Bishop Rix Asks Help From East

Describes Distress in Caledonia Diocese Before Gathering in Montreal

MONTREAL, April 28:—Making a plea for support from the more favored congregations of Eastern Canada for the needy dioceses of the west, Rt. Rev. G. A. Rix of Prince Rupert, Bishop of Caledonia, in an address here, painted a picture of distress in his own diocese. Salaries and staffs had been slashed forty percent, fishermen were refusing to operate their boats because their earnings would not pay for fuel and Indians were almost entirely dependent upon the government for relief, Bishop Rix declared.

"We have our backs against the wall but we are not flat on our backs," the Bishop added.

HAS PASSED IN SOUTH

George McAfee, Former Manager Of Big Bay Lumber Co., Died Suddenly Yesterday

Long in North

Veteran Sawmill Man Managed Mill At Georgetown and In Prince Rupert For Years

It was with a sense of great shock that many friends in Prince Rupert learned today of the sudden death at Vancouver yesterday of George M. McAfee, for years manager of Big Bay Lumber Co.'s sawmill at Georgetown and here. News of his demise was contained in a wire received last evening by his son, Weldon R. McAfee. It was only a short time ago that Mr. McAfee had become settled at Ladner. He was paying a visit to Vancouver when he was found dead in his room in a hotel there last night. His son and daughter, Miss Jean McAfee, will leave tonight on the ss. Prince George for Vancouver to attend the funeral.

Born in the Gatineau River district, Quebec, sixty-three years ago, the late Mr. McAfee at an early age became identified with the sawmill industry in Quebec. In 1903 he came from Montreal to the Barnet Mills near Vancouver and in 1907 became manager of the Canadian Pacific Lumber Co.'s sawmill at Vancouver. Having become interested with H. R. McMillan in the Big Bay Lumber Co. Mr. McAfee came north as manager of the Georgetown mill in 1918. In 1928 Mr. McAfee moved the industry into Prince Rupert on its present site at Seal Cove. Having suffered a breakdown two years ago, he retired from the management of the local mill last year and moved south. His health had been reported to be improving and news of his demise came as a great shock.

In addition to his widow, Mr. McAfee is survived by one son—Weldon R. McAfee, manager of the Big Bay Lumber Co. here, and three daughters, Miss Jean McAfee, Prince Rupert, and Misses Jessie and Irene McAfee, Vancouver. The family will have the deep sympathy of numerous friends in its bereavement.

MRS. HERRIDGE MOTHER OF BOY

OTTAWA, April 28:—A son was born this morning to Mrs. Herridge, wife of Hon. W. D. Herridge, Canadian minister to the United States. Mrs. Herridge is a sister of Premier R. B. Bennett. The birth followed a caesarian operation. The child weighed seven and a half pounds. Both mother and son are reported to be doing well.

LOG CAMPS ARE BUSY

Timber Activities Close Depression On South End of Islands

With three logging camps in steady operation, the south end of the Queen Charlotte Islands are possibly not feeling the depression just now as keenly as some other parts of the country. The logging camps in operation are the T. A. Kelley Logging Co. at Logan Inlet, the J. R. Morgan Logging Co. at Crescent Inlet and A. P. Allison Logging Co. at Queen Charlotte City.

Development work is also proceeding at the Southeaster mine at Skidegate and prospects for the property are said to be quite promising.

Massett Inlet is still quiet but is looking for an active salmon canning season. The B. C. Packers plant at Shannon Bay will be one of the operating canneries there this season, it is expected.

JURY HAS CASE NOW

Honolulu Murder Trial Reached Its Final Phase Last Night—Darrow Eloquent

HONOLULU, April 28:—Clarence Darrow, with his old-time vigor and brilliance, presented a lengthy and impassioned argument to the jury yesterday in his capacity as defence attorney in the "honor murder" trial in which Lieut. Thos. H. Massie, Mrs. Granville Fortesque and two United States naval seamen are charged with second degree murder in connection with the killing of a native youth who allegedly assaulted Mrs. Massie. Stressing the sufferings of the husband and mother after the assault, the celebrated 75-year old criminal lawyer made a stirring plea for a verdict of not guilty.

Mr. Darrow's address was followed by a brief closing argument by Prosecutor Kelly, who made a fiery demand for conviction, after which the presiding judge delivered his instructions to the jury.

