HUNDRED MILE HURRICANE SWEEPS FRANCE

BRITISH LABOR MEMBERS LEFT HOUSE AS PROTEST RUSH MOSUL APPROVAL

Laborites Left House of Commons as Protest to Rushing Mosul Approval

LONDON, Dec. 22.—The House of Commons approved the Government's Mosul policy "in principle" last night with only four adverse votes.

The debate was acrimonious early in the evening when the Laborites left the House in a body, abstaining from voting when Premier Baldwin asked the House to approve the British delegates action in accepting the League of Nations settlement of the Mosul dispute before adjournment for the Christmas holidays.

The Laborites claimed that this gave them no opportunity to consider whether they should frame amendments.

The Canadian-English cemetery at Saloniki is shown above in a recent photograph Private P. Milligan (left), representing Canada and overseas, and Private W. Haugh, representing the British expeditionary force, with the Armistice wreath they laid on the London Cenotaph on behalf of St. Dunstan's.

CONFERRING ON OPENING PEACE RIVER

Premiers Oliver and Brownlee Meeting in Victoria Today re Railway

VICTORIA, Dec. 22.—Premier Oliver confers with Premier Brownlee of Alberta here today on the general railway situation in the northern part of each province, especially with a view to giving the Peace River country a railway that will open up the country and provide a western outlet.

Dual co-operation in handling the problems is sought with a view to having the federal government take such action as may be beneficial to both provinces.

Mr. Brownlee is known to be keen on railway development for the Peace River country and it has been suggested that he would probably take over the E.D. & B.C. Railway from the C.P.R. and operate it on behalf of the province of Alberta which owns it.

FUR COMPANY LOSES ACTION

H. Liebes & Co. Must Pay Unstated Damages to Trapper Whom it Failed to Relieve

SAN FRANCISCO, Dec. 22.—For failure to deliver supplies and to collect furs under the conditions of an agreement with C. Klengenberg, a trapper in the Wallstone peninsula during 1922 and 1923, H. Liebes & Co. of San Francisco were today ordered to pay him damages to be determined by the United States commissioner.

Klengenberg, who asked $15,000, said he with his two sons faced starvation when the steamer Arctic in 1923 failed to reach the Wallstone peninsula although the vessel touched at other northern points. He was forced to mush to Fairbanks.

CRUSHED TO DEATH BY ELEVATOR IN ROGERS BLOCK AT VANCOUVER

VANCOUVER, Dec. 22.—With head and shoulders caught between the elevator and the fourth floor of the Rogers Building when he stooped over to recover his hat, Joseph Le Bon was crushed to death this morning.

MUCH GRAIN WAS HANDLED THIS YEAR AT HEAD OF LAKES

FORT WILLIAM, Dec. 22.—It is officially announced that 229,781,877 bushels of all kinds of grain have been shipped from the head of the lakes between August 1 and December 15.

WOMEN SWAMP BARBER SHOPS

Girls Looking for "Shingles" or "Bobs" Crowd Out Men in London

LONDON, Dec. 22. — The hairdressing parlors are swamped with the rush for "shingles" or "bobs" by women and girls who wish to be at the peak of attractiveness during the holidays.

At some of the west end shops as many as 600 customers daily are attended to, while men wishing haircuts are unable to get accommodated at shops catering to women.

PROGRESSIVE ELECTED IN PEACE RIVER SAYS JUDGE WHO COUNTED

EDMONTON, Dec. 22. — His Honor Judge Mahaffy, declined to exclude from his recount total of votes cast in the recent federal election, ballots cast at the Paddle River poll, and in consequence of this decision, the official recount stands: Kennedy 3,896; Collins, 3,969; Rae, 3,944

TWO HOCKEY GAMES IN WESTERN LEAGUE SERIES LAST NIGHT

REGINA, Dec. 22—Two hockey games were played in the Western League series last night. Calgary beat Vancouver three goals to two here while at Saskatoon the home team beat unfortunate Victoria, three goals to none.

BIRTH.

A son was born at the Prince Rupert General Hospital on December 22, to Mr. and Mrs. Don Crerar of the Inlander.

Duncan McMillan of Robertson & McMillan sails this afternoon on the Cardena to spend a holiday in the south.

FRANK MUNSEY ENDS CAREER

Famous Magazine and Newspaper Owner Dies Following an Operation

NEW YORK, Dec. 22.— Frank A. Munsey, magazine and newspaper publisher and author, died this morning of peritonitis following an operation for appendicitis which was performed on December 13.

Mr. Munsey was 71 years of age, having been born in the state of Maine in August, 1854. He started life in a small way and ended by becoming one of the big publishers of the continent.

The man who was to control the reading matter for millions of his countrymen, started business in a country store. Later he became manager of the Western Union Telegraph Office at Augusta, Maine.

Being ambitious and seeing great possibilities in the publishing business, Mr. Munsey went to New York in 1882 and started the Golde Argosy, a juvenile weekly, which later became the Argosy for adults. In 1889 he launched Munsey's Weekly but this was two years later converted into Munsey's Magazine.

Among other publications owned or controlled by Mr. Munsey have been the All Story Weekly, the New York Sun and Baltimore News.

