Republican Nomination A Surprise

MEMBER FOR VANCOUVER MAKES BITTER ATTACK ON NEW FARMERS PARTY

Harding for President and Coolidge for Vice-President

Nominations made Saturday Afternoon by Republican Convention at Chicago on Tenth Ballot after Votes Switched

Candidate is Man of Considerable Experience

Served Two Terms in Legislature and One as Governor of Ohia; Member of Foreign Relations Committee

CHICAGO, June 14.—Senator Harding of Ohio was nominated for the presidency here on Saturday afternoon by the Republican National Convention on the tenth ballot. He was a dark horse, his name having been mentioned very little for the position outside of his own state. It is almost a habit, however, for Ohio men to come to the front, Presidents McKinley, Taft, Hays and Garfield all being Ohio men.

In the final ballot the standing was, Harding, 692; Lowden, 311; Wood, 157, and Johnson, 80. The collapse of Lowden and the transfer of the votes to Harding brought the victory.

Senator Warren G. Harding was born on a farm in Morrow County, Ohio, the son of a doctor. He worked as farmer's boy till 14 and at 17 years of age he taught school. Later he became devil to a linotyper, rose to editor of a paper, director of a bank, and managed industrial plants before going into politics. He served two terms in the Ohio legislature and one as governor of the state. He entered the Senate in 1914 and became a member of the Foreign Relations Committee. In religion he is a Baptist.

Following the nomination of the candidate for president, Calvin Coolidge, governor of Massachusetts, was chosen candidate for the vice-presidency.

GOVERNMENT REQUESTED TO RESIGN

Mass Meeting at Calgary Under Auspices of War Veterans and Labor Passes Resolution.

SASKATOON, June 14.—There was a mass meeting here yesterday under the auspices of the Great War Veterans and the Labor Unions for the purpose of considering the present political situation. After a number of addresses had been delivered, a resolution was presented calling upon the Union Government to resign. This resolution was carried by acclamation.

There has been a great deal of dissatisfaction here generally of late in regard to the Government, especially of their failure to deal with the soldier question and of the manner in which the taxes have been levied under the present budget.

LARGE SUMS BEFORE ESTIMATES COMMITTEE

OTTAWA, June 14.—Public expenditures amounting to $300,000,000, including $121,640,016 for pay of Canadian officers overseas, were before the committee this morning.

One of the Pacific Cartage lumber wagons came to grief at noon today when taking one of the big pieces of structural steel out to the new school. Going over a bumpy spot at the corner of McBride and Fourth, the rear axle cracked and broke in two.

GASOLINE YACHTS WERE IN HARBOR

Orcas and Carrie, flying American Flag, Spend Sunday at this Port

The gasoline cruisers Orcas and Carrie reached Prince Rupert from the south on Saturday afternoon and proceeded North this morning after getting supplies here, the former boat taking oil at the Imperial Oil wharf. Both are beautiful yachts and were the subject of much admiration by passers-by along the waterfront yesterday.

The Orcas, which was the largest, is the property of the United States government and is going North to make surveys. The Carrie is a private yacht and is on a cruise to Skagway with her owner, Mr Rogers, of Seattle.

OTTER HANDED OVER

Capt. Marple Took possession of Boat on Friday Last.

Word has been received in the city to the effect that the steamer Otter was formally taken over by Capt. Marple on Friday last and will leave for Prince Rupert June 21, after having her compasses adjusted and other small work done. She is expected to arrive here about June 25.

AIRPLANES COLLIDE

SAN DIEGO, June 14.—Lois Baron, the naval airman, was killed in a collission between two airplanes here. He was the man who piloted Joseph Walker in the cross continent flight recently.

FLYING MEN VISIT CITY

American Pathfinders from the States Making Arrangements for New York to Nome Flight.

The flying men were in the city today, arriving on the train last night and leaving for the north this morning on the Princess Alice. They were Capt. N. T. Douglas of Washington, D. C., and Capt. H. A. LeRoyer of Ottawa. They have already arranged for stopping places along the line of the G. T. P. between here and Edmonton and the next stop will be at Wrangell. It is expected to have everything ready for the flight of four DeHaviland B-4 type machines to leave New York on July 1 or thereabouts.

