# NAZIS LOSE OUT IN DANZIG ELECTION

# PRAIRIES SNOW-LADEN AS RESULT OF WEEK-END BLIZZARD

## Hitlerites Fall Short Of Two-Thirds Required To Control Baltic Port

**Move to Create Dictatorship and Unite Free City With Germany Failed by Seventeen Thousand Votes In Poll Hed Yesterday**

FREE CITY OF DANZIG, April 8: (CP)—The Nazis failed by seventeen thousand votes yesterday to create a dictatorship in Danzig in their drive to unite with Germany. Final official figures in the election of a Volkstag or Parliament showed that they polled fifty-nine percent of the votes, falliing short of the 62,000 or two-thirds of the total vote needed to gain control of the Legislature.

## *Former Queen Of Atlantic To Be Broken Up Soon*

LONDON, April 8:—The steamship Mauretania, which for years held the trans-Atlantic speed record, is to be broken up at Rosyth, Scotland, it is officially announced.

## Anti-Christian

GENERAL LUDENDORFF

LONDON, April 8: (CP)—General Erich Ludendorff, according to a Reuter's report from Munich, breaking a long silence on the eve of his seventieth birthday tomorrow, proudly styled himself "an anti-Christian and a heathen," placing the blame on Christianity for Germany's collapse in 1918 and adding that, "only through complete renunciation of Christianity, will the German people achieve the unity they need." As a result of Ludendorff's assertions, the Roman Catholic Church and the Protestant Confessional Synod will refuse to fly flags on his birthday despite Reichsfuehrer Adolf Hitler's order.

## *Road Extension At Ketchikan Is Being Requested*

KETCHIKAN, April 8:—The Ketchikan Chamber of Commerce has passed a resolution urging the extension of the highway north of this town a distance of several miles to connect up with the farming and fishing community of Loring on Naha Bay.

## MAY ALLOW RE-ARMING

**Three-Power Conference to Permit Austria, Hungary and Bulgaria To Follow German Lead**

## Capt. Eden Ill

**Will be Unable to Attend at Stresa; Is Blow to British Hopes**

LONDON, April 8: (CP)—Austria, Hungary and Bulgaria may be permitted to follow Germany's lead in re-arming themselves at the conference to be opened this week at Stresa, Italy, by Great Britain, France and Italy, it was said Saturday night by the Evening Standard.

Capt. Anthony Eden, Lord Privy Seal, is suffering from heart strain and a complete rest for from four to six weeks has been ordered by physicians.

Capt. Eden just returned at the end of the week after visiting Berlin, Moscow, Warsaw and Prague to hold discussions preparatory to the conference at Stresa on the subject of European armament. His illness is considered a severe blow to British hopes at that conference. Prime Minister J. Ramsay MacDonald and Foreign Secretary Sir John Simon will head the British delegation at Stresa.

Premier Flandin will head the French delegation.

## *Irish Free State Would Ban Britons Entering Country*

LONDON, April 8:—Lord Danesfort, speaking in the House of Lords on the Irish Free State government's citizenship and alien bills, asked the British government to take action against grave irregularities which would forbid Britons entering the Irish Free State.

## Heart Balm Suits Are Being Curbed

**New Legislation Introduced By Governor Lehman of New York**

ALBANY, N.Y., April 8: (CP)—New legislation curbing heart balm suits in the state of New York has been introduced by Governor Lehman. Under the legislation, such suits would be outlawed unless instituted within sixty days.

## Dust Clouds Blow Up Over Chicago

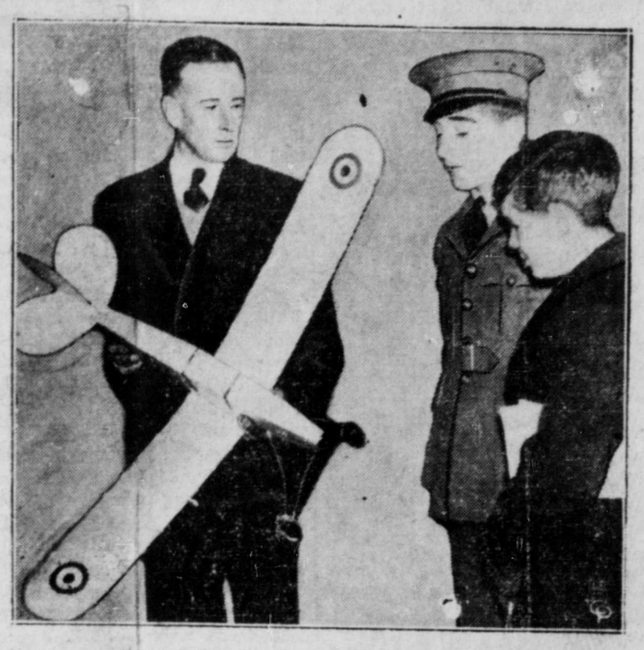
**Windy City Darkened by Thick Haze From Drought Areas**

CHICAGO, April 8:—Dust clouds have been blowing up over this city from the Middle West drought areas, a thick haze obscuring the sun and darkening the sky.

