VANCOUVER LONGSHORE STRIKE ON

BYNG, FORMER MILITARY LEADER AND GOVERNOR, DIES

Union Stevedores Have Refused to Handle Any Cargo of Deepsea Ships

Empress of Japan Work Being Carried Out With Non-Union Labor—Other Ships Remaining Idle—Docks Picketed But No Disorders

VANCOUPER, June 6: (CP)—Refusing to go to work as individuals, deep sea longshoremen of Vancouver are definitely on strike today. Work on the liner Empress of Japan, in port from the Orient, is being carried on with non-union labor. All other ships are remaining idle until the Shipping Federation perfects plans for recruiting labor.

At a meeting last night, the Longshoremen's Union appointed a strike committee. Delegates representing other waterfront workers were present and it is possible a general strike may be called.

This morning all docks were picketed but so far there have been no disorders.

Work is proceeding as usual on deepsea ships at New Westminster.

ELECTION IN FRANCE

Appeal to People Believed Only Way Out of Present Political Impasse

PARIS, June 6: (CP)—The possibility of an early general election being held in France in the hope of a mandate being given for the formation of a stable ministry with increased authority on fiscal matters is being discussed. In view of the present complexion of the Chamber of Deputies, with its many political factions, it appears unlikely that any permanent cabinet can be formed. Former Premier Edouard Herriot yesterday declined President Albert Lebrun's invitation to form a government. Former Premier Pierre Laval was then called upon but gave up the effort.

A fifth political strong man, Francois Pietri, failed today in his efforts to form a government which might guide France through the financial crisis and the nation entered the third successive day without a cabinet.

After Pietri's failure, President Lebrun called in Fernand Bouisson again and asked him for a third time to try and organize an administration but Bouisson refused.

Meantime more gold reserves were withdrawn today from the Bank of France and huge sums of government bonds fall due in nine days.

The situation is explosive in Paris and there has already been rioting.

SEEKING BOMBERS

Radicals Suspected in Connection With Destruction of Seattle Building

SEATTLE, June 6:—Police are still looking for certain radicals suspected of bombing the Hopkins Building in which a small industry was being operated with pickets endeavoring to prevent its carrying on. The bombing occurred at 11:30 last Friday night and nearly demolished the building, the nearby Orpheum Theatre also having a narrow escape.

BAR SILVER

NEW YORK, June 6: (CP)—Bar silver closed at 72½c on the local metal market yesterday, this being the same price as in Montreal. Today's price was 72¼c.

LESS FISH IS CAUGHT

Halibut Production so Far This Season Only Half of Last—Fishing Will Continue Later

SEATTLE, June 6: (CP)—A total halibut catch of 10,371,000 pounds had been landed at Pacific Coast ports from the opening of the season at March 1 up to May 31, the International Fisheries Commission reported yesterday.

This is about half of last year's catch for the same period and indicates that fishing will extend further into the fall this year than it did last.

SYNOD IS GOING ON

Bishop Rix Delivers Charge to Clergy and Laiety—Public Service Held Last Night

The charge of Rt. Rev. G. A. Rix, Bishop of the diocese, to clergy and laiety yesterday afternoon and an open service last night at which City Commissioner W. J. Alder extended the greetings of the city to the Synod and Rev. F. H. Wilkinson, rector of Christ Church Cathedral, Vancouver, gave an address on missionary work featured the proceedings yesterday of the Synod of the Anglican diocese of Caledonia which is continuing in session today.

Bishop Rix, in his charge, stressed the indications which were apparent of a return of interest in religious matters and referred to the necessity of laymen assisting their clergy in their work.

The afternoon session opened with a brief devotional talk by Mr Wilkinson. Reports on various diocesan activities were presented.

Today's sessions opened with a Holy Communion service at 7:30 this morning followed by business sessions, luncheon served by the ladies and the concluding meetings. Tonight there will be a public service.

CLOSE CALL FROM FIRE

Blaze Early This Morning on Second Avenue Caught In Time—Two Men Taken Out on Ladders

Chris Johnson and "Dusty" Miller had a narrow escape from being burned to death and a serious conflagration in the business section was closely averted at 5:35 this morning through effective work of the city fire department in extinguishing a fire in a building at 725 Second Avenue which is owned by Robert L. Newman, senior director of the Bank of England. Johnson and Miller, the stairway blocked by smoke and flames, were taken by Constable Middleton of the city police and firemen down a ladder to safety. They were aroused while sleeping and made their getaway in their night attire.

