TOKYO ATMOSPHERE UNSETTLED AFTER ASSASSINATION

Cabinet Resignation Presented to Mikado; Future Is Uncertain

Flowery Kingdom Appears to Be Wavering Between Constitutional Government and Dictatorship—Emperor Bewildered

TOKYO, May 17:—Following the hectic developments of the past few days, the political atmosphere of the Japanese capital continued very unsettled today. Whether the present form of constitutional government would prevail or a dictatorship be set up appeared quite uncertain. Finance Minister Takahashi, who was appointed temporary premier following the assassination of Premier Inukai on Sunday, handed the resignations of the entire cabinet to the Emperor yesterday. The Mikado appeared to be bewildered as to what next action to take.

Eighteen young naval officers, believed to have been implicated in the assassination of Premier Inukai, surrendered to the authorities yesterday. Serious mutinies on naval ships are reported to have followed the incident. All news broadcasts from Tokyo have been ordered discontinued.

The funeral of the slain Premier has been set for Thursday.

MURDERERS SENTENCED

Dr. Albert McKeown Gets From 12 to 25 Years—Leslie Barrett From Five to 20

SEATTLE, May 17:—Dr. Albert G. McKeown, Seattle dentist, who had been convicted a few days previous on a charge of second degree murder in connection with the beating to death of his aged mother in the basement of his home here, was sentenced on Saturday to a term of imprisonment of not less than 12 years and not more than 25 years. His wife, two young sons and father clung to McKeown as he was led away from the courtroom by police officers following the passing of sentence.

Also on Saturday, Leslie Barrett, aged 19, was sentenced to from five to 20 years' imprisonment on a charge of manslaughter in connection with the killing of his mother during a drinking bout. Barrett's counsel requested the court to make the youth's term of imprisonment until such time as existing liquor laws of the country were amended.

THREATEN TO CANCEL TARIFF PREFERENCES TO IRISH FREE STATE

LONDON, May 17:—Rt. Hon. James H. Thomas, Secretary for the Dominions, has revealed the intention of the British cabinet to cancel Imperial tariff privileges as far as the Irish Free State is concerned if the Free States puts into effect the proposal to abolish the oath of allegiance to the crown. The Free State has been dependent on tariff preference for marketing of much of its dairy products in England in competition against Denmark.

REFORM OF BOOZE LAW

Prohibition. Promises to Loom Large at Republican National Convention

WASHINGTON, D.C., May 14:—The belief is gaining ground that the Republican national convention, to be held next month in Chicago, will adopt a plank of reform of the present prohibition laws. Many prominent Republicans express favor for some sort of liquor control although none would entertain a return of the saloon. Neither is it expected the party would be in favor of repeal of the Eighteenth Amendment.

ARRESTS EXPECTED

Officers Believed to Be Hot on Trail of Lindbergh Kidnappers and Murderers

One Is Woman

Col. Schwarzkopf Remains at Head of Investigation—Secret Service Helping

HOAX IS REVEALED

HOPEWELL, May 17:—Col. Norman Schwarzkopf, superintendent of New Jersey state police, announced today that John Curtis Hughes, shipbuilder and one of the Norfolk negotiators in the Lindbergh kidnapping case, had written a complete confession that all the people with whom he had told of negotiating at sea and all the boats on which he said he had met them were creations of his own imagination.

TRENTON, N.J., May 17:—Despite some criticism which has been voiced at his handling of the case, Col. H. Norman Schwarzkopf, head of the New Jersey state police, will continue to direct the investigation into the kidnapping and murder of Charles Augustus Lindbergh jr., it was announced yesterday. The offer of the United States secret service of assistance has been accepted but its operations will be under Col. Schwarzkopf's direction.

It was said last night that officers were hot on the trail of a gang of five men and one woman, who are supposed to have received the $50,000 ransom which was paid over on behalf of Col. Lindbergh and who are suspected of the kidnapping and murder. Arrests are expected momentarily, it was stated. Dr. John F. (Jafsie) Condon, who paid the $50,000 over at a rendezvous in the Bronx, is personally assisting the police in efforts to identify the abductors.