The sensational trial entered its final stage when the jury retired at 4:22 p.m. to consider its verdict.

ENCOURAGING NEWS

Encouraging news was received yesterday in regard to the proposed new sulphite mill. Frank L. Buckley will probably be in the city soon to make arrangements in connection with the water supply and the various matters in connection with the site at Seal Cove, but local people must not be disappointed if there are delays. The proposition is a big one and negotiations in connection with its various phases takes time. The main thing is that plans are still making progress.

The visit of Mr. Buckley next week is understood to be in connection with the securing of a water supply from the city for the mill and other matters in connection with the proposed site at Seal Cove.

FUR SEAL PEST

Yesterday we published an article dealing with the depredations of the fur seals on the halibut and salmon on this coast. It seems that with the consent of our governments the seals are protected on the Pribiloff Islands and these seals pass down the coast in the fall and return north in the spring, taking large toll of the fish as they pass. There are many thousands of these animals and it is almost impossible to estimate the number of halibut and salmon they destroy. It is not only what they eat but what they kill that really counts.

Every year the government spends considerable money killing the sea lions. This is good work but it is not enough. The fur seals are just as bad in the localities where they pass. They not only kill the fish but interfere with the fishermen in their arduous labors by actually taking the fish off the hooks, salmon in the inside waters of Hecate Strait and halibut on the banks west of Queen Charlotte Islands.

The fishermen have to look on these depredations, helpless to do anything to stop them because the seals are protected by international agreement to which the government of Canada is a party.

At various times we have advocated the abrogation of the treaty and the throwing open to everyone of the right to catch the seals in open waters. Then Prince Rupert fishermen could turn from halibut fishing at a time like this and take seals instead, thus making an honest living when such is denied them from the fisheries.

In view of the prevailing situation it is very desirable that the government of Canada take action to protect the fishermen on this coast by destroying the fur seals or allowing them to be destroyed when they prey upon the fish from which our fishermen make their living.

Some Babies owe it their lives!

THAT'S what grateful mothers often write us, praising Carnation Milk for baby feeding. Famous specialists recommend it because of its purity, uniformity and safety. Carnation is heat-treated forming finest, softest curds in the baby's stomach. And homogenization breaks up the coarse fat globules into easily assimilable ones. This makes Carnation super-smooth in cookery, too. Splendid when creaming coffee and for use with fruits and cereals. Economical because double-rich.

POLICE AND FIRE PROTECTION

Editor, Daily News:—

Nanaimo, with a population of 8900, spent for fire protection $10,735 and for administration of justice (police force principally) $10,668, in 1930, which is the most recent date for which figures are available. Both services cost $21,403 which is $2.52 per capita.

Prince Rupert, with a population of 6400, spent in the same year for fire protection $18,187 and for administration of justice $14,519. Both services cost us $32,706, which is $5.06 per capita. This is almost exactly twice as much as it cost Nanaimo.

Our estimates for the police department this year are $12,500 and for the fire department $14,930, making a total of $27,430 for both services.

The Ratepayers' Economy Committee recommended to the city council that the police officers be reduced to one sergeant and one constable, that the fire department be reduced by one man, and that all firemen be sworn in as constables and do duty as such, under arrangements to be made by the two heads of departments. At present there are seven policemen and seven firemen. Under the proposed scheme there would be eight men available as constables, two of whom would be provincial police and fully trained. It will thus be seen that we are not recommending the abolition of the provincial police.

While it is recognized that probably neither the police or fire department would at first be quite as efficient as it now is, it is believed that either would be fully able to cope with any situation which may arise. It is not likely that any increase in the insurance rate would ensue.

By adopting this scheme the cost of the two services would be reduced by $2.67.

F. W. WESCH,
President Ratepayers' Assoc.

SPENDING TO SAVE .. THROUGH

Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

PIONEER IS DEAD

Nick Schug, Island Settler, Road Builder and Fisherman, Succumbs at Q. Charlotte City

SKIDEGATE, April 28:—Nick Schug, one of the real old timers of the Queen Charlotte Islands, passed away on Tuesday morning of last week at his home in Queen Charlotte City. His death was very sudden, being due to heart failure.

The late Mr. Schug, who was well known in Montana in the early days as a prospector and miner, came to the Queen Charlotte Islands 24 years ago and took up land in Skidegate Inlet. During pioneer days he did a good deal of road building for the government. Later he took up salmon trolling and became very well known in the fishing industry.

