Icy North Wind Hits Flood Area

Union Votes Strongly to End Strike

American Steamers Getting Ready For Service Again

Passenger and Freight Bookings For Long Idle Vessels Keeping Shipping Offices Busy—End of Tie-up Expected Thursday

SAN FRANCISCO, Feb. 2: (CP)—Passenger and freight bookings for long idle Pacific coast vessels kept shipping offices here busy as the leader of forty thousand Pacific Coast maritime strikers reiterated predictions of peace this week. Spokesmen for seven striking unions said that reports indicated the membership vote, set for completion Wednesday, was apparently going overwhelmingly in favor of accepting settlement terms.

The first sailings from coast ports are scheduled tentatively for Friday and Saturday on the assumption that the men will start work on Thursday.

County Court Is Quiet Here

No New Cases in List of Four—All But One Stood Over Until Next Month

There are only four actions on the list for hearing in County Court before Judge W. E. Fisher during the month of February and all except one were stood over until the March court this morning when the court was in regular monthly session. There are no new cases. One naturalization application came up and was approved.

The list of cases for February was as follows:

King Tai et al vs. John Dohl, $143.85, Brown & Harvey for plaintiff, R. L. McLennan for defendant, stood over until next court.

Jack Lambert vs. John Clausen, $862.02, Brown & Harvey for plaintiff, Patmore & Fulton for defendant, stood over until next court.

LaSalle Extension University vs. R. F. J. Hughes, $150, Patmore & Fulton for plaintiff, Brown & Harvey for defendant, stood over until next court.

Hans Christen vs. John Preece, $365, E. F. Jones for plaintiff, R. L. McLennan for defendant, date to be fixed.

Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 36 hour period ending 5 p.m. tomorrow).

Synopsis—Pressure is lower on Vancouver Island and the southern mainland. Cold northeast wind prevails over Northern British Columbia with snow in the south.

Prince Rupert and Queen Charlotte Islands—Fresh northeast wind, clear and cold.

West Coast of Vancouver Island—Fresh north to northwest winds, moderating temperature.

Funeral Notice

The funeral of Mrs. Sarah Cation will take place Wednesday at 3 o'clock at the B. C. Undertakers' Chapel. No flowers by request.

MAKES GENEROUS DONATION

LONDON, Feb. 2: (CP)— Lord Wakefield has sent a cheque for $150,000 to the Council of the Tower Hill Improvenemts Scheme, bringing his donation to the fund up to $250,000.

PHYSICIANS OBJECTIONS

Final Result of Voting on Health Insurance Will Not be Known For Two Weeks

VANCOUVER, Feb. 2: (CP)—Final results of the voting of members of the medical profession of British Columbia on the terms of the proposed system of state health insurance in British Columbia will not be known for from ten days to two weeks, it was stated yesterday by Dr. Wallace Wilson, vice-president of the health insurance committee of the British Columbia College of Physicians and Surgeons, in announcing that doctors of the lower mainland and lower Vancouver Island had by almost unanimous vote rejected the terms of the plan. Ballots have been sent out to members of the profession throughout the province but outlying parts have yet to be heard from.

Of the $5.50 per year which would be put aside under the scheme for each insured person, $4 would go to the general practitioner, 35c for obstetrics, 65c for referred surgery, specialists and consultants and 50c into a reserve fund for distribution every six months. To forestall unnecessary calling of medical assistance, the insured patient must pay direct to the doctor $1 for the first call if in the day time and $1.50 if at night. Each insured person must register with the general practitioner who would decide when the services of a specialist are needed.

Persons Injured In Derailment Of Train Doing Well

VANCOUVER, Feb. 2: (CP)—J. K. Cummings of Calgary and W. E. Miltno, sleeping car porter, who were in hospital here yesterday for treatment for injuries received in the derailment of a Canadian Pacific transcontinental passenger train near Salmon Arm Saturday night, were making a good recovery. Cummings had chest injuries and lacerations while Milton had a bruised scalp. Seven other passengers and members of train crew who were less severely hurt did not require hospital treatment

Distiller And Sportsman Has Passed in East

TORONTO, Feb. 2: (CP)—Edward F. Seagram, aged 64, president of J. E. Seagram & Sons Ltd., distillers, and Canadian sportsman and race horse owner, died last night.

CONDUCTOR SUCCUMBS

William D. Moxley Passes Away This Afternoon Following Lengthy Illness

William Delmar Moxley, senior conductor of the Canadian National Railways out of Prince Rupert and a resident of the city since 1910, having come here from Eastern Canada during railway construction days, passed away at noon today following a lengthy illness. He had been in a critical condition for the past few days.

Mr. Moxley was born in Ottawa and was fifty-seven years of age. He started railroading with the Grand Trunk in the east in 1906.

Predeceased by his wife a couple of years ago, Mr. Moxley is survived by a daughter, Miss Eleanor Moxley of the local school teaching staff, and a son, Robert, who teaches school in the Vanderhoof district and had been called here a few days ago.

Mrs. Fred Cook of Smithers, a sister, had been here for several days. There are also brothers and sisters in Ontario.

Mr. Moxley was well known throughout this district, particularly in the interior through which he had run so long. He was highly popular and his passing will be greatly deplored by his numerous friends.