Considerable damage was done and there is some insurance.

Dumping of hot ashes into a pail from which they overflowed is believed to have been the cause.

Former Governor General Dies

Field Marshal Viscount Byng of Vimy, who commanded Canadian Corps at first of Great War.

Baron of Vimy Passes In England Following Illness and Operation

Staunch Warrior Succumbs Following Operation—Seventy-Two Years of Age—Had Distinguished Career

THORPE-LE-SOKEN, Essex, Eng., June 6: (CP)—Staunch warrior in war and peace, Field Marshal Viscount Byng of Vimy, first commander of the Canadian Corps in the Great War and later Governor General of Canada from 1921 to 1926, died this morning at the age of seventy-two years. Death came following an operation.

Baron Byng, who retired a couple of years ago as Commissioner of the London Metropolitan Police (Scotland Yard), had been in failing health in recent years and recently returned from a visit to California and Canada.

General Lord Byng of Vimy, G. C. B., G. C. M. G., M. V. O., and the recipient of many other honors and decorations from his own and allied countries, was the seventh son of the Earl of Strafford, and was born September 11, 1862. In his early days in the army he saw much active service in the Soudan and South Africa, being frequently mentioned in despatches. Between wars he was rounding out his military experience in Britain and India. A man of the Kitchener school, where all the pupils were hard workers, hard fighters, and incomparable for tenacious courage, he rose steadily in rank. For a few years before the world war he was in command of the British forces in Egypt. Recalled in a crucial hour for Britain, he was assigned to the training of the cavalry units on Salisbury Plain. One day he received a War Office telegram ordering him to proceed to the Continent immediately. Within an hour he was on the way. Lord Byng made his mark as a cavalry leader

(Continued on Page 4)

REID WOULD HAVE CENTRAL BANK OF CANADA USE SILVER

OTTAWA, June 6: (CP)—Thomas Reid, Liberal member for New Westminster, gave notice yesterday of a bill designed to compel the Bank of Canada to purchase silver for redemption of notes. Under the bill it would be made compulsory for the bank to purchase 1,600,000 ounces of the white metal yearly.

COAST MUST FIGHT FOR PEACE RIVER BLOCK SAYS SPEAKER AT SERVICE CLUB

Canon Proctor Urges That More Than Casual Interest Be Shown—Would Bring Rich Reward—Reveals Agitation to Join Alberta

"If you wish to retain for British Columbia the Peace River Block, the only extensive grain growing area in the province with its enormous trading possibilities which only require an outlet to bring them into full development and make Prince Rupert a city of many more thousands of people than it has today, it is up to you to show a real interest in that country and urge the vital importance in this emergency of a Pacific Coast outlet, be it by highway or railroad, being provided immediately," declared Canon T. D. Proctor of Pouce Coupe, head of Anglican Church work in the Peace River Block, in speaking before the Prince Rupert Gyro Club at luncheon yesterday. The Alberta government and the business people of Edmonton are showing a good deal more interest in the Peace River Block today than are the people of the British Columbia coast, Canon Proctor declared, and there is an anti-British Columbia agitation in that country which has a real possibility of developing into a movement for secession from British Columbia and joining up with Alberta. Powerful interests, the speaker further stated, are working for the Obed cut-off route as the Peace River outlet as against an outlet through Hines Creek to the Canadian National Railways line in Central British Columbia. If this should go through, it would leave the northwestern section of the Peace River Block high and dry and would be disastrous to Prince Rupert as an outlet.

Fight For Outlet

The time might not be opportune just now for a railway outlet, Canon Proctor said but immediate efforts should be bent, particularly at Prince Rupert, to at least getting a highway connection to the Pacific Coast with the Peace River. The railway would follow the highway, he said. There should be more than a casual interest taken here in the Peace River. "If you really believe in the development of your port, you must be behind the immediate construction of this outlet which would not only bring immediately tributary to your city the area which will one day be the wealthiest producer of natural products in British Columbia but would also provide much needed work at this time for the settlers in that area in their struggle to get a foothold on the land."