The first stopping place this side of Edmonton is at Henry House, 8 miles east of Jasper. Col. Rogers of the National Parks Board will be in charge of landing operations there. The next station will be at Prince George and a fine field adjoining the townsite will be prepared. An excellent reception will be tendered the bird men there, as all plans are in the hands of Mayor Perry and Lieut. Jack Daniels. At Hazelton the site chosen is on the hospital grounds where a large open field is obtainable, and where R. S. Sargent and Mr. Baynes, ex-R.A.F., will look after the preliminaries. A straightaway flight will be taken from Hazelton to Wrangell, passing over Stewart, and the other points for alighting are Whitehorse, Dawson, Fairbanks and Nome. The fields will all be prominently marked so that the sites will be readily visible from a considerable altitude.

Progressive Party Menace Says Member for Vancouver

H. H. Stevens declares that Aim of Grain Growers is to Socialize Grain Industry, Elevators, C.P.R and Banks

MONTREAL, June 14.—H. H. Stevens, member of parliament for Vancouver, in an address here declared the Progressive Party was a menace to the country. It aims at the socialization of the grain industry, he said, the Government holding all stocks and also taking over the elevators, the Canadian Pacific Railway and the banks.

All prairie farmers are not supporters of the progressives, Mr. Stevens said, but the rulers, the Grain Growers' Council, make the action of district minorities helpless.

FORTY CASES LIQUOR TAKEN

Bootleggers Had to Abandon Attempt to cross Boundary Owing to Blowout.

LADNER, B. C., June 14.—Forty cases of Louisiana liquor were captured here in an abandoned automobile and confiscated. The stuff is valued at $7,000. The bootleggers made a dash for the boundary but owing to a blowout were forced to abandon the car and the precious load in order to save themselves from arrest.

OFFICIALS PAID A VISIT TO CITY

J. B. Berry, Government Valuator, and H. E. Bissell, G.T.P. Land Agent, were Here.

Too Much Paper Money Issued.

Paper money which bears a valid promise to pay in gold "on demand," and which has behind it in the National Treasury or in the vaults of the banks of issue an adequate gold reserve with which the promise to pay can be made good, literally, "on demand," is a great convenience to the people of any country, and saves large sums that would otherwise be lost through the wastage of gold coin, says the Toronto Globe.

Paper money which, either temporarily or permanently, is irredeemable is a menace to the national credit and to the business prosperity of any country which issues promises to pay on such a scale as to bring about currency inflation, with the inevitable result that commodity prices soar and the purchasing power of money falls.

F. B. McCurdy, the member for Colchester, who speaks with authority on financial problems, contributed to the Budget debate a very plain and somewhat startling statement concerning the extent to which Canada's National Treasury and chartered bank note issues have been added to during the war and since the peace declaration. It is Mr. McCurdy's opinion that the inflation of credit and currency has been more influential in increasing commodity prices than is generally appreciated, and that the process of contraction of our paper money should be faced courageously, even though the remedy for existing conditions is found to be painful of application.

Great Increase In Circulation.

Before the war, as Mr. McCurdy pointed out, Canadian bank or Treasury notes in circulation totalled $219,460,559 on March 31, 1914. Of these notes the Dominion Government had issued $122,612,475 and the chartered banks the remainder. Any person holding these promises to pay could obtain gold on demand upon presentation to the Receiver-General of Canada, or to the various banks of issue. There was gold in the National Treasury and the vaults of the banks to the extent of 66.9 of the note issue. The uncovered paper money in circulation was therefore only $72,636,280, not at all a serious total distributed over a sparsely-settled half-continent among eight million people.

We have changed all that. On March 31, 1920, the outstanding notes of the Government of Canada and the chartered banks totalled $537,702,420. The gold held for the redemption of these huge note issues totalled, according to Mr. McCurdy, who cites The Canada Gazette as his authority, not more than $190,777,107, leaving $346,925,313 of paper money with no reserve of gold behind it. In other words, the gold reserve which six years ago amounted to slightly over two-thirds of the note issue has now shrunk to 35½ per cent., or a little over a third of the issue.

The continuation for some considerable time of the suspension of gold payments is inevitable under these conditions. The embargo on the export of gold must remain, for if it were lifted we should be confronted with an incessant drain of our gold reserve to the United States in an effort to raise the rate of exchange of the United States and Canadian dollars to a parity.

