NEW YORK STOCK EXCHANGE MOVES

PREMIER OF ALBERTA DEFENDANT IN SENSATIONAL CASE

Trading Centre Taken To Newark on Account of Taxation in Gotham

Transfer From One City to the Other to be Made On October 2, it is Officially Announced Today—New Civic Imposts

NEW YORK, Sept. 23: (CP)—It was officially announced today that the New York Stock Exchange would be moved to Newark, N.J., opening for business there on October 2. The change is being made in order to get away from high taxes proposed on brokers' profits and stock transfers by New York City, it is stated.

PREMIER ACCUSED

Brownlee of Alberta Made Defendant in Damage Suit Alleging Seduction

18-Year Old Girl

"Not a Word of Truth in it," Government Leader Declares

EDMONTON, Sept. 23: (CP)—Statement of claim was filed in Supreme Court here yesterday asking unstated damages from Premier J. E. Brownlee of Alberta for alleged seduction of Vivian MacMillan, daughter of Former Mayor Allan MacMillan of Edson, Alta. The statement alleges that offences took place starting in 1930 when the girl was said to be eighteen years old. An order permitting service of claim on Premier Brownlee in Ottawa was made.

Premier Brownlee, over long distance telephone from Ottawa, where he has been attending as a member of the MacMillan royal commission on banking, said:

"While one regrets to have to face a case of this kind, it will enable me to come to grips with rumors which have been spread for some weeks. There is not a word of truth in the allegations."

WILEY POST CRACKS UP

Famous American Round World Flyer Sustained Painful But Not Serious Injuries

QUINCY, Ill., Sept. 23: (CP)—Wiley Post, famous American round the world flying ace, sustained painful but not serious injuries Thursday when his airplane cracked up while he was attempting to take off from the flying field here.

Dido Gurvich returned to the city on the Prince Rupert this morning from a trip to Vancouver.

DON FINN IS MOVED

Director of Fisheries Station to Take Charge in Halifax Following Trip to England

Pending receipt of official confirmation, it is reported in authoritative quarters that D. B. Finn, director of the Prince Rupert Fisheries Experimental Station, will be transferred in the near future to Halifax to become director of the station there of the Biological Board of Canada. Mr. Finn will be leaving Prince Rupert in December to spend three months at Cambridge University in England and the transfer will, it is understood, take effect upon his return from the Old Country next spring.

Mr. Finn founded the work of the Prince Rupert Fisheries Experimental Station in 1926 and, except for a year or so he spent in charge of the research department of the British Columbia Packers, he has been continuously in charge of the work at Prince Rupert since. When he came here first, there were neither staff, buildings, plant or equipment. Under his direction the work expanded until today it covers many phases of fisheries research, occupies two large buildings with splendidly equipped and appointed laboratories and engages the attention of a considerable staff of expert workers.

Mr. Finn's departure from Prince Rupert will be a matter of general regret. The move, however, will be in the nature of a distinct promotion in the service and, on that account, he will be the recipient of general congratulations.

There is no word as to who will be Mr. Finn's permanent successor.

GRAIN MEET BREAKS UP

Russia Stands Firm on Demand For Higher Export Quota So Conference Gets Nowhere

LONDON, Sept. 23: (CP)—Russia stood firm yesterday on her demand that she be allowed to export twice the quantity of wheat as has been allotted her under the international wheat agreement and a meeting between representatives of the Soviet and Canada, Australia, United States and the Argentine broke up without getting anywhere.

The original Russian export quota was placed at 44,000,000 bushels.

New York Stock Mart Gives Way To Selling Wave

NEW YORK, Sept. 23:—Rallying after two successive selling rushes, the local stock market gave way under a third liquidation wave in the last hour of trading Thursday, losses ranging from one to six points for the day at the close.

A Canoe Trip Around Cape Horn

To cruise around Cape Horn in a canoe. Down the west coast and around Cape Horn is the plan of Dana Upton Lamp in a 200-pound, 18-foot sailing canoe. Along with him will be his wife, Ginger. He claims to be a grandson of Richard Henry Dana, writer of sea novels.

THEATRE IS EVACUATED

Little Tots Continue Performance During Fire Scare in Avenue Play House in Vancouver

VANCOUVER, Sept. 23: (CP)—When smoke drifted into the Avenue Theatre on Main Street last night from a fire in an adjacent shack twleve hundred people attending a concert quietly left the theatre on the advice of the firemen. A group of little tots continued their recital on the stage as the audience was making its exit.

