Thomson returned to Toronto

TORONTO (AP)—Chicago Black Hawks of the National Hockey League have returned defenceman Jim Thomson to Toronto Maple Leafs, it was announced Monday.

Leaf coach Billy Reay said the 31-year-old Thomson, who played 12 season with Leafs, may retire next season.

"Jim was sold to Chicago last year on a one-season basis," Reay said. "Since the Black Hawks have returned his contract to us I belive Jim intends retiring from hockey and this is the reason Chicago did not take up his option for this season."

Reay said Leafs would probably not offer Thomson a contract although if Thomson decides not to retire, the Toronto club will try to make a deal for him.

Thomson joined the Leafs in 1945 and played on four Stanley Cup teams.

Francois Lake News

By AGNES H. NEAVE
Daily News Correspondent

Mr. and Mrs. Fred Osborne and little daughter Wendy are camping with a tent near the lakeshore a little way down the west road. Their home is in Prince Rupert where they have been living for a year since leaving London, England. This is a new experience for them and as the weather is good they are sure to have a good time.

I am pleased to be able to report that the three who were injured at the Grassyplains Centennial Celebration are improving. Frank Henson has his hand in a cast as two bones were broken when his horse fell with him, but he is out of pain. Jim Clark of Ootsa Lake who was thrown from his horse when riding bareback is resting comfortably in Vancouver, and young "Happy" Van Tine is gaining strength after a brain operation. He was hit by a bat which flew from the batter's hands when playing soft ball. The Grassyplains Committee put on a dance on Saturday night to help the two men who were badly hurt with their medical expenses.

I thought it rather a coincidence that on Tuesday three of us who work with "The Daily News" were at Francois Lake. Monty Montesano had only just left when Gladys Baldwin called in to see me with her sons Randy and Brian. They are on their way to Kelowna. Mrs. Baldwin does free lance work for the "Daily News", mostly with boating news. With her was Miss Elsa Schmidt and her sister Mrs. Anne Steigleder and her little boy, Rudy.

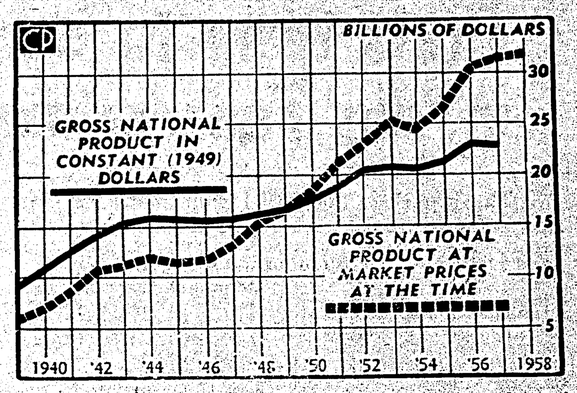
The Forestry boat came across the lake on Thursday evening with Corny Weins who had been taken ill very suddenly, possibly with a heart attack. He was met on this side by a friend, and they borrowed a blanket from us to wrap round him to keep him warm on his way to Burns Lake in the car.

When we drove to Burns Lake on Thursday afternoon we noticed that Neil Kelly has started cutting his oats. He has a lovely crop and the heads are good and full. Several gardens have yielded large well filled cobs of corn. If we had known what a hot summer we were going to have we would have planted some corn, but as we have tried it several times without success we gave it up.

Everett and Doris Jeffrey's little four year old Lorraine was rushed to the hospital in Burns Lake on Wednesday to have her stomach pumped out after drinking some of her mother's permanent wave set. She was kept in for a time for observation as she was very ill indeed.

The Rensby family are home again after being away for a two-week holiday visiting their many relations around Hope and Chilliwack and through the Interior.

CHARGED BLONDE—Two hundred and fifty thousand volts of electricity is enough to make anyone's hair stand on end. Blonde model Gail Walker's hair literally stands on end as she touches a Van De Graaf electrostatic generator during a demonstration of atomic power at the Garden Center in Dallas, Texas, as part of a month-long show sponsored by the Museum of Health and Science.



INFLATION DISTORTS the picture of what we are doing in comparison with past years. This is illustrated in this graph showing our gross national product in dollars of the various years, and also in terms of "constant" dollars. The dotted line—showing GNP in dollars of the years since 1939—indicates that we now are doing five to six times as much as we did in 1939. The solid line—showing GNP in "constant" dollars—reveals that we are actually doing only two to three times as much—still a big increase, however. (CP Newsmap)

HEAT ACCIDENTS
Edmonton researchers say children's accidents increase in number in proportion to temperature rises.

FIRST PENSIONS
In 1927 with federal assistance British Columbia became the first province to provide old age pensions.

YOUR NEWSPAPER BOY

Come rain, snow, cold, heat and high humidity—your newspaper boy regularly **delivers** your Daily News to your doorstep. He exemplifies "the Canadian way" at work. His enterprise, ambition and reliability augur well for his solid success in the years ahead.

The majority of our newsboys and girls are reliable, but as in all things some fail.

Please phone 4125 if you have had any consistent trouble with your News delivery, we will try to correct it.
