DISMISSED ON THEFT CHARGE

A charge of theft against Howard Cordick, insurance salesman, involving an alleged conversion of funds belonging to United Home Securities Association of Vancouver, was dismissed in city police court yesterday morning by Magistrate W. D. Vance.

The magistrate ruled that evidence failed to point to Cordick's guilt but indicated there had been opportunity for carelessness.

Cordick was charged by Cyril R. Duffield, vice-president of the health and accident insurance company, with theft of $51, allegedly part of policy premium money belonging to the company.

Cordick was defended by Mrs. Willa Ray, of the firm of W. O. Fulton. Corporal A. T. Lashmar of the provincial police prosecuted. The case originally came up in court on June 27 and was adjourned until yesterday.

MINERS TO GET BEST DEAL YET

WASHINGTON, (AP) — John L. British Columbia recorded six deaths.

FLEET MOVING OUT

SEATTLE—The fishermen's wharf was the scene of feverish activity today as the halibut fleet prepared to put to sea after a two month's tie-up. With the fleet strikebound until Tuesday night, the Canadian fishermen landed the great bulk of the halibut catch. It was some 2,000,000 pounds greater than last year.

MARITIME COMMISSSION

OTTAWA — Government legislation to form a Canadian Maritime Commission to advise on growth of a merchant fleet, and a shipbuilding industry met with opposition from the Senate and finance committee Wednesday. Senator Crerar (L-Manitoba) said Canada should not undertake to build up a shipping industry unless Canada could meet world competition which, he claimed, she could not do. The Bill was finally approved without any amendments.

MEXICAN PRISON SWINDLE AGAIN

The Royal Canadian Mounted Police today issued a warning concerning the revival of the "Mexican prisoner swindle" headed by a group of confidence men in Mexico. Letters from the promoters of this swindle are being received in Canada.

The letters give a detailed account of how the writer, Albert L. Martin, a banker of Santa Cruz, Mexico, made poor investments and was about to be arrested for bunkruptcy. Before his arrest, he converted his assets into cash and sent them to a customs house in the United States.

With his 18-year-old daughter, he was arrested at the United States border and sentenced to a term in prison. Because his daughter is in need of money, he is requesting financing in order to get his money from a trunk in the United States customs house.

In return for financial assistance, one-third of the fabulous sum of money will go to his benefactor. The R.C.M.P. warn that this swindle is being carried on an international basis at the present time.

SOCKEYE CATCH STARTS SLOWLY

Initial Averages Are Forty Fish to Boat Per Day

The 1947 sockeye season, which fishermen anticipate may be one of the most productive in recent years, got off to a slow start this week according to first returns coming from the Skeena River. Bad weather reduced the number of boats that cast nets in the river on the opening night Sunday.

Initial averages, which cannot be taken as an indication of what is to come, showed 40 fish per boat for the first day's fishing, with high boat on the Skeena catching 194 fish. Naas River fishermen did better, averaging 79 fish per boat.

Up to Wednesday, 669 gillnet licences had been issued for Skeena River fishing although all these at that time had not begun operating. With the Fraser River sockeye season not opening until early September, it is expected that there may be as many as 1,000 boats on the Skeena at the peak of the season.

At Rivers Inlet, sharks are tearing the fishermen's nets, causing expensive damage. In that area, the fishermen have a "shark fund" to which all contribute, the money being used to repair nets damaged by the predators.

Sockeye on the Skeena are averaging about six pounds each, while on the Naas they are somewhat bigger, about eight pounds. At Rivers Inlet they weigh slightly over six pounds.

The sockeye catch will go to the seven canneries operating in the Prince Rupert area. The run will be succeeded by pink salmon about the middle of August and by cohoes about September 1.

Rev. and Mrs. A. F. MacSween and family left at the first of the week for Pouce Coupe in the Peace River country where they will visit for the coming month.

CONVICTS TAKE CAPITAL CITY

MANILA (AP)—A heavily-armed group of escaped prisoners captured Calapan, capital of Mindora Island, taking the island's governor and two city officials as hostages.

