Hon. Dr. R. J. Manion, Leader of the Conservative Opposition, discounted the importance of the international significance, pointing out that there had never been suggestion of difficulties either between Canada and the United States or Canada and Great Britain.

The debate on the treaty was adjourned until Friday.

Railway Engineer In Hospital And Laborer Faces Serious Charge

Jack Rutter in Hospital and Nick Sulikiski in Lock-Up for Attempted Murder Following Fracas

FORMAL CHARGE

Nick Sulikoski will appear in city police court late this afternoon to be formally charged with attempted murder. The case will then be remanded. Jack Rutter's injuries had been dressed early this afternoon at the hospital and his condition was announced to be not serious. Evidently, his eye was not so badly hurt by the slashing he received as to impair vision.

Jack Rutter, well known Canadian National Railways locomotive engineer, is in the Prince Rupert General Hospital suffering from cuts, bruises and other injuries about the face and head and Nick Sulikoski, laborer and miner, is in the city jail charged with attempted murder as a result of a bloody fight this morning in the kitchen of the Westholme Rooms on Second Avenue. A 30-calibre Winchester rifle and a blood-stained bread knife figured in the violent quarrel.

A screaming woman called the police at 12:05 noon and, on arrival of Constables Terry Stewart and W. J. Currie, the struggle was still in progress. A shot had been fired into the ceiling. The woman was Mrs. Sulikoski.

While Rutter's face was a mass of blood and he appeared to have a rather badly injured eye with a large gash across the bridge of the nose as well as other lacerations and bruises, his condition was stated to be not serious and he will recover.

Sulikoski had a slight cut on the hand.

The police took possession of the rifle, the bread knife, a broken chair and other effects and at an early hour this afternoon were continuing the investigation.

POPE PIUS IS HONORED

Many Attend Requiem Mass at Catholic Church This Morning

There was a large congregation, including many Protestants, at the Pontifical Requiem mass for the late Pope Pius XI. at the Annunciation Pro-Cathedral this morning. Right Rev. Bishop E. M. Bunoz gave a brief address in which he referred to the splendid work of the late Pontiff, particularly in his efforts for peace.

It was mentioned that, when the Pope was tendered the high office, he accepted reluctantly. Had it not been that he felt the refusal would be displeasing to God it was understood he would have declined. In wearing his crown of office he also wore a crown of thorns, this being a reference to physical disabilities.

The Bishop was assisted by other local priests of the church, the service being largely ritualistic and in Latin.

The church was appropriately draped.

ABOLISH UNEMPLOYMENT

The feature of the representations made by representatives of the All Canadian Congress of Labor to the Dominion government prior to the present session of Parliament and now published in "The Canadian Unionist" was an attempt to bring pressure to bear on the government to have it take political action to abolish unemployment. They asked for a definite and clear-cut policy of employment and economic reconstruction. The following introductory paragraph gives the main idea of the argument:

"The rise of dictatorships in Europe and Asia, which menace the peace of the world, is due primarily to economic insecurity. No democracy can be established or maintained so long as unemployment and the poverty and privation which it entails are permitted to destroy both the faith and the hope of the people. And in Canada, a land of abundance, with its vast human and material and financial resources, the disparity between actual conditions and the possibilities which are obviously attainable is so great as to create serious and justifiable discontent and unrest. The people of Canada would willingly undergo sacrifice and privation if these were inevitable and necessary; they come of pioneer stock, and endured scarcity in the early days when they were forced to make homes for themselves in the wilderness. But that period, for the vast majority of the people at least, has passed into history, and we believe that, if the leaders of industry and finance are unable to provide economic security for Canadian citizens, they have a right to look to their governments for leadership and direction."

THE WISMER SYSTEM

About a week ago the attorney general of British Columbia, Hon. Gordon S. Wismer, gave an address at Olympia, Washington, to the Senate committee of the state of Washington in which he told what was being done in British Columbia in the treatment of youthful prisoners along the line of the Borstal method previously adopted in England. He told how in initiating the system they met a group of one hundred young prisoners in the chapel at Okalla, told them how they were going to try out this new system under which they would no longer be prisoners under lock and key but would be put on their honor and taught a useful occupation and given an opportunity to become useful members of society. Said Mr. Wismer:

"I wish those who scoff at what they call mollydoddling criminals could have seen the look on the faces of those lads. I can't describe it but it brought a lump to my throat. We talked to those boys, most of them as fine looking chaps as our own boys. We put them on their honor not to escape. We told them the future treatment of thousands of other boys might depend on their actions—that the success of the plan lay with themselves."

Of the first twenty-three taken to the new home, not one attempted to escape. There was not even a fence around the place. Not one boy was untrue to his trust. Sixty boys have now graduated from this institution and most of them are employed and making good. Not one has returned to a life of crime. By their united efforts, assisted by instructors, the grounds of the old home have been made a thing of beauty.