SMALL BIRDS STRIKE SHIP

Flock Which Steamer Encountered Appeared to be Exhausted—Some Are Captured

As if seeking shelter from the storm, a large flock of small birds with grey backs and yellow breasts, believed by some to have been finches or warblers, struck the steamer Prince Rupert as she was crossing Milbank Sound bound for Prince Rupert last night. Some of the birds came through open doors and some through portholes and windows. A number were captured and a few were brought here this morning. They appeared to be almost exhausted.

Baseball Scores

National League

Boston 3, Philadelphia 0.
Only Major League game.

Judge W. E. Fisher, who has been presiding over a session of County Court at Smithers, returned to the city from the interior on yesterday afternoon's train.

CANDIDATES ARE NAMED

MacPherson Again Running as Liberal in Cranbrook—Independent In Similkameen

CRANBROOK, Sept. 23: (CP)—F. M. MacPherson was yesterday nominated Liberal candidate for Cranbrook riding in the forthcoming provincial election. Mr. MacPherson was the former member of the Legislature.

Similkameen Independent

KEREMOS, Sept. 23: (CP)—Capt. Thomas Heeney has been nominated Independent candidate for Similkameen in the forthcoming provincial election. This is the seat which was held in the last Legislature by W. A. McKenzie, former minister of mines.

Noted Divine and Scientist Passes

Rev. Dr. D. B. Marsh Dies in Hamilton at Age of 75 Years

HAMILTON, Ont., Sept. 23: (CP)—Rev. Dr. D. B. Marsh, aged 75, noted scientist and astronomer, died here yesterday.

Coasting across the intersection from the vicinity of the public library where it had been parked, the big delivery truck of Brackman-Ker Co. rode over the low curb at the northwest corner of Third Avenue and Fourth Street onto the sidewalk and crashed into one of the large plate glass windows of the Canadian Pacific Railway office about 10 o'clock this morning. The window was shattered when struck by the mud guard of the car in which no one was riding at the time.

Halibut Fishing on Pacific To Cease on October 26 With Closing Down of Area No. 3

Halibut fishing on the Pacific Coast for the 1933 season will come to a close on October 26 at midnight as a result of an order by the International Fisheries Commission, notice of which was received in Prince Rupert today, closing fishing in Area No. 3 on that date. By that time, it is expected that the quota limit for the season set for that area will have been reached.

On August 25, fishing was stopped in the closer Area No. 2, owing to the quota for the year having been reached. Since that time, the larger vessels of the Pacific Coast fleet have been operating in Area No. 3.

BAGSHAW WON BOUT

Earned Unanimous Verdict Over Nina Gurvich in Lively Tilt

Was Fine Card

Large Crowd Sees Acceptable Boxing Show by Moose Lodge

Carrying most of the ten rounds, Billy Bagshaw clouted his left and right handed way to an unanimous verdict over Nina Gurvich in the main bout of the Moose boxing show last night after Billy's handlers agreed to come to his opponent's demand for two-minute rounds instead of three-minute ones.

There were no knockdowns, although both battlers slipped to their knees in the opening canto and neither fighter appeared seriously hurt when they left the ring although Billy twisted his leg when he fell and was bothered by it. Bagshaw's weaving style from the left to right got in punches though Nina's longer reach enabled him to score regularly.

Nina had his opponent staggering in the third which was probably his best attempt and the tenth when he slugged desperately for a knockout after taking plenty of punishment from Baggy in the ninth.

Billy carried the fight to Nina most of the way and gave him little chance to use his right hand armament, both boys, however, being interested in avoiding acquaintance with each other's pet weapons.

Palmer Fosse, the promoter's dark-horse referee, kept the boys mixing and there was very little clinching. He is a former matchmaker for the American Legion fight club at Bellingham and held that position for two years.

Other Events

Two bruisers new to local fight fans, were shown when heavyweight Frank Gomez outboxed and outslugged his heavier opponent, Henry Knaple in the six-round semi-windup. They astounded the goodly crowd of spectators with their heavy hitting.

Johnny McLeod had little trouble

MAY LEAVE NEXT WEEK

Jim and Amy Mollison Awaiting Weather Reports Before Hopping Off on Flight

TORONTO, Sept. 23 (CP)—James and Amy Mollison stated yesterday that they will not take off on their long distance hop before Monday. They will not leave until they have two succesive daily weather reports indicating favorable conditions over the Atlantic Ocean route. On receipt of two consecutive good forecasts they will leave for Wasaga Beach with their plane, Seafarer II, and take off at dawn the following morning.

