THIRTY DAYS REPRIEVE IS GRANTED

Governor Hoffman Has Delayed Execution Day In Case of Hauptmann

Chief Executive of New Jersey State Steps in After Supreme Court of United States Refuses Writ Of Habeas Corpus or Stay

WASHINGTON, D.C., Jan. 16: (CP)—The Supreme Court of the United States today refused to grant Bruno Richard Hauptmann's petition for a writ of habeas corpus and a stay of execution for the kidnap-murder of Charles Augustus Lindbergh jr. after which Governor Harold Hoffman announced that he had granted a thirty-day reprieve. Governor Hoffman's announcement came after a conference with Attorney General David T. Wilentz.

Hauptmann was to have been put to death tomorrow night in the electric chair. Apparently, his only hope of ultimate escape from execution lies in the possibility of new evidence being brought forward between now and the new date of execution.

PLANS BEING MADE FOR FOUR POWER CONFERENCE AFTER JAP WITHDRAWAL

LONDON, Jan. 16: (CP)—Japanese delegates last night officially withdrew from the international naval conference. Great Britain, France, United States and Italy met today and constituted themselves into a four power parley to which Germany and Soviet Russia may be invited.

IS OPPOSED TO TARIFFS

Duty Protection Not Essential To Healthy Auto Industry, Says Dr. Carrothers

OTTAWA, Jan. 16: (CP)—Dr. W. A. Carrothers, economic advisor to the British Columbia government, told the tariff board today that Canada could have a healthy automobile industry without duty protection which had placed British Columbia in an adverse trading position. He urged reduction of tariffs to the lowest possible level.

Exceptionally Mild Winter on Islands

Dandelions, Primroses and Wild Salmon Berries In Blossom On New Year's Day

The weather has been very mild on the Queen Charlotte Islands, according to word received in Prince Rupert. On New Year's Day dandelions were out in blossom as well as primroses and wild salmon berries. Flocks of trumpeter swans are being seen on various parts of the Islands. Large schools of herring are also in evidence, it being very early for these fish.

SOUTH AFRICA EARTHQUAKE

Severe Tremors Today in Orange Free State, Particularly In Bloemfontein

BLOEMFONTEIN, South Africa, Jan. 16: (CP)—Severe earth tremors shook the Orange Free State today for thirty seconds and threatened the collapse of buildings in Bloemfontein.

Engagement

Mr. and Mrs. A. Comadina announce the engagement of their eldest daughter, Mary Katheryn, to Godfrey Philip Lyons. The wedding to take place early in February, 1936.

MAKES UP FOR LOSS

Gold Turns Scales Against Crop Failures in Saskatchewan

REGINA, Jan. 16: (CP)—Gold, mined in the far northern reaches of the province, is striking an economic balance for agrarian Saskatchewan. Loss through drought, measured in bushels of grain, is being more than offset by the tap of the prospector's hammer at Lake Athabaska.

Discovery of "free gold" at Beaver Lodge, 675 miles north of here, reached the "outside" world little more than a year ago. Mining men rushed to stake claims and the new year will see the first of the yellow metal transformed into bricks.

The wheat province, long known for her fields of golden grain, has turned almost overnight into a producer of golden metal. More than 1800 claims have been staked. Of these, 1600 are recorded near Beaver Lodge, situated on the northwestern arm of the lake.

Transformed from a trapper's haven to the status of a town, the Lodge site has been presented with the significant name of Goldfields. It has a population of 400. Steps have been taken to organize a school and municipal organization is progressing rapidly.

Gentlemen adventurers of the air and rapid transportation afforded by the airplaen have speeded development of Saskatchewan's northern frontier. Supplies, mails and mining machinery are carried over uncharted terrain that would necessitate months of travel by river and portage.

The area of mineral potentialities this year has extended to Hanson Lake, west of Flin Flon, 275 miles northeast of here. Silver and other metallic ores have been reported over an area that promises to equal discoveries at Cobalt, Gowganda and Kirkland Lake.