LOCAL NEWS NOTES

Mrs. R. M. Winslow, who has been visiting in Vancouver, returned home from the south on the Prince George this morning.

Mr. and Mrs. G. B. Church, who have been on a trip south, returned to the city from Vancouver on the Prince George this morning.

George Eckerman, who left this city about a year ago with the intention of making his future home in Albany, Georgia, is returning to Prince Rupert to again join the staff of Edward Lipsett Ltd. He is expected back very shortly.

Man in the Moon

Its a fine world if you have enough money to pay your way and a happy home to go to at night.

The difficulty is to know just how much is enough.

None of us ever think we have too much.

Its the people who have scarcely enough for themselves who give something to help a neighbor who is in need.

Asked how she enjoyed the service at church on Sunday a lady replied that she did not see a single dress she liked.

A woman who had given a dinner party met her doctor in the street the following day.

"I am sorry, doctor," she said, "that you were unable to come to my party last night. It would have done you good to be there."

"It has already done me good," he replied, tersely. "I've just prescribed for three of your guests."

Woman (off to attend political meeting, to friend): "I'm not prejudiced at all. I'm going with a perfectly open and unbiased mind to listen to what I'm convinced is pure rubbish."

A small boy was seen sitting moodily on his front doorstep.

"What makes you so miserable?" a friendly neighbor inquired.

"Well," replied the boy, "if I had it to do over again I wouldn't eat up sister's lipstick—even for spite."

Actor: "And where, madam, do I perform my ablutions?"

Landlady: "You don't go doing no performances here. The 'ouse was nearly wrecked last week by a troupe o' acrobats!"

CONSTIPATION TEARS DOWN

● Is your constipation becoming a burden, not only to you but to those around you? Is it wrecking your disposition as well as your health? Many suffer needlessly, for common constipation is usually due to nothing more than a lack of "bulk" in the diet. Kellogg's ALL-BRAN is a ready-to-eat cereal which supplies the "bulk" necessary to regular bowel movements. Eat ALL-BRAN every morning with milk, cream or fruit, or in the form of delicious muffins. Drink plenty of water. Give regular habits a chance to rebuild health and happiness.

DENTAL ADVICE

Statement Issued by Rotary Club's Dental Clinic Committee

The Prince Rupert Rotary Club dental clinic committee has looked into the question of the influence of diet on dental defects and submits the following for the information of parents:

"A committee for investigation of Dental Disease in England, after having observed about 1550 children in 3 institutions over a period of about two-and-a-half years reported that its investigations proved conclusively that a relatively high vitamin D content of food can do much to diminish the incidence of caries if the vitamin is given during the development of the teeth; that a beneficial effect may be obtained if the vitamin is given at a fairly late stage of development and that, even if it is given after the eruption of the teeth, the onset and spread of caries is delayed.

"The committee added one teaspoonful of cod liver oil a day to the ordinary diet of those children for observation of the effects of added amounts of vitamin D over and above the ordinary diet. The ordinary diet was estimated to provide 380 international units of vitamin D per child per day. The cod liver oil supplied an additional 1300 international units of vitamin D per child per day, representing an increase of 240 percent over that supplied by the ordinary diet. The investigation showed that the best periods for the most effective results was during the formation and development of the deciduous teeth and during the early development of the permanent teeth.

"A careful investigation made in the United States in 1938 indicated that, during lactation, the daily vitamin D requirements of infants is about 800 international units, between infancy and adolescence 300-400 units. The daily vitamin D supply in the case of the British investigation therefore seemed adequate when cod liver oil was used as a supplement.

"It is sincerely hoped that the parents and children will recognize the fact that prevention and early treatment of dental defects will prove the least expensive and very helpful in restraining the advances of these ills.

PAYING TAXES WITH YOUR THUMBNAIL

You run your thumbnail through the excise stamp which seals a package of cigarettes or pipe tobacco. It is a simple action — much easier than filling out tax forms and writing cheques! Nevertheless, you are helping to support post offices, government railways, waterways, trade commissioners and all the other services of our Federal Government . . . for you have paid a tax.

Every working morning, tobacco manufacturers buy excise stamps as you buy postage stamps. They affix one to every single package of cigars, pipe tobaccos, cigarettes (the direct tax on a 25c package of 25 cigarettes is 11.4c). By doing so, with no trouble to the taxpayer, without risk and at practically no cost to the government, in the 1937 fiscal year the tobacco industry collected $32,972,373 in excise duties alone.

Windsor's Taste Going To Salads

Former King Likes His In Grapefruit Sugar and Lemon Trimmings

PARIS, Feb. 15: (CP)—The Duke of Windsor, gourmet of the British royal family, has a weakness for salads.

His favorite is Salade St. James: Cubed potatoes, peas, cauliflower, coarse lettuce and pieces of grapefruit. This is covered by a sauce of vinegar and lemon mixed with egg yolk, granulated sugar and a touch of mayonnaise

Another favorite dish is the breast of a chicken, topped by a slice of ham and with a slice of fresh foie gras underneath.

