QUEBEC COMPANY BUYS AT STEWART

ONE OF BIG COMPANIES LIKELY TO BUILD TO PEACE RIVER

Expect One of Railways Will Take Over Alberta Lines and Operate Them

Whichever Does This Will Build the Western Outlet of the Peace River it is Suggested

EDMONTON, November 29.—It is expected here that one of the big transcontinental railways will take over the Alberta railways into Peace River and, whichever does that, will provide the coast outlet. The C.P.R. has taken much greater interest in the country of late and is supposed to be behind the move to build the road to Portland Canal. It is thought that if the big corporation were offered sufficient inducements by the three governments interested, Alberta, British Columbia and the Dominion, it would undertake the work.

There are others who claim that the country naturally belongs to the Canadian National and the federal government would hardly back any other railway financially or by big land grants.

Premier Brownlee recently returned from the east where he met E. W. Beatty, president of the C.P.R., and also Sir Henry Thornton. Mr. Beatty has to be in a position to show his directors that the new road would pay and Sir Henry has to convince the government that the people want the road and that it will not be another white elephant.

Premier Brownlee says he is hopeful of good offers being made for the line from one or both of the big railways. No definite proposals have been made so far to purchase the lines. The provincial government does not want the roads but they will not be sold unless an offer is received that approximates the present real value of the railways.

It is not thought here that the Sutton plan or the other emanating from Vancouver is likely to be carried out. The two big railways would have such an advantage over a small concern that the new line ought to be built by them.

BAD WEATHER WEST ALASKA

New President of Alaska Road Commission Arrives From New Orleans

SEWARD, Nov. 29. — Major Malcolm Elliot, newly appointed president of the Alaska road commission, arrived today from New Orleans and declared that while the zero weather seemed violent he thought he could stand it.

With temperatures ranging from 70 below to zero at Fairbanks to eight above zero here an intermittent fifty-mile icy gale has raged in this section for a week halting all small boat travel.

At Anchorage the thermometer was reported 18 below zero.

THORNTON MAY STAY IN MEXICO

Report From New York is Not Believed by Minister of Railways

OTTAWA, Nov. 29.—"It is news to me and I do not believe the report," stated Minister of Railways Dunning in respect to a despatch published in New York to the effect that Sir Henry Thornton would resign as president of the C.N.R. to take a position with the Mexican railways.

Sir Henry is now in Mexico in an advisory capacity to the Mexican government on the railway situation.

MONTANA WINS WHEAT PRIZE

Wrests Championship From Herman Trelle of Wembley, Alberta

CHICAGO, Nov. 29.—Edson Smith of Cornwallis, Montana, won the wheat growing championship of North America from Canada at the international livestock exposition here. His exhibit of hard red winter wheat was adjudged best against that of Herman Trelle of Wembley, Alberta, who won last year.

In hard red spring wheat classes, Canadian exhibitors landed 21 out of a possible 35 prizes.

MANSON BACK FROM OTTAWA

Expects Great Good From Inter-Provincial Conference Including Liquor Change

VICTORIA, Nov. 29.—Attorney General Manson who returned yesterday from Ottawa said "Great good will result from the exchange of views at the interprovincial conference."

Mr. Manson added that he expected parliament would finally approve at the next session the legislation abolishing the right of private liquor importation in government control provinces.

JUDGES TO PASS ON CITY SLOGAN

In connection with the slogan contest now being carried on, it has been decided that there shall be a committee of a dozen men or women to choose three or four of the best and the final decision shall lie with the three city bankers.

The competition will close next week.

WALES DEFEATED ENGLAND YESTERDAY IN FOOTBALL GAME

BURNLEY, England, Nov. 29.—Wales defeated England in an international soccer match played here yesterday before a huge crowd of spectators. The game was a close one the score being two goals to one at the close.

ALASKA JUDGMENT HAS BEEN REVERSED

SAN FRANCISCO, Nov. 29.—The right of A. McConnell to minimum land in the Fairbanks recording district was questioned today by the United States circuit court of appeal which reversed the Washington federal court decision giving McConnlel judgment against G. A. Vodin. A new trial was ordered.

RUTH ELDER, again in feminine attire, captured the heart of Paris, where she is seen after laying a wreath on the grave of "The Unknown Soldier."

BRITISH PLAN SEE CANADA

First Step Taken Toward Following Advice of Prince of Wales

LONDON, Nov. 29.— Already the suggestion of the Prince of Wales at the Canada Club dinner a week ago that the younger businessmen of Great Britain "step right over and see Canada for themselves" when he spoke of the expansion and develment of the Dominion, is bearing fruit. The Federation of British Industries has issued a circular suggesting that groups of members visit Canada next summer to ascertain the possibilities there, following the Prince's advice in the matter of having a part in the growing prosperity.

MAKES LIGHT OF NEW PROVINCE

Premier Brownlee of Alberta Points Out Inaccuracy in Statement Given Out

EDMONTON, Nov. 29. — That the Peace River province proposition is economically unsound, fantastic and generally unfortunate, is the statement made by Premier Brownlee of Alberta. He pointed out as one of the inaccuracies that instead of the Peace River contributing more revenue than the total government expenditure in its behalf, the fact was the cost of operating the E.D. & B.C. alone was many times the total revenue of the entire district.

WORK SHUT DOWN ON ISLAND HIGHWAY ON ACCOUNT OF WEATHER

On account of heavy snow and other unfavorable weather conditions, work has been closed down by the Vancouver Piledriving & Contracting Co. on the construction of the Kalen Island Highway. The most of the crew of sixty or so men employed are now out of work but are remaining in the city to be on hand when work is resumed as soon as weather permits. That portion of the road to Galloway Rapids is to be finished by March 1. Splendid progress had been made up to the time of the shutdown.

GOODLET GETS BAIL MANSLAUGHTER CASE

VANCOUVER, Nov. 29. — William Goodlet, Dominion hatchery employee, at Rivers Inlet, was given bail for $2,000 by Magistrate Alexander.

Goodlet is charged with manslaughter in connection with the death of Teddy Roosevelt, an Indian, whom he mistook for a bear.

Tramped Hundred Miles in Icy Gale to Secure Aid for Teacher Already Rescued

ANCHORAGE, November 29.—Walter Kotoff walked into Seldovia yesterday exhausted after walking more than one hundred miles from Nitichili for aid for Miss Bessie Howe, the pretty young school teacher, who accidentally shot herself in the abdomen.

Kotoff found that the amateur radio message he had sent before leaving had resulted in the plane rescuing Miss Howe, who is showing some improvement in the Anchorage Hospital.

Kotoff, who was wireless operator in Russia 25 years ago, wept with joy when he heard that the message had been received and responded to. He made the long tramp alone in bitter weather, the thermometer ranging away below zero, while an icy gale raged much of the time.

Work on New Trunk Sewer Will Commence as Soon as Permission Provincial Government Received

As soon as the provincial government has given its final stamp of approval to the bylaw, work will be instituted on Prince Rupert's new $50,000 trunk sewer system. It was so decided by the council last night.

Ald. Brown inquired if everything was now in order to proceed with the work and was informed by the city solicitor that the approval of the lieutenant governor in council was being awaited. That should soon be forthcoming.

