SCOPES IS FOUND GUILTY AND FINED $100

CO-OPERATION BETWEEN VANCOUVER AND PRINCE RUPERT IS STRESSED

Forest Fire Menace is Serious in all Parts; Few Fires Locally now

VICTORIA, July 21.—No improvement in the British Columbia fire situation is recorded in reports received by the forestry service. These reports indicate that conditions in all districts give cause for alarm. Forest fires now number 1029 compared with 568 at this time last year. The situation in the southern interior, where 386 blazes have been reported, is extremely grave.

Fires in other districts since May 1, the opening of the fire season, have been as follows:

Vancouver (including the Island)	217
Prince Rupert	133
Prince George	108
Kamloops	36
Cariboo	109

P. S. Bonney, district forester for Prince Rupert, who returned to the city last night from the interior, states that the situation there is satisfactory at this time but extremely hazardous. The weather has been very dry during the past week and circumstances are just right for outbreaks. However, if the public cooperates, it is hoped they will be averted.

Mr. Bonney reports that there are three fires now burning but none of them are serious. There is a new one near the Babine gold strike, apparently started by prospectors. It is now being fought. Two old outbreaks, one at Lake Kathlyn and another near Francois Lake, are being patrolled.

Mr. Bonney has been in the interior for the past ten days and made a trip to the Babine district, going in by Burns Lake and returning by Topley. T. A. Clarke, assistant district forester, who is cruising timber in the Burns Lake area, will be back about the first of next month.

IS NO FRIEND OF COMMUNISM

Head of Orange Black Chapter Spoke Strongly at Vancouver Convention Yesterday

VANCOUVER, July 21. — A strong attack on Communism was made by Loftus H. Read of Toronto, Grand Master of the Grand Black Chapter, Loyal Orange Lodge of British America, in his address at the opening of the sessions here yesterday. Referring to Communism as "that blighting, baneful, blasting thing," he urged that all members of the order do their best to fight the propaganda that was being spread by members of radical organizations.

DAZZY VANCE MAKES RECORD

Brooklyn Pitcher Struck Out 17 Batters in Yesterday's Baseball Game

BROOKLYN, July 21.— Dazzy Vance, pitching for Brooklyn against St. Louis yesterday, fanned seventeen batters in ten innings. At the end of the ninth, he had struck out fifteen— one less than the major league record made by Rube Waddell in 1908. Besides his wonderful pitching, Vance made three hits—one a home run — and boosted his strikeout record for the season to 137.

CONNAUGHT CUP GAME IS DRAW

Neither Nanaimo or United Weston Scored in Match at Winnipeg Last Night

WINNIPEG, July 21. — The Nanaimo city football team and United Weston played a scoreless draw last night in the first of two games to determine which will enter the Connaught Cup final against Ulster United of Toronto or Fort William. The second and deciding game will take place on Wednesday.

ACCEPTANCE OF HENRY FORD'S BID FOR OLD SHIPS RECOMMENDED

WASHINGTON, July 21.—Acceptance of Henry Ford's offer of $1,706,000 for 200 Shipping Board vessels set aside for scrapping has been recommended by President Palmer of the fleet corporation.

ELECTION ON OCTOBER 14?

TORONTO, July 21. — Claiming the authority of Liberal party "stalwarts" the Toronto Telegram yesterday printed a prediction that a federal election would be held on Oct. 14.

PREPARING FOR VISIT OF BRITISH WARSHIP

Committee of City Council is Appointed to Take Charge

In referring to entertainment in connection with the visit of H. M. S. Capetown which is expected in here in the course of the next couple of weeks, Alderman Casey asked for a meeting of the committee last evening when tentative plans were discussed. The committee consists of Aldermen Casey, Brown, McMordie, and the Mayor.

FOR BENEFIT OF DOMINION

Speaker of Ontario Legislature Makes Some Suggestions in Vancouver

VANCOUVER, July 21. — Addressing the Canadian Club yesterday, Hon. Joseph E. Thompson, speaker of the Ontario legislature who is attending the Orange Grand Lodge sessions here, pleaded for closer relations between the various provinces and urged the revival of old inter-provincial conferences by getting together for frank discussions of what was best for Canada. This would accomplish much, he said.

Taking issue with the statement sometimes heard that there was too much "Sons of England" and "Sons of Scotland" about Canada, Mr. Thompson declared that immigration was the country's biggest problem and "if we are to develop the great natural resources of this vast Dominion we want more Sons of England and Sons of Scotland and also Sons of Ireland to do it."

MONKEY CASE ENDED TODAY

John T. Scopes Found Guilty and Fined $100 at Dayton

DAYTON, Tennessee, July 21. — John T. Scopes, school teacher, charged with violating the Tennessee anti-evolution laws, was found guilty this morning after the jury had deliberated eight minutes and was fined $100 by Judge Raulston who described the issue as being whether or not Scopes had taught that man descended from the lower order of animals. It is announced that an appeal will be taken to the Supreme Court in Knoxville.

ANOTHER SMITHERS CAR LEAVES ROAD

Mr. and Mrs. D. F. Hatt Sustained Severe Bruises in Accident on Thursday

SMITHERS, July 21.— Early last Thursday morning when returning from the barn dance at the Oulton Farm, the car of D. F. Hatt left the road when coming up the hill into town and rolled down the bank into a fence. Although the top and wind shield were demolished Mr. and Mrs. Hatt, who were the only occupants of the car, fortunately escaped with only severe bruises.

VANCOUVER HAS THREE SUICIDES

C. E. Roblin Hangs Himself; Unknown Man Leaps Over Bridge; Another Takes Rat Poison

VANCOUVER, July 21.—Three alleged suicides have been reported to the police since Sunday night.

C. E. Roblin was found hanging in his home on Sunday and an unknown man is believed to have jumped into False Creek from the Connaught bridge.