The search was also being carried on by coastguard vessels for the ship which Norfolk intermediaries claimed to have met to negotiate with representatives of the supposed kidnappers and which since the finding of the baby's body was said to have dropped out of sight.

DISORDERS CONTINUE

Many Moslems and Hindus Murdered in Worst Rioting Bombay Has Known in Years

BOMBAY, India, May 17:—Widespread rioting between Moslems and Hindus continued in the streets of this city yesterday with wholesale cold-blooded murders and wanton destruction and looting of property. It was estimated last night that 72 persons had been killed and 800 wounded within the last three days. Numerous business places had been wrecked and hundreds of homes burned by blood-crazed mobs in the worst disorders Bombay has known in years. Armored cars were being brought in to the city by the authorities to patrol the streets.

The disorders are believed to have been started by Moslem children throwing stones at Hindus and are believed to have nothing to do with the nationalist movement.

The Royal Irish Fusiliers opened fire tonight on a mob of Moslems who were looting and burning shops in Bhendy Bazaar, the centre of the worst of the riots since last Saturday.

Between Eighty and One Hundred People Trapped Aboard Ship

Motor Vessel Georges Philippar Destroyed By Fire Yesterday While on Maiden Voyage to Orient—Survivors Landed at Aden By British Steamer Today

ADEN, Arabia, May 17:—Eighty to one hundred persons, most of them first class passengers, were trapped aboard the blazing French motorship Georges Philippar yesterday and some of them must have lost their lives, survivors declared when they arrived here today aboard the British steamer Contractor which rescued them. The fine new vessel was on her maiden voyage to the Orient with many prominent people among her passengers. The captain was among the survivors to be taken off, indicating that all persons still alive aboard the abandoned vessel had been taken off.

RAILWAY SERVICE

Prince Rupert to Have Six Trains a Week This Summer Each Way

Under the summer train service of the Canadian National Railways for Prince Rupert, there will be six trains a week each way, three of which each way will be full passenger trains, the other three each way being mixed trains such as have been operated during the past winter.

The full passenger trains will leave for the east on Mondays, Wednesdays and Saturdays at 12:30 noon and will arrive from the east on Mondays, Wednesdays and Saturdays at 1:30 p.m.

The mixed trains will leave here for the east Tuesdays, Thursdays and Fridays at 3 p.m. and will arrive from the east on Sundays, Thursdays and Fridays at 11 p.m.

There will, therefore, be no train out on Sundays and no train in on Tuesdays.

The new train service becomes effective on June 12.

KEEP UP OPTIMISM

"If we don't keep up our optimism and our pep we shall soon find that we have nothing left," declared L. S. McGill of Smithers who was here yesterday.

Mr. McGill had just returned from a successful mission in Vancouver but he would have been equally optimistic and smiling if he had failed. He can't help it. He has the happy faculty of keeping up his own spirits and enthusing everyone with whom he comes in contact. He refused to let the glum faces on Vancouver's Wall Street depress him and turned to other sources for his financing.

So with all of us. We must refuse to be beaten and, when one method fails, we must try another. This is a time when men and women refuse to carry on in the old way but look rather to some newer and better way of doing things. Hard times kill some people but bring out the native ingenuity of others who rise above their surroundings and keep happy and smiling.

PROVINCIAL SITUATION

It seems that there is much discord in the provincial Conservative ranks and it is rumored that Premier Tolmie will retire in favor of W. J. Bowser, former premier and attorney-general. The Province newspaper is becoming more and more outspoken against the administration and its work and the feeling everywhere in the south seems to be that the administration is doomed when it decides to make its appeal to the country.

Norman Senior, the special representative of the Vancouver Sun at Victoria, writes to his paper that Premier Tolmie is to be offered a job at Ottawa and that pressure is being brought to bear to have him accept it and make way for Mr. Bowser. The new cabinet would be Conservative but under another name. In fact it would be an effort to save the party from almost total destruction in British Columbia.