Deceased was a member of Tyee Lodge A. F. & A. M. Funeral arrangements are in the hands of B. C. Undertakers.

Today's Weather
(Government Telegraphs)

Triple Island—Part cloudy, easterly wind, 12 miles per hour; light chop.

Langara Island — Light snow flurries; northeast wind, 20 miles per hour; barometer, 29.50; temperature, 19; moderate sea.

Dead Tree Point—Clear, fresh northwest wind; barometer, 29.63; moderate swell.

Estevan—Westerly wind, 10 miles per hour; barometer, 29.52.

Victoria—Cloudy, southeast wind, 8 miles per hour; barometer, 29.55; temperature, 13.

Vancouver—Cloudy, barometer, 29.56; easterly wind, 4 miles per hour.

Prince George—Cloudy, northerly wind, 20 miles per hour; barometer, 30.00.

Terrace — Part cloudy, north wind, 6 above.

Aiyansh — Cloudy, northeast wind, 6 above.

Anyox—Cloudy, northeast wind, 4 above.

Stewart — Clear, heavy north wind, 9 above.

Hazelton — Cloudy, northeast wind, zero.

Smithers—Cloudy, east wind, cold.

Cabinet Crisis In Japan is Still On

General Hayashi Strikes Snag When General Sugayami Refuses War Ministry

TOKYO, Feb. 2: (CP)—The Japanese cabinet crisis continues. It is considered doubtful if General Senjuro Hayashi will be able to form an administration. He struck a snag when General Sugayami, his choice for the important post of minister of war, refused to accept the position.

BATTLE AT SEA

Insurgena Aircraft and Submarines Attack Loyalist Boat Heavy Land Attack Expected

MALAGA, Spain, Feb. 2: (CP)—The Spanish government freighter Deflin was the target for a torpedo attack by a submarine between Point Torrox and Nerja today. Torpedoes crashed into the ship after guns of a nearby government warship had driven off an insurgent airplane which circled over the ship before the submarine attack.

Meanwhile Leftist commanders are hastening preparations to repulse expected insurgent land attacks.

LOOKS FOR SUBMARINE

Sir George Hubert Wilkins Tells Plans For Drift Under Ice Across Pole

LONDON, Feb. 2:—Sir George Hubert Wilkins is in London endeavoring to purchase a submarine of some type of submersible craft for his projected 2200-mile drift across the North Pole under the ice from Spitzenbergen to the Bering Sea. Wilkins believes that the Arctic ice is no more than fifteen feet thick at any point and he believes that it will be possible to come to the surface for at least twelve hours every day. He will have a crew of seven. Already there are 5700 applications to take part in the adventure.

Reopening of American Boy Mine to Give New Lease Of Life to Hazelton; Mill Plan

HAZELTON, Feb. 2:—"Plans for the reopening of the American Boy mine on Nine Mile Mountain are well in hand and mining development will be started within the next thirty days by the Viking Gold Mining Company," is the encouraging statement of Al Harris who returned today from Vancouver where he has been for the past month.

Seldom does it happen that the same individuals play the stellar role in two periods of mining development in the same camp separated by the time cycle of a quarter of a century.

Back in the summer of 1910 Hazelton's first mining excitement of major importance occurred. At that time W. S. Sargent located valuable gold-copper deposits on Roche de Boule Mountain, which majestically towers above the town, and interested Portland and Butte capital in their development. About the same time Al Harris located important silver-lead deposits on Nine Mile Mountain, six miles from town, naming his group the American Boy. The Silver Standard group, lying on an offshoot of Nine Mile Mountain, was also located about this time by George McBain.

These properties on Nine Mile and Roche de Boule Mountains were intensively developed over the next few years with the result that Silver Standard and American Boy groups from 1914 to 1920 show a combined production of approximately 14,000 tons of ore from which was recovered gold to the extent of 1000 ounces; silver, 600,000 ounces; 1,250,000 pounds of lead and 1,250,000 pounds of zinc, having a total value of over $600,000.

Roche de Boule mine from 1915 to 1918 recovered from 39,833 tons of ore 4,214 ounces of gold; 62,865 ounces of silver, and 5,746,306 pounds of copper, having a value of over $1,000,000.

The collapse of base metal prices after the war, coupled with inadequate milling facilities and high freight rates on raw ores, disheartened the owners and mining operations ceased and the mines have lain idle for the past 15 years.

A Revival Now

With the recovery of base metal prices during the past few months making the operation of these mines again profitable, W. S. Sargent and Al Harris have for the second time pioneered in interesting

(Continued on Page Four)

AURIMONT PROPERTY AT HAZELTON BONDED

Another important mining deal for the Hazelton district is announced in the bonding by Arthur Skelhorne, Vancouver mining man, of the well known Aurimont (formerly Hazelton Gold Cobalt) property. The Aurimont is a high grade gold property on Roche de Boule Mountain. The plan is to start work of development as soon as weather permits.

C. C. F. Campaign Against Defence

Effort Will be Made to Mobilize Public Opinion Against Government's Program

OTTAWA, Feb. 2: (CP) — A nation-wide effort to mobilize public opinion against increased defence estimates already tabled in the House of Commons has been decided upon by the National Council of the Co-operative Commonwealth Federation. All provincial councils, affiliated organizations, members and sympathizers will be urged to undertake a vigorous campaign against increased defence expenditures.