The grain of the Peace River Block, which should come to the Prince Rupert elevator, was unequalled anywhere, declared Canon Proctor. Only a few miles across the provincial border were the farms of the international Wheat Kings. In his own parish lived the farmer who held the Dominion championship. Land there had produced up to eighty-two bushels per acre of the finest wheat. Peace River stock was of such splendid quality that it brought the top prices on the Edmonton market. There were also tremendous possibilities of development of mineral wealth. The possibilities of the British Columbia portion of the Peace River were much greater than those of the Alberta section, the speaker believed.

In spite of the depression, there had been great development in the Peace River Block during the six years he had been there, Canon Proctor declared. In the first three years of his ministry, the population had increased from 3,500 to 13,000. With the arrival of large numbers of farmers from the southern prairies who had been dried out, the question of relief and social service had arisen and the burden had fallen heavily upon the church. There was much preliminary work to be done upon the farm lands before they could be brought to the stage of production where they commenced to show returns. During that period of development, it was necessary for the people to obtain a livelihood. People of Prince Rupert could render a real service if by no other way than keeping up the

(Continued on page 4)

MAP PARTY COMES OUT

National Geographic Explorers Here Yesterday After Visit To Southwestern Yukon

Adams Carter of Newton, Mass., Hartness Beardsley of Springfield, Vt., and Andrew Taylor, former well known northern guide, who now makes his home in New York, who have been on a mapping expedition into the little explored Mount Hubbard area of Southwestern Yukon since early spring on behalf of the National Geographic Society, arrived in the city on the Princess Alice yesterday afternoon from the north. Carter and Beardsley left here by the afternoon train on their return east while Taylor continued through aboard the steamer to Seattle. Other members of the expedition are now at Carcross and will be coming out on a later boat.

Carter, Beardsley and Taylor became separated from the other members of the expedition by having come out overland to Yakutat Bay through a remote wilderness never before traversed by white men. From Yakutat they flew to Juneau where they caught the steamer.

Recover Bodies Of Slide Victims

Four More Remains Taken Out Of Avalanche Debris on Taseko River

VICTORIA, June 6: (CP)—The bodies of N. S. Stewart, W. Nelson, E. Carlson and B. C. Bacon have just been recovered from the debris of the slide at the Mother Lode mine on Taseko River where seven died last January when caught by an avalanche. Two other bodies had been recovered previously.

ASTRAL PHENOMENON

Following the news published in this paper yesterday telling of the appearance of a brilliant meteor flashing over Prince Rupert, we consulted an astrologist as to the meaning of the phenomenon. The seer went through the proper formalities incident to a search into the possibilities of the future, passed into a trance, and revealed that the appearance of the meteor was a propitious event signifying some great change in connection with the city. It might mean the birth of a great man who would, after much tribulation, descend upon Ottawa and secure work and wages for all the people including sinners. It might mean that the port had been selected for some great centre such as that of a naval base or the shipping point for grain from the Peace River by way of a new western outlet. More possibly it indicated an industrial development which would bring such prosperity to Prince Rupert that there would be work and wages for all (including sinners), merchants and others would be able to pay their rent, debtors pay their overdue bills and meet their drafts and the sheriff be given a holiday.

The astrologist came to, shook herself together, rubbed her eyes, smiled and inquired: "What have I been talking about? I fancy I must have been in heaven."

DON'T FORGET INTERIOR

Prince Rupert people and especially the merchants are urged once more to remember the farmers of the interior. This is the natural market for much of their produce. They must sell or they cannot carry on. We have to buy and, if we can buy from them, it will be a double advantage. Merchants, too, will remember that, if they buy from the farmers, they will be more likely to find a market for their own goods among the people of the interior.

Farmers are the wealth producers of the country. They have suffered like the rest of us from the long depression which is now rapidly passing. They deserve every possible encouragement. They need encouragement from us personally in helping to provide them a market and they need encouragement from the governments, such as has been promised in the establishment of experimental stations and through their institutes. We commend this cause to all concerned.

GROTTO IS DEFEATED

Junior Elks Winners in Extra Inning Softball Game

In a free hitting ten inning City Softball League contest last night with both teams playing loose ball, the Junior Elks gave the strong Grotto aggregation its first defeat of the season by a score of 10 to 9. The Grotto made a strong bid in the extra inning, securing two runs but with the two winning runs on bases, Howe flew out to Cross, ending the game. Naylor's catch in right field in the last inning was easily the best play of the game while Simonson, for the Grotto, after being moved from third to left field, played excellent ball. McMeekin, for the Elks, smashed out four safe hits in six times at bat with Lindsay getting three hits.

