Stampflee, Scully Rites Solemnized

Of interest in the district was the pretty double-ring wedding ceremony solemnized in the Glad Tidings Tabernacle of Vanderhoof January 25 when Molly Edna Scully, daughter of Mrs. Verna Scully of Vanderhoof became the bride of Albert Henry Stampflee, only son of Mr. and Mrs. Henry Stampflee of Mapes, B.C.

Given in marriage by her grandfather, the bride was lovely wearing a white piqued net and lace ballerina-length gown. A wreath of white roses gracefully caught her shoulder-length white illusion net veil and she carried a bouquet of American Beauty roses, intermingled with lily-of-the-valley.

The groom's sister, Miss Elsie Stampflee was the bride's only attendant. Her royal blue silk afternoon gown was accented by pale blue elbow-length gloves and a headpiece of white roses. A nosegay of pink and white roses completed her ensemble.

Best man was Alan Wright, brother-in-law of the groom. Ushers were Ned Lingley and the bride's brother, Jack Scully.

At the reception and buffet supper held at the home of Mr. and Mrs. Charles Weber of Mapes, the bride's grandfather proposed the bridal toast.

Out of town guests attending the affair were Mr. and Mrs. Edward Olson, the bride's grandparents, and the bride's brother, Jack Scully, all of Dorreen, B.C., and Victor Neighbour and his son Howard of Prince George. (Terrace Omineka Herald please copy.)

FAST COOKING FISH FILLETS readily assume an air of simplicity or glamor, depending on the cook's mood and the occasion at hand. When it's a busy day dinner, fish fillets can be broiled or pan fried to flaky perfection in next to no time. It is well worth the little extra effort to set them off with enticing sauces or toppings when time is not a major consideraion. Today we suggest Curried Fish Fillets, an adaptation of a popular Indian dish in which tender, mild-flavored fish fillets are served with a piquant sauce. Curry powder is a mild flavor accent in this recipe; devotees of the tropical seasoning may like a little more than is suggested below. The addition of chopped apple and dry wine life the sauce from the commonplace. Incidentally, when wine is used in a sauce such as this, the alcohol completely evaporates, leaving only the tangy influence of wine in the tasty sauce.

CURRIED FISH FILLETS

1 teaspoon salt
1 chicken bouillon cube
1½ cups boiling water
½ cup dry white wine OR 4 tablespoons lemon juice and 4 tablespoons water
1 to 1½ pounds fish fillets
½ cup chopped onion
½ cup chopped apple
½ cup chopped green pepper
5 tablespoons butter or margarine
3 tablespoons flour
1 tablespoon curry powder
2 tablespoons butter or margarine

Saute onion, apple and green pepper in 5 tablespoons butter or margarine until tender. Blend in flour and seasonings. Dissolve bouillon cube in boiling water, blend into above. Cook, stirring, until thickened and smooth. Simmer about 20 minutes. Blend in wine or lemon juice-water mixture. Simmer an additional five minutes. Meanwhile, in heavy skillet, saute fillets in butter or margarine about four minutes on each side, until they are just tender and flake easily with a fork.

Year "One Of The Best" For Legion Membership

Membership of Canadian Legion branches in British Columbia last year increased by nearly 3,200 over 1956, it was reported today by Sidney Kirk, Second Vice-President of the B.C. Command and chairman of the provincial command committee.

The Dominion Command reports an increase of more than 21,000 and has labelled 1957 "one of the best years since the Second World War."

Mr. Kirk attended a recent council meeting of the provincial command in Vancouver.

The council fully adopted the Canadian Legion Olympic training plan and pledged $3,300, Mr. Kirk reported.

MUSEUM briefs

By JOCELYN BOLTON

The highlight of the past week was a visit from Frank Anfield, former Indian Agent in Prince Rupert. Mr. Anfield assured me that he and his wife will be here for the opening of the New Museum. He has done a great deal for our Museum and we have some very special exhibits which were donated to us by the Anfield family.

We have had many other guests lately, from Kitimat and Alaska as well as a number of local people and the usual number of young people. W. F. Chastney who takes a great interest in Museums told me he believes that a new building is a great need. Mr. Chastney and his wife have travelled a lot in Alaska, the Great North Road, seen the Whitehorse museum and expressed interest in reading of my trip last October, as have quite a number of other visitors.

Our Mineral display has been viewed by quite a few visitors lately. Prospectors and others have been looking it over, and we feel quite pleased that it is that good. Mr. Smith of Kitimat was also a recent visitor. I hope that he will bring his family to visit our Museum since he has four children of an age to enjoy Museums.

From a Tourist Bureau point of view, we are quite upset with the schedules for the "Glacier Queen" and "Chilcotin". Once again Prince Rupert is by-passed, with both ships calling only southbound at 10 p.m. We have been in touch with Union Steamships, and they inform us that the schedule was made up by Alaska Tours in Seattle, who are having these vessels call at all the Alaskan Ports in the daytime and going to Ketchikan direct, by-passing Prince Rupert Northbound.

The Queen of the North also has a schedule which is very unfavorable for our port. They arrive late at night, hence our local business people are perturbed and also the Museum will suffer somewhat, as opening our doors at that hour for perhaps a few odd people would be useless. We are writing Alaska Tours in Seattle in this regard. It is too bad that we have to fight so hard to get a little consideration.

District Dentist Tells Tooth, Whole Tooth, Nothing But Tooth

Teeth may all look alike on the outside but when you get to the root of the matter it may be a different thing, it was learned here today. That teeth of a British Columbia Native Indian and a white person are different may be news to most persons outside the dental profession.

Dr. M. J. Horncastle, dentist of the Indian Health Services at Miller Bay Hospital, discovered on a recent trip to the interior that some Indians have three or four roots to their teeth. This is one or two more than the customary number.

Dr. Horncastle said this was quite common with Natives in the province.