Mr. Munsey also wrote a number of books including "Afloat in a Great City," "The Boy Broker," and "Derringforth."

RETURNS HOME AFTER FORTY YEARS ROAMING

P. B. Risley Finds Fortune Awaiting Him When he Gets Back

TORONTO, Dec. 22. — Percy Booth Risley, estranged from his family for 41 years while he roamed half around the world and settled as a blacksmith in the little Ontario county village of Zephyr, a short distance east of Toronto, is to be reunited with his brothers and sisters and has just come into possession of a fortune of $60,000 which awaits him for years.

Hundred Mile Hurricane Sweeps France and Does Much Damage Killing Two

PARIS, Dec. 22.—Two deaths, a score injured and material damage amounting to several million francs are the direct result of a storm of hurricane intensity which swept France last night. The gale reached nearly 100 miles an hour, shaking the solid buildings, and breaking up others which were less secure and damaging everything that was in its path.

Heavy snows and rain are reported from many districts, the coast of Normandy being the worst sufferer.

Henry Ford is Backing Flight Over North Pole of Famous Air Experts

NEW YORK, Dec. 22.—The report is current here that Henry Ford, who recently entered the aeroplane manufacturing field, is to back the trans-polar non-stop airplane flight early in the spring from Point Barrow, Alaska, to Spitzbergen.

The flight, according to the report, is being arranged by Stefansson the explorer and others. It is also reported that Lieut. John Macready, army transcontinental flier, and Lieut. James Doolittle, holder of several army flight records, are to pilot the plane.

One of the promoters of the flight is said to be Malcolm A. Smith, Alaskan prospector, who is 67 years old.

Men Tried to Face Northern Wilds but Failed and Bodies Found Tell Story of Hardship

VICTORIA, Dec. 22.—How Samuel Timmons and Leonard Stevens perished early this year while attempting for some unknown reason to penetrate the wilds north of Fort St. John, was learned today. According to the reports received by the provincial police who, working in co-operation with the Alberta authorities, investigated the case.

The men came from Alberta nearly a year ago and then proceeded north with insufficient supplies. They were seen by Indians who tried to persuade them from proceeding under the conditions. A second band of Indians who met the couple later and also attempted to discourage them believe that the men were demented as they shot the remaining two of eight horses they started out with and proceeded north on foot.

Recently the body of one man was found in what evidently was their last attempt, while the remains of the other was discovered on the return trail.

James N. Kelly will sail this afternoon on the Cardena for Vancouver.

Over Six Thousand Autos in Street Accidents Reported at Vancouver During Year 1925

VANCOUVER, Dec. 22.—Six thousand traffic crashes were reported to the police in this city during the year just about closing and as a result over seven hundred persons were injured while 19 lives were crushed out. Many of those injured were little children.

It is intimated by the authorities here that much of the trouble is due to inexperience and carelessness, while undoubtedly the use of alcoholic drinks had its effect. Often pedestrians caused the trouble by not remembering the rules of the road.

During the coming year there is to be a tightening up of the regulations, much stricter enforcement and a campaign of education. The following are said to be the chief dangers on the streets:

The intoxicated driver.
The man who flies past standing street cars.
The speeder.
The one headlight expert.
The man who takes a chance when children are in the road.
The advocate of traffic by-laws—for the other fellow.
The man who speeds around street corners.
The glare headlight owner.
The man who allows his passengers to distract his attention.
The man who thinks it smart to bull in ahead of another car.
Brakeless Bill. He believes in four wheels—no brakes.
The man who hits and runs.

DRY DOCK WINNER COUNTY COURT CASE

Judgment Given Yesterday in Action of G.T.P. Development Co. vs. Skeena Lumber Co.

Judgment for the plaintiff in full of claim with costs was given yesterday afternoon by Judge Young in the case of the G.T.P. Development Co. vs. the Skeena Lumber Co. The claim of the plaintiff was for $272.88 covering repairs made to machinery of the defendant at the Prince Rupert Dry Dock. S. W. Taylor appeared yesterday for the plaintiff in the absence of Milton Gonzales who handled the case. W. E. Fisher had the case for the defendant.

INFANT DIED.

The death occurred in the Prince Rupert General Hospital last night of the two-day old son of Mr. and Mrs. C. Swanson, Hays Cove Circle. Funeral arrangements are in the hands of Hayner Bros., undertakers.

APPOINTMENT GOVERNOR IS NOT MADE YET

Walter Nichol Will Continue in Office Until Parliament Takes Votes

VICTORIA, Dec. 22.—The uncertainty in the political situation at Ottawa is showing itself here where a new Lieutenant Governor should have been appointed to take office the beginning of the coming year. Right Hon. W. L. Mackenzie King, just after the elections, announced that no important public offices would be filled until his re-election to power had been confirmed by Parliament, hence the Lieut.-Governorship of this province must await the assembling of the House. In the meantime Walter C. Nichol, who at present holds the position, will be asked to continue, Premier Oliver announced yesterday. His term ends December 31.