Possibly the situation in the south may be exaggerated but it undoubtedly is true that the difficulties at Victoria are something more than mere family bickerings. They appear to be nearing a condition of open rebellion but possibly the outbreak will not occur. At any rate it seems as if an election is due this year, probably in the early autumn.

JAPANESE SITUATION

It is very difficult for an outsider to understand the Japanese situation. The only thing that seems clear is that the country is torn with civil strife, the military party trying to hold on to their time honored privileges and the civil powers endeavoring to wrest the control from the military. Once the army and navy comes under control of the people through their parliament, the country is likely to be less aggressive and less of a menace to world peace. For years Japan has been looked upon as the danger spot from which a conflagration might start at any time, not because the Japanese wish their country to be that, but because their military and naval forces are out of control of the people.

AKRON AT HER BASE

Giant American Airship Ties Up at Sunnyvale, Her California Base During Coast Visit

LOS ANGELES, May 17:—The giant United States Navy dirigible Akron, with Commander Charles E. Rosendahl in charge, flew up from San Diego late last week and soared for a while over the city, creating much interest. The airship was on its way to Sunnyvale near San Francisco where it is to be based during a visit to the Pacific Coast. The ship tied up at Sunnyvale.

Meantime, a naval board of inquiry is investigating the circumstances of the tragic landing at San Diego on Wednesday when two sailors were killed when a cable snapped as the vessel was being moored.

SUNNYVALE, May 17:—Great throngs of people visited the air base here Sunday to get a first hand view of the great dirigible Akron. While no announcement has as yet been made regarding the future movements of the ship, it is understood she will proceed north next week for a non-stop cruise of the Pacific Coast as far as Puget Sound.

It was stated yesterday that the Akron would abandon her original plan of participating in naval manoeuvres with the Pacific fleet. The airship is to leave on May 30 or 31 on her return to Lakehurst, N.J.

New Barrington Boat Launched

Hazel Barrington Will Ply on Stikine River Between Wrangell and Telegraph Creek

SEATTLE, May 17:—The new 90-foot twin-screw river boat Hazel Barrington, which will ply on the Stikine River between Wrangell and Telegraph Creek in the service of the Barrington Transportation Co., was launched here last week. Capt. Sid Barrington, head of the company, will said the vessel north from here to Wrangell where it will be commissioned in service this spring.

The following is from the Twenty Years Ago column of the Vancouver Province: "Noel Ogilvie of Ottawa, who will have charge of Alaskan survey work between Mount St. Elias and the head of Portland Canal this season, is in Vancouver enroute north."

YANKS IN LEAD NOW

Won Seventh Straight Victory and Fourth Consecutive Shut-out By Defeating Cleveland

NEW YORK, May 17:—Scoring their seventh consecutive victory and turning in their fourth straight shut-out to equal the Big League record, New York Yankees defeated Cleveland Indians again yesterday and moved into the leadership of the American League over the Washington Senators who were blanked for the second time by the St. Louis Browns. Lefty Gomez held the Indians to five scattered hits.

It took the Chicago White Sox 19 innings to defeat the lowly Boston Red Sox.

Detroit Indians defeated the champion Philadelphia Athletics and advanced into third place ahead of the Indians.

St. Louis Browns, as a result o their victory over the Senators, advanced into fifth place ahead of the Athletics.

Red Luque allowed the New York Giants only three hits and pitched the Cincinnati Reds to victory in the National League. The Reds got all six runs in the sixth inning when they drove Fitzimmons from the mound.

The Chicago Cubs won over the Phillies in a slugfest and increased their margin of leadership to one and a half games over the Boston Braves, the Phillies dropping into fifth place behind the idle St. Louis Cardinals.

The Brooklyn Dodgers, by means of their rout of the cellar dwelling Pittsburg Pirates, moved into sixth place ahead of the Giants.

Yesterday's Big League scores:

American League

Chicago 4, Boston 3.
St. Louis 2, Washington 0.
Cleveland 0, New York 8.
Detroit 6, Philadelphia 4.

National League

Philadelphia 10, Chicago 11.
Brooklyn 11, Pittsburg 1.
New York 2, Cincinnati 6.