Ald. Brown referred to the fact that the work, which was very necessary and was now provided for, would be very timely during the winter season. He moved that the Board of Works be authorized to proceed with the work immediately upon receipt of the necessary approval. The motion was seconded by Ald. Linzey and carried.

The city solicitor wondered if the council was fully cognizant of the intricate system of local improvement bylaws that would be necessary in connection with the carrying out of the work. There would be many petitions for laterals which would have to receive the council's careful consideration.

Ald. Brown asserted that the most important thing involved was the health of the city. Ald. Perry urged that there should be no delay in connection with the carrying out of the work.

There would be no trouble as far as the trunk main was concerned, stated the city solicitor. It was in connection with the laterals that difficulty might arise.

VETERAN YANKEE PITCHERS RELEASED

NEW YORK, Nov. 29.—Walter (Dutch) Reuther and Robert J. Shawkey, veteran pitchers of the Yankees, were unconditionally released today.

GALE WRECKS A SEAPLANE

Forty Mile Gale at Vancouver Injures MacLaren's Flying Machine

VANCOUVER, Nov. 29. — Major MacLaren's seaplane B.S. 2.L. at the Jericho beach government aerodrome was torn from its moorings yesterday by a fifty mile gale and sustained a shattered wing and damaged fuselage which has put it out of commission, probably for the rest of the winter.

Mechanics in a row boat who towed it back for a quarter of a mile, were hurled against the rocks when the boat upset, the men narrowly escaping drowning.

SEWARD PROTECTION WORK TO COMMENCE

SEWARD, Nov. 29.—Construction of Lowell Creek project, which will eliminate the danger of possible flooding of Seward, begins next spring. The work is estimated to cost $125,000.

Quebec Mining Company Buys Stewart Property to Spend Half Million

Noranda to Take Over Controlling Interest in Rufus and Argenta Properties up Bear River and Develop Them

VICTORIA, November 29.—The boards of directors of the Rufus Silver lead mines and Argenta Mines on the upper Bear River voted to accept the terms of a contract presented for joint sale of the properties to an operating subsidiary of the Noranda Company, which operates in northern Quebec.

The Rufus and Argenta are being merged on a share for share basis and the eastern buyers are putting up $480,000 to develop the properties and will receive a controlling interest on a basis of 30 cents a share.

It is announced that development of the properties will commence in the spring.

Both the Rufus and the Argenta are capitalized at a million dollars, the par value of the shares being one dollar and the head office of each company is at Victoria. There are a number of claims in each group and enough development work has been done to show that there is good ore there but as to how much only further development will show. Ben Erickson formerly owned the Rufus claims and Erickson and Forrest the Argenta.

FORMER SERGEANT AT ARMS DIED YESTERDAY

Late Chas. Lawrence Cullen Formerly Lived in Prince Rupert

VANCOUVER, Nov. 29.—Charles Lawrence Cullen, sergeant at arms during the McBride administration, died yesterday at Powell River where he lived for the past five years. He was born in Toronto in 1872 and was a well known lacrosse player in the nineties.

The late Mr. Cullen was a former resident of Prince Rupert. This was before he became sergeant-at-arms in the legislative chamber under the McBride-Bowser administration. He came to Prince Rupert from Telegraph Creek. He was also at one time a constable at Kitselas during railway construction days.

The late Mr. Cullen had been in Powell River for several years. He had charge of the publication of the company's periodical "The Powell River Digester" and took an active part in connection with the organization of sports there.

MAY ATTEMPT TO PLACE CATALA ON EVEN KEEL TODAY

No attempt will be made to roll the stranded steamer Catala onto an even keel until around the high tide at 4 o'clock this afternoon, it was stated this morning by the salvage interests. Preparatory work to this end was practically completed this morning.

FEWER IMMIGRANTS FROM SOUTH EUROPE THAN IN THE PAST

WINNIPEG, Nov. 29. — No drastic changes in the Government's immigration policy were forecast by Hon. Robert Forke, minister of immigration, who is here. He predicted that fewer immigrants would be admitted from central Europe next year than in the past two years.

ENGLISH CHAMPION WINS AT NEW YORK

NEW YORK, Nov. 29.— With but eight seconds of the bout to go Phil Scot heavyweight champion of England knocked out Monte Munn in a ten round match here last night.

Since yesterday 31 cars of grain arrived at Prince Rupert for the local elevator and 345 cars are reported to be on the division headed this way.

DUAL SYSTEM IS REJECTED

Doukhobors Want to Teach Russian in Public Schools but Not Allowed

VICTORIA, Nov. 29.—Doukhobor representatives are laying plans for changes in the school system for their colony and yesterday a delegation here laid their views before Premier MacLean.

Among other things asked to be allowed was to bring Russian teachers to this country to teach the children Russian for use in conjunction with English.

Premier MacLean rejected the proposal on the ground that the province could not tolerate dual languages in public schools of the province.

JAP CLAIMING COOL MILLION

Also Would Take Back Over Billion Feet of Standing Timber of Queen Charlottes

VANCOUVER, Nov. 29. — Claiming $1,167,208 and remission of two contracts for the purchase of 1,055,430,000 feet of timber on Moresby Island and adjacent islands in the Queen Charlotte group Chubei Fukukawa, a wealthy Japanese financier of Tokio and the Timber Holding Co. of Vancouver are plaintiffs, in the supreme court trial before Mr. Justice Hunter.

Defendant is the American Timber Holding Company of Vancouver.

BOULANGER IS AFTER TITLE

To Box Flyweight Champion of Europe After Having Won on This Continent

TORONTO, Nov. 29.—"Frenchy" Boulanger of Toronto, Canada's foremost challenger for the world's flyweight title, last night won a decision over Frankie Genaro of New York, former world's flyweight champion, in a ten round bout.

Boulanger will meet Ernie Jarvis, the European champion, for the world title.

AMALGAMATION TWO OTTAWA PORTFOLIOS

Minister of Health to Take Over Work of Soldiers' Re-establishment

OTTAWA, Nov. 29.—Amalgamation of the departments of health and Soldiers' Re-establishment will be made within the next few weeks. The consolidation has been pending for several years.

The new department will be known as the department of health with Hon. Dr. King as minister and Dr. J. A. Mycott as deputy minister.

The position of deputy minister of D.S.C.R. will be done away with.

DAILY EDITION Tuesday, Nov. 29, 1927

GO NORTH, YOUNG MAN

(Victoria Times)

Many years ago Horace Greeley told the young men of the eastern United States to go west. Thousands of them came west, built railways, established great industries and founded substantial cities. It was good advice. Many made fortunes. What has gone on in the United States has gone on in Canada in a less intensive fashion; our west has come into its own. A fine system of highways and railways now is available, large industrial plants have been founded, thriving cities mark the landscape, and many a pioneer is glad that he came over the Rocky Mountains into British Columbia. As the years go by the settled areas will be developed; thousands of people will come and make use of the manifold advantages which await them. But the north still is a great and almost untouched storehouse of wealth whose door may be opened by the young Canadian who is made of the right stuff. Advice to him is given by Mr. Pattullo, British Columbia's Minister of Lands, who tells him to go north and do there what the young man who came west did on the advice of Horace Greeley.