NEW YORK, Jan. 16:—Gold was quoted at $34.97 per ounce on the local metal market in early trading today, as against $34.95 yesterday.

VANCOUVER AROUSED BY CRIME WAVE

AS QUEEN ATTENDED CHARITY MOVIE

Queen Mary (right), accompanied by the Duchess of Kent, are pictured as they arrived at the Leicester Square Theatre, London, to attend the premiere of the film, "The Story of Papworth." The proceeds were donated to the Papworth Settlement for Consumptives.

ON ROAD TO PROSPERITY

Economic Factors Furnish Favorable Reading, Declares Minister

OTTAWA, Jan. 16: (CP)—Further progress toward more prosperous conditions was effected in Canada during the year just ended, reports Hon. W. D. Euler, minister of trade and commerce. Productive operations on the whole were more active, a few industries even reaching the levels of the last period of prosperity culminating in 1929. Such cases, however, were exceptional and factors significant of industrial activity, especially if adequate allowance is made for the long-term growth.

The major economic factors, however, when compared with 1934 furnish for the most part favorable reading. Business operations increased, supplementing the gain of the two preceding years. The general average of wholesale prices was remarkably stable at the level maintained since the beginning of the year.

High grade bonds for the greater part of the year were quoted at the highest level since the war period, when Dominion issues first became an important factor in the domestic market. The deposit liabilities of the chartered banks showed a significant gain commencing with the summer of 1934. Reflecting the lack of expansion in bank loans, the security holdings and the readily available assets of the banks reached new high levels. The recent advance in common stock prices to a maximum for recent years was based on better prospects for corporate earnings due to resumption of industrial operations and the stable level of commodity prices.

TESTING OF NEW LAWS

Validity of Criminal Code Legislation on Number of Matters Questioned

OTTAWA, Jan. 16: (CP)—Validity of the section of the Criminal Code of Canada dealing with unfair discounts and predatory price-cutting was attacked in the Supreme Court of Canada today by representatives of the provinces who are attacking eight statutes passed by Parliament in 1934-35.

Other acts to be tested include one day's rest in seven, the 48-hour week and Dominion minimum wage laws.

Vancouver Wheat

VANCOUVER, Jan. 16: (CP)—Wheat was quoted at 86½c on the Vancouver exchange yesterday, advancing to 86¾c today.

FALKIRK, Scotland, Jan. 16: (CP)—Armed bandits who held up a branch of the Bank of Scotland at Slamannan, near here, escaped with notes and cash amounting to $3,500.

PEOPLE OF ISLANDS ASK FOR SERVICE OF BOAT FROM RUPERT

According to word received in the city today a petition is being circulated on the Queen Charlotte Islands and receiving general signature requesting the federal government to have a large motorboat placed on the run direct to the Islands from Prince Rupert.

LIFE SIGN IN SEARCH

Suggested That Exploration Ship May Have Located Ellsworth And Kenyon at Little America

LONDON, Jan. 16: (CP)—The captain of the exploration ship Discovery II, searching for Lincoln Ellsworth and Pilot Herbert Hollick-Kenyon of Winnipeg, who have been missing for two months on an exploration flight over Antarctica, indicated in a report today that a plane had been sighted at Little America and a man had been seen on the Bay of Whales.

Cynthia Stockley, Novelist, Passes

Found Dead Yesterday From Coal Gas Poisoning in Her London House

LONDON, Jan. 16: (CP)—Cynthia Stockley, well known novelist, was found dead yesterday from coal gas poisoning in her London house.

BIRTH NOTICE

A daughter was born to Mr. and Mrs. John Geddes at the Prince Rupert General Hospital this morning, January 16.