SOFTBALL POSTPONED

Owing to rain and wet grounds, the East End softball game scheduled for last night between Giants and Seal Cove Sailors was postponed until tonight.

SPORT CHAT

The several committees in connection with the forthcoming Victoria Day celebration at New Hazelton are functioning in good style and, as usual, it is expected to be a big day. The sports committee had a meeting recently and arrangements were got under way for a baseball game between New Hazelton and the Snappy Nine of Smithers. The Snappy Nine defeated the New Hazelton team at New Hazelton recently and the latter are eager for revenge so a lively encounter is anticipated. The sports program will also include the usual races for children. A big dance will, as usual, be held in the evening to bring the day's festivities to a close.

The fortunes of Everton, champions of the Football League in England, read almost like a romance. In season 1929-30, the club finished second from the bottom in the first division and was relegated to the second division. In 1930-31 Everton won the championship of the second division, and were only beaten in the semi-final for the cup by West Bromwich Albion, which club ultimately won the cup and advanced to the first division along with Everton. This season, Everton has won the title of the first division. And Warneford Cresswell, the auburn-haired full-back, although most of the hair has gone now, saw the club go down and helped it to climb back.

JOE DEVINE IS LET OUT

Ownership of Mission Reds Dissatisfied With Managerial Services —Hoffman Successor

SAN FRANCISCO, May 17:—Joe Devine has been released as manager of the Mission Reds in the Pacific Coast League, the release being effective at once. Fred Hoffman, catcher, will be his successor until the end of the season.

The club ownership was dissatisfied with Devine's managership. The team has never risen from the cellar since he took over last summer and lost 22 of the last 30 starts.

Premier Report Analyzes Favorably—Stewart Properties Command Attention—92-Year Old Prospector For McConnell Creek

"The annual statement of the Premier Gold Mining Co. leaves a somewhat unfavorable impression but, to shareholders who are prepared to analyze this statement, it makes astonishingly good reading at a time when most balance sheets are unusually disappointing," declares A. N. Wolvertson, Vancouver broker, in an analysis of the Premier annual report. "As usual, the whole report, including the system of accounting, is ultra-conservative in character. In the current statement the astonishing fact is brought out, by analysis, that, during the worst year in the company's history, with silver selling for less than half its market value of three years ago—28.7c as against 58.18c—this great company was able to declare dividends of $635,713 and, to do so, it was necessary only to tap currently set-up reserves (of over $907,500) to an amount of $532,000. In other words, the real reserves have been increased during the year, after payment of dividends, by about $375,000. In our opinion $1 per share is very cheap for Premier. Purchases at 50c and 55c are far too low."

Premier, Georgia River and Woodbine, all Portland Canal properties, have been active traders on the Vancouver Stock Exchange lately. These, possibly more than any others at present in the Portland Canal area, are occupying the public eye.

Stampeded by reports of new discoveries in the McConnell Creek country north of Burns Lake, William R. ("Bill") Watson is returning to the scenes of his early prospecting days. The well known interior pioneer has celebrated his ninety-second birthday but the lure of the gold diggings has softened his arteries, limbered up his joints and prepared him to chance his grubstake on another hunt for the rainbow's end.

Miss Ethel Chapman makes this novel LUXOR CAKE* with Magic Baking Powder

"My advice to all housewives, both skilled and inexperienced, is: Use Magic Baking Powder. Then there is no uncertainty about your baking," says Miss Ethel Chapman, Editor of the Home Section in the Ontario Farmer.

This unqualified statement is particularly impressive because thrifty Canadian home makers have learned that Miss Chapman's advice is invariably practical.

Other well-known food experts and cookery teachers in the Dominion share Miss Chapman's high opinion of Magic. In fact, the majority of them—and housewives, too—use Magic *exclusively*. No wonder Magic outsells all other baking powders combined!