In his address to the Kiwanis Club Mr. Pattullo said it was an insult to the intelligence, initiative, ingenuity, and application of the young men of British Columbia to say they cannot go out and make a living in this province which so richly abounds in natural resources. He is quite right. No young man healthy in mind and robust in body would challenge the statement. No doubt many would rather take up a ready-made job in the circumscribed field of keen competition than go into virgin territory and make a job for themselves which eventually would insure them a competence. But as these young men gradually realize what opportunities await them in this province, with agricultural and industrial possibilities the development of which would furnish a living for two hundred times our present population, more will take Mr. Pattullo's advice. If they do not, enterprising young men from the neighboring republic, already growing irksome under conditions of work and living that are no match for virgin territory abounding in natural wealth, will cross the border and go north themselves. Much can be done by our public men and educationists to interest the youth of British Columbia in the advantages our province offers. In the last analysis, of course, it is the human element that counts, and we venture to believe that we still have plenty of young men of the right sort.

SLOGAN FOR THE CITY

Attention is drawn to the efforts of F. W. Hart to secure a slogan for the city. Possibly this is a frill and not necessary, but then again a good slogan has often meant a great deal in advertising. Victoria has made a great deal of "Follow the Birds to Victoria," using pictures to illustrate the idea, especially in connection with the tourist advertising.

We suggest that anyone having an idea which might be useful, either for a slogan or for advertising the city in any way, now resurrect it and hand it on to the proper authorities who may use it for the purpose suggested.

Prince Rupert people had such high hopes and have been so often disappointed that it is difficult to become enthusiastic over smaller matters with the result that there is a tendency to let everything go and not worry. Let us get away from that attitude. Most cities are built up on small beginnings. They have to fight their way just as we have done here and it is only by the activity of the resident that the city eventually takes its proper place as a factor in the life of the country.

Children are always eager for

ARGUMENTS FOR NEW PROVINCE

Spokesman of Movement Tells Why Such a Thing May be Necessary

COUNTRY NEGLECTED

Governments do not Take Seriously Claims for Railway Development

(By Chas. W. Frederick in Peace River Record)

The Peace River country, one of the richest areas of the Dominion of Canada in agriculture, minerals, coal, timber, water power, and all that goes to the building up of a prosperous country of diversified interests, awaits a program of development. In this its interests are akin to the northern portion of British Columbia, in which a large part of the Peace River drainage basin lies.

In view of the encouragement given by the Dominion government to settlers to locate in this country many years ago, the Dominion should have accepted its moral obligations to undertake a program of development of the Peace even before the war, and certainly during the last ten years.

Instead, the federal government, under both of the major political parties, has sidestepped this responsibility on every occasion. The potential wealth of the Peace River country, the necessity for development has been acknowledged time and again, but the effort is always made to shift responsibility in this regard to the provincial government.

The provincial government takes a very similar attitude. Its argument is that since the Dominion government controls the resources and was responsible for sending settlers into this country, therefore the Dominion government is morally bound to undertake a program of development if such program is to be undertaken.

TEN MILLION BUSHELS

Meanwhile, the fertility of the soil and the wealth of her resources has attracted thousands to the Peace and development has proceeded at a pace far outdistancing the most sanguine expectations of outside observers. When a coast outlet was demanded, the condition was laid down that production equalling ten million bushels was required as indicating the necessity for such an outlet. Hardly had this condition been named than it was fulfilled, and within only three years was doubled by the production of the ten million bushels plus an equal tonnage of other products. And the Peace River country is making rapid strides toward the production of one hundred million bushels within a very few years.

Twenty-one years ago the province of Alberta exported less than five million bushels of grain. Her production has now increased to approximately 165 million bushels. At the rate of present development, the Peace River country will within ten years produce more than all of the remaining portion of the province of Alberta.

But to do so, we must have opportunity for development. The Dominion has sidestepped its responsibility in this regard. The province of Alberta has not only sidestepped its responsibility, but so far as Edmonton and Calgary are concerned, these cities "view with alarm" any prospect of the north country being given the opportunity that should be afforded through the provision of an outlet to the coast.

SELFISH INTEREST

The remainder of the province of Alberta is interested in the Peace River country only to the extent of its purchases of goods through Edmonton and Calgary wholesale houses.

Vancouver is interested in the Peace River country only as another source of supply for its elevators, and an outlet for the wholesale trade of its merchants.

The program voiced by either city is not so much one of development of the Peace, as exploitation of the Peace.

The Peace River country must be given opportunity for fuller development. Northern British Columbia must be given opportunity for development of her vast mineral resources now lying dormant for lack of transportation.

NOT POOR RELATION

The Peace River country must no longer be considered the "poor relation." We have the wealth of resources, we have the vision and we have the courage to carry on our own development. If the governments of Canada and the province of Alberta are not willing to recognize the need for development—cannot visualize the immense opportunity offered through the opening up of the Peace River country—there is one alternative.

If help from the present governments is to be withheld longer, we at least have the right to demand an opportunity to help ourselves. Those who really know the Peace River country and the northern part of British Columbia, know that we can work out our own salvation and our own development if given the opportunity.

Let the Peace River country and the northern portion of British Columbia be made a separate province.

Let the Peace River country paddle its own canoe. Its pioneers are people who individually have succeeded through their own self reliance. Collectively they are capable of quite successfully developing their own country. Give us our own territory and we will build a new province, wealthier, more populous, more valuable a contribution to the nation of Canada, than either of the mother provinces of Alberta or British Columbia.

Give us our own natural resources, with subsidy for that portion already alienated; place against us that portion of the public debt of the two provinces properly chargeable to the territory concerned, and let us manage our own affairs. In the latter regard, it will be surprising how little of the capital expenditures of either province have gone toward the development of their northern lands.

PRODUCING REVENUE

The argument will at once be presented that the territory referred to is not sufficiently populous, nor sufficiently developed to undertake any such burden as the management of its own affairs. The reply is that the degree of management so far given this territory is not such as to necessitate the amalgamated political brains of the two present provinces.

As for the matter of public revenue and public expenditures, the Peace River country is already producing more revenue in land and special taxes than the total of government expenditures in its behalf.

A new province of Peace River is capable of not only managing its own current affairs, but of continuing its own development. It is capable of doing all that it has asked either the Dominion or the provincial governments to do in the matter of providing transportation facilities to the coast. The north country is tired of the game of "passing the buck" as played between the Dominion and the provincial governments. If neither is willing to provide the services required, let both agree on allowing us to work out our own destiny.

Only Victor can Make It

The mark *Orthophonic* is registered by Victor—the *Orthophonic* patents are Victor-controlled—and only Victor can manufacture the *Orthophonic*

So popular has the new Orthophonic Victrola become through its superior performance that two things are happening which may lead to a most disappointing experience on your part:

(1)—People are beginning to be under the impression that any talking machine is a new Orthophonic Victrola.

(2)—Certain retailers are taking subtle advantage of these erroneous impressions, and may find occasion to take advantage of you, unless you proceed in any purchase of a new Orthophonic Victrola,—as follows:

Go only to the dealer displaying the trademark "His Master's Voice". Look under the lid of the instrument for the trademark "His Master's Voice" (shown below) and for the word "Orthophonic" (also shown below)

At the time of this publication, the new Orthophonic Victrola is made only in seven models,—as follows: The Automatic,—which changes its own records,—at $775; the Credenza at $385; the Barona at $225; the Alvara at $190; the Paloma at $160 and Model 4-3 at $115. All these Orthophonic instruments with electric drive, (eliminates winding) at $40 additional. The Electrola No. 12-25 at $790. Check up when buying.