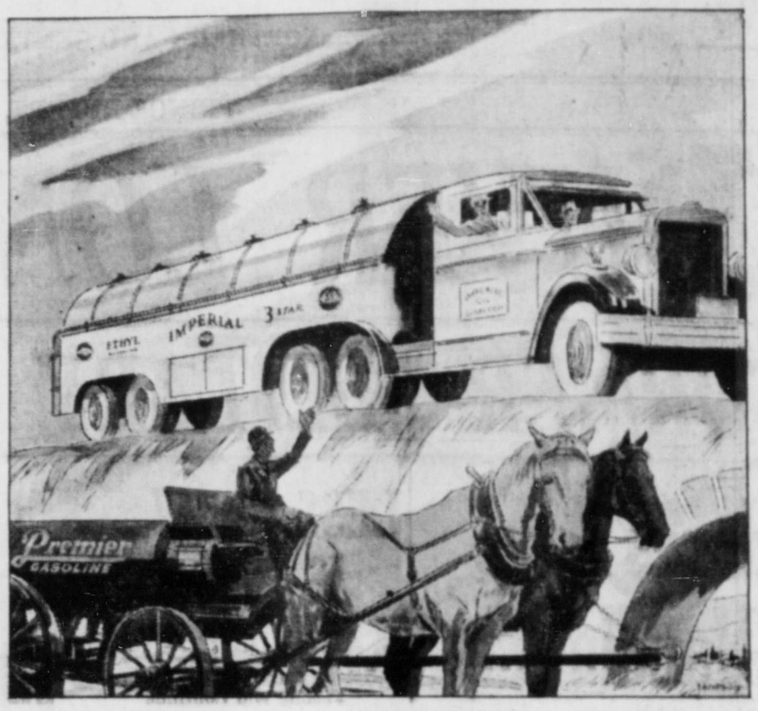
SIR MALCOLM CAMPBELL TO DRIVE AT SALT LAKE

LONDON, June 6:—Sir Malcolm Campbell, famous British automobile racing driver, announced yesterday that he would make a new attempt on the salt beds near Salt Lake City in July to set a new world's speed record of 300 miles per hour with his Bluebird.



A LITTLE COMPANY GROWN BIG

IMPERIAL OIL was a little Company in 1880. There was then only a handful of employees. A dozen or so products were the Company's stock in trade.

Today nearly 18,000 Canadian men and women are engaged in making and selling 714 different Imperial Oil Products. So, counting their families, there are about 90,000 people *directly* dependent for livelihood on this Company and its operations. 90,000 is a lot of Canadians.

Imperial Oil's growth depended upon more than growth in population and demand. Fair dealing, honest value and the ability to meet new needs with new products and new services all played their part. Of course a loyal, capable staff was indispensable. Such a staff was built up by fair and considerate treatment. Good wages, sickness and death benefits, retirement pensions, group insurance, industrial councils — these are some of the measures by which the Company has recognized its responsibility to the men and women in its employ. These men and women have recognized in turn their responsibility to the Company. By loyal, whole-hearted service they have helped it to make better products at lower cost and thus become "a big company."

IMPERIAL OIL LIMITED

THE SIGN OF ★★★ IMPERIAL PRODUCTS A FAIR DEAL

HIGH WINS IN SOCCER

Defeated Booth By Score of Two Goals to Nil

After a Junior League football game in which High had all the better of the first half and Booth the better of the second half, King Edward High School finished winners by two goals to nil last night.

The game was very keenly fought out. Russell Cameron used his speed and weight to advantage to register the first goal for High. Later a penalty was awarded but Gulick, from the spot, drove against the upright and the ball was cleared. Krause fumbled a shot in the sun but finally cleared. Percy Knutson was playing a grand game for Booth which was lucky to be only one goal behind at half time.

The second half found the Booth team attacking. Rarely did the High players get away. Christian missed a chance close in from Holkestad's corner and McKay went close. From another corner well taken by Holkestad, Dick Cameron turned the ball over the bar when a goal seemed certain. Bertie O'Neill broke away but McLean and McKay stopped him. Gulick was playing a strong defence game and Brown and Eastman were able to hold Booth forwards. Ritchie was nearly through but Willliscroft ran out and kicked clear. Husoy got close in but Krause ran out and saved. Russell Cameron went through to add a second goal for High against the run of the play. Booth still pressed but was unable to score.