Crime Prevention And Prosecution Should Be In Government's Hands

So Says Mayor G. G. McGeer Who Blames Americans For Lawlessness—Banking Official Says Institutions May Have to Have Their Own Guards

VANCOUVER, Jan. 16: (CP)—Mayor G. G. McGeer today blamed dangerous criminals driven across the border by the United States crime drive for the recent crime wave in Vancouver including yesterday's bank robbery and the slaying of a clerk. He urged that crime prevention and prosecution must become a federal and provincial responsibility.

A banking official who refused to let his name be used said that, "if yesterday was to be any criterion of what we may have to contend with, the time might come when Canadian banks would have to follow the lead of American banks and station their own uniformed and armed guards in branches."

Teller Dies; Three Held

VANCOUVER, Jan. 16: (CP) — William Hobbs, teller, who was shot by bandits in yesterday's hold-up of the Powell Street and Victoria Drive branch of the Canadian Bank of Commerce, died this morning. Three men are being held for investigation.

Cold Snap In District Is More Intense

According to the Government Telegraphs daily weather report this district is now in the full grip of the first severe cold snap of the present winter. Burns Lake reported 22 degrees below zero this morning and Stewart reported zero. It is correspondingly clear and cold in Prince Rupert.

Today's weather report:

Terrace—Clear, north wind, temperature, 10.

Anyox—Clear, 11.

Stewart—Clear, calm, zero.

Hazelton—Cloudy, calm, 6.

Smithers—Part cloudy, calm cold.

Burns Lake—Clear, calm, 22 below.

LONDON SILVER DOWN

LONDON, Jan. 16: (CP)—The price of bar silver weakened towards the close on the London market yesterday, dropping to 20 1-16 pence per ounce and declining a further 3-16 of a penny today to 18⅞ pence. It was the first reduction since December 24. The price of imported bar silver was set at 48¾c in New York today, down one cent.

CHINAMAN BURIED

The funeral of Gow Sing, 72-year old pioneer Chinese placer miner of the Cariboo country, whose death occurred on Tuesday morning, took place this afternoon from the chapel of the B. C. Undertakers to Fairview Cemetery, Chinese friends being in charge.

WILL PAY BY CHECK

Commissioner Agrees to Change In Policy For Those Working Out Relief

After hearing representations of a delegation consisting of three members of the unemployed council and two of the C. C. F. which had certain requests to make in regard to the administration of civic relief, City Commissioner W. J. Alder yesterday agreed to make payment by check to those who work out all their relief. This will permit these people to buy to best advantage. The request was made that the system of giving vouchers on certain merchants in payment of relief be discontinued.

The city is paying at the rate of 45c per hour for relief work and the policy is that, wherever the recipients are physically able, they should work for their relief.

The committee interviewing the commissioner consisted of Ex-Ald. Oscar Larsen, A. O. Morse, F. J. Feasby, A. Keronen and L. Wide.

Employee of Pole Camp at Terrace Expires Suddenly

Constable H. L. McKenney of Terrace has advised district headquarters of the provincial police here of the sudden death at Clifford Bell's poll camp near Terrace yesterday morning of Joe Martin, an employee at the camp. Heart trouble is given as the cause of death. Bell is not very well known at Terrace but is believed to be more widely acquainted around the Smithers district whence he came to Terrace.

Today's Weather

Dead Tree Point—Overcast, calm; barometer, 29.76; temperature, 30; sea smooth.

Triple Island—Cloudy, moderate northerly wind; barometer, 29.72; small chop.

Langara Island — Light snow flurry, moderate northeast wind; light swell.

NOT YET CLEANED UP

Evidently the criminal element in Vancouver is not yet cleaned up. The bank robbery recorded yesterday was an unusually daring one and the shooting of the manager and teller by the gunmen made it much more serious than have been most of the robberies in the past.

SPRING LITERATURE

Spring seed catalogues are arriving and garden books containing spring illustrations and articles are full of interest for the gardener who is planning his work for the coming season. In Victoria they are planning to sow their sweet peas soon. In Prince Rupert the pussy willows are in bloom in spite of the cold weather and before we know it the spring bulbs will be showing bloom. This is a good time to decide what to do as soon as the weather will permit.