All obtainable on convenient terms from His Master's Voice dealers only.

Man in the Moon

OH give me a slogan short—
Yes, give me a slogan brief;
Just pack in it all the pep that you wish
With never a murmer of grief.

A slogan! a slogan! says Hart—
You may give me a slogan witty;
But let your words be few as you wish
With a sentiment that's pretty.

Just watch Prince Rupert grow
With a slogan giving pep.
Yes, write it at once while you have it in mind
And then just "watch her step."

JAKE is a curious old cuss. As soon as he read last night's paper he set to work and shot off a few inanities which he called slogans. Here are one or two: "Prince Rupert, the city of destiny."

"THE place of the last drink" (doubtless intended for the American on his way to Alaska), "Young but vigorous," "the infant prodigy."

THERE is a good reason for not appointing women to the Canadian Senate. Women might waken the old men and why do that?

IN a discussion on Third Avenue it was stated there would soon be plenty of aldermanic hats in the ring because a lot of them were becoming too small for their owners and could not be worn anyway.

VANCOUVER is to get cheaper light when all she needed was more light.

IF some of the civic candidates this year would only promise better weather, they would be pretty sure to be elected.

JAKE says the only thing for a girl to do if the boy becomes too sentimental is to sit on him.

LAND ACT.

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Prince Rupert Land Recording District and situate on the southwest corner of an unnamed bay on the south bank of Port Chanal, Graham Island, Queen Charlotte Islands, in the Province of British Columbia.

TAKE NOTICE that Arthur Robertson, of Massett, B.C., occupation a lumberman, intends to apply for a lease of the following described lands:—

Commencing at a post planted about one chain westerly from the mouth of an unnamed creek flowing into an unnamed bay on the south bank of Port Chanal, Graham Island, Queen Charlotte Islands, Province of British Columbia; thence 4 chains southerly; thence 10 chains easterly; thence 4 chains northerly to the shoreline; thence following the shoreline to point of commencement, and containing 3 acres, more or less.

Ernest Love, who has been a business visitor in the city for the past week, will return to Stewart on the Prince Rupert tomorrow night.

On recommendation of the finance committee, the city council last night awarded to Alex McRae Co., Ltd. the contract for the printing of some three thousand ledger sheets for the utilities department. There was but the one tender which was $275.25.

At the suggestion of City Solicitor E. F. Jones who stated that the matter was an important one which should be considered by the full board, the city council last night deferred final consideration of the amended Street Traffic Bylaw until the meeting two weeks hence.

The court of revision on the 1928 municipal voters' list will sit on December 10 at 2 p.m. The following were chosen members of the court at last night's council meeting by Acting Mayor Stephens: Ald. Tinker, Ald. Linzey, Ald. W. J. Greer, Ald. Brown and Ald. Perry.

Ald. Linzey stated at last night's meeting of the city council that there had been considerable criticism at the closing of the reading room at such a time as this, when it was particularly popular, for the purpose of making repairs to the floor. Ald. Linzey was informed by Ald. W. J. Greer that it was expected that the work would be completed by today.

There was a bare quorum at last night's council meeting, those present being Ald. M. M. Stephens, who was elected acting mayor, Ald. G. P. Tinker, Ald. W. M. Brown, Ald. W. J. Greer and Ald. R. F. Perry. Mayor Newton is absent attending a Conservative convention in Vancouver; Ald. Jos. Greer was out hunting, and the absence of Ald. Oscar Larsen was unaccounted for.

A report from the finance committee recommending the sale of bonds as follows to H. G. Hilland was accepted by the city council last night: $2,000 five per cents due January 1934 at $97.84; $2,000 five-and-half per cents due January 1930 at $100. Ald. Tinker informed the council that these were bonds which had been purchased by the city last year from a financial concern. The finance committee took the view that it would be advisable to sell them again and have the money to use.

CARD OF THANKS.

Mr. and Mrs. Iversen and daughter and Mr. and Mrs. Hans Underdahl desire to convey their sincere thanks to the many friends for the kind expressions of sympathy and floral tributes received during their recent sad bereavement, and also to St. Paul's Lutheran Church Choir and to Mrs. J. H. McLeod.

C.N.R. HOTEL FOR VANCOUVER

Reclamation Work at False Creek Also to be Carried Out by Railway

VANCOUVER, Nov. 29.—An order-in-council authorizing the agreement between the city of Vancouver and the Canadian National Railway was passed by the federal cabinet at Ottawa this morning. Mayor Taylor is advised by Dr. J. H. King, to the effect that the Canadian National Hotel will be started in 1928 as well as the False Creek reclamation, involving an expenditure by the railways of at least $7,000,000 within the next four years, it is said.

I.O.D.E. ENCOURAGES BRITISH FILMS TO BE SHOWN THIS COUNTRY

TORONTO, Nov. 29. — The Imperial Order Daughters of the Empire is endeavouring by precept and practice to promote the showing in Canada of British films, particularly in view of the fact that at the present time it is claimed that 92 per cent of the moving pictures shown in this country are foreign. Not long ago Lady Cowan, president of the British Women's Patriotic League and chairman of the British Film Committee of Patriotic Societies, toured Canada in support of a propaganda for British films and related Inter-Empire Problems. In an interview with Miss Church, president of the I.O.D.E., Lady Cowan stated that there was no basis in fact for the impression created by film producers in this country that desirable British films were not obtained for Canada but, on the contrary, British films, beautiful in portraiture, artistic in conception and wholesome in character were available provided that a sufficiently strong appeal for their use be forthcoming. These include dramatized stories by some of the best known British authors, fine travelogues and charming films of educational value for children.

With the idea of strengthening the bonds that unite all parts of the British Empire, of acquainting Britishers with the wonder and extent of the countries under the British flag, and of encouraging home products, an organization has been formed in Canada known as the Canadian Council for Empire films, with headquarters in Toronto. In connection with this a provisional committee, of which Miss Church, president of the Daughters of the Empire is a member, has been formed pending the organization of a National Committee to include all organizations interested in this project. The first British picture to be presented under the aegis of the new organization is entitled "The Immortals of Bonnie Scotland" which will give pictures of the life of Sir Walter Scott with scenes from his best work, and of Bobbie Burns and the scenic inspiration of some of his poems. This production will be followed by other films which are epics of history, such as "The Battle of Falkland Islands," "Coronel," etc.

The Daughters of the Empire have already approved of such British films as the Prince of Wales Travel film, "Ypres" and others, and are very keen to advance in every way possible the further introduction of British films in Canada, so that the percentage of such pictures may become as great as that of Australia and some of the other Dominions of the British Empire.

BOVRIL means BEEF

THE great races of the world, great in energy, vigour and achievement are all consumers of Beef.

In concentrated form BOVRIL contains all the nourishment of prime beef, and *science has proved* that Bovril increases your vitality, greatly improves and stimulates your circulation, and gives you that extra vigour and energy that add to the joy of life.

NATURE'S COLORS LADIES' BONNETS

ATLANTA, Ga., Nov. 29.—The grasshopper, the watermelon, the sky and a cereal are among the objects from which the new colors of new spring bonnets have been chosen, apparently for no reason at all. These colors have been announced at the convention here of the Millinery Association of America as among a group selected by the American Color Card Association for use of makers of women's wear. Merchandise of the new spring colors is to be released soon, millinery men say.

