days, will be greatly missed by their large circle of friends. It is the hope of the latter that at no very distant date they may reconsider plans and take up their residence in Prince Rupert again. Nelson Dunn has always been very prominent in athletic and sporting circles, his interest in all kinds of sport being of the keenest character.

#### NOBEL PEACE PRIZE FOR FRANZ JOSEPH

Suggestion That Aged Austrian Emperor Receive the Honor.

Vienna, Jan. 2.—Emperor Franz Joseph has been proposed for the Nobel peace prize next year in recognition of his efforts to preserve the peace of Europe during the recent crisis provoked by the war in the Balkans. This announcement is made in

perfect seriousness, though it has its sardonic side. The peace prize might be given to the Emperor for preventing the Archduke Franz Ferdinand, the heir presumptive, from throwing the dual monarchy into war. The suggestion was made to the Nobel committee by Franz Kemery, the famous Hungarian promoter of international peace. No one was found worthy this year to receive the peace prize. The Emperor has suffered from a slight catarrh for the last few weeks, but several specialists who examined him made satisfactory reports.

Mr. F. F. Fischer and party, of Seattle, consisting of his daughter, Miss Marie Fischer, Miss Perine and Mr. F. C. Brett, jr., returned south on the Prince Rupert this morning, after spending a couple of days visiting in the city. Mr. Fischer expressed himself as exceedingly well pleased with the progress that had been made in building up a city in such a short time. Like most others who visit Prince Rupert he is of the opinion that it has a great future.

## ROUSING MEETING OF PATTULLO SUPPORTERS HELD LAST NIGHT

Many Were Unable to Gain Admission at the Meeting Last Night Held for the Organization of a Campaign for Securing a Sane, Business Administration of Civic Affairs--Business Men, Professional Men, Mechanics and Workmen All Enthusiastic in Supporting Pattullo---Swing of Victory Was Obvious

The meeting of friends and supporters of Mr. T. D. Pattullo as mayoralty candidate in the approaching election, held in the Hart Block last night, augurs well not only for his success at the polls but for a regular landslide. Although called for organization purposes only, there was a gathering of electors that would please any candidate as the final meeting of the campaign. The large hall was literally packed and many were unable to obtain admission. And there was no lack of enthusiasm, every person present showing in a most satisfactory manner that he was a Pattullo man out and out.

Mr. F. G. Dawson, the convenor of the meeting, briefly announced its object and called for the appointment of a chairman. Without a dissenting voice Mr. Joseph Scott was elected to take charge of the proceedings and Mr. E. F. Doyle was appointed to act as secretary.

After a few preliminary remarks by the chairman and the appointment of a general committee, Mr. Pattullo, the popular candidate, was called upon to address the meeting. As he mounted the platform he was given a rousing reception. Mr. Pattullo at once took advantage of this, his first opportunity, to thank the electors who by their largely signed petition had honored him by selecting him to fill such an important and responsible position. While he had the utmost confidence as to the final result of the campaign, he emphasized the importance of organization, urging every elector to record not only his own vote but to add to that the vote of another in the right direction. Mr. Pattullo made his address comparatively short in order that some of the candidates for the council might have the opportunity of being heard. He took his seat amid loud applause.

Mr. G. W. Nickerson, one of the new candidates for the council, briefly referred to the necessity of a sane, businesslike council and felt confident that a change was not far off.

Mr. G. R. Naden, member of the first council, announced his intention of standing for election. He thoroughly enjoyed the fun of the contest and was not one of those who could hot stand defeat or criticism.

Mr. Douglas Sutherland briefly offered himself for the council because he felt it his duty as a citizen to do so. If the electors saw fit to elect him he was prepared to devote whatever time was necessary to perform the obligations of the position.

Mr. A. H. Allison, another candidate, thought that it did not require so much brains as a little horse sense to act wisely in the city's interest.

Messrs. McCaffery, McLachlan, Leek and Kerr, who are candidates for election, were called upon, but were not present.

Mr. Fred Stork referred to the remark of the previous speaker, adding that it certainly didn't require a great deal of brains to be a member of the 1912 council. He reviewed at some length the excellent work that had been done in the first council, which had worked under much greater disadvantages than the present one. Notwithstanding that the first council had to work to a large extent in the dark insofar as the cost of running the city was concerned, they left behind them a surplus of over \$35,000, even with a low rate of taxation. The present council will leave a deficit.

Dr. Clayton announced that he is not a candidate for re-election as he felt that he must devote more time to his own business affairs. The people, he said, had become satiated with an insipid, partizan administration and he was glad that politics are now being left out.

Mr. D. H. Hays referred to the yeoman service that had been done by Mr. Pattullo in the first council. He was glad to see that a number of young, capable business men are now entering the field.

Mr. O. H. Nelson said he was not a candidate for the council, but had decided to stand for re-

#### MAYOR NEWTON!

You pose as a great friend of the workingman. You would have him believe that you bear his cross and carry his crown of thorns; that you have sacrificed your business and your peace of mind to save him from his enemies; that all others are Philistines; that you are his only friend; that without you he would starve and be annihilated. But, getting down to facts—what have you ever done to warrant you handing yourself this martyr's medal? You are not the only one who believes in paying good wages, and forty-five cents an hour is no good to the workingman who has no work or does not get a square deal. Do you give the workingman a square deal on city work? Do you see that every applicant gets an equal chance, or do you pass out the soft jobs and the fat pay slips to a few favorites? These are pointed questions. The workmen themselves are asking them, for they have reasons to doubt this martyrdom of yours. They know the mayor's pay is \$2,000 a year, and \$2,000 is probably more money than you can earn in twelve months at any legitimate calling in the City of Prince Rupert.