THE SILVER PROBLEM

The buying of silver by the United States government forced up the price of that commodity until it reached a high point of 81 cents in the United States. This high price caused vast quantities of silver coinage to be melted down in Mexico, China and other silver countries, the drain being so great that silver coins were reduced in number to a point where there was not enough with which to do business. The governments of those countries then issued paper currency, thus reducing the natural demand for silver and causing the price of the metal to drop.

Many people in the mining districts expected that silver might reach the price of one dollar an ounce before the advance stopped. They evidently were not well posted in world conditions. Silver is not likely to reach a dollar unless there is some war or other artificial condition which forces it up. The huge purchases by the United States government was a purely artificial stimulus and the forcing up of the price through that artificial demand seems to have defeated its own object and caused a lessened world demand. Silver is not a necessity. It is simply a commodity that can be bought and sold and which will never have a stable price.

hot OXO DRIVES CHILLS AWAY

MRS. STUART RE-ELECTED

Is Again President of Prince Rupert Parent Teachers' Association

Had Good Year

Rev. W. D. Grant Hollingworth Gave Interesting Illustrated Lecture

The regular monthly meeting of the Prince Rupert Parent Teachers' Association took place last evening in the Booth Memorial School. Mrs. D. C. Stuart, president of the association, presided over a good attendance of members.

As this was the thirteenth annual meeting of the association, reports covering the activities of the past year were submitted and officers were elected for 1936.

The reports submitted by the president and secretary disclosed that the past year had been in many respects the most successful year in the history of the association. With a record membership of 200 parents and teachers, the Parent Teachers' Association had taken its rightful position as a powerful factor for good in the life of the city. That so many parents and teachers had allied themselves with an organization which sought to foster interest in child welfare and in the closer co-operation between home and school was evidence of their vital interest in the welfare of the children of the city. The treasurer's report showed that over $150 had been given to the schools during the year for the purchase of sport equipment with a view to the upbuilding of the physique and health of the children by means of organized outdoor sports. Money had also been set aside for the purchase of supplementary readers and reference books. In this connection the president expressed the thanks of the association to City Commissioner W. J. Alder for his continued interest in the work of the association and for his donation of $20 to help with this work. Thanks were extended to the executive and to all who helped to make the work of the association successful, and in particular to Mrs. D. C. Stuart whose work as president contributed so greatly to the strong position now maintained by the association.

Mrs. Stuart, on behalf of the officers and members of the association, presented a beautiful leather brief case to W. W. C. O'Neill as a token of esteem for his faithful work as secretary during the past ten years. Mr. O'Neill suitably replied and expressed his thanks for the beautiful and useful gift.

Election of Officers

The election of officers for 1936 resulted as follows:

President, Mrs. D. C. Stuart.

First vice-president, Mrs. Neal Carter.

Second vice-president, Mrs. E. B. Baker.

Past-president, Mrs. H. B. Eastman.

Secretary, W. W. C. O'Neill.

Treasurer, Miss S. A. Mills.

Program convener, Mrs. W. C. Aspinall.

Membership conveners—Borden Street School, Mrs. A. McKenzie; Booth Memorial School, Mrs. J. W. Kilpatrick; King Edward High School, Mrs. William Brown.

Social conveners—Borden Street School, Mrs. S. V. Cox; Booth Memorial School, Mrs. H. K. Christensen.

Press correspondents, J. S. Wilson and W. W. C. O'Neill.

Other members of the executive Miss E. A. Mercer and Dr. E. E. Lucas.

Following the election of officers, Rev. W. D. Grant Hollingworth gave an interesting and instructive address illustrated by lantern slides depicting the life and history of Quebec and the Maritime provinces.

During the evening, Mrs. R. G. Large, with vocal solos, accompanied by Mrs. A. J. Webber, and Miss Bonnie Perkins, with capably rendered pianoforte solos, provided a most enjoyable musical program. Hearty votes of thanks were accorded speaker and artists.