Miss Chapman's recipe for *LUXOR CAKE

1 cup fine granulated sugar
1 teaspoon vanilla extract
½ cup egg yolks
½ cup lukewarm water
½ teaspoon Magic Soda
1½ cups pastry flour (or 3 tablespoons less of bread flour)
2 teaspoons Magic Baking Powder
½ teaspoon salt

Sift sugar. Measure out 2 tablespoons, pour on vanilla extract and set aside. Add water and soda to egg yolks; beat with egg beater until foamy. Add sugar a little at a time, beating in well. Add flavored sugar and beat. Sift together flour, baking powder and salt. Fold carefully into mixture; pour in ungreased angel cake pan. Bake in moderate oven at 350°F. for 40 to 45 minutes. Invert pan and let stand until cake is cold, when, with the aid of a spatula, it will slip from pan. Remove all crumbs and moist crust from surface and cut in three layers. Spread Lemon Cream Filling between layers. Ice top and sides with Marshmallow Seven Minute Frosting. (Recipes for filling and frosting are in the Magic Cook Book—see free offer below.)

Made in Canada

"CONTAINS NO ALUM." This statement on every tin is your guarantee that Magic Baking Powder is free from alum or any harmful ingredient.

FREE—Send for the Magic Cook Book to use when you bake at home. Address: Standard Brands Ltd., Fraser Ave. and Liberty Street, Toronto, Ont.

NORWEGIANS CELEBRATE

Anniversay of Independence Observed Last Night With Three Hundred Persons in Attendance

Three hundred persons were present last nightt at the celebration staged by the local Sons of Norway Lodge in honor of the anniversary of the Declaration of Norwegian Independence which falls today. The affair was a huge success and most enjoyable to all present. The hall was appropriately decorated for the occasion and this, together with numerous native costumes which were worn, made the atmosphere of the affair distinctly Norwegian.

Oscar B. Sather, president of the Sons of Norway Lodge, was in the chair and he made suitable remarks in opening the proceedings. "O Canada" was then sung and the first number on the program of entertainment was a march by twenty five girls in Norwegian costume, led by Miss Inga Murvold, this being as attractive as it was unique. Community singing of Norwegian songs was enjoyed with Miss Olive Dybhavn accompanying at the piano. The play "A Scene in a Cafe," was then presented and it proved very entertaining. Taking part were Mrs. Gunnar Selvig, John Storseth, Mrs. Chris Jensen, Miss Astra Selfjord, M. Soreheim, Oscar Haveroy, T. Murvold and Gunnar Selvig.

Following the program, refreshments were served and the floors were cleared for dancing. Accordian music for dancing was furnished by Julius Welle and Chris Jensen and Oscar Sather was master of ceremonies. Dancing kept up in full swing until 3:30 a.m.

A feature of the proceedings was the presentation of prizes to girls who had taken part in the costume parade. First prize went to Helen Skogmo, second prize to Lena Murvold and third prize to Magnhild Storseth. Hjordis Skaland drew the lucky ticket in the drawing for a big Norwegian doll in costume, the winner being P. Johansen.

Mrs. Hans Underdahl was convener for the evening, other members of the committee in charge being Mrs. Chris Jensen, Mrs. Gunnar Selvig, Miss Astra Selfjord, John Murvold Torloff Murvold, M. Sorheim, Oscar Haveroy, Mrs. O. Wick, Mrs. H. Sorensen and John Storeseth.

Hans Underdahl presided at the door.

SCHOOL GIRL IS MAKING PROGRESS SINCE GETTING NEW GLASSES

School girl who was backward in class is quite pleased with herself and feels sure that she will pass this year, work is so much easier since she has been wearing glasses.

This is the most trying time of year on a child who has eye trouble, getting ready for June exams is no picnic for anyone but when handicapped with poor eyes it is a severe nervous strain. If your child needs attention why not make an appointment now with G. F. Davey, Registered Optometrist in charge of the Optical Dept. of Max Heilbroner, Jeweler, and give your child an even chance.

T. H. Johnson, president of the club, was in the chair and there was a good attendance of members.

1 Flavor

KELLOGG'S Corn Flakes have a delicious "wonder" flavor discovered by W. K. Kellogg and never successfully imitated by any one else.