The escaped prisoners were still in control today, although their leader was killed in a forty-minute gun fight with police and the military.

It is reported that control of the airport has been regained and that the Philippines Airlines pilot has been freed.

Flight Capt. Manuel Conde flew to Manila with the first report of the outbreak.

The prisoners were led by a former military police officer, Lieut. Romero, who boasted that he controlled the city.

OLD MAN RIVER IS ON RAMPAGE

ST. LOUIS, (AP) — The raging Mississippi River is continuing its destructive sweep past the St. Louis area, after breaking four nearby levees and routing thousands from their homes, with additional dykes threatened. The river has surged to a new high of 40.2 feet. Damage in one area is estimated to aggregate $12,000,000.

SOL MUSSALLEM REVISITS CITY

Pioneer Business Man Found Prince Rupert Difficult to Recognize After Thirty Years' Absence

One of Prince Rupert prominent pioneer business men, who revisited the city yesterday after having not been here since 1919, found so many changes that he admitted it would have been difficult indeed to have found his way around. However, old friends came to his aid and, with their cars, showed him over the city which to one, after such long an absence, seemed almost completely reconstructed.

The returning old timer was Solomon Mussallem, who operated a grocery business on Fifth Avenue in the early days. Mr. Mussallem for almost thirty years now has made his home at Port Haney in the Fraser Valley and has become the perennial reeve of Maple Ridge municipality. He arrived here on the Prince Rupert yesterday morning from Vancouver and proceeded by the evening train to Winnipeg where he will attend the forthcoming convention of the Association of Canadian Mayors and Municipalities.

Mr. Mussallem is in the automotive business and, in addition to his Haney establishment, recently opened up at Mission. He handles General Motors products.

Reeve Mussallem is being accompanied by his wife. Old friends who met them while here observed that the years appeared to have passed lightly over them.

ALEXANDER ON TRIP TO WEST

OTTAWA—Viscount Alexander, Canada's Governor General, and Lady Alexander, left Ottawa yesterday for Edmonton on the first stage of a flying journey to various points in the Northwest Territories.

The itinerary will include visits to Jasper Park, Fort Nelson, B.C., Whitehorse and Dawson, Y. T., and Norman Wells, N.W.T.

The Governor General will not be on the west coast this summer although Lady Alexander will proceed from the Yukon via steamer through Prince Rupert to Vancouver.

Each Nation is Asked To Draw Up Its Needs

PARIS (CP)—The French foreign ministry announces that the British and French governments have decided to invite all European states, with the "provisional" exception of Spain, to take part in the drafting of a reply to General Marshall's proposals for the economic recovery of Europe. The communique has called on the European countries to "draw up a European reconstruction program in which the resources and needs of each country will be co-ordinated in such a manner that each will be able to decide freely."

The communique made no reference whatever to Soviet Russia nor to the failure yesterday of the Soviet, Britain and France agreeing on General Marshall's proposals respecting Europe.

Use of the term "provisional" in excluding Spain would appear to indicate that final decision on whether Spain would be permanently on the outside of any economic agreement would rest with an international organization which the communique said the British and French proposed to establish.

Twenty-two powers will be invited to meet in Paris July 12, the countries to include Austria, Turkey, Albania, Eire and all the former enemy states except Germany.

VISIT YUKON-PEACE RIVER

VANCOUVER, (CP)—Plans have been completed for a 21-man delegation from the Vancouver Board of Trade to visit Yukon and Peace River districts in the interior of the province. They will study transportation needs and the possibility of greater business development. The party will leave by plane July 26 and return in August. The tour will cover ,300 miles.

French Government Expects Vote of Confidence Tomorrow

PARIS, (AP)—Premier Ramadier stated that a proposed confidence motion would be virtually certain of winning approval when the vote ensues on Friday.