Yesterday, Albert Muskett, pioneer music dealer of the city, died from the effects of swallowing rat poison.

New leaders of Kiwanis International. Left to right: J. W. C. Taylor, Montreal, second vice-president; J. P. Neal, Washington, first vice-president; J. H. Moss, Milwaukee, president; H. C. Heinz, Atlanta, treasurer.

Various Matters Pertaining to Fur and Game Taken Up at Conservation Board Meeting

Representatives of the Indian department, fur dealers and local sportsmen were among those who appeared to express their views and make recommendations at the meeting of the Game Conservation Board which was held in the Court House last evening. The fur trade, local game birds and animals and game preserves were discussed and members of the board, as a result of their first official visit to the city, undoubtedly were given information that will prove of value to them in connection with the supervision and making of game laws for the province as a whole. Among many suggestions that were offered the board was one that a more effective policing of game preserves be instituted, another that the open season for migratory birds in this district be advanced one month and still another that the control of sporting fish be transferred from the federal department of fisheries to the provincial game board.

In opening the session, M. B. Jackson, chairman of the board said it was the first public meeting of the Game Board in Prince Rupert. The policy of the board was to visit outlying parts of the province so that the members might get in better touch with the game situation. It was the desire to obtain the points of view of those directly interested in the fur trade and big game hunting.

Indian Department

Col. J. S. Pragnell, inspector of Indian agencies for British Columbia, was the first speaker. He said he was somewhat at sea as to what the future policy of the Game Board actually was. The Indian department would like to see some arrangement made for the registration of trapping areas.

Mr. Jackson said that it was the fixed policy of the Board to but into force at once a system of registration of trap lines.

Col. Pragnell also asked for how long it was intended to close the season for trapping south of the G.T.P. Railway. Mr. Jackson replied that such a close season was now in force and the period would probably be three or five years. It would be useless to have such a close season for one or two years.

Col. Pragnell stated that he would have further representations to make to the board at its meetings in the interior where resided Indians who were more directly concerned in the fur trade.

W. E. Collison

Indian Agent Collison said that the ban on trapping south of the G.T.P. would not effect the Indians of his agency. However, he had been asked to make representations to the board on behalf of the Indians of the Bella Coola district. The ban would work a serious hardship

(continued on page 6)

ALL FISH IS TO BE TAKEN

Limitation as to Halibut Going East From Here is Now Removed

It was announced from the superintendent's office here this morning that instructions had been issued from Canadian National Railway headquarters to take all refrigerator car offerings of fish at this port. If necessary, fish specials will again be run taking the fish to Jasper where it will be transferred to the regular express trains, there being two trains daily from there.

This will remove the grievance which arose locally through the limitation of fish cars that might be attached to express trains on boat days.

LATEST REVOLUTION WAS BLOODLESS ONE

Certain Military Units Enginegineered Portuguese Revolt Which Took Place on Sunday Last

LISBON, July 21—Portugal, of late disturbed by a succession of short lived cabinets, came through an abortive revolutionary movement engineered by certain military units on Sunday without the firing of a shot. Reports of casualties proved erroneous on investigation.

CONDITION OF J. C. K. SEALY IS IMPROVED

Prominent Bulkley Valley Rancher Recovering From Attack of Pneumonia

SMITHERS, July 21.—John C. K. Sealy, prominent farmer of Driftwood district, who has been seriously ill with pneumonia, had a change for the better the last couple of days. Mr. Sealy was sick for several weeks this spring and it is thought the present illness is a relapse.

Council of Two Trade Boards Meet and Talk About Mutual Benefit

The Vancouver board of trade party with about twenty members from the local board of trade enjoyed a cruise yesterday to the Skeena River and around the local harbor. The party visited Inverness, Cassiar, and Sunnyside canneries on the river and later visited the local dry dock and cold storage plants. The party left here in the morning about 10 o'clock and returned to the city about five in the afternoon. They were served a delicious buffet luncheon on board ship and enjoyed the whole trip very much.

Last evening at the Prince Rupert Club, the council of the local board of trade and the council of the Vancouver board met and discussed matters of mutual interest. F. G. Dawson, in speaking of the great advance made by the province in manufacturing, contrasted the situation today with ten years ago when so much was imported from the east. In speaking of the manufacturing of Vancouver and vicinity, Mr. Dawson made it clear that the interests of the south were related to the interests of the whole province and that they should be interested in the north as markets for their goods. The south could not afford to be antagonistic nor unfriendly to the development of the north as the more the north developed the more would it aid the south.

In replying to the suggestions, various members of the Vancouver delegation assured the Prince Rupert council that Vancouver board of trade had always been very friendly toward northern development as it was good business. They regretted that they could not control the press sometimes, nor various elements of the community. Reference was made to the present trip which was the fourth of its kind to prove that they were vitally interested in the north and in the whole province, and suggested that a delegation from the boards of trade from Prince George to Prince Rupert visit Vancouver.

The conference lasted for considerable time after which the party left on the special train at midnight for the east, stopping at several points en route.

EASTERN CRICKET PLAYERS DEFEAT VANCOUVER TEAM

VANCOUVER, July 21. — The touring Bishop Ridley College cricket team of St. Catherines won the match on the Pacific coast yesterday when it defeated a representative Vancouver eleven by 155. Ridley scored 324 for seven wickets while Vancouver followed up with 189.

JUDGE PREFERS DEATH SENTENCE

Says it is Better Than Life Imprisonment — Idleness is Cause of Crime

VICTORIA, July 21. — Judge Campbell of the Oregon Circuit Court told police chiefs in convention here last night that ninety-five per cent of crime was due to idleness. He condemned the penitentiary system of the United States as failing to check criminal instincts in the felon and favored the death sentence as the most effective means of ridding society of persons who were of no value to it or to themselves. This he declared was preferable to them dragging out their lives in prison.