Grasshopper green, described as a new green softened with a slight gold caste, blue skies blue, a soft blue with a slight lavender caste, grapenuts, a deep honey of light brown caste, to match "the cereal bearing this name," are some of the colors. Watermelon red, a soft hue the color of the ripe watermelon; coral belle, a soft peach pink with a coral caste; kasha beige, a new string color favored in silks and dresses; roseglow, a new honey shade with a rose caste; emberglow, a tiger lily shade softened; Swiss rose, a rose shade favoring the real rose caste rather than the bluish rose, are announced as some of the outstanding new colors.

What is foreseen as a growing tendency toward longer tresses is to have its effect on hat shapes. The new models will tend toward elegance and coordination of the silhouette, calling for rich embroideries, smart touches of straw, novelty braids and other bits of deft coloring. There will be no radical departure from the present basic styles, however, nor will comfort be sacrificed.

Hats will be of soft, frameless type, made to fit the head comfortably with smaller or cloche type chapeaux continuing the mode except for southern resort wear, where the large "flop" variety will remain in vogue.

C.P.R. steamer Princess Mary, Capt. Arthur Slater, is due tomorrow evening from Alaska ports enroute to Vancouver and Victoria.

C.N.R. steamer Prince John, Capt. E. Mabbs, is due on Thursday from Vancouver via the Queen Charlotte Islands.

HEART WAS SO WEAK

Had to Stay in Bed

Mrs. F. Wilson, Lethbridge, Alta., writes:—"My heart was very weak, and I had to stay in bed for five weeks with it.

"My aunt advised me to take

MILBURN'S HEART AND NERVE PILLS

as she had taken them with good results after a very bad operation.

"I took them and some time after a doctor came to examine me for life insurance and he said there was nothing wrong with my heart."

Milburn's Heart and Nerve Pills are 50c. a box at all druggists and dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Sanitation in The Laundry

Hygeia, March, 1927

A kitchen is properly a food shop and should be used for little else. It is distasteful to think of the possibilities attending laundry work in the kitchen in the winter when doors and windows are closed to keep out the cold and when steam from the boilers, and later from the drying clothes, mingles unchecked with the foods that are being prepared.

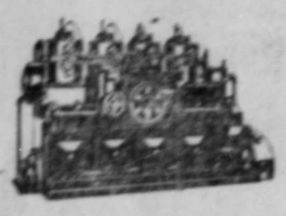
HUNDREDS OF BARGAINS

In the service of Industry



Simplicity

One of the features of Fairbanks-Morse Diesel Engines that has appealed to operators of tugs, freight boats and fishing vessels, is its simplicity.

Simple in construction and simple to operate, no auxiliary ignition devices—two cycle principle—airless injection of fuel. No valves to grind; no complicated valve rockers to keep in adjustment. Uses low grades of fuel oil.

Excellent manoeuvering qualities on light loads and slow speeds.

Fairbanks-Morse Diesel Engines are made in the following sizes:

20 h.p.—2 cyl.	180 h.p.—6 cyl.
40 h.p.—2 cyl.	240 h.p.—4 cyl.
60 h.p.—3 cyl.	360 h.p.—6 cyl.
80 h.p.—4 cyl.	480 h.p.—4 cyl.
120 h.p.—4 cyl.	600 h.p.—5 cyl.
120 h.p.—6 cyl.	720 h.p.—6 cyl.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

ALCOHOL WAS HIS SUBJECT

Series of Lectures on Temperance Question Opened Before United Church Young People

Opening a series of discourses on the temperance question, G. W. Vandewater, president of the United Church Young People's Society, delivered to that organization last night an interesting paper entitled "Alcohol and the Mind and Alcohol and Industry."

Various points were taken up with regard to the effect of alcohol on the mind, the speaker stating that, long before the stage of actual intoxication was reached, the judgment and mental accuracy of the liquor consumer were adversely affected. Examples were given of scientific tests that had been carried outalong this line.

Points of efficiency and lack of such were worked out in connection with the discussion of alcohol and industry.

Following the reading the paper, there was a discussion in which many of those present participated.

The usual recreational period followed and plans were made for a Christmas social which will take place on December 19.

The meeting was well attended.

RESPONSIBILITY FOR DAMAGE RESULT OF TANK INSTALLATION

A letter from John Christian, owner of property across the street, stating that he would hold the city responsible for increase in insurance rates or damage that might arise as a result of the installation of a gasoline storage tank at the corner of Third Avenue and McBride Street was referred to the city solicitor by the council last night. Mr. Christian, in his communication, stated that he had taken the matter up with the city solicitor and had been informed by the city engineer that the city would not accept the responsibility. He (Mr. Christian) in turn would not accept this waiving of responsibility but insisted that the city itself was responsible.

Ald. Perry stated that the city had nothing to do with it. Permission had been given by the provincial fire marshal.

City Solicitor E. F. Jones, to whom the matter was referred, stated that Mr. Christian had no claim on the city.

UNPRECEDENTED FALL OF SNOW IN PRINCE RUPERT CONTINUING

With the wind in the east and the glass high but tending to drop, prospects this morning were for a continuation of the snowfall which already is proving quite unprecedented for the month of November in Prince Rupert. During the past twenty-four hours it is stated by H. D. Tee, Digby Island, Dominion meteorologist, a total of five-and-one-half inches of snow has fallen, bringing the total for the month to date to approximately fifteen inches. A change of the wind to southeast would probably bring rain.

SCANDINAVIANS TO BE INSTRUCTED IN ENGLISH LANGUAGE

Under the auspices of St. Paul's Lutheran Church a night school is being opened for the purpose of teaching English to newly arrived Scandinavian immigrants. At the opening session last night, there were 63 prospective students.

Classes will be held each Monday and Friday evening, the instructors being Rev. and Mrs. John H. Hansen.

ELKS' WHIST DRIVE SERIES IS POPULAR

Increased Attendance Last Night as Compared With a Week Ago

The weekly whist drives being held by the Elks' Lodge are rapidly gaining in popularity, there being a much larger attendance last night than there was a week ago. A further gain next week is anticipated. Prize winners last night were Mrs. H. M. Hale with a score of 203, and Capt. Jim Morrison with 207.

Sons of Canada	4	4	4
C.N. Mechanics	3	5	3
St. Andrew's	2	6	2
Orange Lodge	2	6	2

SPORT CHAT

Charlie Brown, manager of Dido Gurvich, the local "comer," is in receipt of a communication from Fred Brown, Anyox "Tex Rickard," in which the Terrible Serb is sought for a six three-minute round bout there in January against George Corkle, former resident of this city and prominent in local athletics during his stay. Whether or not such a bout will materialize remains to be seen. Corkle is a good deal heavier than Gurvich and is admitted to have a lot more experience. For the same tournament in Anyox, Fred Brown would like to get a 103 pounder and a 128 pounder for McMillan and Death.

A baseball war in amateur ranks has been threatened in Ontario as the result of the decision of the Ontario Amateur Baseball Association in ordering the replay of a game between Hamilton and Windsor. The tilt went scoreless until the ninth frame, when a Windsor player pasted the pill to deep outfield and scampered around the paths for the lone tally of the game. A protest was entered that the run would not have scored but for the crowd swarming over the lines and interfering with the outfielder. This was sustained by the Association.