## *Radiophone From Alaska South To Seattle Opened*

JUNEAU, April 8:—Marking the opening of a new radiophone service between Juneau and Seattle, Governor John W. Troy had a conversation with army officials in Seattle. The service has been established by the United States Signal Corps. It is possible another station may be opened at Ketchikan.

## Fame Fleeting For Daring Flier



A story, published in London, Eng and, told the plight of Captain H. C. Biard, 1926 winner of the Schneider Cup Aviation trophy, who was unemployed and desperately in need. Almost immediately a London shop employed Captain Baird, in its model aeroplane department, and he is shown here, on the job, showing models to a group of young air enthusiasts. Captain Biard won the trophy in 1926 by speeding his plane at the then amazing pace of 226 miles an hour. His last air job was that of private pilot to Mrs Jimmy James, wealthy American.

## MANY BOATS FOR BANKS

**Thirty Seattle Halibut Vessels Had Left Up to Saturday With 20 More Out Today**

SEATTLE, April 8: (CP)—Thirty halibut boats had cleared up to late Saturday for the Gulf of Alaska and it is expected fifty will be at sea by today with others following in about ten days.

By agreement, the fleet is dividing the fishing periods as was done last year in order not to flood the market with resultant low prices.

The minimum price demanded from the buyers was not obtained.

## Vancouver Wheat

VANCOUVER, April 8: (CP)—Wheat was quoted at 85¼c per bushel on the local exchange today.

## SHERIFF IS MOB VICTIM

**Infuriated Crowd Storms County Seat in New Mexico and Kills Officer**

GALLUP, New Mexico, April 8:—Supposedly infuriated at the eviction of a homesteader and his family from their farm, a mob stormed the County building here late last week and shot Sheriff Carmichael to death, two deputy sheriffs being also seriously wounded. The outbreak was later brought under control and several arrests were made.

F. D. Nealon arrived in the city on the Catala last night from Vancouver to relieve as agent of the Union Steamship Co. here for the next couple of weeks for R. M. Smith who, with Mrs. Smith, is leaving on the Catala tomorrow afternoon for a trip to Vancouver.

## Twenty-One Years Tomorrow Since First Train Arrived In Prince Rupert From East

The local line of the Canadian National Railways becomes of age tomorrow. It will be the twenty-first anniversary of the arrival here of the first passenger train to come through from Winnipeg following the linking up of the line in the Nechako Valley.

It was a beautiful, warm summer-like day when the first through train drew in to be greeted by thousands of cheering citizens, a gala day being made of the occasion.

Christopher J. Graham, veteran engineer, whose impending superannuation was announced recently, was at the throttle of the locomotive and the late Frank Rowell was the conductor in charge.

The train consisted of baggage coach, tourist coach, diner, Pullman sleeper and the private car "Transcontinental" of the vice-president of the Grand Trunk Pacific Railway, Morley Donaldson, who was accompanied by a large party of officials.

## *Additional Moisture Will Put Seed Bed in Good Shape For Crops*

**From Six to Eight Inches on Ground in Southern Alberta With Somewhat Less in North—Drifts Cripple Transportation Services**

CALGARY, April 8: (CP)—Farmers of Alberta today viewed their blizzard-swept fields with a snowfall of from six to eight inches blanketing the south country with a less heavy fall in the north. Starting late Saturday, the blizzard was continuing this morning and, while delaying preparatory work, the additional moisture will put the seed bed in good shape and aid the pastures. Heavy drifts in the south have badly crippled transportation services.

## HONORS AT WELLESLEY

**Daughter of Late E. C. Gibbons Of Prince Rupert Received Scholastic Award**

Miss Mary M. Gibbons, daughter of the late E. C. Gibbons of Prince Rupert, who lost his life by drowning at Hartley Bay several years ago, recently won high honors at Wellesley College. She was named a Wellesley College Scholar from the Senior Class, an annual award based on high scholastic attainments. The announcement was made on Honor's Day at the formal chapel service, President William Allan Neilson of Smith College being the honors day guest speaker in connection with the ceremonies.