High School—Willliscroft; Brown, Eastman; Croxford, Gulick, Tanaka; Husoy, Clausen, O'Neill, Beale, A. Cameron.

Booth—Krause; L. Knuston, P. Knutson; Scherk, McKay, McLean; Dick Cameron, Christian, Ritchie, Davie, Holkestad.

Jimmy Carroll refereed efficiently.

"Cream" RICH SOUPS MADE WITH CARNATION

THE richest, smoothest cream soups you ever set lips to are made with economical Carnation Milk at a real saving over the cost of cream.

That is because the *Improved* Carnation Milk is so *smooth*. Its double quantity of butter-fat is blended right into every drop. You *feel* the richness. You *taste* the richness. Always make cream soups and sauces with Carnation Milk. In fact, use Carnation Milk in all cooking calling for milk. Undiluted, Carnation is perfect for creaming coffee, cereals, fruit.

The Improved Carnation Milk is fine in flavour, creamy-light in colour, smooth in consistency and irradiated for "sunshine" Vitamin D. Ideal for babies. Benefits adults, too. No increase in price. The famous Dionne quintuplets are being raised on Irradiated Carnation Milk. They have been fed Carnation Milk since November, 1934.

Write for two valuable free booklets—"100 Glorified Recipes" and "Contented Babies." Address Carnation Company Ltd., Abbott Street, Vancouver.

Reception For Delegates To Meeting Held

KITKATLA, June 6:—Northern delegates to the recent convention of the Native Brotherhood of British Columbia at Bella Bella stopped off here last week on their way home and were entertained at a banquet, the catering being in charge of members of the local Native Sisterhood with Mrs. Henry Brown in charge.

Following the reception, there was a program of speeches and music by the Blue Hawaiian Orchestra. The speakers were Mrs. Henry Brown, Ben Wilson, Job Spencer, Joseph Innes, Alfred Adams (Massett), Charles Dudoward (Port Simpson), Matthew Johnson and Edward Gamble with Rev. M. H. Lawrence conducting the closing ceremonies. The orchestra played "Blue Moon," "The Object of My Affections," "When I Grow Too Old to Dream" and "About a Quarter to Nine."

BARON OF VIMY PASSES

(Continued from page one)

on the Western front. Later he served for a time in Gallipoli. Returning to France he continued to display the qualities that distinguished him as a leader. On succeeding to the command of the Canadian Expeditionary Forces he associated his name with this country for ever by the brilliant success at Vimy. "To be one of the "Byng Boys" was a proud boast of the Canadians even when he had ceased to command them and was leading the Third British Army to new triumphs.

It is said of Lord Byng that he studied every battlefield of note in Europe and most of the important published works of tacticians. When he undertook any duty he brought to bear upon it the deep thought and concentrated attention that made him so successful as a soldier. He little thought for himself but played the big game squarely no matter what the cost. With all that he was said to possess "a dash of the mystic." Imagination and brains, a keen understanding of human nature, and a fine presence, made him one of the most popular Governor-Generals Canada has known.

The widow, Lady Byng, was Marie Evelyn, the only child of Hon. Sir Charles Richard Moreton.

Lady Byng was an ideal helpmate to her famous husband. They had no children.

Baron Byng visited Prince Rupert while Governor General.

Eastern Star Tea And Sale Success

Many Called at Affair Yesterday Afternoon at Home Of Mrs. L. W. Kergin

A very successful tea and sale of home cooking was held by Belist Chapter, Order of the Eastern Star, yesterday afternoon at the home of Mrs. L. W. Kergin. The tea tables were prettily decorated with apple blossoms and tulips.

Mrs. Kergin and Mrs. Lawrence Lambly received the guests. Mrs. Samuel Massey, Mrs. C. H. Elkins, Mrs. Robert Blance, Mrs. Shelford Darton, Mrs. Dan Jabour and Mrs. W. O. Vigar poured. Serviteurs were Mrs. E. N. Valentine, Mrs. J. H. McLeod, Mrs. S. J. Jabour, Mrs. G. P. Tinker, Mrs. W. M. Watts, Mrs. Jack Garrett and Miss Irene Mitchell. Mrs. R. G. Emmerson, Mrs. J. W. Head, Mrs. James Watt and Mrs. J. M. McCawley were in charge of the tea room and Mrs. W. D. Vance was cashier.