ALASKAN COAL BEING SHIPPED

ANCHORAGE, Alaska, Dec. 22.—One hundred tons of bituminous coal from Premier Mine in Moose Creek Matanuska coal belt has been shipped to Cordova for distribution among consumers in competition with British Columbia and Washington coal.

The shipments will be followed by regular consignments if the coal is favorably received.

MOTOR PRINCESS WILL PLY TO NANAIMO FROM VANCOUVER NEXT SUMMER

VICTORIA, Dec. 22.—It is announced that the steam ferry "Motor Princess" will be taken off the Bellingham-Victoria run next summer and placed instead on the run between Vancouver and Nanaimo for the purpose of developing the motor travel between those two cities.

The business between Victoria and Bellingham has not proved profitable.

JAPANESE LABORERS ENGAGE GUN BATTLE RESULT OF JEALOUSY

TOKIO, Dec. 22.—One hundred casualties including several killed were reported in a gun battle yesterday between laborers near here. A thousand police were called out, several of whom were injured. The trouble is said to be the result of jealousy between contractors.

DAILY EDITION Tuesday, Dec. 25, 1925.

Wheat Business For This Port.

It must not be thought that because the local grain board is dissolved there will be no business done through the elevator. The board was formed as an auxiliary to the elevator management and while they have failed to secure any tangible results, they have done good work, secured a good deal of information and it is probable much of their work will bear fruit. The next thing to consider is what is the next step to be taken.

The probability is that when the holiday is over the board of trade or city council will again make a move. It is a job for one or the other, probably for the board of trade. The members of the board are more conversant with business than are members of the city council. A small committee, too, is better than a large one. There is less danger of information getting out. With a committee of eight or more it is almost impossible to keep anything secret. Some man tells his wife or his close friend and it is passed on, no one meaning to give away the information but unintentionally doing so.

While there is nothing profoundly secret about business dealings in grain, the object in keeping quiet until actual action is commenced is that competitors may not get busy with the object of heading off any steps that are being taken or possibly of counteracting them.

Decide On Policy Of Financing Movement.

A policy of financing must be decided upon. Either it must be done by the city, or by private subscription or possibly by a subscription fund augmented by the city. In any case now that the preliminary work has been done, it will have to be decided definitely what will be the next step and who is to take it.

While little can be done during the holidays, it is wise for citizens to bear the matter in mind. The elevator is not ready to ship grain yet, although it could receive grain. As soon as the big house is ready more determined steps should be taken to secure desired results.

Marketing Grain On Prairies.

There is a difference of opinion on the prairies as to how it is best to market the crop. Members of the Saskatchewan Co-operative Company, that owns a great many elevators and which the wheat pool wanted to take over, declare that they secured an average of two cents a bushel more for wheat last season than did the pool. The result is a general discussion over the question of rates, of marketing and of the value of a pool.

The pool is a co-operative organization and so is the other and neither will admit that there is any difference in the method of marketing.

Prince Rupert people will be interested in keeping in touch with all grain movements, grain prices, crop reports and anything that has to do with grain directly or indirectly.

Settle Up Lands Of Province Soon As Possible.

If the lands of Canada can be settled up by a good class of immigrants suited to farm work it will be of great advantage to Canada. It is always a disadvantage to have land lying idle. It increases the cost of transportation and the difficulty of providing facilities such as schools and churches.

The British government is ready to help send people from that country in order to solve the unemployment problem. It is better they should be working in Canada than unemployed in Britain.

A great many Canadian people do not agree with a policy of immigration. They do not realize the need of settling up the big stretches of country. They have not faith in this country as a home for many millions more people, who will make better livings here than in the old land. Some of those who object are the same people who believe in a broad internationalism but they fail to see the matter in its broad aspect. They see a few men out of work and fail to realize it is because the people flock to the towns that the condition arises.

LOCATION OF ROCK CRUSHER

Seventh Avenue West or Postulo Lots on First Avenue are Two Sites Under Discussion

After considerable discussion, the city council decided last night to delay decision for a week on the question of whether the city rock crusher, when it is throught with its present work on Sixth Avenue West, will be moved to the big bluff at the corner of Seventh Avenut and McBride Street or to the lots on First Avenue owned by James Postulo who has offered to deed one of those lots over to the city in return for the rock being removed by the city from the others. A delegation consisting of F. W. Hart, D. B. McDougall and J. J. Gillis supporting the moving of the crusher to Seventh Avenue was present but it was not called upon to address the council. James Postulo was also present.

In amendment to the report from the Board of Works recommending that the crusher be moved to Mr. Postulo's lots, Ald. McMordie moved that the crusher be moved to Seventh Avenue. The location appeared to him to be well suited for development. He was opposed to the city acquiring any more low priced lots.

Ald. Perry spoke in favor of moving to Mr. Postulo's lots. The position was advantageous for work in hand. While the crusher was there, preparations could be made for later moving it to Seventh Avenue.

Ald. Casey outlined a scheme whereby Seventh Avenue West could be given its much needed outlet by way of Dunsmuir Street instead of commencing at once to dig into the mountain of rock from McBride Street. He thought it would be the better plan on the whole to move the rock crusher at this time to First Avenue where a cheap form of production in the meantime was offered.