Grand Terminals and Grotto will meet tonight in the Billiard League with line-ups as follows:

F. G. Pyle (Grand Terminals) vs George Waugh (Grotto).
F. Zieman vs. Don Brown.
J. Andrews vs. Jack Judge.
W. E. Williscroft vs. R. Young.
Ben Self vs. C. L. Youngman.

VANDERHOOF

The Vanderhoof Board of Trade is requesting the provincial government to keep the Vanderhoof-Fort St. James Chilo-Mapes and other roads in the district open throughout the winter.

F. J. Eitel of Seattle has made arrangements with local people interested so that the mining machinery of the Allotte Mining Co. may be moved to the leases in the Manson Creek country. In all probability, the moving operations will be under way in the very near future. The machinery is already part way in.

The Women's Auxiliary to the Canadian Legion complains of ill-use of its property in the Board of Trade Hall.

The Ladies' Aid of the United Church annual bazaar took place on Saturday afternoon.

A. Embley made a business trip to Endako last week.

W. H. Manuel, C.N.R. auditor, was here on official duties last week.

Sheriff E. S. Peters of Prince George was a visitor in Vanderhoof last week on official duties.

Rev. J. T. Smeeton spent a few days in Prince George last week.

The official opening of the Vanderhoof skating rink took place on Sunday with many lovers of the ice in attendance.

T. P. Calhoun, S. Holmes, J. H. Johnston, J. H. McMillan, E. A. Mitchell and E. Smedley of Vanderhoof, and A. Goodwin, B. W. Irwin and W. W. White of Fort Fraser attended the annual convention of the Omineca Conservative association in Endako last week.

About forty persons were present at the opening of a series of dances and social entertainments which is to be held in Ellisby schoolhouse.

At a meeting in the Canadian Bank of Commerce last night, arrangements were made for the annual children's Christmas Tree and entertainment in Vanderhoof.

Famous Physician's Prescription Remedies Dread Skin Diseases

FREE! Full size box of "Sootha-Salva".

After fifteen years of painstaking research and experiment, the physician who discovered Fruit-a-tives, the famous fruit medicine, also evolved an antiseptic salve of marvellous healing properties—Sootha Salva.

Eczema, piles, boils, ulcers, chafed skin, etc., respond almost immediately to the soothing, cooling action of this prescription. Cases of many years' standing have been alleviated and removed in short order.

So that everyone may benefit by this discovery, we have authorized druggists to give to a limited number of customers, absolutely free, a full size box of Sootha Salva with a 50c. purchase of "Fruit-a-tives".

Ordinarily, Sootha Salva is sold at 50c. a package, on a guarantee that if it does not give satisfaction the purchaser's money will be refunded on receipt of the unused portion of the package. This shows our own confidence in it.

Take advantage of this extraordinary offer before your druggist's supply of free boxes of Sootha Salva is exhausted.

Made by Fruit-a-tives Limited, Ottawa, Ont.

CENTRAL CONSERVATIVES ORGANIZE AT ENDAKO

J. M. Johnston is President for the Coming Year with E. A. Mitchell, Secretary

ENDAKO, Nov. 29.—At the annual meeting of the Omineca Central Conservative Association held here, there was a good attendance of representatives from the various sections of this provincial constituency. The following officers for the ensuing yere were elected: J. M. Johnston, president; Alfred Shelford, vice-president; E. A. Mitchell, secretary-treasurer; and an executive committee composed of the following gentlemen: W. W. White, Fort Fraser; Dr. Cuzner, Endako; E. Smedley, Vanderhoof; D. Gerow, Burns Lake; B. McCrea, Topley; A. C. Murray, Fort St. James; R. K. Finlaison, Finmoore; T. Sebernat, Mapes; Mr. Braithwaite, Fraser Lake; J. F. Kimball, Chilco; B. A. Smith, Palling; W. Ellison, Ootsa Lake; V. Gair, Forestdale; S. McGregor, Danskin; H. Davis, Houston; Harry Wearne, Buick; C. D. Haven, Southbank; J. Robins, North Francois; D. Cassidy, Molleymount; W. Bickle, Grassey Plains; Dr. Bamford, East Francois; B. W. Irvin, Fort Fraser; H. Smaile, Lily Lake; T. R. Rayner, Savory; John Ross, Priestley.

The next annual meeting will be held in Burns Lake.

BURNS LAKE

A special general meeting of the Burns Lake and District Board of Trade was held Saturday night at Francois Lake.

Kenneth Kerr is now located at the Babine salmon hatchery.

D. P. Wardrop was a visitor in Burns Lake last week in connection with his mining interests.

A. E. Kissock is having a new building erected at the back of his lot.

E. E. Gregg, assistant district forester from Prince Rupert, was a visitor here and in the district last week on official duties.

A circular track has been cleared in the snow on Burns Lake and many persons have been enjoying the skating for several days.

Norman Radley, after visiting with his parents here, has accepted a position with the W. J. Pitman music store in Prince George.

District visitors in town during the past week have included J. W. McNeill, Ootsa Lake; Frank Matthias, Francois Lake; Axel Olson, Danskin; Joe Oreskovic, Bickle; E. M. Hickey and Fraser McKenzie, Francois Lake; George Buchanan, Danskin; Edward Sattler, Francois Lake, and Mr. and Mrs. L. G. Paul, Decker Lake.

EDMONTON CAMPAIGNS FOR BOARD OF TRADE

(Edmonton Journal)

The annual board of trade membership drive opened today. Twenty-five teams of two men each are making the canvass and it is hoped that by Thursday evening there will be an enrolment of seven hundred. Already some three hundred have paid their next year's fees, which is the best showing, in advance of the campaign, in the history of the organization. How valuable is the work that it is doing for the city and the surrounding country should need no stressing. This it is proposed to carry on during the coming twelve months with greater zeal than ever before. The larger the support that it receives through membership fees, the more effective the results will be. Under existing conditions the drive ought to go away beyond its objective.

PENSIONS ACT IS EXPLAINED

Parker Williams Speaks at Meeting Called by Victoria Trades and Labor Council

VICTORIA, Nov. 29.—Parker Williams, a member of the Workmen's Compensation Board, which is charged with the carrying out of the terms of the Old Age Pensions Act, explained the working of the measures at a meeting called by the Trades and Labor Council.

Mr. Williams, at the same time, took no responsibility for the act. He said that the Compensation Board had had nothing to do with the making of the rules under which the act operated. He was not in a position, he said, to defend the act. This had been made by the Dominion Parliament. He, as a member of the board, was authorized only to administer the law.

Mr. Williams said that he had no quarrel with anyone in the matter. There were features of the act that he did not agree with. He did not feel like defending is therefore.

He recalled the history of the legislation. About the year 1924 it had been put up to the supreme court, and the decision was reached then that the matter was one for the provincial governments to deal with. It had finally been decided that the federal government would enact legislation on the principle of fifty per cent of the necessary funds being provided by the Dominion and fifty per cent by the provincial authorities.

LIMITATIONS STATED

Under the legislation enacted, it was agreed that those who were of the age of seventy years and otherwise qualified should come under the provisions of the act, provided they had not over $125 income a year. If they had more than this sum there was a reduction made proportional from the $20 a month otherwise payable.