Vancouver Wheat

VANCOUVER, Feb. 2: (CP) — Wheat was quoted at $1.21⅛ on the Vancouver Exchange yesterday.

RAILWAYS EXTEND

DERBY, Eng., Feb. 2: (CP) — More than $5,000,000 will be spent on passenger vehicles by the London, Midland and Scottish Railway which has completed its rolling stock and works program for this year.

Sand Boils Threatening Sand-Founded Cairo And Other Downstream Towns

Latest Estimates of Greatest Disaster in History Of United States Place Known Dead at 368 and Over $500,000,000 Damage

CAIRO, Illinois, Feb. 2: (CP)—Dread "sand boils," bursting up in the heart of beleaguered Cairo, forewarned today of deeply undermined barriers guarding the flood-besieged city. Emergency squads rushed to danger spots, dumping hundreds of sand bags on miniature "geysers" boiling through the thin strata of protective surface over the city's foundation of sand. Army engineers said that eruptions of water caused by the terrific pressure of the flooding Ohio River were slowly eating their way under the man-guarded levees and were seeping under the city. Meanwhile, huge waves, lashed by a freezing north wind, swept against the three-foot emergency bulkhead which tops the sixty-foot sea wall.

Other towns on the Mississippi River below Cairo are similarly menaced.

Weary men found some encouragement in the slow rise of the Ohio River and that the crest, expected tomorrow or Thursday, would not exceed sixty and a half feet, six inches less than was previously feared.

Revised estimates of havoc already wrought by the flood confirm previous descriptions of the disaster as the worst in the history of the United States. It has already driven more than a million people from their homes and done damage of probably over $500,000,000.

The death list so far stands at 368 known.

RAILWAY CAMPAIGN

Committee Carrying on Plan of Urging Building of Outlet Toward Prince Rupert From Peace

The Peace River committee of the Prince Rupert Chamber of Commerce at a meeting yesterday afternoon, received letters of acknowledgement of the resolution passed at a recent mass meeting under Chamber of Commerce auspices asking for immediate commencement of a railway from Peace River by the most direct route to the seaboard at Prince Rupert. These acknowledgements came from Hon. C. A. Dunning, minister of finance, Hon. J. E. Michaud, minister of fisheries, Hon. J. T. Ilsley, minister of national revenue, and from Olof Hanson M.P. Mr. Hanson promised every possible assistance and made suggestions which will be followed.

The committee decided to write the Prime Minister and the Minister of Fisheries further in regard to the matter, sending copies also to Olof Hanson M.P.

Page Rideout of Peace River sent some valuable publicity material, part of which at least will be used and also urged that the campaign be kept going.

Plans are also being made for further publicity along several lines, one being the preparation of a map of the route showing the industrial development already under way along the route of the proposed line.

Those present at the meeting were J. J. Little, president of the Chamber of Commerce, City Commissioner W. J. Alder, Theo. Collart and H. F. Pullen. W. H. Tobey was in bed with the flu but he sent valuable suggestions.

Weather Finer In January Here But It Was More Cold

Prince Rupert had somewhat more sunshine and considerably less precipitation in January this year than in the same month a year ago but had to pay for it with a lower temperature average. The 64.9 hours of sunshine which the city enjoyed during the past month compared with 55.9 hours in January 1936 while the 4.7 inches of precipitation this January was considerably under 6.4 inches in the same month last year. The mean temperature this January was 30.2 above zero in comparison with 34.4 last January. This January the maximum temperature reading was 46 whereas in January 1936 it was 47 while the minimum this January was 15 as against 18. The highest barometer reading at sea level this January was 30.47 on January 18 and the lowest 29.42 on January 25.

Minority Report Being Awaited

Findings of Conciliation Board Between Rail Companies And Employees Not Public

OTTAWA, Feb. 2: (CP)—The findings of the majority report of the board of conciliation dealing with the wage dispute between the Canadian National and Canadian Pacific Railways and one hundred thousand of their employees will not be made known until the minority report has been received.

Immediate restoration of a part of the ten percent wage cut with a gradual return of the whole reduction as railway earnings improve is reported to be the recommendation of the majority report while the minority report is understood to favor an immediate restoration of the whole cut.

WAS INGENIOUS THIEF

BOMBAY, Feb. 2: (CP)—Ranchodlal Veljis ingeniousness in thefts from a temple here earned him a jail sentence. It was said he waxed one end of a stick and pushing it through the bars of a coffer, removed coins.

Canadian Defences

The C. C. F. members in the Canadian House of Commons have decided to oppose the government policy of defence. This means that they believe in peace at any price. If an enemy attacks Canada they would allow them to loot our coast towns, enforce settlement by their nationals, take over the administration of affairs and make Canada a colony of some alien race.

That policy may be all right for the C. C. F. but British people in this country will not agree with them and will support Premier Mackenzie King, Mr. Bennett or any other leader who will place the country in a position where it can defend itself against attacks.

It is a curious fact that the same people who believe Russia is right in defending herself against possible attack are the people who believe Canada should take no steps to defend herself.