Ald. Brown and Ald. Larsen were in favor of moving the crusher to First Avenue. It was stated that there would be four years' work at Seventh Avenue and some six months on Mr. Postulo's lots.

Mayor Newton was in favor of Ald. McMordie's motion for the moving of the crusher to Seventh Avenue West. He thought that block thoroughfares should be developed rather than private property.

Ald. Casey and Ald. Perry spoke further in defence of the moving of the crusher first to the Postulo lots.

It was pointed out that there would probably be six weeks' or two months' more work on Sixth Avenue West as H. Letourneau had entered into an agreement for the removal of rock from his two lots and a city lot adjoining was also to be cleared.

Stating that he was in favor all things being equal, of opening streets rather than removing rock from private property, Ald. Stephens moved an amendment that decision on the matter be laid over for a week until the aldermen might have the opportunity of examining the two locations. This was seconded by Ald. Smith and carried.

BOUND OVER TO KEEP PEACE AND REFRAIN FROM INTIMIDATION

EDMONTON, Dec. 22.—Binding Cyril Boothby, an Alcomdale farmer, to keep the peace for a period of twelve months, particularly in regard to Alice Aslin, the daughter of a storekeeper, Magistrate Geo. B. McLeod, in the provincial police court remarked that the defendant had acted in a very foolish manner. Boothby was charged with intimidation towards Miss Alsin whom, it was alleged, he had threatened to shoot because she would not marry him. He was bound over in his own bond of $1,000 and two others of $250 each.

Chief evidence in regard to the case had been put in on Thursday afternoon when it was endeavored to establish for Mr Boothby that the threats were more or less in the nature of a joke, and that the act of intimidation alleged in the charge had not been proved to be in regard to a proposal of marriage, but only to clear up slanderous statements.

POPULAR COUPLE MARRIED TODAY

Miss Jean Ross Became Bride of Victor Menzies at Ceremony this Afternoon

Quiet but of much interest to a wide circle of friends of the contracting couple was the marriage of Miss Jean Ross, daughter of Mr. and Mrs. J. Ross, 236 Ninth Avenue East, and Victor Menzies, son of Mrs. and Mrs. R. M. Menzies of Victoria, which took place at 3 o'clock this afternoon in the United Church parsonage, Rev. G. G. Hacker officiating. The ceremony was performed in the presence of relatives and immediate friends of the bride and groom. The bride, who wore a beautifully tailored travelling suit, was attended by her sister, Miss Elizabeth Ross. The groom was supported by A. B. Storrie.

After the ceremony, the party proceeded to the residence of the bride's sister, Mrs. J. W. Durran, 1807 Seventh Avenue East, where a reception is being held. The couple will sail this afternoon on the Cardena to spend a honeymoon in Vancouver and Victoria, after which they will return to the city to take up their residence at the corner of Eighth Avenue and Conrad Street.

Both Mr. and Mrs. Menzies have resided in Prince Rupert for many years and are deservedly popular among many friends, all of whom will join in extending them congratulations and best wishes on the occasion of their marriage. Mrs. Menzies has lived in Prince Rupert since early girlhood, attended school here and has been on the staff of the Brackman-Ker Milling Co., Ltd., for the past six years. Mr. Menzies, who is one of the principals of the City Transfer Co., is particularly active in athletic circles and is a baseball, soccer and basketball player of some repute.

THE MAN IN THE MOON says:

HE also, serves who simply writes checks.

ONE of the funniest things I know is listening to a man trying to explain how he got that black eye.

ELBERT Hubbard said: "Never explain. Your friends don't need it and your enemies won't believe it."

THERE'S one thing about a newspaper, you can always fold it up and put it away, or stuff it in the stove and burn it. Unhappily you can't do the same thing with a good many institutions in town.

IF the good die young, those who are not dead should have a lot to explain.

A MAN once went out to get drunk
But he took a bit of a funk.
For his wife got a fine
On his conduct so fine
And threw him in the drink kerplunk.

WHEN a modernist wants a simile he says "It's as dead as King Tut or mah jong.

A MINORITY report is one brought in at home by husband.

MODERN society is divided between dumbbells and slang artists.

IT'S a good thing to bury your past but the difficulty is there are a lot of vandals who are always searching around among people's graves.

Ten Years Ago in Prince Rupert

December 22, 1915.

City Solicitor Fred Peters has received word that his son Fritz has been given command of the torpedo boat destroyer Greyhound which is operating in the North Sea.

Parker Williams, Socialist M.L.A. for Newcastle, is continuing his attacks on the present Conservative provincial government.

It has been agreed by the Allies that the Great War will continue until such time as the Germans are forced to accept such terms as are given them. The war will not end until all the Allied powers unanimously agree to that effect.

ST. ANDREW'S XMAS TREE ENTERTAINMENT AN ENJOYABLE AFFAIR

The St. Andrew's Society Christmas Tree entertainment held in the rooms on Second Ave. yesterday afternoon was a very enjoyable affair, about 100 children being in attendance. A program was given by the children after which refreshments were served. Then Santa Claus arrived accompanied by Piper Alex McDonald.

