Senator Barkley Makes Biting Attack Upon Republicans and Their Methods; Repeal Urged

Exorbitant Rates of Present Administration Denounced—Log Rolling and Back-Scratching Decried—Would Lift Plane of United States Public Affairs

CHICAGO, June 27:—A biting attack upon Republican rule in the United States through three administrations and a plea for a vote on repeal of the Eighteenth Amendment were laid before the Democratic national convention today in the keynote speech of Senator W. Barkley of Kentucky.

Barkley denounced President Hoover and the Republicans for "exorbitant and indefensible rates" of the Smoot-Hawley tariff act and promised to lift tariff making above the sordid processes of log rollers and back-scratchers."

The keynoter urged that the convention recommend the passage by Congress of a resolution submitting a repeal of the Eighteenth Amendment for ratification by the people through state conventions whose delegates should be chosen upon this issue alone.

Barkley proposed that the Democrats should solve the tariff problem by inaugurating friendly international conferences with a view to re-opening normal trade channels in the world and make the tariff commission a fact-finding body for Congress.

The keynoter further advocated consideration of a five-day week or a six hour day as a possible solution of employment problems.

The Roosevelt program committee has completed its work. The document is to be very brief, the outstanding planks being lower tariffs, immediate independence for the Phillipines, enforcement of the anti-trust laws and resubmission of the Eighteenth Amendment.

French Administration Likely to Fall Owing to Dissensions Among Supporters

NEW YORK, June 27—Dispatches received here from the French capital indicate that the Herriot government is likely to fall as a result of dissensions among supporters caused by the conciliatory policy of the administration.

The so-called advanced radical group, of which Herriot is the leader, is not strong enough to keep the president in power without co-operation of allied groups. Even among his own followers there are said to be strong differences of opinion in regard to the policy that should be followed in regard to disarmament, reparation and the cancellation of war debts.

DEMOCRATIC CONVENTION

This is the day for the opening of the great Democratic convention which will choose a man to contest the presidency with Hoover. It is really the formal opening of the great national contest because the moment the candidate is chosen he turns his efforts from fighting to secure the nomination to fighting to secure election. In most cases the men who have been opposing the successful candidate for nomination will be supporting him for election the moment the convention is over. He is a bad man today but tomorrow he will be the best man in the country to serve as national executive.

The election of United States president is very important to the people of Canada because of the attitude he is likely to take toward things Canadian. As our nearest neighbor the affairs of U. S. and Canada are bound to become more or less intermingled. At present we visit each other and greet as friends but when it comes to trade and immigration we are anything but neighborly. We hit each other just as hard as Sharkey and Schmeling pummelled each other.

SPORT CHAT

Keen interest is being taken in horseshoe pitching this summer by members of the Canadian National Recreation Association. There are eleven teams of two players each entered and competition is very keen. The two new pitches are in excellent shape and the club would welcome a few more players who would like to try their hands at the game. Three teams—Brass-Davis, Priest-Elliott and Horton-Reid—are at present tied for the league leadership.

Over 70,000 Englishmen watched Larry Gains, Canadian boxing champion of the British Empire, do what they thought was the impossible. Stay ten rounds with, and outpoint by at least seven rounds the mighty Italian Carnera. Never the English press tells us, has a fighter received such a reception on being judged the winner. Those thousands never left their seats until Gains was in his dressing room, and they cheered him every step of the way. He had shown true British courage, by forcing all the way, his fight with a man six inches taller and 75 pounds heavier.

Prince Rupert Defeats U. S. S. Trever Three to One in Baseball; Stiles Strikes Out Twenty-One

Prince Rupert All-Stars, in an exhibition baseball game yesterday afternoon, handed a three to one defeat to a team representing U. S. S. Trever, one of the two United States' destroyers which paid a visit to the city over the week-end. The game was a pitchers' battle all the way, no runs being scored until the sixth inning. "Sonny" Stiles was on the slab for Prince Rupert and his shoots had the Gobs badly puzzled. He struck out 21 batters in the nine innings, and only allowed two hits, both of these coming in the last frame, when the Yanks scored their only run.

