Lives of Seven Men Snuffed Out By Heavy Snows Piling Down On Isolated Taseko Winter Camp

Catastrophe Believed to Have Occurred in January Discovered Only Now by Trapper Who Went to Scene With Mail and Supplies For Party

VANCOUVER, April 6: (CP)—Heavy snows piling down from wilderness hills snuffed out the lives of seven men, the winter crew at the Taseko-Motherlode mining camp in the Taseko Lake country, fifty miles north of Minto City in the Bridge River district, it was learned today. The tragedy was revealed when William Allaire, a trapper, on reaching the camp with mail and supplies, found the buildings engulfed and the body of a man sticking through the snow, partly eaten by coyotes. Allaire immediately mushed out to Meadow City, near Minto, and notified the provincial police who are now enroute to the camp. The men had been isolated in the camp between two mountains at an elevation of 8000 feet and it is believed the slide occurred in January.

The victims are:

Hans Pedersen, director of the company, whose body is believed to have been the one discovered by Allaire.

C. Christiansen of Vancouver, married.

R. J. Bacon, camp cook, married with three children in Vancouver.

H. Gustafson, Vancouver.

M. S. Stewart, Bridge River.

W. Nelson and E. Carlson, addresses unknown.

Asking Code For Retailers

Chamber of Comerce Asked to Back up Movement For Control Of Prices

The Prince Rupert Chamber of Commerce, at its meeting last night, referred to a committee a request for a code for the retail trades. George Hill asked that the request be dealt with at the meeting but it was pointed out that, as this was a somewhat contentious measure, it has to be referred to a committee and this was done. It will come before the council of the chamber early in the week to be dealt with after the committee has reported.

The code requested would make it impossible to cut prices, would put on one cent sales or grocery specials and would establish what is considered a fair trading price for all commodities below which the articles could not be sold. There would be no more bargain sales.

SESSION TO BE LENGTHY

Owing to the illness of Premier Bennett it has been found desirable to lengthen the present session of Parliament so that it seems likely it will not rise until midsummer. That means a fall election. In the meantime, it is the hope of everyone that the Prime Minister will be fully restored to health in time for him to visit England and take part in the King's Jubilee celebrations. If he should return from London with Jubilee honors conferred by the King, many people will be pleased. While we do not believe in titles, we know of no person so well fitted to enjoy them as the Canadian first minister. He has the necessary millions to enable him to carry his honors with proper dignity. It has even been suggested that, if he is defeated at the polls, he may retire to England where titles are thoroughly appreciated by a section of the populace.

SEE OURSELVES AS OTHERS SEE US

Sometimes we get tired of trying to make the world see our possibilities in this part of the country. For that reason it is refreshing for a person to come from another country, where they enjoy a slightly more equable climate, to tell us that we are sitting on top of the world so far as possibilities are concerned. To those of us who have looked along the harbor for twenty or more years and seen little there except a fleet of fishing boats and coasting vessels, it is pleasing to be told again that we have one of the finest harbors in the world, that we have a strategic position close to the Orient with its vast trading possibilities. For their cheery words we thank our visitors and hope they will see fit to show their faith in the city in a still more substantial manner.

NO LOOKING BACK

In a letter received from a Liberal source we are reminded that the world is moving steadily forward and that Liberalism of today is different from the Liberalism of a few years ago. It is progressive endeavor and ceases to be Liberalism when it remains stationary. Evidently Right Hon. W. L. Mackenzie King realizes this for he was recently the honored guest of seven hundred prominent supporters at a banquet and most of those supporters were men who have been declaring for an advanced policy, a new deal in Liberalism.

Grotto Turns Tables on Port Simpson and Wins in Play-Off Series; High School Takes Title

Although handicapped by a nine-point lead against them from the first game of the series, the Grotto, with the aid of Eddie Smith and Sonny Stiles, crashed through the five-man defence of the visiting Port Simpson Athletic Club team last night to win 27-15, thus qualifying to meet Anyox for the Northern British Columbia basketball title and cup.