Those taking part in the program were Ella Steen, Betty Brown, Jean Beattie, Kitty Cameron, Evelyn Dalgarno, Peggy Steen, Billy Bremner, Cathie Watson, Joan Arthur, Charlie Stuart, Betty Cameron, Jean McLean, Billy Christie, Bobby Davie, Dorothy Christie, Jimmie Irvine, Winnie Cemeron, Jimmie Bremner, Sheila Stuart, Elizabeth Sturgeon, Annie McLeod, Jean Cameron, Eric Barton and Cathie Duncan.

The committee in charge consisted of Mrs. James Irvine, Mrs. William Anderson, Mrs. C. Taylor, Mrs. George Abbott, James Dick, M. Andrews and Algie Hunter.

WATER NOTICE.

Diversion and Use.

TAKE NOTICE that Gosse-Millerd, Limited, whose address is 325 Howe Street, Vancouver, B.C., will apply for a licence to take and use 100,000 gallons per day of water out of Unknown, also known as Unknown, which flows northerly and drains into Shannon Bay, Q.C.I., B.C., about 16 chains, more or less, westerly from northeast corner L. 1548 (T.L. 8255P). The water will be diverted from the stream at a point about eight chains south from Shannon Bay and 16 chains westerly from northeast L. 1548, and will be used for cannery purposes upon the land described as L. 459 being part of L. 1548 (T.L. 8255P).

This notice was posted on the ground on the 10th day of November, 1925. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is November 30, 1925.

EVERY LITTLE HELPS TO GIVE CHRISTMAS CHEER

People are Responding to Call for Money to Give Christmas Enjoyment to Many

The Salvation Army Christmas Cheer is different from any other. On Christmas Day all who have no other place to go are entertained and no questions asked. Also for many changes of clothes are provided and efforts made to have it a real Christmas for them.

Money is now coming in, but more is needed. Prince Rupert people are proverbially well to do and they are good givers. It is also well known that there are lots of calls on their generosity. However, this is the appeal that is different from all others. It is the one day on which people forget to say "It serves him right" but instead hand in five dollars and says: "Here, It's Christmas. Let's have a good time together."

RUSSIAN PRIESTS ARE BOBBING THEIR HAIR

Patriarchial Appearance of Clergy Gives Place to Modern Fashion

MOSCOW, Dec. 22.—Russian priests are bobbing their long hair after the fashion of the American girls. Some of them are also discarding their beards.

This is done for reasons of hygiene and convenience, but more particularly to render their appearance on the street less conspicuous. For among atheistic Bolsheviks a priest is looked upon with disdain. Formerly members of the Russian orthodox clergy wore long flowing hair which fell loosely over their shoulders, giving them a patriarchal appearance. Many of them cultivated bushy whiskers which reached almost to their waists.

Ever since the Soviet government separated the Church from the State, large numbers of priest and bishops have been discarding their clerical robes and scrapping their high conical black hats. They found if they wore their ecclesiastical garb they could secure neither employment or recognition.

PLAN COLONIES OF FISHERMEN

Captain Vince Telling Vancouver Island People of Plans to Bring Out Settlers

PORT ALBERNI, Dec. 22.—Establishment of model fishing villages on the west coast of Vancouver Island, peopled by men and women of hardy English and Scottish stock, is the ambition of Capt. I. M. Vince, veteran mariner, fisheries operator and personal friend of Premier Stanley Baldwin.

Captain Vince has spent several months making arrangements for the development of the fisheries industry along lines that hitherto have not been attempted. He declares that past efforts to induce immigration of fisherfolks to this coast have been failures, but he believes that the lack of foresight and the practical element are responsible for this situation. He is confident that if the proper methods are used it will be easy to bring hundreds of experienced fishermen here to engage in the herring and other branches of fishing.

"In a few years the inside waters will be almost depleted of fish if the present rate of consumption continues," said Captain Vince. "There are schools of herring seven miles long off the Vancouver Island coast and at present they are not being molested because there is no demand. With other fisheries approaching exhaustion there will soon be a demand, however, and this deep water fishing is something that appeals to white men, not Orientals. For that reason I believe that efforts to interest Old Country fishermen in such a program as I am working on seems to me to be entirely practical."

Captain Vince recently made a visit to the British Isles, where he conferred with Premier Baldwin, whom he has known personally for forty years, and others concerning his project. The support of the Imperial government was promised and the Overseas Settlement Board and Agent-General are now active in the matter.

CITY TO BUY BACK $5,000 WORTH OF ITS OWN DEBENTURES

On recommendaion of the finance committee, the city council decided last night to buy in from the B.C. Bond Corporation of Victoria $5,000 worth of 1934 five per cent Prince Rupert bonds at 96.5. It was reported that local people were prepared to buy $3,000 worth of the bonds in question and the remaining $2,000 would be placed in the city's sinking fund. Ald. Casey spoke in favor of the transaction, stating that it was advantageous to the city.

TIMBER SALE X 7370.

Sealed Tenders will be received by the Minister of Lands at Victoria not later than noon on the 21st day of January, 1926, for the purchase of Licence X7370, to cut 650,000 lineal feet of Cedar Poles and Piling on an area situated about three miles west of Port Clements, Graham Island, Queen Charlotte Island District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

TIMBER SALE X 7522.

