French Are In Strong Position

Thrust through Neutral Luxembourg by Nazis Could Not Succeed

Industrial Towns Dominated by Guns—Nazi Have Been Clearly Outclassed in Air During First Month of Fighting

PARIS, October 5: (CP)—The French Army is reported to have strengthened its positions so greatly by recent gains on the north western front facing Germany to minimize the danger of any attempts to turn its left flank by a thrust through neutral Luxembourg. Military services say that the army fully possesses Borg Forest on the east side of the Moselle River after a brief close range battle between Franch and German tanks.

Heavy rains yesterday fell in the Moselle and Saar River regions and air activity was at a standstill owing to low clouds and poor visibility. A French communique reported patrols had been ambushed at various places.

French guns are dominating a number of Saar industrial towns.

During the first month of the war, an official French statement says, the French proved themselves definitely superior to the Germans in the air. All reconaissance flights had been successfully carried out in spite of the efforts of German anti-aircraft fire and other counter activities of the enemy.

JAPANESE CRUSHED

Claims to Have Dealt Them Heavy Blow in Hunan Province

HONG KONG, Oct. 5.— Chinese forces have dealt a crushing blow to large Japanese forces in Hunan province, it was announced here today. There were heavy casualties and many Japanese prisoners were taken as well as large quantities of field equipment. The victory was even more decisive than first indicated.

The Chinese reported without Japanese details that columns driving on Changsha, Hunan Province capital, had been thrown back and are withdrawing across the Mi River, forty miles north of the city. This was the first major Japanese offensive in nearly a year and appeared to have resulted in a definite Japanese setback with heavy losses.

The Chinese are reported to be preparing to open negotiations with Russia for supplying of war materials to assist in driving the Chinese out of the country.

TALKS ARE PROCEEDING

Negotiations Between Turkey and Russia Still Going Ahead in Moscow

MOSCOW, Oct. 5.—Talks between the Turkish foreign minister and Foreign Commissar Molotov were resumed today following receipt by the Turkish minister of further instructions from his government after a message covering negotiations as they have so far progressed. The talks, it is stated, are proceeding in a friendly way and will continue.

The Turkish foreign minister has also been conferring with the British ambassador, Sir William Seeds.

Reports that efforts have been made by the Soviet authorities to bring undue pressure on the Turkish minister are denied although some concern over this has been expressed from London and Istanbal.

CZECHS IN BATTALION

PARIS, Oct. 5.—Formation of a Czechoslovakian army in France to fight on the side of the Allies has been authorized by Premier Edouard Daladier.

German Submarine Lands Crew Of Greek Freighter On Coast Of Ireland; More Ships Taken

LONDON, October 5.— There was something new in submarine warfare yesterday when a German U-boat sank the 4,000-ton Greek freighter Diamentes, bound for Belfast, off the coast of Eire and landed the crew of twenty-eight on the Irish coast in a collapsible boat. Before the coastguard could start pursuit, the submarine had made off and submerged. Six of the members of the crew required hospital treatment.

The German government has warned Norway that its vessels must obey signals of German warships and submarines when called upon to stop and not try to escape. Finnish vessels have been similarly warned. To fail to stop will be to risk attack.

Further captures of neutral shipping have been made in Baltic waters by the Germans. An Esthonian steamer, bound for Antwerp, was captured by a German destroyer eight miles off the Swedish coast and taken to a German port. A Swedish vessel, bound from Findland to the United States with cargo of wood pulp, was also captured.

POLICY OF STAND OFF

Italy Taking No Part in Peace Proposals—Will Come From Hitler Direct

ROME, Oct. 5: (CP)—Italian policy, as defined by Stefani News Agency, says that no initiative will be taken by Premier Benito Mussolini to convoke a peace conference. Reports of Mussolini acting as a mediator in the present conflict are without foundation, it is said. Usually informed sources say that any peace proposals Chancellor Adolf Hitler has to make will probably be made in his Reichstag speech Friday or Saturday rather than through Italian diplomatic channels. Italy has no intention of engaging in military activity except for protection of her own interests. Premier Mussolini received a report from General Graziani, his war minister yesterday.

JUNK NOW OFF COAST

Tiny Vessel Gets Across After Arduous Pacific Voyage—Richard Haliburton Presumed Dead

MEMPHIS, Tennessee, October 5: (CP) — Richard Haliburton, writer and adventurer, was presumed dead by a court here yesterday. He left Hong Kong for San Francisco in a Chinese junk last March and has not been heard from since before a typhoon which struck the waters through which he was travelling and in which it is believed that he probably perished.