Owing to failing health, Mr. Schug had remained close to home during the last two years.

The death of Mr. Schug is regretted by many friends in the north. Many old timers attended the funeral which took place at Queen Charlotte City with Rev. William McKenzie, United Church pastor, officiating. There were floral tributes from the following: Mr. and Mrs. Tingley and family, Mr. and Mrs. G. Carmichael and family, Mrs. Frost, Mr. and Mrs. A. Cook, Dr. and Mrs. Charter, Mr. and Mrs. Stevens and family, Mr. and Mrs. T. Haan and family, Mr. and Mrs. J. Sigmund and family and H. Jarvis.

BURDOCK BLOOD BITTERS

Severe Headaches Pimples on Face

Miss Marie L. C. Blackwell, Gunn, Alta., writes:—"For two years I suffered from severe headaches, and pimples on my face.

My headaches seemed incurable, and I thought the pimples would never disappear.

A friend recommended Burdock Blood Bitters, and on trying a bottle I found the headaches disappear, and I am not bothered any more with the pimples."

QUAKER
Subtle...intriguing
CORN FLAKES
SUNSHINE VITAMIN
The Quaker Oats Company

Quaker Corn Flakes are made better by the addition of Vitamin D. No other Corn Flakes contain the precious sunshine vitamin.

EXPECT more in flavour from Quaker Corn Flakes than you have ever tasted in any other corn flake! You will not be disappointed. Their subtle flavour will intrigue you. Its ingredients are higher in quality than those usually put into a corn flake. Special malt, pure CANE sugar and salt of crystal purity.

We know you will like Quaker Corn Flakes better than any other corn flake you have ever tasted. If you do not, we will refund you the cost of the package. This guarantee is printed on every carton.

And then to preserve this supreme flavour, Quaker Corn Flakes are triple-sealed and wax-wrapped.

And economical...Quaker Corn Flakes cost but a cent a serving. MADE IN CANADA

Detroit Tigers Lose the American League Leadership—Cubs in Tie for National Lead

NEW YORK, April 28— Losing a close game to the Chicago White Sox yesterday, the Detroit Tigers dropped out of first place in the American League, leaving the idle New York Yankees on top with a mathematical lead. As a result of the victory, the White Sox moved into fifth place ahead of the Philadelphia Athletics and St. Louis Browns. The Browns were stubborn victims for the Cleveland Indians in the only other American League game yesterday.

Chicago Cubs doubled the score of the Pittsburg Pirates and moved into first place in the National League with the Boston Braves who were idle. The Pirates and Phillies are now tied for third place. The Cincinnati Reds defeated the St. Louis Cardinals and relegated the world champions to seventh place while they, themselves, moved into sixth position.

All other Big League games were postponed because of rain or cold weather.

RAJAH HAS BIRTHDAY

Pilot of Chicago Cubs and Great Right-Hander, Thirty-Six Years Old Yesterday

CHICAGO, April 28: — Rogers Hornsby, manager of the Chicago Cubs, and one of the greatest right-hand batters of all time, celebrated his thirty-sixth birthday yesterday. It was also the seventeenth anniversary of the "Rajah's" entry into Big League baseball. He started with St. Louis Cardinals after a year in the minors.

Really Better!

That is the verdict of thousands who now "roll their own" with Chantecler Cigarette Papers. If you want to speed up rolling cigarettes and want a better smoke besides, try these better papers.

Baseball Game Is Postponed

Intermediate League Fixture to Be Played on Sunday Instead of Tonight

The Intermediate League baseball fixture, scheduled for tonight, has been postponed until Sunday.

The Intermediate League is desirous of receiving old baseball uniforms for use of the Intermediates.

SPORT NOTES

Like the world champion St. Louis Cardinals in the National League, the Philadelphia Athletics seem to be finding the early season going rather heavy in the American League and, like the Cards, are having a taste of what it feels like to dwell in the second division not far up from the cellar. It is odd enough that both pennant winning teams of last year should be occupying seventh place in their respective circuits today, the Athletics only one full game out of the cellar and the Cardinals in a similarly precarious position.

Some baseball observers are beginning to wonder if Connie Mack's great machine of the past few years is about to "crack" this season. Certainly, they seem to be having a hard enough time to get going and are having no better success against the supposedly weak teams than against the allegedly strong ones as could be witnessed by their rout at the hands of the lowly Boston Red Sox on Tuesday. If the A's are to repeat this year, the veteran McGillicudy will have to be pulling his erratic forces together soon now.