Write for your Supply of Pratt's Fly Chaser Now.

THE GREAT DEMAND

FOR PRATT'S FLY CHASER—Increasing yearly to such an extent that advance orders from dealers this season have literally swamped the manufacturers who were unprepared for it—is eloquent testimony to the splendid efficiency of this insect repellant. We have been notified that our shipment now on the rails is all that we can have this year. At the rate the orders are coming in, we should have this all sold before it arrives. If you have been disappointed in other fly remedies, get busy and get PRATT'S this time. Pratt's does not taint the milk, does not blister or burn the hide, does not gum up the hair, but it surely DOES CHASE THE FLIES!

Send in your order now to branch or dealer or to the MAIL ORDER DEPARTMENT.

The Big Profits are in Contented Cows

Cows, notwithstanding the layman's ideas to the contrary, are really highly nervous and sensitive animals, as all farmers know. Flies pester them and make them nervous and ill-tempered. This affects the milk and the milk supply and so decreases profits. Calves and heifers can't attain their proper weight, strength and vitality when worried by flies. Flies carry contagion and are in every way undesirable. Be humane—be comfortable and make your cows contented by using Pratt's Fly Chaser. It is easy to use and never fails.

CHIEF JUSTICE TAKES CASE FROM THE JURY

In Manslaughter Trial of McBride Man Accused is Acquitted.

In the case of Rex. vs. J. F. Wright of McBride which was tried last week at Prince George, Chief Justice Hunter took the case away from the jury on the ground that there was not evident to convict.

Wright was charged with manslaughter in connection with the death of Stuart Ross. The accused threw a lamp at a man named at a man named Richardson and as a result the hotel caught fire and Ross, who was drunk on the premises, was burned.

The chief justice said that there was no proof that the death of deceased was due to the fire. his death might have taken place prior to the outbreak. Death as a result of the fire had not been proven.

NATURALIST VISITS CITY FROM ISLANDS

J. A. Munro Has Been Studying Bird Life at Masset and Neighborhood.

Among the visitors to the city on Saturday was J. A. Munro of Okanagan who has been making a study of bird life on Graham Island. He says that during the spring and autumn Graham Island is a birdman's paradise, for thousands of all kinds of waterfowl and land birds call there on the north and southbound flights. Besides that there are many birds that make their homes on the islands.

Mr. Munro has been working with Major Allan Brooks and Mr. Green, both noted naturalists, who are still at the islands. Major Brooks spends a large part of his time at the art work for which he is so famous.

GRADUATION AT HAZELTON

Miss Martin Presented With Diploma After Passing Examinations With High Marks.

HAZELTON, June 14.—On Friday evening graduation exercises were held in St. George's Hall here, when Miss Martin was granted her diploma as a nurse.

R. S. Sargent, the people's representative on the Hospital Board, presented the diploma and Mrs. Hogan placed the graduation pin on the uniform. Dr. H. G. Wrinch spoke very highly of Miss Martin's record. She passed her examinations 91 per cent perfect, which is higher than any other graduate from the institution.

Miss Martin has been in Hazelton about six years, coming there from St. Johns, Newfoundland. Owing to illness she was unable to engage in the work for two years. However, she had made an enviable record and had won many friends in the district. This was particularly evidenced by the large number who attended the ceremony and also by the many signatures attached to the letter of appreciation and farewell which was handed to the graduating nurse at the close of the evening. This was a slight departure from the usual ceremony and its uniqueness displayed the sincerity of the people in their expression of good wishes.

Rev. Mr. Willan gave a short address on women and their devotion to duty and pointed to the glowing example of Florence Nightingale.

Refreshments followed and the proceedings closed with the singing of the National Anthem.

CZECHO-SLOVAKS ON LONG JOURNEY

To Reach Their Original Homes are Travelling Nearly Around the World.

In order to avoid passing through the stretch of Bolshevik Russia, the Czecho-Slovak soldiers now going through Vancouver are travelling nearly around the world to return to their old homes in southern Russia near the Austrian border. E. Osborne Scott, the general passenger agent for the Canadian National Railway Company at Winnipeg, who was in the city on Saturday, has a good deal to do with the arrangements for these troops, as in their trip across Canada they travel from Vancouver to Valcartier over the line of the Canadian National, and his description of them was quite interesting.