The Canadian people will easily see through these tactics. The Communists in this country are openly in favor of using violence against the constituted authority in order to obtain the administration and force on Canada a dictatorship of a few people who are opposed to our present liberty. The C. C. F. do not propose to use violence unless it becomes necessary. These sort of people are naturally opposed to defences or the establishment of armed forces in the country so that they may the more easily, if thought necessary, force out of power any party or group opposed to their theories. It is to their interests to keep the country undefended.

We are glad the C. C. F. has shown its hand in this matter so that the people of Canada may realize the position and be prepared. For ourselves we are strongly in favor of a policy of defence and we hope the government will continue its present policy and so improve the defences of the country that no enemy would consider the possibility of attacking us.

The price of peace is a strong defence.

ATTENTION ENGINEERS

THE TECHNOLOGICAL INSTITUTE offers correspondence training leading to all types of professional examinations for engineers. Some notable triumphs of T. I. trained graduates:

First Place—Inst. Civil Engineers, Assoc. members examinations.
Baylis Prize—Inst. Civil Engineers.
Honorable Mention—Inst. Mech. Engrs., Assoc. members exam.
Five First Places—Royal Aeronautical Society, associate members.
Pass Percentage—98%.

Special attention advanced to Board of Trade (Ordinary and Motor) and P. M. G. Wireless Certificate Aspirants. Training towards Masters' Certificate (Nautical). c/o The Daily News.

CHURCH HAD GOOD YEAR

Presbyterians in Annual Congregational Meeting Last Night

The annual congregational meeting of First Presbyterian Church was held last evening in the church hall, Rev. Dr. J. W. Stevenson presiding. The reports presented by the various departments and organizations of the church showed that the past year had been one of fruitful achievements and encouraging progress.

Reports were presented as follows:

Session—W. W. C. O'Neill.

Budget Committee—Samuel Massey.

Board of Managers—C. G. Ham, secretary.

Women's Auxiliary — Mrs. R. Cameron for Mrs. W. L. Sandison, secretary and Mrs. J. G. Steen, treasurer.

Women's Missionary Society—Mrs. H. Calderwood.

Sunday School—John E. Davey for Arthur Davey, secretary and E. J. Smith, treasurer.

Westview Sunday School—Mrs. D. C. Stuart for Miss Sheila Stuart, superintendent.

Senior Choir and Junior Choir—Mrs. E. J. Smith.

Financial Statement — H. M. Foote, congregational treasurer; elaborated upon by W. M. Blackstock, chairman, board of managers.

Election Of Officers

The election of officers for 1937 resulted as follows:

Congregational Secretary, W. W. C. O'Neill.

Congregational Treasurer, H. M. Foote.

Board of Managers—N. A. Watt, J. A. Teng and H. Calderwood, (with P. Lakie, S. E. Parker, W. L. Coates, W. L. Sandison, D. Taylor, J. Hadden, C. G. Ham, continuing).

Trustees—Mr. Justice A. M. Manson, G. R. Naden.

Auditor—W. D. Vance.

The meeting expressed appreciation of the kindness and courtesy of Major Laycock and Capt. Robertson of the Salvation Army and of P. H. Linzey and W. W. C. O'Neill who took charge of the Sabbath services during the absence of Rev. W. D. Grant Hollingworth. Thanks were also accorded to the chair for special services during this period.

The Pastoral Staff

A policy of extension work having been undertaken by the Presbyterian Church in Canada is an important forward movement and, to take a leading part in this work, the congregation has granted Rev. Hollingworth a year's leave of absence.

The congregation felt that it had been very fortunate in securing as minister Rev. Dr. J. W. Stevenson, who has an exceptionally fine scholastic record and comes highly recommended as a preacher and minister. With continued loyal and active support the church looks forward with steadfast faith and quiet confidence.

Votes of thanks were tendered to all those who had assisted in any way in church work, to the pastor and to the auditor, and to the ladies of the congregation for their work generally as well as for the preparation and serving of tea and refreshments at the close of the meeting.

WHIFFLETS

From the Waterfront

Henry Collison of Kitkatla was a visitor in town yesterday with his boat Collison, having on board a party of ten other villagers. They arrived Sunday and were prevented from leaving Monday on their return home but got away early this morning. Those on board the Collison besides Mr. Collison are Johnny Nelson, Mr. and Mrs. Eddie Clifton, Mr. and Mrs. Eddie Ridley, Mr. and Mrs. Jonathan Hill, Matthias Shaw, Arthur Hill and Robert Hill.

Union steamer Catala, Capt. J. Findlay, returned to port at 8:30 this morning from Stewart. Anyox and other northern points and sailed at 1:30 this afternoon for Vancouver and waypoints. Capt. Findlay is back in command of the Catala after having been off for a couple of months on account of being unwell.

'SPORT'

HOOP RACE TIGHTENED

Lambie & Stone Defeated Grotto 31 to 25 Last Night

The second half of the Senior Basketball League was tightened up last evening when Lambie and Stone won from the Grotto by a score of 31 to 25.

The Clothiers started fast and took the lead after three minutes of play but they could not hold it, the Tobacconists coming from behind to trail 13 to 12 at the breather.

Grotto started the second half with a few quick baskets to take a six point lead but the Clothiers' forward line was clicking and they tied the score at 24 all. At this point the game became faster with the Lambie and Stone crew again pulling ahead with a six point lead. With three minutes to go, the winners began a stall-passing game that held the Grotto in check until the final whistle.