Detroit Tigers have been making a good showing so far but their reign near the top of the class will probably be only temporary for it is still doubtful if the Detroiters are really pennant material. In the view of many, those hard-hitting Yankees present the big threat in the junior circuit this year and there are not a few who believe that World Series of 1932 is due to come Yankee Stadiumward. So far, at least, one might be justified in believing that the American League race this year may be between the Yanks and the Washington Senators although the latter look a little wobbly.

Cleveland Indians may finish up in the first division this season. In fact they should and, if they do, it will probably be at the expense of the Detroit Tigers for nobody really thinks that the Athletics will end the season in the second section. St. Louis Browns, Chicago White Sox and Boston Red Sox are conceded places in the second division where they are already placed. In the final analysis, if form counts, the pennant fight should be between the Yankees, Senators and Athletics.

SOFTBALL IS PLAYED

Cubs Defeat Giants in High School League Yesterday

In yesterday's softball game at the High School the Cubs took the Giants to the cleaners to the tune of 13 to 2.

In the first two innings of the contest the Giants held a slight margin. In the third the Cubs broke loose and went in for a session of heavy hitting. Before the Giants could gain control of the situation the Cubs had brought in nine runs. The Giants, who were weakened by the absence of three of their players, could not counter in the last half of the inning.

The fourth and fifth innings were uneventful with the Cubs slightly increasing their lead. The game ended with the Giants holding the short end of a 13-2 score.

This game was not as keenly contested as some of the preceeding ones largely on account of the numerous field errors prevailing. The fielding of the Giants was exceptionally weak, the players missing easy pop flies. It was an easy victory for the Cubs.

The teams were as follows:

Cubs—Faw lf; Church c; Davies rf; Moxley (capt.) p; Obata 1st; Fulton ss; Morrison 2nd; Ross rss, Hanson 3rd.

Giants—Arney lss; Smith p; (Capt.); Forbes 2nd; Kishomoto c; Blake 1st; T. Johnstone lf; Suehiro 3rd; Peachy cf; Murdoch rf.

The next game will be on Friday between the Falcons and Tigers. The Tigers have lost no games while the Falcons have lost one. If the Falcons win there will be a playoff.

BIG FIGHT ON FRIDAY

Levinsky and Walker All Set For 10-Round Bout in Chicago Tomorrow

CHICAGO, April 28:—King Levinsky and Mickey Walker closed training yesterday afternoon in anticipation of their 10-round bout here on Friday night.

While Levinsky is not under-rated, Walker is confident his speed will serve him in good stead in defeating the Kingfish. Defeat or even a mediocre victory would adversely affect the Toy Bulldog's chances for a heavyweight title bout. And Levinsky has the habit of making things awkward for heavyweight title aspirants.

As he came closer—as he took her in his arms — again she noticed "B.O."!

The Man Who Threw Away LOVE

"Let me go," she cried. "I cannot marry you. I never should have promised."

ANOTHER romance ended—all because of "B.O." Had he only been more careful! Only realized how *important* it is to guard against "B.O."—*body odour.*

Our pores are constantly giving off odour-causing waste—a quart daily. Yet we quickly become used to an ever-present odour and don't notice it in ourselves—don't realize how it may be annoying others. For of all unpleasant odours, the one most disliked is "B.O." *in somebody else!*

Don't risk offending

A hint of "B.O." may easily ruin our chances with the girl we love—the man we want to impress in business. Don't run this risk—ever. Keep pores clean and *deodorized* by frequent bathing with Lifebuoy. Its creamy, abundant, penetrating lather goes deep into the pores, purifies them of every trace of unpleasant odour—leaves you gloriously, satisfyingly CLEAN. Lifebuoy's pleasant, *extra-clean* scent—that vanishes as you rinse—tells you, "Here's an end to 'B.O.' danger."

And remember too, harmful germs lurk on things we touch. Our finger prints leave them on food we eat and so they get into our system. Frequent washing in Lifebuoy's rich, antiseptic lather renders germs inactive—keeps us safe.

Watch complexions freshen

When complexions look dull and cloudy, it's generally because the skin is only *half*-cleansed. Get rid of pore-deep dirt and impurities with nightly Lifebuoy "facials". Work the pure, bland lather well into the pores; then rinse. See how quickly dull skins freshen and glow with clear healthy radiance.