The first lot of soldiers came to Vancouver on the Ixion June 5, and were immediately despatched by special trains east. From Valcartier they embark on the Atlantic and after passing through the Mediterranean reach their destination by way of Northern Italy. There are 35,000 soldiers to come in all and 9,000 will travel immediately in the steamers Ixion, M. S. Dollar and Protesilaus. Their embarking port is Vladivostok, which place they reached by marching across Russia.

They are a good lot of soldiers and are under perfect discipline. During the war they have been under the control of the Allies and the Central Powers, so have learnt soldiering in most of its phases. Mr. Scott says that they are quite as easy to handle in transportation as any troops that have been carried on Canadian railways.

GOLD MEDALLIST WAS HERE TODAY

Among the passengers arriving from the south on the Princess Alice this morning was Miss Patricia Hamilton-Smith, who was the recent gold medallist at the examinations of the University of British Columbia. Miss Smith is a Victoria graduate and is now making the return trip to Skagway with her grandmother.

Miss Smith's career in college was a distinguished one and excelled in all branches of student activities. She was met at the boat by her local class mate, Miss Katherine Pillsbury.

Miss Margaret Wattie of Hazelton returned home from a short visit in Port Essington by Saturday's train.

Mrs. Nagel Was Doubtful

Mrs. Nagel says she was one of the people who would not have canned milk in the house. They took a boat trip up the Coast last Summer and she learned to use Pacific Milk or go without milk entirely.

She baked hot cakes one morning on the galley stove. They turned out so well that she decided the milk must have had something to do with it. She tried other things and they were all good. That convinced her.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ills, which upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

SHOULD KEEP CLOSE TOUCH WITH OUTSIDE

G. W. Nickerson Says it is to Prince Rupert's Advantage to be Represented at Conventions.

That there was a good deal to be gained by keeping in close touch with the Dominion Fisheries Association and that Prince Rupert should not fail to be represented at conventions of that kind was the opinion of George W. Nickerson, who arrived home on Saturday from Vancouver.

Mr. Nickerson said that he found almost without exception the members of the Association were fair and able men, President Brittain especially so. He had opposed the idea of a local board of control, chiefly because such a board meant Vancouver control and would be inimical to the interests of Prince Rupert.

Car Shortage.

The local delegate said he had a talk with Chief Inspector Cunningham in regard to the administration on this coast and he had interviewed most of the officials present. The matter of car shortage had been taken up at the instance of Prince Rupert and President Brittain had promised to see Dr. Reid and the traffic head in the east on his return.

Alderman Dybhavn did excellent work, Mr. Nickerson said. He talked to everybody and kept Prince Rupert interests well to the fore. Hon. T. D. Pattullo was present, especially as the representative of Prince Rupert in the legislature, and took a keen interest in the deliberations.

Conditions Not Good.

Speaking of general conditions, Mr. Nickerson said they were not as good as on his previous visit. The banks were closing down and that was having a bad effect on business. He visited Seattle and there was a very noticeable change in that city. None of the restaurants or other places, which formerly were crowded, seemed to be doing a very large business. The closing of the shipyards there had had the effect of making business quiet.

In connection with the comparative cost of living, Mr. Nickerson said he thought food was just as cheap here as in Vancouver or Seattle, but other things were rather higher here. He did not see any reason, however, why there should be a difference here.

TOOK PILCHARDS FROM WEST COAST

Six Thousand Cases of Fish on Maquinna to Victoria.

VICTORIA, June 14.—The first of the season's pilchard pack was brought south from the West Coast of the Island by the Princess Maquinna, which is in port. She had on board six thousand cases of fish, including both pilchard and salmon. Only the Nootka Cannery is so far canning the former fish, which is not yet being caught in any number owing to the bad weather which has prevailed and which has prevented large catches in salmon also.

The pilchard refused to show up on the West Coast during the winter, and it was spread abroad at that time that the fish had departed permanently, and many reasons were advanced.

On her next trip the Maquinna will go up the Island coast, and then on to Rivers Inlet with Indians for the canneries there. This trip is made each year, the cannery hands being picked up at the different Island points. The longer run throws the boat only a day off schedule.

About 130 passengers came south on the Maquinna, which took about the same number up with her on her last trip.