Individual scoring:

Lambie and Stone—Santerbane (4), Johnson (2), Dominato (13), Lindsay (12), Murray; total, 31.

Grotto— MacPhee (11), Ratchford (4), Morgan (8), Houston, Husoy, Stalker, Smith (2); total, 25.

Intermediate League

Moose again took a close-checking win in the Intermediate game this time at the expense of the long-suffering Regiment. Final score was 27 to 15.

The Regiment took an early seven point lead at the start but the Moose overtook them before the first half ended to lead 13 to 12.

After the interval the Moose pulled away and were never again headed. Husoy and Greer were high scorers for the winners.

Individual scores:

Regiment — Davis (4), Allen, Tobey (6), Miller, F. Comadina (2), Nelson (3), Gillies; total, 15.

Moose—Greer (10) Husoy (12), Eby, Hale (3), Ritchie, Erickson (2); total, 27.

Junior League

The opener proved to be a one-sided match with the Boy Scouts smothering Seal Cove by a 24 to 8 score.

The first half was close with Seal Cove holding their own but, after the rest period, the Scouts broke through their opponents' defence to sceore at will. Halftime score was 10 to 5 for the Scouts.

Boy Scouts— Montesano (10), Eastman (2), Lundquist (8), Storrie (4), Grimble, Lindseth, Barton; total, 24.

Seal Cove—Rystaad (4), McCouver, Dalzell, A. MacDonald (1), Ritchie (1), Geary (2); total, 8.

Referees were the Comadina brothers; timekeeper—Joe Antonelli, and reporter Mike Montesano.

Hibernians Beat Alloa

Score of 5 to 2 Today in First Round Scottish Football Cup Game

GLASGOW, Feb. 2: (CP)—Playing at home, Alloa, Second Division club, was defeated 5 to 2 by Hibernians of the First Division in the first round of the Scottish Football Cup today.

In the English Football League Grimsby Town and Birmingham played a one-all draw.

SPORT CHAT

Weather conditions were ideal on Sunday for the Sons of Norway annual ski race in which John Fredheim won the event for men under 32 years of age and Gunnar Selvig that for men over 32. A large crowd was assembled at the hall and along the streets as the skiiers started out on the sixteen mile course which was laid from the Oddfellows Hall out the Kalen Island Highway to Galloway Rapids bridge and back. All eight contestants finished the hard course except O. M. Lean of Ketchikan who had the misfortune to be misled and took the wrong road. As the skiiers came in from the trail they were served welcome refreshments provided by the ladies. H. Helland was in charge of the starting. J. Storseth and R. Hundeide acted as timekeepers. J. Martin and H. Rensvold were watchmen at the bridge.

Mrs. Florence Farnes, mother of Kenneth Farnes, Essex fast bowler touring with the M. C. C. in South Africa, was killed in a motor accident near Mayfield, Sussex.

Women tennis players of St. Patrick's club at Camperdown, Australia, must play in dresses of reasonable length, not shorts, and now they are arguing what is a "reasonable length."

Displaying a fine brand of rugger at Richmond, Eng., English and Scottish public schoolboys drew 9-9 in their annual fixture recently.

T. Weston, noted English jockey who went to South Africa to ride Sir Abe Bailey's horses, developed serious throat trouble and was ordered to hospital at Johannesburg to have his tonsils removed.

LOCAL NEWS NOTES

Oxfords, straps, ties, pumps, to clear at $1.95 at Annette's. (tf)

Cambrai Valentine dance is postponed owing to general sickness.

Mr. and Mrs. Foster Willan sailed this afternoon on the Catala for a trip to Vancouver.

Mr. and Mrs. James M. Killas sailed on the Catala this afternoon for a trip to Vancouver.

Mr. and Mrs. Robert Bartlett and family sailed this afternoon on the Catala for a vacation trip as far south as California.

Mrs. M. Hanson, who conducts a dry goods store at Stewart, was a passenger aboard the Catala today going through on a business trip to Vancouver.

The fire department was called at noon yesterday to the residence of Bud Barrie, Sixth Avenue West, where frozen pipes were being thawed out in the basement. No damage was done.

J. B. Webb and C. R. Rumsey of Vancouver, after spending a few days in the city in the course of which they made a trip up the Skeena River with George Frizzell, left on last evening's train for Prince George.

Notice—A mass meeting of citizens will be held in the City Hall Wednesday, February 3rd, at 8 o'clock. Important radio project pertaining to C.B.CC. program hook-up. All interested please attend. (27)

T. S. Mackay, assistant manager of the Premier Gold Mining Co., was a passenger aboard the Catala today going through to Vancouver whence he will proceed to Australia where he has been transferred in the service of his company.

Mother of Mrs. Rolf Walker Is Dead at Old Age

Mrs. Rolf Walker, Hays Cove Circle, was bereaved last night by the death of her mother, Mrs. Sarah Cation, who had reached the ripe old age of ninety-one years and two months. Deceased had been failing for some time.

Born in Ontario in December 1845 Mrs. Cation had been residing here with her daughter for some years. There are two sons in Galt, Ont.

The remains are being sent by tomorrow evening's train to Bramton, Ontario, where burial will be made.