Try Lifebuoy Free

If you don't use Lifebuoy and want to try it, send a clipping from this advertisement with your name and address to Lever Brothers Limited, Dept. 54, Toronto, Ont. One full sized cake will be sent you without cost.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

New Device Enables Mutes to Feel Music and Oratory

EVANSTON, Ill., April 28:—If you were struck deaf, mute and blind tomorrow, you could learn to feel the world's most beautiful symphonies or the most inspiring orations within six months.

This possible replacement of man's sensory organs has been brought about by the development of a strange little machine called the teletactor upon which Dr. Robert H. Gault, professor of psychology at Northwestern University, has been experimenting for eight years.

It is only during the past year, Dr. Gault declares, that definite results have been obtained.

Dr. Gault measures his results in a somewhat unusual manner. Although many of his instruments are in use at the Illinois School for the Deaf at Jacksonville, Ill., from which he has been receiving encouraging reports, no "genuine" opportunity to test the apparatus appeared until he discovered Miss Helen May Martin, 38, who has been a blind, deaf mute since she was four.

Remarkable Feat

Miss Martin, who—oddly enough—has been using her big toe as an ear, taught herself to play a few pieces on the piano by pressing that big toe against the middle pedal of the instrument. Her music was halting, crude, expressionless and a trifle wierd. Nevertheless, she eventually pieced together "A Perfect Day."

The teletactor consists of a small vibrating disk, upon which the deaf person places his finger. It is connected with a microphone through a battery and amplifier. With this outfit sounds of spoken language can be felt. Inasmuch as no two sounds feel alike, a deaf person's understanding develops as he differentiates between the intensity of the vibrations.

By patient application, Dr. Gault is slowly teaching Miss Martin the differences in sound. The woman has learned only 30 basic words, but her progress in music has been better.

"By playing 'A Perfect Day' on the phonograph for her," he said, "we finally taught her that it was the piece she had been playing on the piano. Then, slowly, she noted the differences between her rendition of the song and that of the orchestra. In the past few weeks she has been putting color into her music."

L. T. Wood of Queen Charlotte City was among last night's arrivals in the city from the Islands on the steamer Prince John.

THRILLING MYSTERY

Warner Oland, Marian Nixon and Alexander Kirkland Are Stars of "Charlie Chan's Chance."

An intriguing romance between Alexander Kirkland and Marian Nixon is woven into the plot of the mystery drama "Charlie Chan's Chance," starring Warner Oland, which is the mid-week offering at the Capitol Theatre here. Kirkland and Miss Nixon are among the suspects in a murder tangle but they are absolved from suspicion by Charlie Chan, the famed Oriental detective who solves the mysterious crime and brings the real criminal to justice by following what the New York police and Scotland Yard believe to be insignificant clues. He experiences a series of thrilling adventures and breath-taking escapes in doing so.

Warner Oland turns in his usual suave performance as the detective. Miss Nixon is petite, beautiful and charming while the handsome six-foot Kirkland again wins acclaim. Other prominent personalities in the cast include H. B. Warner, Linda Watkins and James Kirkwood.

The story is another of Earl de Biggers series of mysteries. "The Black Camel" and "Charlie Chan Carries On," which have already been seen here, were also Chan pictures.

BRIDGE BY TELEPHONE

Young Ladies of Cambrai Chapter I.O.D.E. Stage Interesting Social Innovation

An interesting innovation in the way of local social affairs was sponsored last night by Cambrai Chapter, Imperial Order, Daughters of the Empire, in the form of a telephone bridge and the affair proved highly successful and very enjoyable. Its popularity was testified to by the fact that there were no less than twenty-five tables in play at the homes of eight young lady members of the Chapter. Winners, determined by telephoning the results from place to place, were Miss Marjorie Blance, who captured first prize, and Miss Frances Cross, who took the consolation award.

The hostesses were Miss Jean Robertson, Miss Polema Cameron, Miss Florence Smith, Mrs. H. L. Alexander, Miss Olive Munro, Miss Jean Grieve, Miss Maizie Macdonald and Mrs. W. M. Watts. Following the playing of cards, refreshments were served by each hostess to her group members of the chapter generally assisting.

Canada enjoys unique leadership in world's largest dry docks.