Yesterday another Chinese junk, which had been with Haliburton for a time, was reported to have been picked up off the West Coast of Vancouver Island with Capt. Anderson, his wife and four men on board. It had been 105 days at sea and those on board are reported to be in bad shape.

NAZI SHIPS PATROLLING

Reich War Vessels Reported to be Operating Off South American Coast

BUENOS AIRES, Oct. 5.—German warships are reported to be patrolling the South American coast off the Argentine. It is suggested they may be operating from a secret base.

IS SUNK BY MINE

Norwegian Freighter Goes Down At Singapore—Crew Is Rescued

SINGAPORE, October 5: (CP)—A Norwegian freighter, which had recently loaded at Vancouver for Manila, struck a mine near here yesterday and sank. The crew was rescued. It is stated that the vessel did not exercise necessary caution in approaching port.

LONDON GOLD PRICE

LONDON, October 5: (CP)—The Montreal price of bar gold on the London market yesterday was unchanged at $37.54 per fine ounce.

Weather Forecast

General Synopsis—The pressure is high over Northern British Columbia. The weather is clearing and colder on the coast and a storm has caused heavy rains over the interior.

West Coast of Vancouver Island—Moderate to fresh northwest winds, mostly fair and cold.

War News

VANCOUVER—The Daily Province says: "Brigadier General Victor Odlum, who rose from the rank of private in the Boer War to general in the Great War, will be one of the chief ranking officers of Canada's first overseas division. The commander of the division will be Major General A. G. L. McNaughton, chief of staff of Canadian militia.

LONDON — Great Britain is prepared to co-operate with the United States and other American states in a plan to establish a naval safety belt but will not agree to limit or abandon her belligerent rights or access to the West Indies or her colonies.

MOSCOW—Russia has asked Norway, Sweden and Denmark to rent her ships to carry goods to Great Britain via the White Sea and sub-Arctic waters in view of the dangers of the Baltic. Norway has agreed while Sweden and Denmark have reserved their decision.

LONDON — The British Admiralty claims to have intercepted 33,000 tons of goods destined for Germany during the past week by means of its contraband control, making a total of 290,000 tons since the war began.

PARIS—The French Admiralty announces that a German vessel has been captured by a French submarine.

LONDON—While preaching to the German people even before the war that they must do without butter, General Herman Goering. Propaganda Minister Joseph Goebbels and other Nazi chiefs were receiving regular supplies of the finest quality from a dealer in Bradford, England, it has been disclosed. It is also learned that the German authorities stopped private supplies sent from England by people to friends in Germany.

BRUSSELS—A report received here is to the effect that Germany may not consider herself bound by her neutrality pact if it is found that airplanes continue to break her neutrality. It is thought that this hint may presage the intention of Germany to try to break through Belgium into France.

LONDON—Only one small British ship has been sunk by German submarines during the past week. This is considered a splendid record in view of the circumstances. It is thought the morale of the U-boat crews is being weakened.

STOCKHOLM—Sweden is taking steps to prevent the sinking of her ships by German submarines. Her small navy will patrol territorial waters and steps are being taken to arm merchant ships against the menace.

LONDON—News that the Indian province of Sindh offers the use of all her resources to the Empire in their present struggle has been received here.

German Military Plane Crashes On Netherlands Soil

AMSTERDAM, Oct. 5: (CP)—A German military plane crashed in Netherlands. The pilot was safe and claimed that he had lost his direction.

WILL TALK ON FRIDAY

Chancellor Hitler to Offer His Peace Proposal in Reichstag Tomorrow

BERLIN, October 5.—Chancellor Adolf Hitler will speak before the German Reichstag at noon tomorrow Berlin time. In a declaration of government policy he will propose, it is expected, a brief truce in order to bring about peace by diplomacy. Meantime, Germany is holding in abeyance large scale fighting until Great Britain and France are given the chance to weigh Hitler's peace plan. It is suggested that, if the final peace proposal is rejected, wholesale action will be launched by Germany on the western front in a fight to the finish. The threat is also made that the Stalin-Hitler accord may develop into more tangible action. The remainder of the German army is now being moved from Poland to the western front.

Germans Want Peace

Germans are pinning their hopes on the possibility of Hitler's Reichstag speech outlining a basis on which hostilities may be ended.

Meanwhile Hitler flew to Warsaw, the fallen Polish capital, today and inspected Nazi forces which effected the surrender of the city returning to Germany later.