WINS DUEL BUT KILLS HIMSELF

Antagonistic Business Men of Imperial, California, Agreed to Die

BRAWLEY, Cal., July 21.—Police officers found the body late yesterday of H. Kirk near the spot indicated by John Truden who, before committing suicide in the morning, wrote a note saying that he had killed Kirk in a duel. The survivor of the duel, according to the letter, said he had agreed to kill himself within three days of the duel. The two, business men of Imperial, had been antagonistic for several years.

PRAIRIES HAVE GENEROUS RAIN

Some Parts, However, Are Still Suffering form Continued Droughts

WINNIPEG, July 21.—A liberal rain fell over an extensive area of the prairies during the week-end and greatly relieved the parched state of the crops in many districts. Continued drought, however, is causing some anxiety in southern sections of Alberta and Saskatchewan according to the weekly reports of the Canadian Pacific Railway. In certain parts of Saskatchewan, depreciation through heat is set at from 25 to 30 per cent of the prospective yields estimated in June.

Mrs. R. Dowther and daughter will sail for the south on the Cardena today. They will be accompanied by Mrs. Lindsay, sister of the late Robert Dowther.

Salt Lake In Hands Of Citizens.

By putting a board representative citizens in control of the place the provincial goverment will have lived up to its promise of turning over the Salt Lake to the people of Prince Rupert as a public resort. On this board will devolve the responsibility of administering and caring for the resort and it will have the authority to adopt such methods as it sees fit to carry out the work—under the supervision of and at the consent of the government which owns the land. Further improvements to the lake and its surroundings will be arranged and financed by this board. The government will, undoubtedly, continue to give some assistance and the Prince Rupert Swimming Club can still keep up its activity as an adjunct to the board—both active and advisory.

Scopes Trial Is Battle Of Wits.

A deep interest, not only on the North American continent, but also in Europe, seems to be taken in the Scopes evolution trial which is now taking place in the village of Dayton, Tennessee. The accused is charged with teaching a theory which is contrary to the state laws of Tennessee. Some states have no statute against such teaching while others—such as Tennessee—have. The case does not seem to be so very important in itself and more interest will attach itself as to who will be the winner in the legal battle between William Jennings Bryan and Clarence Darrow and their lieutenants than as to what actually will happen to John T. Scopes. This interest has been largely worked up by newspapermen and there is also a taint of politics involved.

Education Is Going Amiss.

News columns tell the story of six Vancouver men who have just passed examinations entitling them to practice the medical profession in the State of Washington.

That means that the brains and energies of six intelligent young Canadians have been lost to the Dominion of Canada and gained by United States.

And the reason they have been lost to Canada is because Canadian educational institutions are not training men according to the abilities of the country to absorb them. They insist on making doctors when the country needs good farmers, and on making lawyers when the country needs pioneers.

Today everyone wants to go in for a professional or business career. No one wants to go in for a trade. Everyone wants to wear kid gloves and keep, as far as possible, from actually soiling his hands.

And the universities and schools are encouraging that viewpoint.

The dignity of the professions is preached in and out of season. The dignity of labor is ignored. The result is that the manhood and womanhood of this country are being unfitted for the common duties of life.

A country of 9,000,000 people can absorb only a limited number of professional men. So after Canada and Canadian universities carefully turn out a surplus number of professional men, United States promptly swallows them up, because in a country of 110,000,000 people they can find a wider market for their abilities and training.

What Canadian universities need to emphasize is the dignity of labor. What they need to produce is a quantity of craftsmen, farmers and working men who are trained to get out and do the work that is waiting to be done.—Vancouver Sun.

GAME PRESERVE IS AGREED TO

United States Will Also Protect Stikine and Taku River Districts

GAME BOARD HERE

That he found the United States authorities ready to declare game preserves on the Stikine and Taku Rivers such as have already been declared by the British Columbia government and that such a preserve will in all probability be effected at an early date is the statement made by M. B. Jackson, K.C., chairman of the British Columbia Game Conservation Board who, with R. F. Butler, secretary of the board, returned to the city yesterday morning from Juneau where they were conferring with United States biological authorities on the matter. The agreement between the two governments was that the United States would declare a preserve across the Alaskan panhandle to a distance of 25 miles both north and south of the Stikine and Taku Rivers and that the British Columbia government would continue the preserve 25 miles up these rivers in Canadian territory. The preserve has already been made by British Columbia though the United States government has not yet done so.

Mr. Jackson and Mr. Butler were joined here by other members of the board — Hon. J. A. Buckham of Golden; T. B. Booth, Nanaimo publisher; Dr. P. D. MacSween, dentist of New Westminster, and J. Murray of Vanderhoof—and the first of a series of public meetings to be held throughout Central B.C. took place here in the Court House last night. There was a fair attendance of interested parties at the meeting and various matters pertaining to fur-bearing animals, game animals and fish were discussed and certain recommendations made.

The board left this morning for the interior. A meeting is to be held tonight at Hazelton and later at Smithers, Vanderhoof and Prince George, the board returning south by way of Jasper Park and the C.N.R.

The Man in the Moon SAYS:—

A ROUGH sea in a small boat has got the patent medicine idea beaten a mile.

NOW that summer has arrived we are beginning to wonder what the new styles in bathing suits will look like.

PROBABLY a case of much in little.

IT'S funny how the tourist with toothpick-like legs will insist upon wearing loud stockings.

WHEN the alarm clock rings a loud tatoo,
Reach out of bed and grab your shoe;
Just give it one resounding bang,
And snuggle down—let work go hang.—A. Holiday.

THERE is only one thing worse than a crying baby in the early morning — two crying babies.

LAUGH and the world laughs with you; snore and you sleep alone.

A DOG fight is alright if your own dog is at home.

IF the tax collector found us all a better job he'd collect more taxes.