Mrs. Walker will have the sympathy of many friends in her bereavement.

Mrs. J. Anslow sailed this afternoon on the Catala for a trip to Vancouver and Victoria.

Tonight's train, due from the East at 10:20, was reported this morning to be thirty minutes late.

Robert Hill, Indian, for drunkenness, was fined $10, with option of seven days' imprisonment, by Magistrate McClymont in city police court yesterday.

The regular weekly luncheon of the Prince Rupert Gyro Club will take the form of the monthly business session. There will be no speaker.

Christian Youth Society Meeting

Business and Pleasure Combined At Last Night's Session

Despite the inclement weather and prevalent sickness, there was a goodly attendance at last night's meeting of the Christian Youth Society. The opening devotional period was ably conducted by the Misses Edith Connery and Elsie Davis.

Business proved to be considerable and provoked much discussion. It was decided to hold a tea at the home of Mrs. Robert Cameron some time during the month, as well as the society's regular Valentine social on February 15.

During the evening three very interesting talks were given by Bob Irvine, Harry Attree and Maurice Davey. Two saxophone solos by Guido Bussanich, a mouth organ solo by Mario Bussanich and a saxophone-clarinet trio by G. Bussanich, W. Hicks and T. Johnstone were much enjoyed.

Refreshments were served by Miss Edith Wilkinson and assistants. A poetry writing contest, which had some surprising results, brought the evening to a close.

Young Local Man Marries in South

Word has been received in the city of the recent marriage at Oliver in the southern Okanagan district of Miss Muriel Alward Steeves of Oliver and Garfield McKinley, son of Mr. and Mrs. J. W. McKinley of this city. The groom is principal of the Okanagan Falls school of the teaching staff of which the bride has also been a member.

"CONEY ISLAND" FOR RAND

JOHANNESBURG, Feb. 2: (CP)—Victoria Lake, Germiston, is to be turned into the "Coney Island of the Reef if a $1,250,000 development scheme at present under consideration by the Germiston council is adopted.

Rheumatism Spread To All Her Joints

Obtained Relief by Using Kruschen Salts

Here is a sad story of suffering, but it has a happy ending. This woman was attacked by severe rheumatism which spread to all her joints. But Kruschen brought relief as she describes below:—

"I feel it my duty to tell you how Kruschen Salts brought me relief from a severe attack of rheumatism. I had rheumatism in my legs and knees, later spreading to every joint in my body. This lasted over a period of 13 weeks. I was then ordered to bed with acute rheumatism. I was recommended to try Kruschen and before finishing the second bottle I was able to perform my normal duties."—(Mrs.) I. D.

Rheumatic conditions are frequently due to an excess of uric acid in the body. Two of the ingredients of Kruschen Salts have the power of dissolving uric acid. Other ingredients in these Salts assist Nature to expel the dissolved uric acid through the natural channels.

Tells of Church Work in Montreal

Rev. Dr. J. W. Stevenson Interesting Speaker at Meeting Of Ministerial Association

Rev. Dr. J. W. Stevenson, pastor of First Presbyterian Church, gave an interesting talk before the Prince Rupert Ministerial Association at its regular monthly meeting yesterday. He spoke of church work in Montreal, frim which city he came here, making particular reference to the enthusiasm displayed in evangelical work. Very Rev. James B. Gibson, president of the Association, was in the chair.

William F. Eve, Anyox postmaster, arrived in the city on the Catala this morning and will be in town until next Sunday evening when he will return north. Mrs. Eve has been seriously ill in the Prince Rupert General Hospital.

END THE FEEL-PUNK, DRAG-FOOT DAYS

Dull headaches, poor appetite, sleeplessness are warning signs. You feel low—hate to work. These symptoms may point to constipation due to "low-bulk" meals.

Why throw these days out of your life — particularly when regular habits make you feel so good. Get "bulk" by eating a delicious cereal: Kellogg's ALL-BRAN.

There's nothing experimental about ALL-BRAN. *Millions* of people have used it successfully. Scientific tests prove it is safe and effective. Within the body, it absorbs moisture, forms a soft mass, gently cleanses the system. ALL-BRAN is *guaranteed*. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablesponfuls daily. Stubborn cases may require ALL-BRAN oftener. Serve as a cereal, or cook into delicious recipes.

What an improvement over pills and drugs. ALL-BRAN is a food—you buy it at the grocery store. Made by Kellogg in London.

Charles Morris Is Re-elected

Defeats A. L. Evitt in Village Election at Smithers

SMITHERS, Feb. 2:—Charles Morris was re-elected to the board of commissioners of Smithers to fill the seat made vacant by the expiry of his own term. He had a majority of twenty-seven votes over his only opponent, A. L. Evitt.

The plebiscite on the electric light bylaw in connection with a contract with the Columbia Power Co. resulted in defeat of the bylaw.

GIVE SALARY TO CHARITY

LONDON, Feb. 2: (CP)—Charles Laughton, noted English screen actor and his wife, Elisa Lanchester, are donating the entire salaries they receive for acting in "Peter Pan" to Great Ormond Street Hospital for Children.