The game was featured by hard checking from the start with the score 10-5 in favor of Rupert at the breather. In the second half Rupert gradually increased the lead, outscoring their opponents 17-10.

The visitors proved worthy contenders and good sports. The strange floor undoubtedly hampered their efforts.

Individual scoring:

Simple Pledge That Residents Are Asked to Make

Put Men To Work Gainfully

The people of Prince Rupert are asked to co-operate for the purpose of providing gainful employment for as many people as possible during the next six months. A group of canvassers will undertake to call on all local citizens asking for pledges from them that they will undertake to spend as much as possible and stating how much they plan to spend on gainful employment.

It is not the intention to interfere with the private concerns of our neighbors but to try to secure as much employment as possible as a means of improving local conditions.

We have set as our objective the sum of $50,000

If every person will undertake to spend some money in such a way as to make conditions better, we shall easily attain our object.

The pledge cards will be kept private in order to prevent solicitation on the part of those who may be trying to secure advantage from the campaign.

We are not an employment agency and have nothing to say as to who shall be employed or what they shall be paid. That is between the employer and employed. All we ask is that the money be expended. The provincial employment officer can supply men if required.

Things in the home, outside the home, in office buildings and factories are beginning to look the worse for wear. And there are hundreds of unemployed hands wanting and willing to do those jobs. You need the work done—they need the money for the necessities of life.

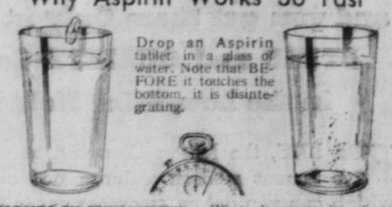
Here's Way Science Now Relieves Pain in Minutes
BAD HEADACHES, NEURITIS AND RHEUMATIC PAINS EASED ALMOST AT ONCE

Remember the pictures below when you want *fast* relief from pain. *Aspirin* eases even a bad headache or neuralgia often in a few minutes!

An *Aspirin* tablet begins "taking hold" of your pain practically as soon as you swallow it. And *Aspirin* is *safe*. For *Aspirin does not harm the heart*.

Remember these two points: *Aspirin Speed* and *Aspirin Safety*. And, see that you get *ASPIRIN, the method doctors prescribe*. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every *Aspirin* tablet. Get tin of 12 tablets or economical bottle of 24 or 100 tablets.

Why Aspirin Works So Fast



IN 2 SECONDS BY STOP WATCH
An Aspirin tablet starts to disintegrate and go to work.

What happens in these glasses happens in your stomach—ASPIRIN tablets start "taking hold" of pain a few minutes after taking.

Halibut Fleet Finally Gets Away—Spring Salmon Run Improves Slightly—Ketchikan Halibutters Vote to Stay in Port

While it is to be regretted that an impasse has been reached in the dispute between the boat owners and the fishermen over the question of sharing of proceeds of halibut livers, general gratification is expressed in business circles at Prince Rupert at the return to work of the halibut fleet for the 1935 season this week. The hope is that an early settlement may be reached in connection with the halibut liver deadlock as a result of which twenty-three boats of the fleet have left for the banks manned by boat owners, leaving the union fishermen, with the exception of those aboard two boats, J. R., Capt. J. R. Reid, and Lysekil, Capt. Al Woie, in port. The general opinion seems to be that, with the exercise of a little reason, such a settlement should be reached without delay. The boats started leaving on Thursday and by today twenty-three vessels had cleared. The first catches by the regular fleet, it is expected, should be back by next Saturday or the Monday following. Market conditions are believed to be such that good prices may be expected.