Miss Ratine said to Miss Crepe-de-Chine,
"I suppose you think you are a queen";
But Miss De Chine, quite prim and proper,
Said "Look out or you'll come down a cropper."

A CHANGE of scenery is alright but the change from a $500 bill is a great deal better.

Ten Years Ago in Prince Rupert

July 21, 1915.

The Granby Company have made a trial shipment of copper through this port to New York. The shipment amounted to 96 tons and was brought down from Anyox on the Prince George.

Capt. Partington and Lieut. W. S. Marshall left yesterday for Vernon to take commissions in the 62nd Battalion. A. Prescott left also to join the band of the 11th Mounted Corps. Thomas Phillips, L. Harding, and Charles Frost of Prince Rupert; Leonard Hunt and Alfred Payne of Granby; and G. M. Durham of the crew of the Prince George all went to Vernon to join the contingent from here.

The Red Cross Society are holding sales of Home Cooking in the Board of Trade rooms every Friday for the purpose of raising money for the Red Cross work. Mesdames Besner and Dawson are taking charge of the sale this week.

James A. Kennedy, president and general manager of the Inter Island Navigation Company of Honolulu was one of the passengers who went north on the C.P.R. steamer Princess Alice. Interviewed here, Mr. Kennedy said that his company had constructed a dry dock similar to the one under construction here, and it was giving complete satisfaction. W. T. Donnelly, who designed the local plant also designed the dock for his company.

CITY COUNCIL TO HELP BOYS' BAND

Rotary Club's Request For $300 is Referred to Finance Committee

A committee from the Rotary Club consisting of J. W. Nicholls, and H. H. Little waited on the city council last night asking for assistance to a boy's band.

Mr. Nicholls outlined the proposal which would cost about $3,500 per year and spoke of the advantages which would result from having a boys' band in the city. Edmonton was mentioned as an example. The Rotary Club was to pay for tuition and a large number of boys had already applied for places in the band. He asked for a grant of $300 from the city toward the expense of the undertakign.

Mr. Little supported the project as one which would be of value to the community as well as to the boys who were members of the band. Many parents had promised their co-operation and while some instruments were available, nevertheless it required considerable money to finance the thing properly.

In speaking to the question, Alderman Casey said the project was one which had his complete sympathy and support. The city had to consider every request very carefully and perhaps the council would be in a position to assist a little later. It was not in a position now to make any promise.

Alderman Brown supported the idea of a boys' band. He was in favor of assisting if it was possible to do so. Upon motion of Alderman McMordie and Brown, the matter was then referred to the finance committee.

A Useful Phantom

Prospective Tenant—I like the house very much, but I hear it is haunted.

Landlord—My dear madam, I attend to that personally. The ghost only appears to tenants who fail to pay their rent and refuse to move out.

A letter from the Trades and Labor Council was read at the council meeting last night asking for the use of the Acropolis Hill ground on Labor Day (Sept. 7). The request was granted.

The housing committee of the city council has approved of the transfer of R. W. Cameron's house to Ben Lipsin also of J. A. Edwards house to S. W. Taylor. The report was read at the council meeting last night.

Col. J. S. Pragnell, inspector of Indian Agencies for British Columbia has been a visitor in the city for the past few days. On behalf of the native population, he is attending the meetings of the Game Conservation Board which are being held in the district.

A. Breathwaite was charged in the police court this morning with assault and was remanded for eight days. The complaint was from Comox Avenue where it was alleged the accused forcibly entered the house of Lillian Russell. Several witnesses were heard. Milton Gonzales appeared for the accused and L. W. Patmore for the informant.

The matter of having McClymont Park closed at some specified time in the evening was discussed at the council meeting last night and it was referred to the Parks Board with the understanding that some action be taken. Alderman Perry, who is a member of the Parks Board, said that the matter would be considered by the Board and action taken.

Hon. T. D. Pattullo, minister of lands and member of the legislature for Prince Rupert, left with the Victoria Board of Trade party last night for Terrace where he will formally open the new bridge across the Skeena River today. Mr. Pattullo will proceed from Terrace direct to Jasper Park on his return to Victoria. He will be back next month and, at that time, expects to cover his constituency quite thoroughly.

When The Babies Are Cutting Teeth THE MOTHER SHOULD USE

During baby's teething time, the bowels become loose and diarrhoea, dysentery, colic, cramps, etc., manifest themselves; the gums become swollen, and cankers form in the mouth.

This is the time when the mother should use "Dr. Fowler's," and, perhaps, save the baby's life.

A. D. Baillie, of the Rupert Marine Products staff, who received burns about the face in a gasboat explosion at Cow Bay Saturday night, was discharged from hospital yesterday.

Gilbert Wilks, who has been in the service of the Canadian Bank of Commerce at Vanderhoof for nearly three years, has arrived in Prince Rupert to join the staff here temporarily.

It is expected that the Union Steamship Co.'s new steamer Catala, which recently arrived at Vancouver from the Old Country, will arrive here next week replacing the Venture in the Prince Rupert and cannery service.

The death occurred recently in New York City of Mrs. Henrietta Purdy who was the mother of C. C. Purdy, a former member of the Canadian Bank of Commerce staff here, who lost his life with the Royal Air Force during the war.

Three tenders were received last night by the city council for a quantity of bolts. Thompson Hardware tendered $323.75, P. R. Supply Co. $316, and Howe & McNulty $308.75. The tenders were referred to the Board of works for tabulation and report.

EXECUTIVES OF GRAND TRUNK RAILWAY COMING

H. E. Whittenberger, General Manager, and G. W. Dixon, Director, Due Here Tomorrow

H. E. Whittenberger of Detroit, general manager of the Grand Trunk Western Railway, a part of the Canadian National Railways system that operates in Michigan, Ohio and Illinois, and G. W. Dixon, a director of the same line, will arrive in the city on tomorrow night's train in the course of a tour of the west. Both are accompanied by their wives and families.