Albin, pitcher for the visitors, turned in a fine performance also, striking out nine men and allowing but six safeties. He had a baffling change of pace which had the local lads swinging their heads off.

First Score in Sixth

The first score of the game came in the sixth inning. Lambie struck out. Smith walked and stole second. Bury went in to bat for Arseneau and flied out to centre. Alex Mitchell scored the first real hit of the game when he drove one to left, driving in Smith. Nelson hit a long fly to right which Knott nailed.

Prince Rupert made their other two runs in the eighth. Lambie was first man up again and he doubled to centre and got to third when the left fielder kicked the ball in trying to stop it. Smith was safe when he rolled one through the third baseman's legs, Lambie staying on third. Smith stole second. Lambie and Smith scored on Bury's single and the latter went to second on the throw to the plate. Mitchell flied out to centre and Nelson flied out to Hartung at second. Kenny was hit by the pitcher. Farquhar singled and filled the bases. Moran drove one to short which Grande nabbed and tossed out Farquhar at second to end the inning.

In the ninth the Sailors scored their lone tally. Albin and Grande both hit Texas Leaguers to centre. River struck out and both runners advanced on a passed ball. Albin scored when Smith misjudged Hartung's fly ball and Grande stopped at third. Stiles tightened up again and struck out the next two batters to end the rally.

FIGURES IN SPORT

HARRY L. GILL, TRACK COACH

Harry L. Gill, known as a celebrated track coach by that name but christened Henry Levering Gill, first taught himself to become a great athlete and then devoted his time to imparting his knowledge to younger men. He loved track and field sports.

The career of this tall Canadian began shortly before 1900 when he won the all-around athletic championship of America. In 1901 he won first honors in Canada and in 1903 became professional all around champion. At one time he held the world's record for the discus.

After a notable competitive career and a few years of coaching, Gill settled in 1904 at the University of Illinois and began developing successive track and field stars whose ability was coached into record-breaking performances both as individuals and teams. In 1930 Illinois won 110 track meets, lost only 20 and tied two. By successive victories in 1920, 1921 and 1922 Illinois took permanent possession of the Spalding Cup, being the only school to ever accomplish this feat.

Gill's banner year came in 1924 when most of the points by which United States won the Olympic Games were made by college-trained athletes and Illinois men developed by Gill led the colleges.

Gill developed such stars as Harold Osborn, decathlon and high jumper; Dan Kinsey, hurdler; Horatio M. Fitch, runner; Avery Brundage, three times all-around champion of America; Lee Sentman and Waldo Ames, hurdlers; William May and Jack Case, sprinters, and Verne McDermont, vaulter.

Gill was born January 9, 1876, in Coldwater, Ont. He attended high school and later went to Harvard school of physical training. At the age of 19 he started his athletic career, first winning distinction with the high jump and then turning to weights and hurdles until he was ready to try for the all-around championship. His first coaching experience came at the University of Iowa in 1901 and later he went to Beloit College.

Gill is a famous advocate of teaching the boy, above all, to play the game square.

Vacuum Packing Speaks For Itself

A family on a ranch off the highway near Kamloops took in a case of Pacific Milk not knowing of the new vacuum process. The mother says she noticed a difference in flavor in the first can, but really did not pay much attention. Several cans made her study one and she found out the reason.

We will receive many letters like this as vacuum milk gets into women's kitchens.

NEW HAZELTON

Olof Hanson, M.P. for Skeena, and Dr. H. C. Wrinch, M.L.A. for Skeena, were both in attendance at the annual meeting of Division B Farmers' Institutes which was held recently at Telkwa. Officers elected for the ensuing year were as follwos: persident, F. M. Dockrill; vice-president, Mr. Owen; secretary, D. Sutherland; delegate to advisory board: J C. Killer.

Mrs. M. L. Greig and her daughter, Mrs. Sam Kirkaldy, of Terrace were guests here of Mrs. C. H. Sawle for a few days recently while visiting with Mrs. Greig's daughter, Miss Helen Greig, who is training for a nurse at the Hazelton Hospital.

Mrs. A. M. Ruddy, formerly of Hazelton and now residing at Burns Lake, is visiting in Smithers as the guest of Mrs. George Wall.