HAVE NOT QUIT PACT

Withdrawal of Japan From Anti-Comintern Pact is Officially Denied

TOKYO, Oct. 5.—It was denied last night that Japan had withdrawn from the anti-comintern in view of changed conditions in Europe although she is displeased at the Russian - German alliance. Japan had been a signatory to this agreement with Italy, Germany and Hungary.

TO DISCUSS WAR EFFORT

Prime Minister Explains Purpose of Trip of Minister of Resources To London

OTTAWA, Oct. 5: (CP)— Announcing that Hon. T. A. Crerar, minister of resources, would go to London "shortly" for "personal consultation" with the government of the United Kingdom in accordance with an announcement made earlier in the British House of Commons, Prime Minister William Lyon Mackenzie King said that Mr. Crerar would consult on specific matters with members of the government of the United Kingdom with a view to securing the most effective co-ordination of war effort. Mr. Crerar would return as soon as possible, the Prime Minister added, in order to report on the situation to his colleagues. Mr. Crerar, who was minister of agriculture in Sir Robert Borden's union government in the last war, will leave in a few days.

The Prime Minister also said that Crerar would confer on the situation with members of other Commonwealth governments who may be in London at the same time.

Reports of an Empire war cabinet or conference being set up were without foundation, Mr. King added. No suggestion for the setting up of such a body had been made, he said.

War or Peace?

LITTLE LIKELIHOOD OF ALLIES LISTENING TO HITLER'S QUITS CALL

Lord Halifax Mildly Emphatic About Britain's Stand—Premier Daladier Much More Outspoken About France

LONDON, October 5: (CP)— Although immediate diplomatic developments will be carefully watched, odds are strongly against the acceptance of any peace offers that may be made tomorrow by Chancellor Adolf Hitler in his speech to the Reichstag. Hitler himself will be the main stumbling block since both Great Britain and France, through their leading statesmen, have announced they will not accept any more assurances from him in view of his past long record of broken promises. Further important utterances were made yesterday on behalf of both Great Britain and France in respect to a possible effort by Hitler to call off the war. For Great Britain Foreign Secretary Lord Halifax spoke in the House of Lords. For France Premier Edouard Daladier spoke before the Chamber of Deputies.

Lord Halifax reiterated a statement made in the House of Commons by Prime Minister Neville Chamberlain that any peace proposals will be carefully examined if and when made. Any overtures for peace, however, would have to be measured against the principles for which Great Britain had entered the war. Great Britain and France could not listen now to any peace proposals conflicting with the aims forming the basis on which the war had been started.

"Never in history," declared Halifax, "has there been a case where the responsibility for plunging Europe into war could be so plainly attached to one individual. Hitlerism must be finally ended and fighting could not now be stopped until there was real assurance that the rule of violence could no longer prevail. Lord Halifax said that Great Britain was ready to work with other nations, including Germany, for world peace and reconstruction but Hitler could not figure in such an effort.

Daladier Unyielding

Premier Daladier was more outspoken. No longer, he said, could France tolerate such uncertainty as had existed for the past two or three years. What France wanted was permanent. It would have nothing to do with a truce between acts of aggression. France was determined to destroy Nazism and the German spirit of domination. The Chamber cheered loud and long when Daladier declared that there would be no further dealings as far as France was concerned with Hitler against whose reign and its effect upon the peace of Europe he lashed out. France must have assurance of permanent security and refused to bow to force or the partition of Poland.

Daladier further asserted that no peace proposals would be considered by France unless they were put forward by neutral parties and then they would have to be backed by powerful arguments. Assurances of the present German government would not be enough. It would be impossible to make progress unless security was guaranteed for all Europe and the constant fear of attack by Germany completely removed by the pledge of some government worthy of trust. France insisted upon security for all nations.

The fundamental cause of this war had been Germany's endeavour to dominate Europe, declared Daladier who paid tribute to the efforts of Premier Benito Mussolini of Italy to avoid the catastrophe of war.

New Zealand Bans Strikes

WELLINGTON, Oct. 5.—The government of New Zealand has issued an order absolutely prohibiting strikes or lock-outs during the period of the war. The government is determined to let nothing interfere with the fullest supply of goods needed during the time of the Empire struggle. The government has decided to take complete control of the reserve bank and to revalue the gold reserve, based on the present price, placing the difference in a separate fund.