2 Freshness

The minute Kellogg's leave the toasting ovens, the flakes are completely sealed in a WAX-TITE bag which is placed inside the red-and-green package and keeps every flake *fresh* and perfect. It's a *patented* Kellogg feature!

3 Value

Kellogg's Corn Flakes are among the most economical and convenient of foods. Guaranteed by W. K. Kellogg: "If you do not think them the very best corn flakes you ever tasted, return the empty red-and-green package and we will refund your money." Made by Kellogg in London, Ontario.

NEW DEAL FOR MINE

Premier Does Not Believe Tough Oakes Property in Ontario is Worth $195,000

Our latest official information in regard to the Tough Oakes Burnside property in Ontario was contained in the Premier annual report in which H. A. Guess, vice-president and managing-director outlined the position fully, explaining that results so far after expenditure of $180,000 on exploration did not justify payment of the amended option price of $195,000, says Financial News. The first payment was due July 7, 1932. Mr. Guess stated that the owners had been requested to further reduce the option price.

It is learned on good authority that since the date of the report a new arrangement with the owners has been effected and that work is proceeding with a view to preparing the mining plant and mill for operation. Details of the new arrangement are not yet available.

An independent engineer who examined the property last January for the owners showed 35,485 tons of ore reasonably indicated assaying $14.20 per ton. Premier engineers estimated that this ore would give a net return of $5.71 per ton or $202,619 for the total tonnage. Cost of preparing mine and mill for production was estimated at $102,475 which would have left $100,144 whereas the option payment as the agreement then stood would have been $195,000. It was pointed out further that Premier had no chance of getting back the $180,000 spent in locating this ore unless as the result of further expenditures further ore should be found.

May 17, 1912

Preaching on the subject of missions at morning service in St. Andrew's Anglican Church, Bishop F. H. DuVernet read an interesting letter signed by 21 bishops on the work of Anglican Church missions in British Columbia.

Prince Rupert is basking in torrid sunshine these days. Almost the entire population took to the water Sunday. Everything that would float was out.

During an auction sale of lots in the Majestic Theatre, it was announced that the name of the first divisional point on the Grand Trunk Pacific Railway out of Prince Rupert had been changed from Amundsen to Nichol. (The divisional point referred to was eventually named Pacific by which it is now known).

The Road To Progress

Prince Rupert will make progress if the people build up the hinterland. This week they have the opportunity to help themselves by helping the Bulkley Valley farmers. Bulkley Valley Baby Beef is on the market now. It is the choicest shipment ever made to the city and no one can make a mistake in purchasing it.

The carload arrived recently and has been distributed. Almost all the butchers in the city are carrying some of it.

Progress comes through co-operation. Today we have an opportunity to show that we are ready to co-operate with the farmers of the interior by specifying their beef when telephoning our orders. It is a simple matter but it means a great deal to the farmers.

There is no reason why British Columbia people should be fed on Alberta products when they have good things of their own produced right within their own boundaries. We have the friendliest feelings toward our sister province, but if we cannot use our own product we cannot expect others to use it. If it is good enough for export it should be good enough to use at home. By buying at home we encourage our own people, making them so prosperous that they are able to buy from us. The dollar spent on Bulkley Beef is likely to return but the dollar expended on Alberta beef is likely to remain on the other side of the Rocky Mountains. The motto then should be:

BUY BULKLEY BEEF AND THUS BUILD UP BULKLEY VALLEY FARMS

PRESIDENT IS BURIED

Impressive National Funeral Given Paul Doumer With Foreign Dignatories Joining in Tribute

PARIS, May 17:—With tributes of national respect and mourning, France buried her martyred president, Paul Doumer, following his murder by a mad Russian assassin. At 8 a.m. the procession started to Notre Dame Cathedral where the obsequies were held. The procession was led by hundreds of horse guards and veterans. Relatives of the dead president followed immediately behind the hearse and were followed by Albert LeBrun, the new president, who marched alone. The Prince of Wales, the King of Belgium and other dignatories followed. Hundreds of thousands of sorrowing French people lined the streets.