The meeting ended with the singing of the National Anthem, after which refreshments were served and a pleasant social hour spent.

SHOWS GOLD FROM BEACH

Norman H. Terry is Successfully Operating on Black Sands Of Queen Charlottes

Norman H. Terry, who has been operating for several years extracting gold from the black sands of Graham Island, is showing his friends in the city some fine samples of pure gold and also nuggets and black sand from which it is taken.

The gold is in very fine flakes, so thin and light that it is difficult to recover by the ordinary methods. Mr. Terry and Douglas Willemar, assayer, have evolved a method of operating which is bringing results. The sand is hauled in from the beach by an ordinary scraper operated with a caterpillar tractor and washed and from the concentrates thus obtained the gold is extracted by the use of mercury.

There are at present nine people employed at the plant which is near Tow Hill on the east coast of the Island not very far from Massett. Work has been going on there steadily for the past three or four years with considerable success and the only reason given for not increasing the number of employees is that there is no housing accommodation at that part of the island.

WHIFFLETS

From the Waterfront

Herring have been in Prince Rupert for the past few days but not in sufficient quantities as yet to warrant seining operations which will be started immediately the run gains any volume. With the herring also come to the harbor spring salmon which are being caught right off the city docks and are meeting with a ready demand on the fresh fish market.

C. P. R. steamer Princess Norah, Capt. William Palmer, running earlier than usual, arrived in port at 2:30 this afternoon from Skagway and other northern points and will sail at 3:30 p.m. for Vancouver.

Armour Salvage Co.'s service boat Algie, Capt. W. P. Armour, is due back in port at 4 o'clock this afternoon from Ketchikan with a Sons of Norway excursion party which left here Tuesday morning for a fraternal visit to the Alaska city. Mrs. Armour, wife of the skipper, was among those making the trip.

District News

Q. C. ISLANDS

Sol Kadonga is continuing to operate his clam cannery at Jedwya on the Queen Charlotte Islands. His employees include quite a few of the Skidegate Mission natives.

The well known Cumshewa group of gold claims on Cumshewa Inlet, Queen Charlotte Islands, have been bonded from E. C. Stevens and sons of Skidegate by W. Hoover, San Francisco mining engineer, on behalf of interests he represents. The deal was negotiated through the legal firm of Crease & Crease in Victoria.

This should be the big cycle year for fall salmon in Massett and elsewhere on the Queen Charlotte Islands. There will probably be more canneries in operation this year on the Islands than last including at least two in Massett Inlet.

Airplanes Speed Fish to Markets

New Travel Boon To Fishermen When Ban Placed On Freezing

EDMONTON, Jan. 16: (CP)—Intrepid birdmen are writing another chapter in the brief history of northern aviation. Mercy flights have preserved the lives of sick and injured and fast flights have sped the mails. Modern aviation is now preserving fish and saving the market for the northern fishermen whose deliveries were cancelled when frozen.

Transportation of fish from isolated lakes to shipping centres has long perplexed fishermen in the north country. In many cases such hauls occupied days. Frozen fish was unavoidable. In many cases the shipment was refused with consequent loss of a winter's stake to the fisherman.

But aviation has changed all that. Today airplanes take off for the fishing cabins and make as many as 10 flights, averaging 60 miles each way, in a single day. Through the use of portable wireless sets, pilots inform fishermen when they are taking off and when they may be expected.

More than 3,000,000 pounds of fish were taken from Alberta waters between April, 1934, and March, 1935. Airplanes also have proven invaluable to the government in locating small lakes, well-stocked, and in determining when these lakes should be closed for a time.

Lighted Streets At Intersections

Improvements In Winnipeg Planned—Illuminate Street Names

WINNIPEG, Jan. 16: (CP) — Shining like beacons in the dark, street signs are illuminating discussion in city hall committee rooms. A short time hence, unless there are objections, intersectional thoroughfares of Winnipeg will display their name signs in electric lights.