GETTING READY JAZZ CARNIVAL

Daughters of Empire will Put On One of the Biggest Entertainments Attempted in City

The Jazz Carnival to be put on by the Municipal and combined chapters of the Imperial Order I.O.D.E. on Dominion Day is to be one of the most ambitious schemes of entertainment attempted in the city. There will be all kinds of schemes for the amusement of the public, including burlesque, magic and freakish side-shows. These, it is guaranteed, will cure almost any case of blues.

For the two days of the affair, July 1 and 2, there will be music continually provided and the Exhibition Hall floor will be always kept clear for dancing. Music will be provided by Gray's Augmented Orchestra and the Greenville Concert Band, both having been specially engaged for the event.

Refreshment booths will be conducted in the hall and anything from a light lunch to a man size meal may be obtained. The chapters are looking forward to great success and the public is interested. The show is being put on to obtain to obtain further funds for the building that it is proposed to erect. Mrs. A. T. Parkin, vice-regent of the Municipal Chapter, is at the head of affairs and each of the officers in the various chapters are working faithfully and tirelessly. Great success, it seems, is assured and it will be no fault of the ladies if it is not.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grasing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

"CHEATING CHEATERS" IS UNUSUAL ROMANCE

Clara Kimball Young and Her Own Company will be seen at the Westholme Theatre tonight in her latest Select Picture, "Cheating Cheaters," a film adaptation of the famous Broadway stage success of the same name

"Cheating Cheaters" is one of the most unusual plays ever produced on either stage or screen. In it Miss Young has the role of a clever secret operative, who apparently is a member of a famous band of crooks. As the leader of one band she plans to rob the home of the supposedly wealthy Palmers, but at the last minute she learns that the Palmers also are crooks, and are themselves planning to rob the Brocktons, the name which the first band has taken. There is a general mix-up of families, crooks, and secret service people, but in the end things are smoothed out, and the seed of an unusual romance takes root.

CANNING OF WHALE IS DISCONTINUED

The commercial effect of the war and its cessation is strikingly exemplified in the whale fisheries of the Pacific coast. Due to the food shortage and the demand for oils and fats, whale fishing was actively carried on. During the 1918 season, over 500 whales were taken by three fishing stations; the catch of one station alone was 246. During the same year 30,000 cases of whale meat was canned and met a ready market.

The close of the war, however, meant the complete cessation of the whale-canning industry; no whale meat was put up in 1919, and but 166 whales were taken.

Whale meat is a nutritious food product, in taste being similar to beefsteak. It was placed on the market at a price of 20 cents per pound tin and filled a requirement for food supply at low cost. As a war measure the taking of 500 whales in one season could be justified, but a continuance of killing on this extensive scale would result in the annihilation of this great mammal.

PRICE OF FOOD IN ENGLAND IS HIGH

Housewives are perplexed over food prices, says a London paper. In one quarter they are assured that prices are going down; in another quarter, that prices are going up. The Food Controller gives little consolation. But then, say housewives, who like to look on the bright side, he is "just a politician" with reasons of his own for diplomatic utterances. Quarrels among friends and neighbors have been provoked by this diversity of opinion. But they all know what they have to pay now; and a wise woman leaves the future till it has grown into the present.

CONTINUOUS INCREASE IN COST OF DIAMONDS

CHICAGO, June 11.—"I have been in business fifty years," said a Chicago jeweller, "and I know of nothing that as an investment can compare with a diamond. For a half century diamonds have steadily increased in value. Hard times have checked the upward movement but never have caused it to recede. As soon as the situation improved the upward trend set in again. Though diamond prices are now the highest in history, I think the public can rest assured diamonds will never be cheaper. On the contrary, everything indicates prices will continue to advance until a maximum is reached which will place the diamond beyond the purchasing power of any person but of great wealth.

"While Americans are buying diamonds lavishly for personal adornament, Europe is buying them to a great extent as investments. National currencies in Europe have depreciated and some are worthless, but the value of a diamond remains the same in bankrupt Russia as in prosperous America.

No fixed per carat price can be placed on diamonds. Diamonds of one carat retail today at from $600 to $1,000. A single carat stone may be worth five times as much as a three carat stone. The price depends absolutely upon the quality of the diamond and not upon the size."