About twenty carloads of poles have been shipped by the Hanson Timber & Lumber Co. from here during the past few days.

It is reported that the Canadian National Railways are about to cut off seven section crews between Prince Rupert and Jasper. All foreigners who have not got naturalization papers are to be let go.

Mike George started last week to get some 35,000 feet of logs left in the bush a couple of years ago out to the river bank ready to be dumped into the Skeena as soon as the first drive is ready.

BURNS LAKE

Hon. N. S. Lougheed has written to the Burns Lake and District Board of Trade giving assurance that the question of fire protection in this district is receiving serious consideration and that the government is endeavoring to work out some scheme which will give a measure of protection without too great expenditure.

"World Economic Conditions" was the subject of an address delivered by Angus MacInnis, Labor M. P. for South Vancouver, in the Community Hall here last Tuesday evening. About two hundred persons attended the meeting and gave Mr. MacInnis an attentive hearing. Olof Hanson, M. P. for Skeena, presided. Mrs. MacInnis also spoke briefly. Mr. and Mrs. Hanson drove Mr. and Mrs. MacInnis to Smithers where a meeting was held Wednesday night.

Forest fires which have been raging throughout this district recently have been somewhat suppressed by recent rains but are still a menace and will start up again unless heavy rains occur.

Miss Catherine M. Irvine of Prince Rupert was a visitor in this district around the middle of last week.

Phil Brunell celebrated his twenty-first birthday last week and a birthday party was given in his honor by Mr. and Mrs. R. C. O'Hara.

Miss Eby of Vancouver, representing the British and Foreign Bible Society, was a visitor here last week in the course of a tour of the central interior.

Hon. R. H. Pooley, Attorney General of British Columbia, and Mrs. Pooley passed through here last week in the course of a holiday tour through the district.

Guests at Francois Lake Lodge have been surprised to see the wealth of blossom on the apple trees. Mr. and Mrs. Henkel have harvested apples at the lodge for many years and a number of young trees have now started bearing.

Ronald Prosser has been engaged as mechanic for the Northern Garage here.

PRINCE GEORGE

John A. Fraser, M. P. for Cariboo, addressed a luncheon of the Prince George Board of Trade on Wednesday, giving an interesting talk on the proceedings of the last session of Parliament at Ottawa. In the course of his address, Mr. Fraser criticized the hold that the banks are keeping on the people and industrial undertakings during the present emergency.

Many Prince George residents attended a dinner which was held at Vanderhoof on Monday night in connection with the holding of the annual convention of District "C" Farmers' Institute. The Institute elected officers for the ensuing year as follows: Honorary President J. H. McMillan, Vanderhoof; president, E. J. Down, Woodpecker; vice-president, L. J. That Dreaded Time of Life

Mrs. Brockhank Tells Why She Recommends Dr. Williams' Pink Pills to Women of 40 to 50

Color and Appetite Returned

"My age was 48—which every woman knows is a critical time of life—when I derived such benefits from Dr. Williams' Pink Pills," writes Mrs. Brockhank, Hamilton, Ont. "I felt so tired and depressed; could not sleep; my appetite was impaired; my skin and lips were palid. I could not make any headway with my housework. I got discouraged, as tonic after tonic did not better my condition. My sister, a graduate nurse, advised Dr. Williams' Pink Pills. After taking a few boxes my condition greatly improved. My sleep was restful and my natural color and appetite returned."

Dr. Williams' Pink Pills rebuild health by creating new blood and increasing the red blood cells, which restore the wasted tissues and revitalize the exhausted system. They remove the cause of run-down or nervous conditions. Try them. At your druggist's in the new protective glass containers. 50c a package.

One of the Bible texts was, "And I saw a new heaven and a new earth; for the first heaven and the first earth were passed away; and there was no more sea" (Revelation 21: 1).

The lesson-sermon also included the following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "New Jerusalem. Divine Science; the spiritual facts and harmony of the universe; the kingdom of heaven, or reign of harmony."

Army and Navy Officers in Control of Situation in Siam Following Revolution

BANGKOK, June 27:—For their own protection as much as anything, the King and Queen of Siam are still both under arrest and army and navy officers of Siam are in complete control of the situation following the week-end revolution.