Sealed Tenders will be received by the District Forester not later than noon on the 26th day of December, 1925, for the purchase of Licence X7522 Kumdis Slough, Massett Inlet, Q.C.I., to cut 960,000 feet board measure of Spruce, Hemlock, and Cedar Sawlogs.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, or the District Forester, Prince Rupert, B.C.

TIMBER SALE X7343.

Sealed Tenders will be received by the Minister of Lands at Victoria not later than noon, on the 23rd day of December, 1925, for the purchase of Licence X7343, to cut 3,000,000 feet of Cedar, Spruce, Balsam and Hemlock on an area situated on Caroline Lake, East Arm of Drayney Inlet, Range 2, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

MAYOR'S ANSWERS WEARY ALDERMEN

Verbosity of Mayor Newton Checked Last Night by Ald. Casey

A report from the board of works recommending to the 1926 council last night that Borden Street be included in next year's program of grading was adopted by the city council last night.

Ald. Smith and Ald. Stephens had certain questions to ask, the latter being opposed to the principle of passing on recommendations to a new council which should be competent to reach its own decisions on such matters.

The mayor went on to give a detailed explanation of events leading up to the report being submitted. After His Worship had been speaking for some time and the council was becoming visibly wearied, Ald. Casey said: "I move that we proceed with the business before the council. We should not sit here all night discussing something of really no importance since we cannot do the work. Why fool away our time?"

"Every member of this council, when he asks questions, is entitled to an answer," replied His Worship.

"But we don't want to sit here all night listening to answers," was ald. Casey's rejoinder.

"Every alderman is entitled to get a satisfactory answer and that is what I have been trying to give," insisted the mayor.

Ald. Smith and Ald. Stephens indicated that they were satisfied and the matter was dropped with the adoption of the report.

RECOMMENDATIONS ARE THROWN OUT

Principle of Telling 1926 Council What it Should do is Opposed by Ald. Stephens and others.

The principle of making recommendations to an incoming council was attacked at the meeting of the city fathers last night by Ald. Stephens and others. Ald. Stephens felt that the 1926 council should be duly competent to reach its own decisions without being embarrassed or in any way committed by an outgoing body.

There were three recommendations presented, all from the Board of Works. One of them succeeded in getting through. That was regarding the grading of Borden Street. The two others that were shorn of their recommendatory clauses were that a space in the east end of the city 100 by 100 feet be cleared for the Gyro Club's playground instead of the originally planned 50 by 50 feet and that the present six inch water main from the Mount Oldfield reservoir be put in repair and that an additional six inch main be installed. Both matters were passed on to the 1926 council without recommendation.

Where, O Where Has She Gone?

"Now, Jennie, that's my best Holstein cow."

Jennie— But, uncle, I wanna see your malted milk cow.

CRIBBAGE LEAGUE

Final Games of First Half of Season Were Played Last Evening

Final games of the first half of the season in the Cribbage League last night resulted as follows:

Sons of Canada	2	9	2

WON A TURKEY

James Irvine Defeated James Campbell in St. Andrew's Billiard Final Last Night

James Irvine won over James Campbell in the final of the St. Andrew's Society handicap billiard tournament last night. The prize was a turkey.

SPORT CHAT

The Commercial Grads, Edmonton's celebrated ladies' basketball players, will play at the Arena in Edmonton on Wednesday, December 30, and on New Year's afternoon with the Tri-Chi club of Chicago, holders of the Central States ladies' basketball championship. The series is attracting a lot of attention especially since the Edmonton team has again set itself upon taking another whirl at the next Olympic games.

"Andy" Ducat, known to thousands of Old Country sport followers in Canada as well as in the British Isles as a double international and now manager of the Fulham Football Club, has recently undergone a serious operation for throat trouble. It was performed by a famous London surgeon at a nursing home and Ducat's condition is regarded as still serious.

Accounts up to December 18 totalling $15,666 were passed for payment at last night's meeting of the city council.

FISH STUDIES AT NANAIMO

Biological Station Centre for Scientific Investigation Such as is to be at Rupert

Since the decision to establish a biological station at Prince Rupert it is interesting to know what is being done at the similar station at Nanaimo.

Many scientific workers gathered there during the past summer and carried out investigations of a wide and varied character.

Progress toward a more complete knowledge of the marine life of the Pacific Coast was made through the studies of Dr. C. H. O'Donoghue of the University of Manitoba and Mrs. O'Donoghue on crabs, sea slugs and bryozoa or moss animals. Mrs. C. Berkeley on segmented worms; I. E. Cornwall on barnacles; Miss A. Berkley on brittle stars; Rev. Robert Connell on sea weeds and G. H. Wailes on microscopic plants and animals.

Glands in Fishes

Drs. J. B. Collip and E. P. Clark of the University of Alberta extended their studies of the secretions of the parathryoid gland to various fishes and other animals. These glands are important in relation to bone development.

Dr. E. H. Craigie of the University of Toronto gathered data as to sex ratios among various species of fish. He also made a study of the blood supply to the brains of fish and carried out a preliminary experiment respecting the relation of the sense of smell to the migratory movements of sockeye salmon.