The person in British Columbia who qualified must also have been resident in the Dominion for twenty-one years, and in the province for five years.

Mr. Williams went on to explain that there had been 2,700 applicants who had made a request to be benefitted, and of these 1,460 had so far been allowed. In this province there was a claim representing some $600,000 or $700,000, of which the Dominion paid one-half of the amount.

He said he felt that the act was as workable as the Workmen's Compensation Act and the Mothers' Pension Act. He believed that the Commandment, "Honor thy father and thy mother," was exemplified in the provisions of the act.

NOTICE

IN THE MATTER of an application for the issue of a Provisional Certificate of Title for the East half of Lot 2027, Cassiar District, said to contain 320 acres, more or less

Satisfactory proof of the loss of the Certificate of Title covering the above land having been produced to me, it is my intention to issue, after the expiration of one month from the first publication hereof, a Provisional Certificate of Title to the above land, in the name of MADELINE MINTON. The original Certificate of Title is dated the 30th September, 1913, and is numbered 4470 I.

Land Registry Office, Prince Rupert, B.C.
17th October, 1927.

H. F. MacLEOD,
Registrar of Titles.

IN PROBATE

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the Matter of the "Administration Act"; and
In the Matter of the Estate of James Darius Wells, Deceased, Intestate.

TAKE NOTICE that by order of His Honor, F. McB. Young, the 31st day of October, A.D. 1927, I was appointed Administratrix of the estate of James Darius Wells, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 9th day of December, A.D. 1927, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

SARAH JANE LaCROIX.

Dated the 9th day of November, A.D. 1927.

WATER SUPPLY IS DISCUSSED

Debate Becomes Slightly Heated if Not Acrimonious When Railway Application Considered

DELAYED TO NEXT YEAR

Statement Made That Many Other Places Need Service More Than Sixth Street

After a discussion which at one or two junctures became rather heated and in the course of which M. A. Burbank, district engineer for the Canadian National Railways, presented the case of the railway company, the city council last night, on motion of Ald. Brown, seconded by Ald. W. J. Greer, tabled indefinitely or until next year, the application of the C.N.R. for a new water connection at the corner of First Avenue and Wayne Place to replace the present one at the corner of Second Avenue and Sixth Street.

Mr. Burbank announced to the council that the railway company had the idea in view of eventually subdividing Waterfront Block "E." It had not been subdivided yet, however, nor had any plan being decided upon, although several had been prepared, as the approval of the city would first have to be obtained. Nevertheless, the company was being forced to make a decision following the selling to Col. McMordie of a site upon which the erection of a theatre was planned. Making of the subdivision would involve the creation of new streets and the extension of others. The company was already engaged in the putting in of a new ten foot cinder path to take the place of the present board walk which would have to be removed as soon as turning of sod for the new theatre commenced. The old stave pipeline which had served the railway yards and buildings for several years and had now outlived its usefulness would have to be taken up and it was planned to replace it with a new main which would run alongside the new walk. For this new main, the railway company was desirous that the city should give a new connection at the corner of First Avenue and Wayne Place. While the work would cost the city about $500, the railway company would be expending four or five times that amount. The railway company would like immediate action to be taken so that it might proceed with its part of the work.

CHANGE IN ASSESSMENT?

City Solicitor E. F. Jones inquired if the new subdivision would involve any change of assessment. It was a matter that would require careful consideration. He suggested that the application for the new water connection be disassociated from that for approval of the subdisivion.

While Mr. Burbank could give no information upon the matter as to the effect of the subdivision upon the assessment, he was content to withdraw for the time being the matter of the subdivision. All the company immediately desired was the new water connection so that it might proceed with the putting in of its new main.

Ald. Stephens was inclined to the view that, if for the convenience solely of the railway company the water connection was to be moved, the railway company should pay the additional cost of the move. The city already had a connection to serve the railway property. The paying out by the city of $500 for the sole convenience of the railway company seemed to him as being a bit unfair to other citizens.

Ald. Perry pointed out that it was permanent work that was now contemplated by the railway company. Its old line had given out and was practically useless. He felt that it was up to the city to give the connection to the railway company just as it would do for any other citizen.

Ald. Stephens replied that, in his view, the city had as much right as the railway company to say where the connection would go. It was no concern of the city's if the railway company's line was in a state of disrepair. By making the move, the city would profit no more. Nor would it sell any more water. The railway company, he felt, should either come to the city or take water from the connection the city had already given it. Had not the railway company paid the city to make a connection some years ago at the corner of First Avenue and Eighth Street?

CITY NEVER PAID

Ald. Perry denied that the railway company had ever paid the city for any main laid on the city street. This, however, was a different matter and he believed that the city should not hesitate. The present line, he stated, was in such bad condition that enough pressure could not be put upon it to force water to the upper floor of the general office building of the railway.

If water was not obtainable on the top floors of the office building, it was the fault of the piping in the building rather than of the line opined Ald. Brown.

"I am no kid to be put off with such arguments," replied Ald. Parry. He insisted that the main was out of order and it was for this reason that the pressure could not be put on.

Ald. Tinker suggested that, with the new subdivision, there might be new buildings on Sixth Street which would be supplied by the requested main.

Ald. Perry also spoke along the line of possible new subscribers to such a main.

Mr. Burbank suggested that, if the railway company were forced to put in or [illegible] its own connection on Sixth Street, it might have a claim on any laterals to buildings from such a main.

NO CLAIMS WHATEVER

The railway company would have no claim whatever on lines on the city street asserted Ald. Stephens.

Ald. Brown felt that there would be no new customers until the subdivision had been effected. Till then, he felt, there was time to move the water main. He believed that the matter could very well rest until next year's council and he, accordingly, moved that it be tabled indefinitely. There were other mains in the city that were in equally bad shape.

In seconding Ald. Brown's motion, Ald. W. J. Greer referred to one place on Seventh Avenue where it had been necessary to repair a main three times in six months. There were miles of city pipe in just as bad condition. The hospital and King Edward School required additional fire protection but such work had had to be put off on account of lack of funds.

Ald. Perry asserted that the money was not all gone. There were ample funds to do the work.

"Then why, if there is so much money, has nothing been done in regard to the scheme formulated in 1924 to give the Prince Rupert General Hospital adequate water for fire protection? asked Ald. Brown. "I would say that that is much more important than this."

Nothing had been done, explained Ald. Perry, because the city engineer had gone into the matter and had reported that there was ample water at the hospital.

"And I will repeat that there is not," insisted Ald. Brown.

The motion tabling the matter until next year was then put to the vote. Only Ald. Perry voted against it. Ald. Tinker did not signify his vote. Ald. Brown, Ald. Greer and Ald. Linzey being emphatically in favor of laying the matter over.

A Word to the Wise

When an old smoker gives a young fellow advice on the subject of pipe tobacco you can be pretty sure that Old Chum will be recommended.

Old Chum is a tobacco that *wears well!* Men who have smoked it day in and day out, year after year, all agree that it retains its sweet, cool flavour no matter how much of it you smoke.

Ten Years Ago in Prince Rupert

NOVEMBER 29, 1917.

The Grand Jury at the fall session of the Supreme Court Assizes, which was opened this morning by Mr. Justice Clement, consists of H. B. Rochester, foreman, C. A. G. Armstrong, Harry Atkins, W. J. Barrie, H. B. Belknap, John Bulger, J. C. Gavigan, C. T. Heward, R. O. Jennings, T. H. Johnson, J. W. Potter and Douglas Sutherland.