DEPARTMENT OF MINES

Synopses of Mining Laws

MINERAL ACT

Free Miners' Certificates

Any person over the age of eighteen, and any Joint Stock Company is entitled to enter upon all waste lands of the Crown and upon any other lands whereon the minerals other than coal are reserved to the Crown and its licensees (with specific reservations) for the purpose of prospecting for minerals, locating claims and mining. The fee to an individual for a Free Miners' Certificate is $5.00 for one year. To a Joint Stock Company having a capital of $100,000.00 or less the fee for a year is $50.00; if capitalized beyond this the fee is $100.00. The Free Miners' Certificates run from date of issue and expire on the 31st of May next after its date or some subsequent 31st of May. Certificates may be obtained for any part of a year terminating on 31st of May for a proportionately less fee. (Free Miners' Certificates are also applicable to the Placer Mining Act.)

Mineral Claims

Size: 51.65 acres.
Recording fee: $2.50 per claim.
Representation: Assessment work to the extent of $100.00 must be done each year and recorded on or before the anniversary date of record of the claim. Cash in the sum of $100.00 may be paid in lieu of such assessment work. Fee for recording assessment work $2.50. If the required assessment work has been performed within the year but not recorded within that time, a free miner may within thirty days hereafter record such assessment work upon payment of an additional fee of $10.00. The actual cost of the survey of a mineral claim to an amount not exceeding $100.00 may also be recorded as assessment work. As soon as assessment work to the extent of $500.00 (or cash paid of a like amount) is recorded and a survey made of the claim, the owner of such claim is entitled to a Crown Grant on payment of a fee of $25.00 and giving the necessary notices required by the Act.

PLACER MINING ACT

Four types of placer claims:
Creek diggings; bar diggings; dry diggings; and precious stone diggings. (For details see Part II, Placer Mining Act.)
Representation: A placer claim must be worked by the owner or someone on his behalf continuously as far as practicable during working hours. Lay-overs and leaves of absence may be declared by the Gold Commissioner under certain conditions. To hold a placer claim for more than one year it must be re-recorded before the expiration of the record or re-record.

Placer Mining Leases

Size and method of staking, etc.
Eighty acres in extent, staked along a "location line" not more than one-half mile in length. In this line one bend or change of direction is permitted. Where a straight line is followed two posts only are necessary, i.e., an "initial post" and a "final post." Where there is a change of direction a legal post must be placed to mark the point of the said change. The leasehold is allowed a width not in excess of one-quarter mile. The locator is required within thirty days after the date of the location to post a notice in the office of the Mining Recorder setting out the name of the applicant; the number of his free miner's certificate; the date of location; the number of feet lying to the right and left of the location line and the approximate area or size of the ground.
Dredging leases on rivers for five miles below low-water mark are also granted.
Fees: Annual rental on placer mining lease, $30.00; annual development work required to be expended, $250.00; annual rental on dredging lease, $25.00 per mile; annual development work required to be expended, $1,000.00 per mile; the value of any new plant or machinery employed to count as money expended in development. Fee for recording certificate of work, $2.50. Lease fee, $5.00.

Provisional Free Miners' Certificates, (Placer) Act

Department of Mines Act

Among other things, these Acts provide for the staking and representing of placer claims without payment of fees and assistance to prospectors by free assays, etc.

A detailed synopsis of the above Acts, also the "Mines Development Act", "Mineral Survey and Development Act", "Iron and Steel Bounties Act" and "Phosphate-mining Act", are available at the Department of Mines, Victoria. Complete copies of the Acts may be obtained from the King's Printer, Victoria.

Two Survivors Of Island Automobile Crash Recovering

VICTORIA, Feb. 2: (CP)—Paul Colliard and Roy Kack of Duncan are making satisfactory recovery from cuts and bruises which they sustained Sunday in the accident on slippery Malahat Drive when a car went off the Island Highway and dropped ninety feet below to Stacy's Road, Jack Bodner and Eric Pitt being killed. The men were returning to their homes at Duncan from a visit in Victoria when the accident occurred.

listen to this - -

"They eat and drink and toil and plod;
"They go to church on Sunday;
"And many are afraid of God,
"And more of Mrs. Grundy."

She's a nasty woman, this Mrs. Grundy. She manages to mix with our best people sometimes and sometimes she even goes to church. It's not just what she says that makes her nasty, but the way she says it—and what she makes other people believe without putting into words; suspicious, uncharitable; making the very worst of everything. Thoroughly nasty!

But one thing Mrs. Grundy's innuendoes have no effect upon is Albert & McCaffery's coal. No matter what she says, Albert & McCaffery's coal gives you most heat for the least money and for twenty years has been the best available. (For a fact, Mrs. Grundy burns it herself at home!) It is the most economical for it not only gives you the most heat, but—it lasts!

Next time you need coal, just phone 116 or 117 to Albert & McCaffery and order Nanaimo-Wellington for the furnace and heater; Alberta, egg size, for the kitchen range.

REOPENING OF AMERICAN BOY MINE TO GIVE NEW LEASE OF LIFE TO HAZELTON.

Continued from Page 1

outside capital in the silver-lead properties of Nine Mile Mountain.

Through their efforts a deal has been successfully negotiated with the Viking Gold Mines Ltd., a British Columbia company, being registered on the Vancouver Stock Exchange, whereby this company has taken over the American Boy group of eight claims. Plans are being rushed for the start as soon as weather conditions permit, of a comprehensive development program on the property.