Particulars of Rail Fatality Still Lacking

No further particulars had been received either at provincial police or railway offices up to this morning in regard to the unidentified itinerant who was killed last Wednesday when jumping from a grain train which derailed on the Canadian National Railways near Urling station on the Fraser subdivision between Prince George and McBride.

Noted Scottish Banker is Dead

Sir Alexander Kemp Wright Passes Away in Edinburgh at Age Of Seventy-One Years

EDINBURGH, Scotland, Sept. 23: (CP)—Sir Alexander Kemp Wright, head of the Royal Bank of Scotland and one of the outstanding figures in the British financial world, collapsed and died here Thursday at the age of seventy-one years while attending the funeral of a friend.

Lieut. Col R. L. Gale of Smithers, returning officer for Skeena riding in the forthcoming provincial election, arrived in the city from the interior on yesterday afternoon's train, and sailed last night on the Princess Adelaide to make a trip down the coast to Butedale, Swanson Bay, Kitimaat and other points in that part of Skeena district for the purpose of arranging for the holding of polls.

Honored Before Leaving For Oona River to Reside

A surprise party was held last evening at the home of Misses Elsie and Edith Murvold, Ambrose Avenue, for Violet and Johnny Wick who, with their parents, Mr. and Mrs. O. Wick, are leaving for Oona River to reside. Twenty-four young friends gathered together and a most enjoyable time was spent. The room was daintily decorated for the occasion, games were played and delicious refreshments served by Mrs. J. Murvold and Mrs. T. Selvig.

A presentation was made on behalf of the girl friends to Violet by Elsie Murvold and to Johnny from his boy friends by Hans Peterson. Speeches were made by several of the young folk.

Those present were Solveig Jensen, Norma Walters, Mary Skog, Patricia and Charles Love, Astrid Hans and Peter Peterson, Billy Halcrow, Mabel and Ole Slatta, Tone and Arne Selvig, Oie Sørensen, Elsie and Edith Murvold, Violet and Johnny Wick, Signe and Arma Johnson, Magnhild, Eleanor and Rolf Storseth.

. . Will you be GIVING or RECEIVING at 65?

$9.55 per month saved from age 30 will provide a pension of $50 per month for life at age 65. Annual dividends may be used to reduce the premium-paying period or increase the pension. Pensions can also start at 50, 55 or 60.

TODAY you are writing your own life story . . . which man will you be? The "poor old chap" who has seen better days, depending on relatives or strangers,

OR

The independent, comfortable man—able to enjoy life and freedom with a guaranteed income?

For a very small amount each month you can make the future secure and free from worry, your share of the earnings of the company swelling your investment under the Mutual plan.

Write for booklets and particulars of this Pension Policy for yourself. Pension policies for women are also available.

THE MUTUAL LIFE Assurance Company OF CANADA
Established 1869
Head Office: WATERLOO, ONT.

I am interested in your Pension Policy to help me become independent.

Social Enlightenment Combined With Dramatic Entertainment in Sensational Picture Coming Here

The perils of social disease and the inevitable taint which is passed on to succeeding generations are frankly revealed in an understandable and salutory way in the talking picture "Damaged Lives" which is coming to the Capitol Theatre here at the first of next week. On Monday night the picture will be shown to audiences of women only and on Tuesday to men only. It is the first time that a subject dealing with this theme has made its way into a talking picture and, incidentally, it is to be exhibited under the auspices of the Canadian Social Hygiene Council.

The poignancy of the story reaches a level that is very seldom attained in motion picture drama. Diane Sinclair is said to give a stellar performance in the leading role with Lyman Williams taking the principal male part. Charlotte Merriam, Jason Robards and Harry Myers are also prominent members of the cast.

Along with the feature is produced a special set of supplementary pictures, also made with talkie technique, dealing with the anatomy and physiology of reproduction and the medical aspects of social diseases.

GOV'T MAY START BANK

New Zealand Moving For Greater Control and Co-ordination of Currency and Credit

WELLINGTON, N.Z., Sept. 23: (CP)—Legislation providing for the establishment of a central bank for New Zealand as a means of providing greater control and co-ordination of currency and credit system was forecast in the Speech from the Throne at the opening of Parliament here.

WILL PLAY BADMINTON

Skeena Club Reorganized With C. J. Norrington Again President

A good number of enthusiasts attended the annual meeting of the Skeena Badminton Club which was held in the I. O. D. E. Hall on Thursday evening, C. J. Norrington in the chair.