FOOD SUPPLIES ARE CUT OFF AT WUCHOW FROM BRITISH PEOPLE

PEKIN, July 21.— Canton advices say that foodstuffs are cut off from all British residents in Wuchow as well as from United States gunboats in that harbor. The British consul at Wuchow has advised all British subjects to leave because of the strict boycott against them.

BATTLED WITH RIVER TORRENT

Mount Logan Climbers at Cordova Tell of Narrow Escape on Chitina River

CORDOVA, July 21.—On their way home after having reached the summit of Mount Logan, 19,850 feet, in the Yukon Territory, four members of the expedition of eight led by Capt. A. H. McCarty of Windermere, B.C., arrived here Sunday night leaving for the south today. With Capt. McCarthy are Col. W. W. Foster of Vancouver, Alan Carpe of New York and H. F. Lambert of Ottawa.

They told of a narrow escape in the waters of the Chitina River when the raft, on which they had embarked, turned over in the eddy at the mouth of a tributary river. The men battled in the swift current for hours in an attempt to beach the raft on a sandbar but the dunnage tied underneath interfered. In the struggle, most of their food, cooking utensils and their camera was swept away and the films were watersoaked. Finally, they managed to right the raft, pushed across the deepest channel, waded a second channel and then managed to get ashore seventy miles down the river from where the raft turned turtle. From then on, their food consisted of sardines and potatoes — all the provisions that were left.

TO USE HALIBUT BOAT AS SALTERY

Helgeland Will be Operated This Year in the Kodiak Island District

The American halibut schooner Helgeland, well known at this port, is to be used this year as a floating herring saltery and will be operated somewhere in the Kodiak Island district. A scow and crew of twelve men will be used in conjunction with the Helgeland and the packs will be taken to the nearest shipping points as soon as loads are secured.

BRITISH COLUMBIA WINNER AT CRICKET

Defeated Alberta While Manitoba Was Victor With Saskatchewan

REGINA, July 21. — In the Western Canada cricket tournament, which opened here yesterday, British Columbia defeated Alberta, last year's champions, by 112 runs. Manitoba defeated Saskatchewan by three wickets. B.C. scored 226 for seven wickets while Alberta's total was 114.

SONS OF CANADA WON OVER GYRO

Indifferent Baseball Game Last Night Resulted in 8 to 4 Score

The Sons of Canada added another victory to their list last evening when they subdued the Gyros to the tune of 8 to 4 in the league baseball game. It was very listless baseball, and, while the Sons deserved the win, it was of little interest to the fans, and the players themselves became indifferent at times. Tullock started on the mound for the Gyros, and, when the Sons had crossed the plate for four runs, he was removed and Moran pitched for the balance of the inning. It need scarcely be said that the four runs could hardly be counted against Tullock for they were in part due to the very poor support which the Gyros gave their pitchers. In the fifth inning the Sons added another four and sat content with their win. In this inning two runs were scored after the batter had flied out just behind short stop. Another two were added due to errors and poor playing and Foley, who pitched for the Gyros from the opening of the second, was not responsible for the humiliating position in which his team was placed.

Schenkler started for the Sons and was relieved at the end of the sixth when A. Roy took his place.

Sport Chat

A good football match is looked for tonight when the Great War Veterans and Canadian Fish & Cold Storage Co. clash tonight in the league fixture. Both teams are on their toes and anxious for a victory. Line-ups will be as follows:

Cold Storage — A. Murray; Charles Whatman and H. M. D. Lambe; J. Corbett, J. Sims and H. Carlson; S. Darton, S. Elder, E. Bye, Norrington and D. Jack; spares, J. Torney, F. Hardy and R. Matheison.

The new golf course at Jasper Park was officially opened on Friday afternoon last by Field Marshal Earl Haig. The ceremony was a simple one and the famous soldier drove a perfect shot far down the fairway from the first tee. Lady Haig also performed the ceremony on behalf of the ladies, her drive being one of the longest ever made on the course. The Field Marshal, proved himself to be an exceptioally good player, and won in a foursome that followed the opening, his partner being Stanley Thompson, architect of the course, and their opponents, Brigadier Generals Home and Blair.

Even the bears of Jasper Park seemed to sense that something out of ordinary was going on and turned out in large numbers, the party having the opportunity of seeing no less than ten of these residents of the mountain wilds while on the course. Col. F. F. Clarke, D.S.O., a member of the party accompanying Field Marshal Haig, drove off from the first tee just at the moment when a big brown bear had decided to amble across the fairway about one hundred and fifty yards ahead. The ball landed in front of bruin who immediately gave chase to it. In the woods another bear had his curiosity aroused by the antics of his fellow creature and he also gave chase to the ball. Both bears reached it at almost the same moment and immediately fought for its possession. They waged a battle royal while excited members of Earl Haig's party looked on. When the strife was over there was left only a few shreds of gutta percha to show where the ball had been.

PRINCE RUPERT GUN CLUB HAS GUESTS ON PARK AVENUE RANGE

There was a special shoot of the Prince Rupert Gun Club on the Park Avenue range last night for the benefit of two officers of the Vancouver Gun Club who were visiting the city with the Board of Trade excursion. The guests were Dr. Wright, vice-president of the Vancouver Gun Club, and Thomas Dixon, secretary. The latter made a straight break of 32, something he said he had never done before in his life, and had two scores of 25 and 23.

The scores of the evening were:

Thomas Dixon	25 & 23
E. C. Gibbons	22
J. W. Scott	22
J. F. Ritchie, Jr.	20
Dr. E. S. Tait	19
H. F. McLeod	16
Dr. Wright	11

MANY SMITHERS PEOPLE CAMPING AT LAKE KATHLYN

SMITHERS, July 21. — The pleasure of camp life is appealing very strongly to Smithers folk this summer and a number have established camps on the beautiful shores of Lake Kathlyn. In addition to the permanent summer homes of George Raymond, Olaf Hanson and John Dybhavn, a number of tent homes have been fitted up.