Dr. R. E. Forester continued his investigation of the fresh water phases of the life history of the sockeye salmon at Cultus Lake on the lower portion of the Fraser River.

L. L. Bolton of the University of Toronto made a detailed study of the digestive tracts of several species of fish, including most of the commercial kinds, as part of the general program for the investigation of the food and feeding habits of fish.

History of Ling Cod

G. V. Wilby of the University of British Columbia continued his study of the life history of the ling cod and made a preliminary survey of a number of the important ling cod fishing areas.

Miss V. Mather of the University of British Columbia carried out researches into the development of the thryoid gland in several marine animals. These glands have a regulatory effect on growth.

In addition the facilities of the laboratories were given for the collection and preparation of materials for research and study to several persons, including Professor F. Lloyd of McGill University, Professor G. Spencer of the University of British Columbia and Miss A. P. MacDougall of the University of Toronto.

HIBERNATED BEAR WAS NOT FAST ASLEEP BUT CAME OUT ON THE RUN

Man Trapped in Attic of Shack but Friend Happily Relieved Situation

WINNIPEG, Dec. 19.—To be chased into the attic of a shack by a bear there to await the departure of bruin sitting comfortably below and awaiting descent, is not a pleasant experience but that is what happened to John Corden of Fort Alexander.

The bear had hibernated for the winter, according to the story but owing to the weather conditions was not sleeping very soundly. Corden located the tree with the bear beneath and proceeded to cut him out. He did so, but the axe slipped through and struck bruin on the nose, bringing him out on the run. Corden made a bee line for the shack, got there too late to slam the door but managed to mount aloft out of reach of the infuriated animal that wailed below for him to come down. Happily a friend came by with his rifle, shot the bear and there ended the story.

COUNCIL NOTIFIED OF DISSOLUTION OF THE GRAIN BOARD

Intimation That New Organization Will be Formed to Carry on Work

A letter from M. P. McCaffery announcing the decision of the grain board to dissolve, its usefulness under present auspices being completed, was received and filed at last night's meeting of the city council.

Mayor Newton stated that he had been opposed to the board disbanding, feeling that it might effectively continue its efforts towards having grain directed through the Prince Rupert elevator. He had, however, been faced with convincing arguments in favor of that course, and had fallen in with the majority of opinion among members of the board.

Ald. Casey outlined the work that had been done by the board during its existence. It had reached a point where it had become necessary to solicit money to carry on future operations. In view of that, he had felt that the future direction of the board should be in the hands of those who financed it. Accordingly he had moved the dissolution of the board as at present constituted.

Ald. McMordie felt there was nothing to do but to accept the report of the board and he moved accordingly. Ald. McKechnie seconded the motion which was carried.

ALASKAN SAILINGS WILL BE RESUMED IN COMING YEAR

C.N.R. Planning to Continue Service Given Last Year by Vessels of Coast Fleet

VICTORIA, Dec. 21.—Gratified by the success of the initial season in the Alaska tourist service the Canadian National Steamships announce a steady weekly service to be maintained between Vanconver and Skagway via way ports in 1926.

Commencing on June 14 vessels of the line will leave Vancouver every Monday at 8 p.m. up to August 30 as at present planned. Calls will be made at Prince Rupert, Ketchikan, Wrangel, Juneau and Skagway.

Sailings from Skagway in return will commence on June 19 and will continue weekly until September 1, according to the schedule now drafted and distributed to agents of the line throughout Canada.

The first season of the Canadian National Steamships in Alaskan route drew a fair share of the northern trade, and all boats leaving for the north were crowded during the peak of the coastal tourist season.

With the opening of navigation in 1926 and the expected influx of a larger number of tourists than ever before in the history of the Pacific Northwest, the 1926 Alaskan passenger business will be brisk, it is stated.

CANADA SHIPS MUCH GRAIN TO BRISTOL

This Country Nosing Out United States in Trade with that Port

Canada occupies a strong position in the trade of the port of Bristol, writes Trade Commissioner Douglas S. Cole, Bristol, in the forthcoming issue of the Commercial Intelligence Journal. Canadian wheat is the largest individual factor in the trade of the port and for the second year Canada has been the foremost shipper of this commodity. The United States were formerly the largest shippers, and considerable quantities of Canadian wheat consigned from ports in that country were entered as of American origin.

Shipments from the United States have fallen from 158,000 tons in 1914 to 66,000 tons, while shipments from Canada during the year ending April 30, 1925, were 203,211 tons.

Canada is also in a leading position in shipments of barley, and 75 per cent of all the oats imported into the west of England last year came from this country.

Exports, in so far as Canadian trade is concerned, consist mainly of saltcake, clay and iron products.

SASKATCHEWAN CO-OP. CONFIRMS REFUSAL TO SELL TO WHEAT POOL

REGINA, Dec. 22.—Shareholders at the annual meeting of the Saskatchewan Cooperative Elevator company, Limited, today rejected a motion to reopen discussion on the proposed sale of the company to the Saskatchewan wheat pool. The motion, introduced by Delegate Drew, Birch Hills, read: "Be it resolved that we now take up the discussion provided for in the first proposal involved in the resolution passed yesterday afternoon concerning the sale of our system to the pool."