President, C. J. Norrington (re-elected).

Vice-president, W. H. Wilson-Murray.

Secretary-treasurer, Miss Nellie Lawrence.

Executive—Mrs. R. Blance, Mrs. A. E, Parlow, R. Bartlett, S. Darton and R. D. Greggor.

Delegates to Badminton Association—R. Bartlett and A. E. Parlow.

Plans were discussed for the coming season and it was decided to begin play on October 1.

Most of last season's players are available and, as several names of prospective members were handed in, it is expected that the membership limit will be reached within a few days.

BAGSHAW WON BOUT

(Continued from page one)

with south-paw Darrow Gomez, a robust mixer, in four rounds that stole the show in the prelims. Johnny was all over the other fellow with lefts and rights from long range, showing marked improvement over his last bout.

Jimmy Bremner was over-matched against Chuck Hickey and, after giving blow for blow for three rounds, found the going too tough and had it stopped for him in the middle of the next. Chuck carries too many guns and too much experience for Jimmy who got a big hand from the crowd when he left the ring.

A three-round exhibition between Tiger Smith and Jack Dempsey started the best fight bill to be seen here in a good many moons.

Fosse refereed all bouts. Jack McDougall and Bert Morgan, the judges, had an easy night. Max Heilbroner was time-keeper and Gillis Royer announcer.

The Boys' Band, under their leader, Robert Greenfield, pepped things up between bouts.

BACK TO VANDERHOOF

Dr. and Mrs. W. Ross Stone of Vanderhoof are in the city today returning home from a brief holiday spent in Vancouver. This afternoon they are the guests of Mrs. George Munro. Dr. Stone came to Prince Rupert as a mere lad on June 6, 1906, before the survey of the townsite had commenced. He met a number of the early residents including George Frizzell. Later he was an interne in the Montreal General Hospital at Montreal when Mrs. Alex McRae was a pupil nurse there. He and Mrs. Stone arrived in the city from the south on the the Prince Rupert this morning and will proceed to the interior on tonight's train.

Miss Mary Dowther and Miss Edith Watson, who have been on a brief holiday trip to Vancouver and elsewhere in the south, returned to the city on the Prince Rupert this morning.

A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent **Employment** is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An **Economic Council** should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our **Financial** position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The **Taxation Structure** must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of **State Health Insurance** should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the **Educational** problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our **Municipalities** is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our **Agricultural Lands** in order that more of our citizens may be self-supporting. **Agriculture** as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in **Marketing** its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a **Highway Board** should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—**A Public Utilities Commission** should be established.

11.—**A National Central Bank** should be established.

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—**The Peace River** must be given access to the Coast.

14.—In order that the utmost **Freedom of Action by Members of the Legislature** may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given **Equality of Treatment with the Other Provinces** of the Dominion.

16.—There shall be a permanent **Voters' List** to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

Strong Shoes
FOR BAD WEATHER

The season when bad weather may be expected has arrived and young and old need boots and shoes suited to the occasion. We have been preparing for the fall and have been laying in a stock of Leckies' and other makes of shoes which will resist rain, sleet or slush and keep the feet dry, thus avoiding unnecessary colds.

RUBBERS
- and -
Rubber Boots

These are almost a necessity just now. Try on a pair and see how it feels to be well protected against the equinoxial gales.

The surprising thing about these shoes is the price. They were purchased in quantities at low rates and we are taking a very small margin of profit so the price to the public is far below anything hitherto offered for fall and winter wear.

Come in and Look Them Over and Compare Prices.

CUT RATE SHOE STORE

Third Avenue Prince Rupert

To owners of

Ford, Chevrolet, Plymouth, Pontiac, and other light cars

You can now retire your car with genuine Goodyears at prices only a few cents higher than you would pay for "bargain" tires. Why gamble with risky, unproven tires when you can buy Canada's leading make at these prices?

If your car or size is not listed below, we will gladly give you the price of genuine Goodyear "Speedway" tires of the proper size for your car. All straight-side "Speedway" Tires are fully guaranteed for 9 months.

GOODYEAR SPEEDWAY TIRES

WATERFRONT WHIFFS

Halibut Landings Still Holding Up—Work Progressing on Ice Plant—Trolling on Islands Still

Four Canadian vessels—Capella, Lysekil, Prosperity A. and White Hope—landed catches totalling 69,500 pounds from the distant halibut fishing grounds of Area No. 3 at the port of Prince Rupert during the week ending yesterday. Another Canadian boat, the Margaret I, was also in yesterday with a catch of 20,000 pounds but refused a price of 5.5c and 4c, accepting, however, today.