Miss Gibbons was born in California. Her mother came to Prince Rupert with Mr. Gibbons when they were married but found it necessary to visit California for her health and she died there within a year after the child was born. After her mother's death, the little girl was brought up by her grandparents in Bangor, Maine. She spent a summer vacation in Prince Rupert with her father not long before the fatal accident which left her orphaned. She will be remembered as a vivacious girl, fond of outdoor life and this characteristic she has kept up for she recently won her "W" in the highly competitive activities of the college riding club.

Naturally many Prince Rupert people will be pleased to hear of the success of Miss Gibbons. As a member of the firm of McCaffery & Gibbons, her father was well known and influential in the life of this city and the daughter is carrying the family name a step farther ahead by winning honors at an early age.

## WRONG IS NEVER RIGHT

There is a big fight on in Ontario in regard to the cancelling of power contracts by the provincial government with a number of power companies. It is said by the representatives of the province that they are not only wrong morally but also legally.

There is a difference of opinion as to what contracts, if any, may be annulled. Some claim that a contract is something sacred and whether bad or good should be carried out to the letter. The other opinion is that no contract is binding which is unjust—that if a contract is wrong, the signing of it did not make it right. It would be a worse wrong to continue an unjust contract than to break it. There are many things more sacred than a solemn contract.

Take another instance. A man enters into a contract to purchase a home for his family. He makes his payments for a time and then depression or unemployment makes it impossible for him to continue unless he starves his family in doing it. Which is the more important, to carry out the terms of the contract or to feed his family? He feeds his family. There can be only one opinion as to which is just and right.

## OXFORD AND CAMBRIDGE

There is not as much interest taken in the Oxford and Cambridge classic boat race as there was years ago. So many other sports seem to have divided the interest of Canadians. Also the regular winning of the trophy by Cambridge has lessened the interest. There was a time when Oxford was the favorite and year after year that university was the winner. If the present one-sided game continues the interest in the event will gradually wane until it sinks into a minor sport event.

## REGISTERING AIR PORT

Prince Rupert can register its airport with comparatively little expense. It has no field to provide for landing. The landing place is provided by nature and does not even have to be levelled.

Some day we shall have to provide a field for the use of land planes but at present the seacraft are the only machines used in this part of the world.

## 1,000 ROSES HAVE ARRIVED

**Another Consignment To Follow From Vancouver Island Firm**

A consignment of a thousand rose trees arrived on the Princess Adelaide from a Vancouver Island firm Friday addressed to Phil Edgcumbe. Mr. Edgcumbe says they are all sold and he also has orders for three hundred more and expects to receive further orders within the next few days. He has canvassed the whole city.

This importation of roses takes the place of the Horticultural Society co-operative importation. Other dealers have also been importing trees.

## MAROONS IN NEAR CINCH

**Defeated Maple Leafs Saturday to Take Strangle-Hold on Stanley Cup**

### Wide Open Game

**Montreals Made Great Display of Defensive Tactics After Piling Up Heavy Lead**

TORONTO, April 8: (CP)—Before a crowd of 14,000 fans in the Maple Leaf Gardens Saturday night, the Montreal Maroons took a strangle-hold on the Stanley Cup series by outplaying and outclassing the Toronto Maple Leafs to win by a score of three to one in a fast, wide open game. The Maroons having won here the first two of the best three out of five game series, the scene now changes to Montreal where the third game will be played tomorrow night and the fourth, if necessary, on Thursday. Should the Maple Leafs win the two games in Montreal to tie up the series, the fifth and deciding game would be played in Toronto Saturday night.

The Maroons played a great game Saturday night and were in control of the situation throughout, never permitting the Maple Leafs, who put everything they had into the effort, to get into the lead. The Maroons stood off a fierce Toronto attack in the first period, held the Leafs in the second and took complete command in the third, checking the Leafs into submission. After building up their commanding lead, the Maroons almost throughout the last period engaged in dedefensive tactics. On several occasions, the Maple Leafs, concentrating almost their entire strength on the forward line, sieged the Maroons goal but found the Montreal defence, in which Hooley Smith starred, impenetrable.