The families moving down last week included Mr. and Mrs. Dimock and children, Mr. and Mrs. J. Mason Adams and children, Mr. and Mrs. H. G. Windt and children, Mr. and Mrs. J. Carr and children, and Mr. and Mrs. L. B. Warner and children, the latter moving into their new summer home which has just been completed.

Mrs. Birnie has also received several additional guests at her camp.

BLAST ECHO HEARD AT COUNCIL MEETING

Ald. Perry Explains Last Week's Accident—$221 to Repair Damage

A letter from A. W. Edge quoting $221 as the amount which he would accept for replacing the plate glass windows broken in the recent explosion on Sixth Avenue was read at the city council meeting last night. The matter was then brought forward for consideration and Alderman Perry explained that the man in charge of the work was a good man and it was primarily due to the general lay of the land that the accident occurred. Rock work was often difficult as it was hard to ascertain where the weak places were and the amount required to remove the material. The matter was left to the board of works to be disposed of.

VANDERHOOF

The entertainment of the Vancouver Board of Trade visitors, who will be here on Friday of this week, will consist of a trip to Fort St. James and Stuart Lake. Lunch will be served at Douglas Lodge and there will be a picnic in the afternoon at Castle Rock.

At the annual meeting of the Vanderhoof School Board last week, E. A. Mitchell was re-elected trustee for three years and W. J. Rimes was re-elected auditor.

Work is now proceeding on the tourist auto camp at Vanderhoof which is being put in by the local Board of Trade.

Last Tuesday at Chilco, Miss Alice Vivian Jacobson of Jasper, who was teacher at Stuart River school last term, was married to Carl J. Benson, rancher of the Stuart Lake district. Rev. G. J. Gray performed the ceremony.

The marriage took place recently of Thomas Gordon Wren of Hulatt and Miss Margaret Larsen of Prairiedale. The couple have been honeymooning in Edmonton.

Mrs. Wesley Secord of St. Catherines, Ontario, has arrived here to spend a month visiting with her niece, Mrs. E. B. Smith.

Haying is now well ahead in this district and the most of the crops are good. In the Lakes and Ellisby districts, farmers started cutting almost two weeks ago.

Mr. and Mrs. Duncan Campbell, formerly of Vanderhoof, arrived last week by motor from Longview, Washington, and will probably spend the summer here.

The home of Mr. and Mrs. Thomas Hunt was recently destroyed by fire, the loss being about $2,500 which was covered by insurance.

BURNS LAKE

Robert Gerow, William Leverett, Ed. Peterson and John Gowans have left here to investigate the Babine gold strike and do some staking if it looks promising.

Mrs. J. H. Kerr has been elected to the local school board following the retirement of Mrs. M. F. Nourse.

Miss McLeod of Auyox is visiting here with Mrs. A. M. Ruddy.

Mr. and Mrs. Fred Saul of Decker Lake gave a reception at the Decker Lake Community Hall last week in honor of their daughter-in-law, Mrs. J. G. Saul of Victoria who, with her daughter, Lorraine, is spending the summer there.

APPLICATIONS FOR ENGINEER

Seven Men Bid for Head of Municipal Public Works Department

Seven applications have been received by the city council in response to the advertisement for a city engineer. The salaries required ranged from $200 per month to $275 and, in one case, the applicant did not state the salary expected. The applications were in most cases accompanied by numerous letters of recommendations as well as giving references which might be consulted.

The applications were from S. J. R. Amesbury, of Terrace, Harry L. Wighton of Vancouver, J. E. Harrison of Victoria, H. A. McLean of Moose Jaw, William Jamieson of Powell River, Frank Brown of Edmonton, and C. H. Topp of Victoria.

They were referred to the Board of Works for consideration and recommendation.

DEATH CAUSE WAS NATURAL

Inquest Held this Morning for the Late Capt. Coskrie

At an inquest held this morning into the death of the late Capt. Edward McCoskrie by Coroner Watt, the jury decided that the deceased had come to his death from natural causes. Ben Self (foreman), Geo. Bell, J. A. Hinton, Frank Clapp, Wm. Sherman, and Frank A. Stevens were empannelled as the jury.

W. W. Wright was called as a witness of an auto accident at the corner of Second Avenue and Sixth Street in which a car driven by Freeland Lowe struck Capt. McCoskrie as the car came down Sixth Street rounded the silent policeman to go back up the same street. The evidence showed that the car was proceeding slowly and that Capt. McCoskrie was crossing over from Rupert Hotel corner and was about opposite the silent policeman. J. D. McLeod and Roy Mitchell were not eye witnesses of the accident but noticed Capt. McCoskrie was down under the fore part of the car and assisted him to his feet. R. Mitchell examined the car and found the brakes set. None of the witnesses noticed any bruises on the captain and no signs of the car having skidded.

Freeland Lowe, the driver of the car was called, and substantiated in detail the evidence given. He said there were curtains on the car, and he did not see Capt. McCoskrie until his car hit him. He was rounding the silent policeman and the car was travelling about five miles an hour. He helped Mr. Wright assist the Captain to the Rupert Hotel and reported the accident to the police.

Doctor's Evidence

Dr. L. W. Kergin said that he was called to the house of Capt. McCoskrie on June 29 at about 5.30 and found him in bed. He examined him closely, and found no bones broken, no discoloration, or signs of abrasion. His pulse and temperature were normal. His condition improved and he was out of bed until about July 4 he suffered from a chill and he was admitted to the General Hospital. Jaundice developed about July 5, from which he recovered and again on July 18 he suffered from another attack, and died about 12 o'clock noon on July 19.