Italians Are Not Popular

Anti-Fascist Demonstrations Are Cause of Warships Being Called Home From World Cruise

ROME, Feb. 15: (CP)—Continuous anti-Fascist demonstrations with which they were continually meeting is, no doubt, responsible for the issuing of orders for the return home of two Italian warships which were on a projected cruise around the warld. There was trouble in Montevideo and other South American ports which the vessels visited, the climax coming in Panama where the Italian consul and officers of the ships were the targets for rotten eggs and decayed vegetables.

Toc H Active Socially Now

Enjoyable Dance Held Last Friday Night and Bridge Party Coming Up This Evening

The local Toc H group is active socially these days. Last Friday night an enjoyable dance was held in the Oddfellows' Hall. Tonight a bridge party is being held in the Toc H rooms in the Stork Block.

The dance last Friday night was in progress from 10 p.m. until 2 a.m. Music was by the Serenaders' Orchestra and Harold Ponder was master of ceremonies. Delicious refreshments were served under the direction of Arthur Evans and Thomas Andrew. The dance committee consisted of H. A. Ponder, Harold Hampton, Rev R. C. H. Durnford and J. D. Allen.

Mrs. M. C. Madill returned to the city on the Prince George this morning from a business trip to Vancouver and elsewhere in the south.

At Seal Cove . . .

The members of the Anglican Young People's Society of St. Peter's Church, Seal Cove, enjoyed a splendid entertainment provided by Dr. N. M. Carter who brought his flims of travel and mountaineering to the Parish Hall last Thursday. The president, in thanking Dr. Carter, expressed the feelings of those present when he said that the doctor would be welcomed back again on the first occasion on which the members planned to entertain their friends.

Th young men of this district who are training at Esquimalt are well advanced now in their term of instruction. Many of them, it is felt, will be glad to know that their friends in this area follow news of their progress with the keenest interest and good wishes. Certainly the clubs of which they were members here feel the absence of so many of their supporters and look forward to their return with great anticipation.

The Girl Guides of the Imperial Order, Daughters of the Empire Chapter, Hill 60 here in Seal Cove have missed the guidance of their leader for the last two weeks. Mrs. J. Allan has been indisposed with a heavy cold but is now well on the road to recovery. Miss Jean Krause and Miss Josephine Gay have been carrying on the good work meanwhile.

The Sunday afternoon broadcast services which go on the air from C.F.P.R. every Sunday afternoon are listened to with great interest by many in this neighborhood. Rev. E. E. Brandt and Rev. Roy C. H. Durnford are taking these services alternately.

Rev. Canon W. F. Rushbrook will be the special speaker at the Sunday evening A.Y.P.A. rally service next Sunday.

The extension of the basement of the Parish Hall of St. Peter's is nearing completion. It will add considerably to the attractiveness and convenience of the hall.

During the week past it has been a daily sight to see large schools of sea lions flaping and plunging in the waters of the Cove here. These creatures it would seem, weigh about 600 pounds in some cases.

While referring to nature observations, it is encouraging to report that the first robin of the year was seen down here over a week ago.

Garry Magarrigle is progressing splendidly with his two classes of young men and women training in physical culture. He wishes that an adult group could be organized.

The Boy Scouts of the Legion Troop are being presented with an official Troop Flag soon by the members of the Canadian Legion in town.

Boys from 7 to 10 who hope to form a Wolf Cub Pack in Seal Cove will join on Saturday morning next at the Parish Hall.

Last evening many friends called as a surprise at the home of Mr. and Mrs. M. Montesano on Borden Street to offer congratulations on the occasion of their silver wedding anniversary. The evening was spent playing games and refreshments were served at midnight at which time a presentation of several pieces of silverware was made on behalf of the assembled guests to the happy couple.

On the evening of March 9, following her return from Stewart and Anyox, the steamer Prince George will be withdrawn from service to enter the local dry dock for annual overhaul. The Prince Rupert, now undergoing her overhaul, will go on the run in place of the Prince George. Today, before moving into her regular berth, the Prince George called at the ocean dock to unload some heavy machinery with the elevator there.

Still Open For Parcels To Aid Enockson Fund

Cash Also Required To Complete Work—Good Progress on New Home

Good progress is being made with the Enockson new home at Dodge Cove. Today the siding will be completed and good progress will be made with the roof. The work should be finished by noon Friday.

Parcels are still being received at the Daily News office and cash in the sum of $58.90 was today handed over to Norman Watt. Parcels will be forwarded just as soon as the new home is ready to receive them.

Since Yesterday parcels have been received from Mrs. R. McLeod and Solveig and Perry Mork.

So far very little kitchenware has been received. As everything in the house was destroyed by fire and the family is absolutely without income except the regular government relief, there will be little money for furnishings once the house is paid for.

Mr. and Mrs. Shelford Darton returned to the city on the Prince George this morning from a vacation trip to Vancouver.