Robinson opened the scoring for the Maroons in the first period and, about half way through the second, Harvey Jackson, netted the equalizer for the Maple Leafs. With three minutes of the second period to go, Blinco put the Maroons into the lead with a brilliant score from an awkward corner on an assist from Shields. Four minutes after the start of the third period, Wentworth and "Baldy" Northcott dashed away with the puck out of one Toronto's fierce attacks and the latter made the third Montreal goal. Thereafter, the Maroons engaged exclusively in a close-checking defensive game and held the fierce-attacking Maple Leafs at Bay.

Connell, in the Maroon goal, had to stop twenty-one shots in the first period and forty-four in the entire game while Hainsworth of the Maple Leafs handled only seventeen.

## CRACK TRAIN IS HELD UP

## Giant Plane In Alameda Prior To Pacific Hop

**Huge Clipper Ship Arrives From Miami to Prepare For Trans-Pacific Flight**

ALAMEDA, Cal., April 8:—After a leisurely flight across the continent from Miami, a giant Pan-American Airways clipper plane has arrived here. The ship is to be prepared for a flight across the Pacific Ocean to the Orient via Hawaii.

## CAMERON IN LEAD

**Establishes Commanding Margin Over Don Brown in Billiard Semi-Final.**

The first block of the second semi-final of the city billiard championship last evening resulted in Neil Cameron establishing a commanding lead of 128 over Don Brown, the scores being: Cameron, 519; Brown, 391.

The game was disappointing, both players being timid in their shots and missing many an easy set-up. Cannons were missed by a hair's breadth, balls juggled around the pockets and then stayed out. And, although Don, in turn, implored and threatened the Gods of billiards, he failed to get any consideration from them.

Cameron's best break was 45 (losing the white at 30), 31, 23, 21 (twice). Brown could not get going, his best being 33, 24, 22, 21.

The second block will be played tonight.

The finals, originally scheduled for Wednesday, Thursday and Friday of this week, have been postponed till Sunday, Monday and Tuesday of next week. In the final, which will be of three blocks, C. P. Balagno, the present city champion, will meet the winner of tonight's game.

The handsome trophy is now on view in John Bulger Limited's window and very favorable comment is heard.

# Prayer Meeting Is Held on Friday

**Rev. C. D. Clarke is Speaker On Subject of "Following Christ"**

Rev. C. D. Clarke, pastor of First United Church, was the leader and speaker Friday at the prayer meeting in Baptist Church in connection with the Lenten Campaign of Evangelism. Mr. Clarke's theme was "Following Christ." He based his message on the story of the rich young ruler as recorded in the Gospel of St. Mark, stressing the point that many today were willing to follow Christ in his Gallilean ministry, which was quite essential, but there were few who were willing to follow Jesus to Jerusalem and the place of Crucifixion, wherein was one of the true tests of Christianity. The speaker drew comparisons between Christian and non-Christian countries, and between individual Christians and non-Christians. He endeavored to show thereby the difference between true and untrue Christianity. Speaking of sacrifice, Mr. Clarke alluded to the case of a heathen woman who was willing to sacrifice her strong and healthy child to God instead of her puny child.

The meeting was well attended and several responded to the request for voluntary prayer. Mr. Clarke opened and closed the meeting and W. Vaughan Davies presided at the organ.

**"WHERE ROSES REIGN"**

E. J. Fuller, acting on behalf of the Prince Rupert Horticultural Society, has received a set of four medals, two silver and two bronze, from the Editor of "Home Gardening," published in London, England, to be used as prizes at the next annual rose show this coming summer.

Writing to Mr. Miller, the editor said in part: "That was a splendid boost of Prince Rupert in the Vancouver Province (written by Mrs. Mandy) and I have no doubt it will do quite a lot to outbalance the adverse impression previously created by the continual "rain song." In future I shall always say, when I hear Prince Rupert mentioned, 'Oh, you mean Prince Rupert where the roses reign.' It is firmly fixed in my mind after reading the article you enclose."

# Purity and Freshness

*Users of tobacco in any form are always assured of purity and freshness when they buy a product of the Imperial Tobacco Company. These qualities are achieved only by the practice of eternal vigilance.*

That vigilance starts with the education of the grower, in methods of cutting and curing that ensure the utmost cleanliness and wholesomeness in the leaf as delivered. The grading is all done over screens, to remove sand. Leaves showing any blemish are immediately destroyed. After that the stock is submitted to a forced-draft heat treatment that mellows and conditions the tobacco.

During the three-year ageing process, the leaf lies packed in hogsheads, for, like wine, it mellows best in wood. These hogsheads are stored in bond by themselves in modern warehouses through which the outside air moves freely. The sweating induced by summer heat and humidity has the effect of dispelling harshness, and leaving the leaf sweeter and softer to the taste.