HEALTH ON RAILWAYS

Dr. Dowd of C.N.R. Speaks Before Canadian Medical Association

WINNIPEG— Speaking before the Canadian Medical Association here, Dr. K. E. Dowd, chief medical officer for Canadian National Railways and Trans-Canada Airlines, revealed that, in the interests of the travelling public and the health of employees his clinics made 43,000 physical examinations yearly.

Industrial medicine was now a well-established feature of both companies, he said, and the confidence of more than 100,000 employees had been completely won over. He stated the work had paid such dividens that four travelling medical cars had been placed on the rails to examine employees at remoter points.

The medical officer revealed sanitary officers of the company were constantly at work checking such facilities as trains, restaurants, stations, hotels, commissary stores and camps. This type of work had been intensified since the war with the addition of many ex-servicemen who were all connected with sanitary units in the war theatres.

"Our transportation systems today are operated by a force of men and women highly trained and physically sound and behind them is an efficient medical department guarding their welfare and that of the company and its clients," Dr. Dowd said in concluding a close-reasoned address which stressed the benefits of industrial medicine in modern society.

LOCAL BOXERS TO KETCHIKAN

Determined to do their best to win for Prince Rupert, even though they know nothing of their opponents, three Prince Rupert boxers sailed on the Prince Rupert last night for Ketchikan to take part in an invitation boxing card that will be part of the Alaska city's July 4 celebration. The Prince Rupert baseball team also went north to continue the international series which started here over the Dominion Day week-end and will continue over Independence Day at Ketchikan.

The fighters were Len Hitchens, 145-pound welterweight, Bobby Anderson, 112 and Jordan Smith, 80, all three well known in the Prince Rupert ring as members of the Canadian Legion boxing club.

Their manager is Darrow Gomez, also an accomplished fighter, who is charged with seeing that the boys get a good rest before they enter the ring tonight.

James, Nicoll, Legion boxing club chairman, was optimistic. "They are in good shape and they are determined to bring back honors to Prince Rupert," he said. "I feel certain they will give a good account of themselves in Ketchikan."

For the last few weeks the trio has been training at the armory here under direction of Darrow Gomez.

EASTERN SCHOOL TEACHERS LIKE THE WEST COAST

The British Columbia coast is an attractive place for three eastern Canadian school teachers who are in the city this afternoon on their way back to Ontario and Quebec after spending a year as exchange teachers in Vancouver schools

"We think the coast is a wonderful spot to live, and we're a bit sorry that we are going back east," said Miss Lois Brown of montreal, who with Miss Doreen McCarthy of Toronto and Miss Mary Allen of Smithville, Ontario, arrived here yesterday morning on the Prince Rupert.

The trio, who investigated Prince Rupert's interest spots in the afternoon, left on last evening's train for their homes. Their return trip via Prince Rupert is in the nature of a holiday.

All three have completed a term as exchange teachers in Vancouver, while their positions in the east were filled by Vancouver teachers.

CAR SLIPS OVER EMBANKMENT

A car, driven by Henry N. Powell, age 19, of 1443 Eighth Avenue East, slipped over a rocky embankment on the highway between Galloway Rapids and Prudhomme Lake at 7:30 Tuesday morning, but all of its four passengers escaped without injury. The left-hand side of the 1938 Ford was badly dented on the rocks and the window glass on that side was smashed. The party of four was heading for Terrace when the car slid over the bank at a spot about 10 miles from the city.

MATERIALS FOR WAR VETERANS

TERRACE — The Canadian Legion president, Lloyd Johnstone, last Thursday night, at a well attended meeting, explained letters received from War Assets Corporation regarding the building materials under classifications which may be available to veterans of World War II.

The correspondence, brought to the meeting by Mr. Johnstone, referred to the demolition now taking place at Terrace airport where a large quantity of building materials and equipment is to be disposed of. Most of the veterans are very much interested in getting their homes established now they are back to civilian life and see the possibility of obtaining building material in this way.

Nigel Sherwood wanted to know whether veterans of the first world war could get the same treatment as those who went to the second and sponsored an emphatic motion with a view to ensuring that they should.