The signs would be placed on electric light standards and easily distinguished on dark nights. The reflection would radiate a cheery welcome to the casual visitor who finds the business of meeting social obligations in less frequented byways a nightmare

It has been suggested the plan could be financed through a five-cent levy on users of electricity. Residents petitioning for erection of signs would pledge to pay the initial costs and maintenance. The signs could be erected and maintained in the same manner as commercial street lighting.

WOMEN IN HISTORY

Speaker Reminds Indian Rotarians Of Part Sex Has Played

BOMBAY, Jan. 16: (CP)—The Rotary Club has its luncheon here as in other countries and at one of these affairs Rotarian Valkeel spoke on "Historical Women Who Have Influenced Nations' Destinies." He found plenty to say.

History, at best, was but a poor chronicler of events, said Mr. Valkeel. Within the living memory of every one present was fought the great naval battle of Jutland during the war. "We as sons and daughters of the Empire claim it as a British victory, while the German nation with equal emphasis claims the victory as its own." If within the short span of 20 years' history for the student of the present generation was so puzzling and uncertain, should they not stop and think a little before passing judgment on the acts and deeds of men and women dead and gone centuries ago?

Wading through volumes of history and biographies who could resist the temptation of concluding that women had played a great part in shaping the destinies of individuals and nations alike? What, for example, would have been the history of the land of Egypt if Cleopatra had not seen the light of day in the year 68 B. C.?

Would England have laid the true foundation of a great Empire as she did if Elizabeth had been beheaded by her sister Mary, as she once nearly was?

Would Austria have remained a great Empire if at an important stage in the history of her development any other ruler had ruled Austria but the great and noble woman Maria Theresa? Or would the French Revolution have been averted or modified in all its ghastliness if Marie Antoinette had been somebody else's wife and not that of Louis XVI of France?

Would the Franco-Prussian war have been fought if, according to competent authorities, Empress Eugene had not made a passionate speech at St. Cloud July 14, 1870, which was the decisive factor that produced the ultimate vote in favor of hostilities by a majority of one?

DRESS COSTS LOWER NOW

Further Reductions For French Clothes In Sight Survey Shows

PARIS, Jan. 16: (CP)—The price of Paris clothes will be reduced again in some dressmaking houses when 1936 spring fashions are launcher, a survey of the fashion world shows. And women's economies are a prime factor in the situation.

The representative of one designer said the reductions in his house would probably amount to "about 10 percent off 1935 prices, though no definite figure can be stipulated until the collection is finished and its cost determined."

Representatives of several big dressmakers stated their houses were constantly working to lower prices of all models as much as possible without making a definite percentage reduction, though some declared they had already shaved prices "to bed rock" and could cut no more. All insist quality of material and workmanship must be maintained.

The reductions are in line with the battle which designers have waged for the last four years on business conditions produced by the world wide depression, the unsettled political situation and the fall of the dollar and pound. Since 1931 virtually every dressmaking house in Paris has reduced prices from 10 to 40 percent over those of four years ago.

Stock Market And Clothes

Fluctuations on the stock market play a big role in influencing business in the dressmaking world, say some of its representatives.

"Our business has always moved in definite relation to the stock exchange," said one. "When stocks are up in the morning, our salons are full in the afternoon and when stocks are down they are virtually empty, for women realize that is no time to tell their husbands they have just bought several new frocks.

World wide economic conditions and the changing trend of the times are called other important features.

"Women don't spend what they once did on clothes," the manager of one dressmaking house said. "Everybody is making economies on everything and clothes meet reductions on their budgets with everything else. We have had to reduce prices. Fabric manufacturers have cut theirs and that, of course, has helped us, but fabrics are a relatively small part of the cost of a model. It is the overhead which counts."

COUGHS and COLDS
Call for Dr. Mustard!