Mrs. James Simpson and Mrs. Thomas McMeekin were in charge on the home cooking table.

Mrs. W. W. C. O'Neill was general convener.

WHIFFLETS

From the Waterfront

Paying her first visit to this port, the trim new United States coastguard cutter Cyanne was in port last night to pick up United States Consul G. C. Woodward, G. W. Nickerson and Capt. Winnie Pierce who are to appear as witnesses in a district court case in Ketchikan involving the well known halibut boat Tahoma which is charged with being operated as an American fishing vessel while actually being of Canadian ownership. The Cyanne is due back in port with the party tonight or tomorrow.

Halibut Arrivals

Canadian

Kaien, 14,500, Atlin, 6.1c and 5c.
Rose Spit, 13,000, Edmunds & Walker, 6c and 5c.
Margalice, 7,500, Cold Storage, 5.5c and 5c.

VANCOUVER WHEAT

VANCOUVER, June 6: (CP)—Wheat was quoted at 81⅜c on the local exchange yesterday, dropping to 87c today.

KETCHIKAN SALMON SALES

KETCHIKAN, June 6:—Several small catches of salmon were sold here yesterday. Prices ranged from 8.5c and 4c to 10.6c and 4c.

Mrs. J. A. Fraser and son, Percy Fraser, who have been on a trip to Vancouver and Kamloops, returned to the city on the Prince George yesterday.

COAST MUST FIGHT

(Continued from Page 1)

fight for an outlet in the construction of which much-needed work might be given the farmer to help him to get on his feet on the land. This work was much to be desired over direct relief. Given one year's good crops, the most of the farmers would be able to take care of themselves. Ultimately, a rich reward would be reaped on this coast in the way of trade and business but, first, if one was to receive, one must give.

Discussing the question of the outlet in passing, Canon Proctor mentioned that, if there were a line from the present end of steel through Hines Creek to the Canadian National Railway, say in the neighborhood of Vanderhoof, one would be able to reach Prince Rupert from the Peace River by travelling but 460 miles as compared with 1364 by the present circuitous route through Edmonton.

Situation This Year

Speaking of crop conditions in the Peace River Block this year, Canon Proctor stated that the spring had been very late. If there was an open fall, there would probably be a good crop. Early frost, however, might mean a complete failure.

President S. J. Jabour presided over the luncheon and there was a good attendance of members. The speaker was accorded a hearty vote of thanks.

Dr. H. N. Brocklesby was welcomed back after a trip to Montreal and congratulated on having been awarded his Ph. D. degree.

The regular monthly meeting of the Junior Chamber of Commerce was postponed from Tuesday night owing to the absence from the city of both the president, T. N. LePage and the past president, S. J. Jabour.

J. L. Jollymore paid a brief business visit to town yesterday from his logging camp at Hevenor Inlet. He arrived in the morning and left in the afternoon on his return down the coast.

The Fish which made Prince Rupert Famous

"Rupert Brand" SMOKED BLACK COD

Prepared Daily By

Canadian Fish & Cold Storage Co., Ltd.

PRINCE RUPERT, B.C.

OCEAN FALLS

The New Zealand steamer Wairuna was in port recently taking on a cargo of paper for the Antipodes. She proceeded from here to Powell River to complete.

Much interest was taken here in the outcome of the waterfront dispute in Vancouver Any tie-up of that port would be very embarrassing to Ocean Falls.

S. J. Jabour of Prince Rupert has been a recent business visitor here. Among other things he took a keen interest in the local swimming pool.

There has been considerable rain here of late. The precipitation interefered with local plans for a fishing trip a few days ago aboard the Pioneer Airways flying boat, Pilot W. L. McCluskey, into the interior. During the first fine weather, the plane intends to make a flight to Prince Rupert with Bert Phillips as a passenger.

B. C. TURNED DOWN

VICTORIA, June 6:—British Columbia's plans for financing road improvements, the New Westminster bridge and other schemes were turned down flat by Ottawa, Premier Pattullo announces. He hopes, however, to finance the projects otherwise, he says.