In response to a question from the jury, the doctor said that there was nothing to show that the accident would have caused the death apart from the various complications, and a person younger in years and not suffering from any illness would have been out again in a few days. He described in detail the health of the deceased for a period of years and also informed the jury that he was 75 years of age. His physical condition had been very precarious for some time.

The jury then retired and after deliberation brought in the verdict as above.

HALIBUT ARRIVALS HEAVY AGAIN TODAY

Nearly 200,000 Pounds was Marketed at Fish Exchange This Morning

Nearly 200,000 pounds of halibut was marketed at the Fish Exchange this morning, arrivals and sales being as follows:

American

Scandia, 80,000 to Cold Storage Co. at 10.10c and 5c.

Akutan, 30,000 to Atlin Fisheries at 10.50c and 5c.

Vesta, 9,000 to Pacific Fisheries at 12.10c and 6c.

Eureka, 12,000 to Booth Fisheries at 11.60c and 6c.

Alki, 5,000 at 11.60c and 6c.; Chum, 6,500 at 11.60 and 6c; and Eastern Point 5,000 at 12.10 and 6c., to the Canadian Fish and Cold Storage Co.

Unimak, 9,000 to Booth Fisheries at 11.60c and 6c.

J. V. Todd, 10,000 to Atlin Fisheries at 11.60c and 6c.

Lancing, 12,000 at 11.60c and 6c; and Pegge 9,000 at 11.60 and 6c to the Pacific Fisheries.

Canadian

Pair of Jacks, 8,000 pounds at 10.80 and 6.5c; Koyousu, 5,000 pounds at 10.90 and 7c, to the Royal Fish Co.

Muirneag, 10,500 to Cold Storage Co. at 10.90 and 7c.

Point May, 6,000 to Cold Storage Co. at 10.90 and 6.5c.

Prosperity A., 10,000 to Atlin Fisheries at 10.60c and 6.5c.

Mr. and Mrs. Joseph Sheasgreen and Miss Evelyn Sheasgreen are summering at their cottage at West Vancouver. They have as their guests for the summer, their daughter, Mrs. Marantette and children from Prince Rupert.—Vancouver Province.

SMITHERS

The second car of ore has been shipped from the Duthie Mines and it is now planned to ship out a car every four days. Ed. Eby is working two shifts of drivers on the truck and it is making four trips a day.

Among the Smitherites who returned home the latter part of the week after holidays spent in other climes were Mrs. Stafford, Miss Doodson, Al. Finnerty and Hans Olsen.

Miss Hilda Spooner and Mrs. Thornton of New Hazelton are guests at Mrs. Birnie's summer camp at Lake Kathlyn.

Dr. Geo. Hanson and party who are conducting a geographical survey in this district moved down from the Hudson Bay Mountain on Sunday and left the next morning for Usk to do some work in that district.

TERRACE NOTES

Mr. and Mrs. Thomas McClymont and Mr. and Mrs. S. K. Campbell of Prince Rupert are the guests of Mr. and Mrs. R. L. McIntosh at the Crossways.

Lee Belhurem of Usk was a visitor to town on Friday.

Mr. and Mrs. Burns of Smithers, who have been spending a couple of weeks at the Hatchery at Lakelse Lake, returned home Saturday.

Mr. Jenkins of the Forestry Department is on a visit of inspection to town. He is accompanied by his wife.

Mr. Murray, the fruit inspector from Victoria, is spending most of his time these days between here and Remo.

Miss Edna Waldron, who formerly taught here, is spending the holidays with Mr. and Mrs. W. A. King.

Miss Mayme Dobb is spending the week end in town.

Mrs. Joe Cook, who has been ill here for some days, is being taken to the Hazelton Hospital.

NEW VESSEL COMING TO PRINCE RUPERT

Canadian Fishing Co.'s Deepsea Runabout Coming With Party of Boston Visitors

Next week the Canadian Fishing Co.'s new deepsea runabout Canfisco, recently put in operation on the coast by the company, will arrive in Prince Rupert having on board a party of Boston visitors including George F. Grueby and N. L. Fulham, both of whom are directors of the New England Fish Co. and who will be accompanied by their families. Accompanied by A. L. Hager of Vancouver, who is president and managing director of the Canadian Fishing Co., Mr. Grueby and Mr. Fulham are to make an inspection of the company properties. Besides Prince Rupert, other points to be visited by them will include Butedale and Ketchikan. The Canfisco is commanded by Capt. A. Freeman, veteran navigator of this coast who was last here aboard H. M. C. S. Thiepval when that vessel went to convoy and bring south the British round-the-world flyers.

VARIOUS MATTERS PERTAINING TO FUR AND GAME TAKEN UP AT CONSERVATION MEETING.

(continued from page one)

on the Indians of the Ulcatcho tribe, some 130 in number, who lived in the interior about 40 miles from Bella Coola. He thought that something might be done to relieve them by permitting them still to trap.

Mr. Jackson asked for further information regarding the district in question and was told by William Goldbloom that whites there produced perhaps not more than $2,000 worth of furs while Indians brought out perhaps $7,000 or $8,000 worth. The most of these furs were brought out to Burns Lake. They consisted of beaver, mink, marten, fisher, rats and muskrats.

Mr. Collison also supported the policy of trap line registration. It would be an improvement in a system which at present was not altogether satisfactory to the Indians.