Canadian landings of the week brought the season's catch for 1933 up to yesterday to 5,011,00 pounds as compared with a grand total Canadian catch up to a similar date last year of 3,479,750 pounds.

During the week twelve American boats landed a total of 366,000 pounds, bringing the total of American landings at Prince Rupert for the present season up to 6,530,200 pounds as against 7,872,700 pounds last year.

The grand total of both Canadian and American landings at Prince Rupert now stands at 11,541,200 pounds as against last year's 11,352,450 pounds at a corresponding date.

Prices during the week were somewhat higher than in the few weeks preceding. The top bid of the week for Canadian fish was 6.5c and 4c which the Capella received for 15,000 pounds while the low was 5.5c and 4c which the three other boats received. For American halibut, the top price was 9.9c and 4.5c received by the Middleton for 20,000 pounds and the low 6.5c and 4c which the Pioneer and Urania were paid for catches of 25,000 and 26,000 pounds respectively.

Sale of the well known coastal freighter Princess Ena by the Canadian Pacific Railway Co. to the Queen Charlotte Fisheries Ltd. (Francis Millerd) of Vancouver has been reported, the expectation being that the vessel will be converted into a floating cannery. The Princess Ena, which was built in England in 1907, has spent her entire career freighting along the British Columbia coast and is a very well known vessel. For the past few years she has been tied up at Victoria.

Work is progressing steadily on the new ice making plant which is being established by Albert & McCaffery on the local waterfront. This week cement piers were being put in and a start will soon be made on the superstructure. No prediction is yet being made as to when the plant will be ready to go into operation.

After delivering a full load of troll salmon from the West Coast of the Queen Charlotte Islands to the Canadian Fishing Co.'s plant at Butedale, the Bruce I, Capt. Brandy Newell, was in port on Wednesday of this week. It is understood that the Bruce I will now start packing for the Skidegate trollers from Skidegate bar where fishing is at present in progress. According to latest reports from the Queen Charlotte Islands, the run of pinks and chums in Skidegate Inlet continues poor. Of course, these are seine-fish.

The San Francisco power yacht Sea Dog, demonstration ship of marine equipment, which is on a cruise to Alaska, was a visitor to port over last night and attracted considerable interest at the floats of the Prince Rupert Yacht & Rowing Club where she was tied up from noon yesterday, when she arrived from Seattle, until this morning, when she left for Juneau. A handsome and up to the minute craft in every respect, the Sea Dog is both a snappy and sturdy vessel. She is of latest design, 55 feet long and is equipped with twin 150 h.p. Scripps diesel engine. The vessel is expected to call here again next week southbound.

Salvage Princess Back

After an absence from port of over three months on a pilchard packing charter to the Nootka Packing Co. on the West Coast of Vancouver Island, the Armour Salvage Co.'s big power tug Salvage Princess returned to her home port here this morning at 4 o'clock. Capt. Pete Jensen, who was in command of the vessel during the charter, brought her north. In a few days the Salvage Princess will be leaving for Stewart, having in tow the Albert & McCaffery pile driver which is to be used in a rather extensive wharf extension job which is about to be started there for the federal department of public works.

Inverness is the final Skeena river salmon cannery to continue operations, all other packing plants now being closed down for the season. In the central area, Butedale closed down early this week and it is expected Lowe Inlet will be finished up this week-end. Further down the coast Namu, Tallheo and Bella Coola canneries are still in operation although it is uncertain how much longer they will continue.

In quest of deer in the vicinity of the Salt Lake, Jack Wrathall and Bill Fisher came across a black bear on Monday afternoon of this week and it was just too bad for Bruin. The animal weighed about 125 pounds and made good meat during the week for the Wrathall and Fisher families as well as favored friends. If you can't get venison, bear meat makes a very good substitute. In fact, there are many who think it preferable. The carcass had to be packed out about a mile.

SOUTH HAS STORM TOO

Strong Gales Lash Vancouver Island And Lower Mainland—Communications Interrupted

VANCOUVER, Sept. 23: (CP)—Strong winds and gales lashed the tip of Vancouver Island and reached into the mainland and down the Washington and Oregon coasts Thursday. Some interruption to communication services was caused and fleets of small vessels were sent to cover. No heavy damage is reported.