W. S. Ruffner has arrived in the city from Pennsylvania to take the position of United States Vice-consul here.

J. C. Knight of this city has received the sad news of the death at Bruce Mines, Ont. of his father who was mayor of that town.

ELEVEN BOILS ON HER ARM AT ONE TIME

Mrs. S. Petuh, Fisher Home, Alta., writes:—"I was troubled with boils and had eleven of them on my arm at one time.

"I tried all kinds of medicine, but got no relief.

"I took two bottles of

BURDOCK BLOOD BITTERS

and have never been troubled since."

B.B.B. banishes boils and all other blood disorders; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

APPLICATION MADE TO CUT CITY TREES ALONG NEW HIGHWAY

An application from Ex-Ald. George B. Casey, accompanied by a check for $10, for the privilege of cutting down some 14 to 20 dead trees along the city's portion of the Kaien Island Highway was received at last night's council meeting and referred to the Board of Works with power to act. The communication from Mr. Casey stated that the trees in question added nothing to the scenic splendors of the road and, in fact, with tops rotten and liable to fall off at any time, might become dangerous.

Ald. Perry moved that permission be granted, subject to the supervision of the city engineer, this being modified to refer the matter to the Board of Works at the suggestion of other members of the council who felt that there should first be a check-up of the trees that should be felled and those that should not.

NINETY CARS JAP ORANGES

Railways Prepared to Move Huge Shipments to all Parts of Canada

WINNIPEG, Nov. 29.—There could be no better indication that Christmas is in the air than the fact htat in a day or two millions of little Japanese oranges will be bowling across Canada never to stop until they lodge themselves in the toes of countless stockings. The Canadian National Railways in anticipation of the deluge has equipped ninety cars to carry them and these will begin moving eastward from Vancouver sometime this week. Some of them will go as far as Halifax.

From the beginning of the crop year, July 1, the Canadian National has shipped this season 2,353 cars of fruit and vegetables from British Columbia to all parts of Canada and as far into the United States as Boston and New York according to figures given out today by officials in the car service department.

NEW SLOGANS FOR RUPERT

Number Have Been Received But Others Expected to be Yet Better

Considerable interest has been taken in the slogan contest originated by F. W. Hart and a number of new slogans have been sent to thim and to this paper. There may yet, however, be better, results obtained probably. Slogans may be sent either to Mr. Hart or to this paper. Following are some of those already received:

Prince Rupert, the Northern Gateway of the Pacific.

Commerce and navigation golden heart of East and West.

Peace Province
Principal Port
Prince Rupert.

Prince Rupert, Peace River's Natural Port.

Prince Rupert, a port of Big Ideas at other people's expense.

Peace River
Prince Rupert.

Prince Rupert, 480 miles nearer the Orient.

Key to the Golden West, via Prince Rupert.

Two days' start from wheatfields to consumer.

TIE MAKERS ARE SCARCE

Interior Camps Asking for Men; Eastern and Vancouver Men in City Idle

Tie makers are scarce this year and the demand is greater than usual. The local employment office now has requests for men to go to Prince George and also to Francois Lake. Men are being sent to the camps there whenever they are available.

Mr. Campbell reports that there are a number of idle men in town, mostly those who went to the harvest fields in the autumn and have come on to the coast hoping to get work. Quite a number are from Eastern Canada. Also there are Vancouver men in the city looking for work.

Mr. Campbell says he is expecting to hear from the Buckley Bay mill soon as he understands they propose opening up the mill soon after the new year begins.

Just now, however, the chief activity is at the tie and pole camps.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA
The Mineral Province of Western Canada
To the end of December, 1926.

Has produced Minerals ~~as follows:~~ Placer Gold, $78,018,548; Lode Gold, $126,972,318; Silver, $80,787,003; Lead, $106,976,442; Copper, $209,967,068; Zinc, $50,512,5577; Coal and Coke, $284,599,133; Structural Materials and Miscellaneous Minerals, $50,175,407; making its mineral production to the end of 1926 show an

AGGREGATE VALUE OF $988,108,470.
PRODUCTION FOR YEAR ENDING DECEMBER, 1926, $67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HONORABLE THE MINISTER OF MINES.
VICTORIA, BRITISH COLUMBIA.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.

COLD WEATHER IN THE YUKON

Dawson Shows 42 Below Zero Today and Fort Selkirk 49 Below

Cold weather is reported from the Yukon today, the thermometer at Dawson standing at 42 below zero and at Fort Selkirk 49 below. Several points in central B.C. indicate zero weather there. The report follows:

Prince Rupert.—Overcast, light east wind; temperature, 33.

Port Simpson.—Light southerly wind, cloudy, temp. 32.

Haysport.—Cloudy, five inches fresh snow, temp. 32.

Stewart.—Cloudy, calm, temp. 26.

Anyox.—Cloudy, calm, temp. 30.

Alice Arm.—Cloudy, calm, temp. 28.

Aiyansh.—Cloudy, calm, temp. 27.

Rosswood.—Cloudy, calm, temp. 30.

Terrace.—Cloudy, calm, temp. 28.

Hazelton.—Cloudy, calm, temp. 18.

Smithers.—Cloudy, calm, 5 below.

Burns Lake.—Cloudy, calm, 5 below.

Telegraph Creek.—Cloudy, north wind, 14 below.

Sheslay.—Part cloudy, 26 below.

Nahlin.—Clear, 44 below.

Whitehorse.—Clear, calm, 32 below.

Fort Selkirk.—Cloudy, Calm, 49 below.

Dawson.—Foggy, 42 below.

FIRESIDE CLUB IS INDIAN CAMPFIRE

At the meeting of the Fireside Club, held in the Baptist Church parlors, last night. A very enjoyable evening was spent, around a campfire, local Indian legends translated from the native tongue were narrated by members of the club. A solo by the President Howard, brought that part of the program to a close. It was then followed by the monthly social where every one is welcome and all enjoyed a good time. Next week a very attractive program is arranged to be given by the club.

TRIPLETS COME TO HOME OF POOR WOMAN

EDMONTON, Nov. 29. — The George McDougall Hospital at Smoky Lake is rejoicing in a recent visitation of the stork, which resulted in the birth of the first triplets recorded by the hospital.

The mother is a Ukrainian girl born in Canada, and she is only 24 years old. She has another little girl, who is being looked after at a brother's place while she is in hospital. The mother has been married five years.

On November 7 at 10.55 p.m., the stork popped along with the first of the trio, a boy. At 11.25 p.m., baby brother had another baby brother whom he will proudly call his "kid brother," some day.

Then everybody thought Mr. Stork was calling it a day. He did call it a day, as a fatter of fact—but at 12.20 a.m., on November 8, just as an afterthought, he popped back and added a baby girl for good measure.

The family is in poor circumstances and has no home of his own, living with the wife's brother at times, and at others, the wife rents a room, when the husband is working in or around Edmonton.

At present, the husband is working for farmers of the Smoky Lake district. The mother and babies are all well and getting along splendidly, and Dr. R. L. Anderson, resident physician at the hospital, is very pleased with their progress, while the hospital staff is extremely proud of its first set of triplets.

One thing about it, the triplets won't all have their birthday on the same day, anyway!