Head colds, sneezing, coughs, grippy aches and pains—all call for Dr. Mustard—either in a full-length hot mustard bath, a mustard foot-bath, or, in the case of chest coughs, a mustard plaster. There is nothing better than the old-fashioned way of sweating out the poisons. It drives out the infectious germs and so stops coughs and colds spreading through the family.

Keep Colman's handy to stop that infectious cold at the very first sniffle or sneeze!

Study Group Is Formed Last Night at Meeting

Rev. C. D. Clarke Outlines Plans For Series Of Meetings On Economic Subjects

A new local study group on economic questions was formed at a meeting in First United Church last night when plans for a succession of such gatherings were outlined by Rev. C D. Clarke. It was pointed out that such groups existed elsewhere and were giving good service.

Social planning was the subject introduced at last night's meeting. In due course it is planned to take up such subjects as the monetary system, exchange, banks, social credit.

ADOPTS DAUGHTER WHILE HUBBY EXPLORES

Lonely while her explorer-husband passed Christmas in the polar regions, Lady Hubert Wilkins has announced adoption of a six-year old girl, whom she has re-chhistened Suzanne, after herself. Sir Hubert was told of the adoption New Year's Day when Lady Wilkins broke the news to him over the short-wave radio. Lady Wilkins and Suzanne are shown together. She plans to adopt five more, she says.

HONORED AT PARTY

Personal Friends Tender Delightful Farewell Dinner Dance to Mr. And Mrs. T. H. Johnson—Presentations Made

Outstanding among many social functions which have been held recently in honor of Mr. and Mrs. T. H. Johnson prior to their departure from Prince Rupert was a delightful surprise dinner dance tendered in their honor last night at the Commodore Cafe by a party of about ninety of their personal friends. The proceedings started with a splendid dinner repast after which presentations were made to Mr. and Mrs. Johnson, the remainder of the evening until well after midnight being then occupied in dancing.

The presentations included a beautiful silver tray and comport and a unique autographed album containing pictures of all the friends assembled. The presentation of the tray and comport was made by Mrs. L. W. Kergin and the album by G. H. Munro, who acted as master of ceremonies for the evening. Frank Dibb was responsible for the ingenious handiwork on the album. Sentiments suitable to the occasion were ably voiced in the making of the presentations and both Mr. and Mrs. Johnson, although taken completely by surprise at the whole affair, made neat and feeling replies.

S. C. Thomson made a few remarks of esteem for Mr. Johnson on behalf of local veterans of the South African War.

As Mr. and Mrs. Johnson entered the hall, after the friends had all gathered, the orchestra struck up a Wedding March and they were given an ovation as they appeared. At midnight, before the party broke up, there was the singing of "For They are Jolly Good Fellows" and "Auld Lang Syne" with hearty cheers. Music for the dancing was by Walter Howarth's Orchestra.

Mr. and Mrs. Johnson will sail on the Prince George tonight for Vancouver where they intend to remain for several weeks, leaving in the spring via Panama Canal for a visit in England and Europe. It is their intention to return to British Columbia to make their future home in Victoria.