Pat Phillipson

A. J. Phillipson had some criticisms to make of the policy of closing practically the entire province. The government could not possibly afford to effectively police the areas that had been closed. He was of the opinion that a more effective plan would be to make preserves on such Islands as Kaien and Dundas Islands and place good men on them to see that they were actually maintained as game sanctuaries. The rest of the district might then be opened and there would be effective distribution of game from the properly maintained close areas. The way things were now, there was really no protection. It was like telling people they could not do a thing and then turning one's back on them. Kaien Island was supposed to be a game sanctuary but there were few deer to be seen on the Island. If it was properly policed there would be plenty of deer, Mr. Phillipson said. He suggested that Dundas Island be made a preserve and that two wardens be placed on it. One warden could handle Kaien Island. Further expanding on his theory, Mr. Phillipson said it was the successful practice in Alberta and England to preserve the game in certain areas and allow it to spread to other parts of the country. It had been found impossible to protect the whole country. The policy suggested, he felt sure, would increase the game. The government derived a great deal of revenue from this district and he felt that it could well afford to have two or three full time game wardens here. Kaien Island as a game reserve was at present a joke.

Mr. Jackson said that it was already the broad policy of the board to select game sanctuaries from which to have a continual distribution of game.

Mr. Phillipson was asked by members of the board as to the fur trade in this district. The quality and quantity of fur was about the same as it was ten years ago, Mr. Phillipson declared. He told of the various districts he visited in buying game. William Goldbloom concurred with his remarks.

Regarding game sanctuaries, Indian Agent Collison informed the board that the Kitkatla Indians were desirous of having Bonilla Island declared a reserve. These Indians had placed several deer on this island and would like to see them protected.

Telegraph Creek

Stating that he had been asked to appear before the board on behalf of Telegraph Creek people, H. F. Glessey said that the people there desired the close season in that district kept on. Alaskan trappers should also be prevented from taking fur there as they had been doing. Mr. Jackson said that the board had already received requests directly at variance with Mr. Glassey's regarding the Telegraph Creek reserve.

Later in the meeting Jarvis McLeod said that the people of the Cassiar district did not want the Stikine and Taku River reserves continued. This was what he had gathered from conversation with northern trappers. It was not right that there should be reserve on the Canadian side and none on the American.

Local Resolutions

J. W. Scott wanted to know what had happened to resolutions from this district that had been forwarded some months ago to the Game Board. One of these resolutions had requested that the migratory bird season be advanced one month as there were practically no birds in the first month of the present season. The same season as that in the south would be satisfactory here.

T. B. Booth of Nanaimo said he was in accord with this idea. He was in favor of a universal game season throughout the province. Then there would be no misunderstandings.

John Buckham pointed out that the interior districts must be taken into consideration. The freeze-up there was earlier than on the coast. Of course Prince Rupert could be given the same season as the south coast and a new division be made for the interior.

No Change this Year

Mr. Jackson stated that it would hardly be possible to make any changes in the migratory bird season this year. It had already been set by the federal authorities and was governed by international agreement. Mr. Scott felt that the local resolution had been submitted in plenty of time to have been dealt with. Mr. Butler, secretary of the board, said that the local resolutions had been received but no reasons had been given for them and, therefore, they had not been acted upon.

Mr. Scott also expressed the opinion that the use of pump guns should be allowed in British Columbia until Washington and other states banned them. In reply to this, Mr. Jackson said there was no chance of the pump gun being restored. The board was using its influence to having pump guns banned in the States and he felt that success would be achieved along this line.

Sporting Fish

J. F. Ritchie, Jr. brought up the matter of trout fishing and suggested that something be done to have the open season changed so that it would not interfere with spawning fish. The season now opened in March whereas the streams were black with spawn fish up to June 15. If something were not done, there would be a scarcity of trout near Prince Rupert before long. The discussion resulted in the putting of a resolution asking that the control of sporting fish be transferred from the Dominion to the provincial game board.

Mr. Jackson said that steps were already being taken with this change of administration in view. He did not think that it was ever intended that sporting and commercial fish should come under the same control as was now the case.

Dr. MacSween of New Westminster, while not in opposition to a change of administration of sporting fish, pointed out that the federal government was already spending money on sporting fish such as conducting a hatchery. The provincial government was not contributing a cent. He suggested that the local request, in the meantime, be placed before Major Motherwell for consideration. He could give assurance that it would be acted upon.

Male Preponderance

Robert Blance spoke in favor of a change of open season for migratory birds. He referred to preponderance of drakes and bucks in recent years and scarcity of ducks and does. This did not point to a future abundance of game.

Dr. MacSween said that it was hoped, before long, to have the administration of game divorced from the police department. There was some discussion as to the advisability of this between Pat Phillipson, who did not favor the change, and J. F. Ritchie, Jr., who did.

Mr. Phillipson also asked that the system of stamping B.C. fur be discontinued as it greatly reduced the value of skins. He suggested that, instead, police officers could check the skins when they were being shipped.

About 10 o'clock the meeting adjourned, Mr. Jackson stating that the local recommendations and suggestions would have the consideration of the board and, where deemed advisable, changes would be made. He urged that local organizations keep in touch with the board in a spirit of co-operation.

DEPARTMENT OF WORKS.

Notice to Contractors.

SEALED TENDERS, endorsed "Tender for New Hazelton School," will be received by the Honourable the Minister of Public Works up to 12 o'clock Noon of Friday, the 31st day of July, 1925, for the erection and completion of a One Room School and Out Buildings at New Hazelton, in the Skeena Electoral District, B.C.

WESTHOLME THEATRE

TONIGHT ONLY at 7 and 9

"HER HUSBAND'S SECRET"

Adapted from May Edginton's "Saturday Evening Post" story. A picture that mirrors marriage boldly, courageously, unforgettably, and was made especially for husbands and wives and folk who hope to be married some day. A tale of youth and romance and of a man's past that marred a happy future. Should husbands tell? Maybe she wouldn't care if he did tell her, but then there's a chance that she might—and conscience strikes when love is the strongest and the past threatens the future. Sweethearts! There are many marriage mysteries this film explains—many things you must know! Four big stars and prominent supporting cast.

Antonio Moreno, Patsy Ruth Miller, David Torrence, Walter McGrail, Joseph Girard, Ruth Clifford, Phyllis Harver, Margaret Fielding and others.