The boats leaving for the banks have been:

Lysekil, Capt. Al Woie.
Alken, Capt. Andrew Hanson.
R. W., Capt. A. Wick.
Takla, Capt. Chris Parkvold.
Ingrid H., Capt. Charles Lindquist.
Gulvik, Capt. C. Bygdnes.
Southend, Capt. J. Ellertsen.
J. R., Capt. J. R. Reid.
North Forland, Capt. R. Shrubsall.
Cape Spencer, Capt. Richard Giske.
Relief, Capt. Merrill Sollows.
Gony, Capt. Ole Anderson.
Cape Race II, Capt. R. B. Morgan.
Brothers, Capt. J. Gjerstad.
Nornen, Capt. Jack Morrison.
Unome, Capt. David Ritchie.
Gem, Capt. Paul Rosang.
Vera Beatrice, Capt. J. D. Thurber.
D. S. T., Capt. P. A. Meuse.
Melville, Capt. John Ivarson.
Kaien, Capt. Ole Stegavig.
Gibson, Capt. Chris Henriksen.
Pair of Jacks, Capt. A. Peterson.

The Nelson Bros. Fisheries Ltd. reduction plant at Tucks Inlet, Prince Rupert, is still grinding herring after having been busy on these fish for almost two months. The seineboat Zenardi, Capt. R. Gammon, is still taking the fish between Port Simpson and Prince Rupert. On Wednesday a company packer came in with three herring laden scows in tow.

A slight improvement in the spring salmon run is reported and the fish are becoming more plentiful in Prince Rupert retail stores. The trolling fleet is beginnng to display considerable activity at Prince Rupert preparatory to going out for the season's work.

Dr. R. G. Large is leaving this afternoon with his power cruiser Neiris for a trip to Fishery Bay on the Naas River where oolachan fishing is now in progress. Making the trip with Dr. Large are Mrs. Large, Dr. and Mrs. Neal Carter and J. O. Williamson. They expect to return to port Monday night. Dr. Carter is hoping to get some moving pictures of the oolachan fishing and preserving operations of the natives.

Delayed owing to the resumption of preparatory work at canneries along the coast in anticipation of the forthcoming packing season creating more freight business, Union steamer Cardena, Capt. Ernest Georgeson, arrived in port at 5:30 this morning, several hours behind time, from the south and sailed an hour or so later on her return to Vancouver and waypoints.

Ketchikan Situation

Word was received from Ketchikan yesterday that members of the halibut fishermen's union there, maintaining the stand along with the rest of the American halibut fleet centering at Seattle for a minimum price of 8c and 10c per pound for the season, had voted 63 to one against going out to the banks. Representatives of the halibut boat owners and fishermen at Seattle were to have another meeting yesterday with the buyers in regard to minimum price negotiations. This meeting having proven futile, dispatches today announce that the Seattle fleet has decided to leave for the banks without a minimum price agreement.

Messrs. Balkin and Karr of the construction department of the Home Oil Distributors Ltd., who have been at North Island in connection with the establishment of the company's new fuel station on the trolling grounds there, arrived in the city from the Islands yesterday and sailed last night on the Princess Adelaide for Vancouver.

Model Yacht Race

Further plans were completed last night at a meeting of model yacht owners at the office of Capt. J. R. Elfert, harbor master, for the race to be held on the afternoon of Good Friday for the Prince George's Cup. Seven entries have already been received and it is expected there will be at least three more. Preliminary rules and regulations for the race were drawn up at last night's meeting. The event will take place at a central point in the local harbor off the wharves so that the public will have as good an opportunity as possible of seeing it. It was decided to run the race on three sides of a rectangular course, the boat making the best time being, of course, declared the winner. Capt. J. R. Elfert is chairman in charge of the race. Officials will be named during the coming week. Those already entering boats are Norman Daglish, A. J. Croxford, Jack Gibson, Lloyd Rice, Oscar Sather, Cyril Bowes and Ronald Jackson (ss. Prince John) and Albert Palmer.

Continuing Move For Establishing Naval Base Here

The Chamber of Commerce will not give up its efforts to secure the establishment of a naval base at Prince Rupert. Last night it instructed the committee in charge to continue correspondence with the Department of National Defence, urging the desirability of basing one of the destroyers, Vancouver or Skeena, at Prince Rupert.

Report was made to the police of an incident last night on Fourth Avenue just east of McBride Street in which a small girl was accosted by a strange man. When a woman came out of a nearby house, the little girl was released and the man ran off. The affair is being investigated.