It was decided to hold the Legion picnic on Little's Island, July 13, enter a decorated float in the Dominion Day float, revive the Legion baseball team and tighten up club regulations.

Dorcas Sale At Terrace Nets $65

TERRACE—The Terrace Red Cross Hospital Fund benefitted to the extent of $65 when the Dorcas Benevolent Society held a sale on Thursday in Skeena Mercantile store. The four ladies who comprised this Society, Mesdames C. W. Alger, R. Glanzer, E. McClellan and M. Ytreberg, made and donated every article, comprising hand painting, embroidery, sewing and knitting. There was also a goodly array of home cooking. The centre of attraction was a large doll dressed as a bride, this also being the work of Mrs. Alger. A ticket on this was given for every dollar spent. Little Judy Barr made the drawing and Theresa Johnstone proved the lucky winner with ticket 86.

Leads You to Foot Health and Comfort

We feature X-Ray Fitting because it is the *only* means by which you, and we, can see exactly how your feet look inside of a pair of shoes. With X-Ray's Magic Pointer we can show *how* and *why* a certain type of shoe may cause foot ills or discomfort.

X-Ray enables us to fit you to shoes that will give you positive comfort, and possibly correct certain foot troubles that you now have. We invite you, and especially your children to come in for a Complete X-Ray Foot Examination.

It takes only a few minutes, costs you nothing . . . places you under no obligation. Come in soon.

THREE-WAY TIE NOW FOR FASTBALL LEAGUE LEADERSHIP; TWO GAMES

High School Defeats C.N.R.A. and Co-op Wins From Navy

Last evening's double-header in the city fastball league provided a big crowd with two good games the results of which leave Canadian National Recreation Association, High School and Co-op all tied for the league leadership. High School handed C.N.R.A. their second defeat of the season by 9 to 7, and Co-op won over a much-improved Navy team by a score of 13 to 5 but these teams were much more evenly matched than the score would indicate.

High School and the C.N.R.A. each scored in their first inning and both went scoreless in the second. The students added one in the third but the railway men scored three in their half when Schroeder hit a two-bagger and he, Duncan and Dunbar all came in on Dunbar's hit that Kennedy let slip between his legs. But the first of the fourth was the undoing of the C.N.R.A. and Schroeder was taken out of the box. Hartwig walked, Sharpe and Kennedy hit safely, Symes and Owens got on bases on errors, Wesch hit safely, Lavigne got on an error. Hartwig hit a two-bagger and, when the dust had all cleared away, High School had accummulated seven runs. There was some very smart base running included in the inning. C.N.R.A. fought right back and a hit by Nixon, a walk to Schwab, an error that let Roberts on base and Schoeder's second two-base hit brought in three runs. The last three innings were scoreless for both teams though Hartwig got a two-bagger, his second of the evening, and Dunbar got a three-bagger.

Dunbar with two hits and two runs and Schroeder were the big batters for C.N.R.A. Dunbar hit hard. He circled the bases in the first inning when Owens let a drive go between his hands and he completed the circle in the third when Kennedy missed a ground ball. A three-bagger in the seventh for Dunbar was a genuine one.

Lavigne with three hits including a two-bagger, and Hartwig, with two two-baggers, were the heavy hitters for High School.

CO-OP WINS FROM NAVY

In the second game of the evening the Co-op won from a much-improved Navy team by 13-5.

Among new players on the Navy team all of whom showed to advantage and who gave every sign that they would become a serious challenge to the league leaders were Lang, who pitched a good game, but had poor support at times; Turner, who showed himself a fighting catcher, and Grabb, who was a standout both at first base and at the bat. He hit a two-bagger and a three-bagger. Hallan at shortstop was very safe and has a great throw to first. In the fourth inning they did some smart base stealing. Co-op, however, did the hitting and played bang-up ball all through. Everyone on the team hit safely and all except Postulo scored runs. Postulo was very safe in the outfield.