The new motion referred to the resolution adopted, which asked that full consideration be given details of the proposal. The second clause of the resolution asked that the meeting be called within two months, when the details should be discussed.

Once more did J. A. Maharg, presiding, have a turbulent audience to control and shouts interrupted the speakers ere the motion was voted down.

The meeting approved the financial report submitted by the directors and the disposal of the net profit of $377,871.92 as recommended, a cash dividend at eight per cent on all shares allotted prior to April 1, 1925, being shares numbered one to 99,284 inclusive, $191,730.64 was agreed upon. Fifty per cent of the balance, or $93,070.64, will be transferred to the elevator reserve account and the other fifty per cent will be retained in the profit and loss account and carried forward.

VANDERHOOF

Constituting a splendid tribute to the training given the children by their teachers, L. E. Wells, Miss Kathleen Morrow and Mrs. Ogston, the best school entertainment yet held in Vanderhoof took place in the Communtiy Hall last Friday night. There were 22 items on the program which lasted three hours. E. A. Mitchell, secretary of the school board, presided.

Fred Borhaven left last week for the coast where he will become engaged in special dairy work.

Mrs. Davidson of Stuart River is spending a few days in town visiting with Mrs. Lewis Rawson.

T. R. Richardson has left the staff of the Bank of Commerce to take a position with R. C. McCorkell in the fur business.

Samuel W. Cocker has left for Bremerton, Washington, where he will spend the Christmas and New Year Holidays visiting with relatives and friends.

Sir John Pitka is starting a small sawmill in connection with the Esthonian settlement in the Stuart Lake district.

Prince Rupert, 9; Anyox, 7.

Boy's Games

Prince Rupert, 21; Anyox, 30.
Anyox, 10; Prince Rupert, 10.

Girls' and boys' basketball teams representing the Prince Rupert High School, led by Miss Beatrice Burke as chaperon and George Mitchell as coach, returned home on the Cardena this afternoon from Anyox after participating in one of the most interesting and closely contested series that was ever played in the smelter town. Anyox won two of the four games played, Prince Rupert came out on top in one and the fourth match was tied. The girls of Prince Rupert made a better showing than the boys as the one victory the locals won was theirs. Three of the four games were overtime contests, both the girls' games and one of the boys. In the latter match, there were two five-minute periods after which the score was 9 all and the players so exhausted that the match was called. Fred Brown umpired all the games.

On Friday night, the locals were guests of honor at a Moose dance and on Saturday night there was a banquet at which officers of the Community League and officials of the company were present. There was also a party at a private home and, at Stewart yesterday afternoon, the visitors were met and given sleigh rides by Mr. and Mrs. W J. Crawford and their family.

Yoshi Katsuyama, one of the local players, hurt his leg in practising and was unable to play in the games. Perry Baisler one of the local players who was hurt before the team left home, made the trip as well as Jim Parker.

The teams were as follows:

Girls

Miss Laura Frizzell, Miss Evelyn Dalby, Miss Jean Grieve, Miss Julia Walters, Miss Vera Smith and Miss Helen Sim.

Boys

Richard Mortimer, Bob Matheson, Harry Walker, Isa Katsuyama, Yoshi Katsuyama and Alex. Mitchell.

POWER OF PUBLICITY IN UNPLEASANT AFFAIR

(Vancouver Sun)

Yesterday afternoon Jessie Rose was buried. Her story was buried with her.

Her death had been probed to the last possible fact. In spite of the inertia and inefficiency of the coroner's investigation, news enterprise had brought out every detail and given it to the public.

The power of publicity has squelched malicious gossip for all time. A foolish love affair was uncovered. All the facts were known. The case is closed.

It was otherwise in the case of Janet Smith. Official bungling that obliterated simple facts left the public in a state of curious suspense. The result of that suspense, curiosity and speculation was the rottenest campaign gossip that ever poisoned the social conversation of a city.

JEWISH RABBI WOULD WELCOME CHRISTIAN MINISTER TO PULPIT

Affirming the fundamental sameness of all religions, Rabbi Ferdinand Isserman declared at Holy Blossom Synagogue last night that he would welcome into his pulpit any Christian minister or any representative of the Mohammedan or Buddhist faith, says the Toronto Globe.

"The same hopes and aspirations surge in human breasts, be they Jewish, Christian or Mohammedan," he said. "The same pains and sorrows afflict all; the same joys and happiness delight all. Life and death, birth and growth, the mystery of the universe, the awe and trembling before the Creator, the King of Kings, the recognition of the majesty of nature—these are human experiences, and cannot be labelled Jewish or Christian. These we have in common with all men, as we have in common the desire for social service and ethical aspirations.

The rabbi and minister can work together in promoting justice, in eliminating slums, in guaranteeing to every child an education, in providing for the sick and needy, in furthering the higher spiritual and cultural interests of the community—and if rabbi and minister can work together in these causes, then why cannot rabbi and minister exchange pulpits and advocate these causes, the minister in the synagogue and the rabbi in the church?"