TEN YEAR PLAN

A copy of a map showing Hitler's ten year plan which was distributed in Austria just after the Munich conference has recently come to hand. The plan at that time was to absorb Hungary and take Poland in 1939 and to drive through JugoSlavia, Roumania and Bulgaria in 1940. The year 1941 was set as the year of the big war when German armies would smash through to the Caspian Sea taking all that part of Europe south of Moscow. At the same time they would sweep over Denmark, Holland, Belgium, Switzerland and northern France. By 1948 Germany was to include all Europe including Great Britain, Norway and Sweden, except Italy, southeastern France and part of Spain. Italy also was to get Palestine, Greece, the entire North African coast. At the top of the map was the legend "One people, one state, one leader." Across the bottom was "Germany, Germany over all."

A BIG MOVE

The Toronto Mail and Globe speaks highly of the action of Hon. Ian Mackenzie in withdrawing from the position of minister of defence and taking a less important position in the Mackenzie King cabinet. It points out that the lack of preparedness was not the fault of Mr. Mackenzie. Both on the floor of the House and outside of Parliament he made plea after plea for greater preparedness.

The newspaper tells of the public apathy following the war which was expected to be a war to end war. The people of the country had no thought of another struggle and they were peace-minded. Then came a time when the people became aroused and it was once more possible to secure proper support for defences.

Hon Ian Mackenzie was the only minister of defence that ever recognized the strategic position of Prince Rupert and laid out a plan of defence which, to some extent at least, is being carried out.

ITALY'S POSITION

Italy has decided to take no part in the fake peace move that is being promulgated by Hitler in order to secure his own position in Poland without having to fight any more. Evidently Hitler has to justify his position to his own people and try to make them think that he really is striving for peace.

Italy is wise in not being a catspaw for the German dictator. That country is secure in the present position as long as she takes no part in the war. If war came she would be one of the most vulnerable of all nations and, in defiance of France and the British Empire, would stand to lose and not to gain.

GIRL GUIDES REORGANIZE

Two Troops Planned for Coming Winter and Another Meeting Will Be Held Soon

The first step in the re-organization of the girl guides for the winter was taken this week when a meeting of the Girl Guides' Association was held at the home of Mrs. J. B. Gibson, Fourth Avenue East. Mrs. C. V. Evitt presided. Plans were laid for a later meeting in the Cathedral hall when girls between the ages of eleven and sixteen who wish to join may attend.

There will, so far as known at present, be two troops formed. One of these, the First Prince Rupert Troop, will be under the guidance of Miss Brown and the Seal Cove troop under Mrs. Allen. At the meeting Mrs. Allen received her certificate of leadership.

A report of the last year's activities was given by the leader of the Seal Cove troop.

Tom Hanson was in the toils of the law again today charged with the usual offence of drunkenness. Sentence was reserved by Magistrate McClymont.

Dr. R. G. Large has assumed the secretaryship of the Prince Rupert Gyro Club for the remainder of the year taking over the duties from Lieut. J. W. Kilpatrick whose military duties made it necessary for him to relinquish the office.

After being residents of Prince Rupert for the past four years Mrs. William O'Neill, with her two sons, Dan and Ray, and daughter, Eileen, have left for Allenby to join Mr. O'Neill who is employed in the mine there. They plan on making their future home at Allenby.

Two small boys of Mrs. Mattson, who are living with Mrs. George Ness, 1725 Fifth Avenue, became lost on Tuesday afternoon for several hours. They were found wandering about near the corner of Fifth Avenue and McBride Street by Chief of Police Chris Jacklin and later were returned home by Constable Cartwright.

Eagles' Bridge Party And Dance

The local Fraternal Order of Eagles' Lodge held its second bridge party and dance of the season last night. There were twenty-five tables in play and the affair was entirely enjoyable for all.

The prize-winners were: Ladies' first, Mrs. L. Tusvik; second, Mrs. S. L. Peachy; third, Mrs. Gunnar Anderson; men's first, Mrs. G. Halliday; second, J. McLeod; third, H. Wanamaker. The winner of a door prize was H. Inch.

After cards, refreshments were served and dancing was in progress from midnight until 2 a.m. with Mrs. J. S. Black's Orchestra furnishing the music.

The committee in charge consisted of Andy Ronald, master of ceremonies for bridge and dance; Frank Ellison and Henry Smith, who presided at the door; Angelo Astori, P. Smith, A. Montesano and I. C. Denis, who were in charge of refreshments.

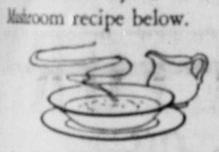
Soup is Fun to Make

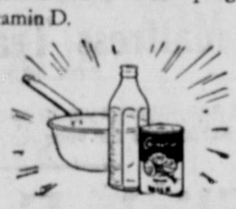
by Mary Blake

I think there's more fun in making a good soup than in any other cooking. Good soup is built up of flavours and smoothness and richness—try the Cream of Mushroom recipe below.