The ceremonies at Notre Dame were very impressive. The eulogy was delivered by Premier Andre Tardieu. The remains were laid at rest in the family vault in a Paris cemetery.

It was one of the most impressive national funerals in the history of the republic.

NEW HAZELTON

The baseball season was opened in New Hazelton on Sunday of last week when the Snappy Nine team of Smithers came down and took the locals into camp by a score of 13 to 4. A number of fans came down with the Smithers team.

Mrs. J. P. Cade of Prince Rupert has been at Kitwanga preparing her summer home for the holiday season.

SMITHERS

Smithers unemployed, at a mass meeting, charged the provincial department of public works with favoritism in the matter of selecting men for the relief work jobs with higher rates of pay. The delay in undertaking of municipal work was also criticised.

Wolves are playing havoc with moose and caribou in the Big Entsuk country, it is reported by Tommy McKinley, who says that the wolves are of a tremendous size.

BURNS LAKE

Big black bears have recently been raiding the sheepfolds in the Lakes District south of here with disastrous results to the sheep. One of the huge bruins was recently shot by Jock Mitchell on the Gowanbank farm.

Charles S. Anderson has been getting some interesting assay returns on ore from his mineral claims near the Taltapin. The ore has good gold and silver content and, when the metal market recovers, it is expected the group will attract considerable attention.

Corp. C. Solberg of Southbank was a visitor in Burns Lake last week. He is a firm believer in a great future for the Lakes District.

Arne Moe and Y. Grandstrom are now prospecting for placer at the headwaters of Maxan Creek.

Miss Avis Wall returned to Burns Lake last Tuesday after a holiday visit to her home in Smithers.

Mrs. Sidney Godwin and children returned last week form Forestdale where they spent a week as the guests of Mr. and Mrs. Olof Hultkrans.

PRINCE GEORGE

The Grand Jury, at the session of the Supreme Court Assizes which is now in progress here, consists of F. D. Taylor, A. K. Bouchier, William F. Bexon, Julia F. Abbott, Catherine Minaker, H. H. Douglas, A. E. Sibley, A. P Anderson, William Blair, A. Johnston, George Ogston (Vanderhoof), O. R. Hammond (Vanderhoof) and William Bunting. It will go down in history as the last grand jury to serve in Caribou county following the abolition of grand juries.

Local property owners are becoming restive under the heavy relief payments which the city continues to make. In some quarters there is talk of withholding the payment of taxes in protest against what is considered unwarranted expenditure for this purpose.

A local branch of the National Labor Party of Canada has been organized. Officers were elected as follows at a meeting last week: President, William Somerton; vice-president, C. P. Deykin; secretary-treasurer, H. A. McLeod; executive —Mrs. C. P. Deykin, Louis Bontez, W. Goheen, J. Heavysides, Herbert Hill, Charles W. Moore and Fred Monkley.

SKIDEGATE

Dr. Joseph T. Mandy, resident mining engineer, Prince Rupert, during a recent visit to the Queen Charlotte Islands, inspected the gold-bearing black sands on the east coast of Graham Island. There are patches of sand that are very rich in gold but the difficulty in the past has been to separate the gold from the sand.

THIS FILM DELIGHTFUL

A really delightful story of modern youth and parental devotion forms the plot of "This Reckless Age," which is the first of the week feature offering on the screen of the Capitol Theatre here. A fine cast portrays the story in a way which leaves little to be desired. It is one of the most effective and at the same time, wholesome pictures of its type which has been shown here and makes entertainment that is most acceptable.

Charles (Buddy) Rogers, always popular with local audiences, is very intriguing as the son and lover in "This Reckless Age." Charlie Ruggles, who has been a funny bachelor in film after film, is a bachelor again in this but he eventually gets married. Peggy Shannon is a very beautiful sweetheart for Rogers. Richard Bennett, distinguished stage veteran and father of Constance and Joan, portrays an affectionate and indulgent dad. Frances Dee takes the part of the dance-dizzy daughter of a middle-class family who finally falls in love with a substantial, wealthy bachelor. All finish up heroically and the picture has a charmingly happy ending.