Those present last night were: Mr. and Mrs. Johnson, Mr. and Mrs. W. J. Alder, Mrs. Frank W. Allen, Mr. and Mrs. W. M. Blackstock, Mr. and Mrs. R. Blance, Miss Marjorie Blance, Mr. and Mrs. J. E. Boddie, Mr. and Mrs. D. G. Borland, Mr. and Mrs. A. Brooksbank, Mrs. Neal M. Carter, Mr. and Mrs. W. L. Coates, Mr. and Mrs. S. Darton, Mr. and Mrs. E. Davidson, Mr. and Mrs. Frank Dibb, Mr. and Mrs. W. E. Drake, Mr. and Mrs. C. H. Elkins, Mr. and Mrs. C. V. Evitt, Mr. and Mrs. J. A. Fraser, Lee Gordon, Mr. and Mrs. G. H. Underwood, Mr. and Mrs. L. H. Haworth, Mr. and Mrs. M. Heilbroner, Walter. Hume, Mr. and Mrs. G. A. Hunter, Dr. and Mrs. L. W. Kergin, Mr. and Mrs. P. Lakie, Mr. and Mrs. H. M. D. Lambe, Dr. and Mrs. R. G. Large, Mr. and Mrs. J. L. Lee, Mr. and Mrs. J. J. Little, Peter Lorenzen, Mr. and Mrs. W. R. McAfee, Mr. and Mrs. J. H. McLeod, Mr. and Mrs. Alex McRae, Mr. and Mrs. S. Massey, Mr. and Mrs. Wm. Millar, Mr. and Mrs. R. E. Moore, Mrs. J. R. Morison, Mr. and Mrs. G. H. Munro, W. H. W. Murray, Mr. and Mrs. J. W. Nicholls, Mr. and Mrs. S. E. Parker, Mr. and Mrs. L. W. Patmore, Mr. and Mrs. H. B. Rochester, Mr. and Mrs. J. G. Steen, Mr. and Mrs. S. C. Thomson, Mr. and Mrs. W. D. Vance, Mr. and Mrs. F. S. Walton, Mr. and Mrs. R. M. Winslow, Mr. and Mrs. G. A. Woodland.

DESTROYED BY LIGHTNING

Native Party, Led by Blind Chief, Treks Seventy Miles Over Snow, For Confirmation

A party of natives from the isolated village of Kisgagas tramped in seventy miles by snowshoes over the snow to Kitwanga at the first of this week to be present at a confirmation service held at St. Paul's Anglican Church by Rt. Rev. G. A. Rix, Bishop of Caledonia, who was assisted by the missionary at Kitwanga, Rev. Henry Flores. The party of Kisgagas folk included men, women and children and were led by the blind Chief Jackson. In all fifteen were confirmed, the service being conducted by the Bishop on Tuesday.

A party of natives from Hazelton was also in attendance at Kitwanga for the occasion. The train bringing Bishop Rix from Prince Rupert early Tuesday morning was met by the Kitwanga band and a large party of natives and there was a procession to the church hall where a reception was held.

After the confirmation service, a large party trekked to Kitwancool, eighteen miles distant, where special services were to be conducted by Church Army officers.

Bishop Rix returned to the city from the interior on Tuesday night's train.

MARITZBURG, S. A., Jan. 16: (CP)—W. Mollison, head of the Natal Provincial Works Department, has been appointed chief architect for South Africa. He will take his new duties at Pretoria in February.

Alberta Youth Clipper Pilot

Successful Trans-Pacific Flight Is Realization Dream Comes True

STUBNO, Alta., Jan. 16: (CP)—A flair for mechanics lifted Fred Kryvonishka from the rangelands of Alberta to the cockpit of the world's wonder airplane. When the China Clipper nosed down into San Francisco harbor after completing its first Trans-Pacific flight the shock-haired Albertan climbed from the co-pilot's seat with the realization of a dream come true.

Born on a Foothills farm, near here, Freddie found life on the open range a bit irksome There was no thrill for him in the daily chore of rounding up cows at milking time. Aviation was in its infancy but the 14-year old lad who "loved to tinker with machinery," was carefully laying the groundwork that was to carry him to his goal.

He secured a job with a section gang and saved enough money to put himself through technical school. His training there brought him a position as garage assistant at Calgary. Airplanes interested him, so he carefully put aside enough money to enable him to visit the large airports in the United States. While in Florida he was signed as mechanic with an airways company.

The rest was easy. During three years spent in South America he learned to fly. His greatest thrill, however, came with his selection as a co-pilot on the China Clipper huge Pan-American flying boat groomed for scheduled flights across the Pacific to the Phillippines under the command of Captain Edwin C Musick.

The 28-year old youth loves flying. In a letter to his brother, Alex, here, he admits the Trans-Pacific hops are not as easy as the "landlubbers" imagine but the knowledge of a perfect flight and landing receptions take the "edge" off the voyage.