During the manufacturing process, as a protection against even the most remote possibility of contamination, the leaf is handled in rooms where the air is filtered of all impurities, humidified to prevent dust, and where walls are being constantly whitewashed.

Yet that is only the beginning. Every single shipment of a material that directly or indirectly enters into the manufacture of any Imperial product must first pass its prescribed laboratory test, to determine whether it fully measures up to the purity standard set for it. If not, it is instantly rejected. And in the case of cigarette paper, there are easily a dozen different tests, chemical and physical, that must be survived before any shipment is permitted to be used.

When the manufactured tobacco is ready for packaging, it is of course in prime condition. It is to ensure its reaching the consumer in equally good condition that so much care is taken, so much expense incurred, with the wrapping. Waxed paper, tin foil, cellophane, snugly-fitting packages and hermetically-sealed tins are only a few of the devices employed to conserve freshness.

*Finally, such is the reputation enjoyed by Imperial products for purity and freshness, that the large and steady demand for them assures a quickness of turnover that precludes any possibility of their growing stale on the retailer's shelves.*

## WHIFFLETS
### From the Waterfront

Delayed by making extra calls on her way up the coast, as well as by having heavy freights, Union steamer Catala, Capt. James Findlay, arrived in port at 9:45 last night from the south and sailed a couple of hours later for Anyox, Stewart and other northern points whence she will return here tomorrow morning, sailing at 1:30 p.m. for Vancouver and waypoints.

Cannery crews are continuing to arrive in the district from the south to make ready for the coming season's packing activities. The Catala last evening on her way here from the south made a special call at Inverness with R. G. Johnston, manager of that plant who spent the winter at Victoria, and members of his advance crew. The Catala also brought north A. L. Stewart, manager of Butedale cannery, and members of his crew; J. P. McMillan, manager of Sunnyside cannery, who went through to Port Simpson and will be back here tomorrow enroute to the Skeena River, and members of the crew of Namu cannery.

Capt. Joseph Flood arrived in the city at the end of the week from Vancouver to act as pilot for the British steamer Jersey City which is due on Wednesday to load a full cargo of grain from the local elevator for delivery to the United Kingdom or Continent.

Word has been received in Prince Rupert to the effect that Harry Johnson of Seattle, whose tender of 40¾c per pound for halibut livers was accepted this spring by the halibut fishermen and boat owners of the Pacific Coast, has assigned the agreement to Parke, Davis Co., well known medicinal manufacturing concern, which will take the livers at this figure.

The handsome cup put up by captain, oficers and crew of the steamer Prince George as a perpetual challenge trophy for model sailing yacht racing here has been placed on exhibit in the windows of the Canadian National Railways offices on Third Avenue. With it on display is a splendid new model racer belonging to A. J. Croxford of this city in the making of which Queen Charlotte Island red cedar, supplied by the J. R. Morgan Logging Co., was largely used as well as a trim model power cruiser belonging to Charles McKeown. The first race for the Prince George's Cup will take place on Friday and already general interest is being manifested in the event.

Imperial Oil Co.'s tanker Imperial arrived in port this morning from Ioco with fuel for the company's local tanks. After discharging, the Imperial sailed on her return south early this afternoon. Capt. Geddes is in command.

The snagboat Essington, Capt. J. D. Watson, after having spent the past week on the Skeena River, arrived in port Saturday night and left this afternoon for the Naas River where she will operate for the next month with headquarters at Mill Bay.

## COMIC FEUD ON SCREEN

**Walter C. Kelly, "Virginian Judge" And Andy Clyde in "McFadden's Flats"**

"McFadden's Flats," for many years a successful American and English stage play, comes to the screen of the Capitol Theatre as the first of the week feature offering with Walter C. Kelly, beloved vaudevillian of "Virginian Judge" fame, and Andy Clyde in the featured roles. The classic feud of the McFaddens and the McTavishes in the background of an interesting and amiable story. Kelly is the battling Irishman who rises from brick-laying to wealth without once relenting in the feud with his old Scottish enemy, played by Andy Clyde.

Under the wordy battles of these two old hardshells, however, is a genuine affection and, when Kelly gets into financial trouble, Clyde secretly supports his credit at the bank and enables him to complete the modern tenement flats of his dreams. The friendship of the two old feudists is finally cemented after many intriguing incidents when their children fall in love.

Richard Cromwell and Betty Furness, an appealing pair of youngsters, handle the romantic assignments and other prominent members of the cast include George Barbier and Jane Darwell.