The American Boy group is equipped with power plant and hoist, camp buildings, etc., and can be placed in operation immediately.

Past development has proved up four veins from two to four feet in width containing high-grade shoots of silver-lead ore with appreciable gold values. Smelter returns show an average content of .08 ounces gold, 103 ounces of silver, 27.5% lead and 16.6% zinc, on carlot shipments.

No. 3 vein shows to have a width of from 24 inches to three feet and has been developed by an incline shaft on the vein to the 300-foot level. Drifts have been run 170 feet on the 100-foot level and 190 feet on the 200-foot level all in ore. Approximately 1000 tons of ore are blocked out on two sides and ready to stope on the 100 and 200-foot levels of an average grade of $43 per ton at the present price of metals. On the 300-foot level 3000 tons of this grade of ore is indicated, by completed development work.

All four veins have been traced on the surface for a distance of from 300 to 1000 feet by stripping and open cuts, while No. 1 vein has two shafts sunk on it, one 70 feet deep and another 20 feet deep about 500 feet apart and all in ore.

Intensive Development

It is the intention of Viking Gold Mines, Ltd., which has bought the property outright, to inaugurate an intensive development campaign on these veins so as to quickly block out sufficient ore to justify the erection of a 50-ton oil flotation mill. With this end in view the company have engaged Andrew Larsen, M.E., as consultant mining engineer, and W. J. Asselstine as milling and metallurgical consultant, while Al Harris will personally have charge of the actual mine development.

Mr. Sargent and Mr. Harris are receiving the congratulations of their many friends here on their second successful accomplishment of bringing to the attention of outside capital the potential mining possibilities of the Hazelton district and the best of good wishes for their success is evident on every hand.

While Hazelton is now served by a transcontinental railway and is on a main arterial motor highway reaching south to Mexico, and now projected north to Alaska, its strategic situation at the junction of the Bulkley and Skeena Rivers originally brought the town prominently into the world's picture. In 1865, as the head of navigation on the Skeena River, Hazelton was chosen as the distributing point for supplies and material used in the construction of the overland telegraph line proposed to link America with Europe via the Bering Sea. It was at Hazelton in July, 1866, that Col. Charles S. Bulkley of the United States Army Corps, received word of the successful laying and operation of the Atlantic cable, and the building of the overland telegraphs was abandoned.

For the next half century Hazelton was an important Hudson's Bay post and the outfitting point and jumping-off place for the rich Omineca placer mines.

In 1909 the building of the Grand Trunk Pacific Railway brought an influx of hardy argonauts with a sprinkling of prospectors from Rossland and Slocan mining camps and for the next few years Hazelton was an important lode-mining centre.

Hazelton Is Hopeful

With the present revival of the local mining industry and the ever increasing momentum of the motor road project from Hazelton north, Hazelton is all set for a new era of mining development and prosperity.

TOO MANY YOUNG SUICIDES

FLEETWOOD, Eng., Feb. 2: (CP)—Returning a verdict of suicide in the case of a 20-year old who hanged himself, Coroner H. Parker said he was "getting rather disturbed at these young suicides, there are too many of them."

DOMINION BIRTHDAY

Attendance When Founding Of Australia Commemorated

SYDNEY, N.S.W., Feb. 2: (CP)—British royalty is expected to be represented at celebrations here in 1938 when Australians will observe the 150th anniversary of the foundation of their nation.

The celebrations will begin on January 26, 1938, and end on Anzac Day, April 25. Highlights of the three-month program include:

Around the world goodwill flights by two airplanes.

A convention of radio engineers attended by Marchese Marconi.

Visits by foreign warships and two Maori war canoes, fully manned and accompanied by native princesses and dignataries in their national dress.

Empire Games in which 30 different parts of the Empire will compete.

The Catholic community's contribution—building of the first Catholic church at Kurnell, near Captain James Cook's landing place—has been approved by officials in charge.

Timely Recipes

BUTTERSCOTCH COOKIES

One-half cup butter, 1 cup sifted brown sugar, 1 egg, 1 teaspoon vanilla, 1½ cups pastry flour, ¾ teaspoon soda, ¼ teaspoon salt, ½ cup chopped walnuts.

Cream the butter, add sugar and the well beaten egg. Add the vanilla and the sifted dry ingredients and nuts. Form into rolls. Wrap in wax paper and chill in the refrigerator. When required, slice in thin slices and bake in a moderate oven (375 degrees F.) eight to ten minutes.

Solves Errors By Code Book

Victoria Post Office "Detective" Solves Some Problems

VICTORIA, Feb. 2: (CP)—Post office "detective" Sid White, whose duty is to unravel the mysteries of badly addressed letters, credits much of his success to his little code book. The book lists common errors made by people in either copying a badly written letter address or else not remembering the correct name or street and associating another name with it.

One example, White said, was the address W. A. 12 K St., which he solved as Wark Street. Streets having royal titles are a common source of error. Princess Street may come as Duchess or Queen or even King Street.

Other errors listed in White's book included Daniel for David, Elm for Linden, Old Eskimo for Esquimalt Road, Quay instead of Wharf, Signal instead of Telegraph and Toronto instead of Ontario.