Irradiated Carnation Milk, so good for so many uses, is *specially* good in cream soups. Carnation is just whole milk with part of the natural water taken out; sterilized so it keeps on the pantry shelf indefinitely; homogenized to give every drop equal creamy smoothness; *irradiated* for *extra* "sunshine" vitamin D.

Millions of tins of Carnation Milk are used every year for cooking—but other millions are used for that very important job—infant feeding. Always the same, always safely sterile, Irradiated Carnation Milk is more digestible than cows' milk in any other form, and has the extra helping of vitamin D.



There are glorified recipes in the beautifully illustrated Carnation Cook Book— 15c (postpaid). Carnation Company Limited, Abbott St. Vancouver.

CREAM OF MUSHROOM SOUP

1 lb. fresh mushrooms, 2 slices onion, ¼ cup butter, 2 tablespoons flour, 2 cups Carnation Milk diluted with 2 cups water, salt and paprika. Clean and chop mushrooms. Melt butter in saucepan and cook mushrooms and onions in this for 10 minutes. Add flour and blend. Add milk, stirring until thickened. Bring to boil and boil 2 minutes. Season.

STRONG AND HELPFUL
Through 122 Years

Ever strong and trustworthy, through 122 years of Canada's history, the Bank of Montreal has contributed much to this country's financial security.

To the individual depositor the Bank has meant complete safety for personal savings. To the farmer it has been a strong, useful ally and a reliable counsel on conditions. To industry it has been a source of financial power and a help in avoiding unwarranted speculation. For Government—national, provincial and local—a dependable financial collaborator.

All Canadians, whatever their station in life, working for a greater and still greater Canada, know they can place full confidence in an institution which has never changed in character, yet has constantly modernized its services. In 1817 we pioneered along sound, helpful lines. The year 1939 finds us still pioneering along sound, helpful lines.

TEACHERS' MEETING

T. L. Davies Elected President of Association—Salary Question Discussed

The annual meeting of the Prince Rupert Teachers' Association was held last evening and election of officers for the ensuing year resulted as follows:

President—T. L. Davies.
Vice-president—J. B. Wilkinson.
Secretary—J. S. Wilson.
Treasurer—Clifford Leighs.
Executive—Miss E. A. Mercer and H. Ferguson.

Mr. Davies is geographical representative for Northern British Columbia.

Considerable discussion took place over the problem of a fall convention. It was decided that teachers in the inspectorate and district should be circularized and, if the replies warrant it, a district convention will be held. The Skeena-Omineca Teachers' Institute is planning on a convention and it is possible that special speakers from the Federation would come north and speak at both conventions.

The retiring president, J. S. Wilson, reviewed the year's activities. These had been very varied. He reported on interviews held with the Minister of Education, Hon. Dr. G. M. Weir, on his visit to the city in the summer. It was felt that teachers had been unfairly treated in the matter of salaries. Drastic cuts of as high as forty per cent had been made several years ago and no restorations had been made since. No increments had been paid. The provincial government had increased its grants to the city for teachers' salaries but the teachers had not been given the benefit of the increase. The absence of a salary schedule made the engaging of new teachers very difficult as salaries paid here were much below the provincial average. Mr. Wilson expressed his appreciation of the support of the executive and the members. A vote of thanks to the retiring executive was passed.

CARD OF THANKS

The Women's Auxiliary of the Prince Rupert General Hospital desires to express its appreciation to all those who donated to the annual bazaar yesterday as well as to all those who gave their support by attending.

Another early fall white frost came to Prince Rupert during the night and was still in evidence until the sun rose this morning. Except possibly for a few very fragile plants on lower ground, there was no damage to gardens. Prospects now are for a period of clear, sunny days and cool nights with possibly sharper frosts.

Foster To Direct Auxiliary Service

OTTAWA, October 5: (CP) — Brigadier W. W. Foster D. S. O., V. D., Dominion President of the Canadian Legion and Vancouver chief of police, has been appointed director of the newly created auxiliary war service in Canada, the Department of National Defence announces. This organization consists of veterans unable to take an active part in the present war whose services will be utilized in connection with the organization of recreational huts, sports, canteens, facilities of educational and religious natures and entertainments for active service men. Such essentials will be supplied to Canadian troops—navy, army and air force—both at home and abroad.

KISS YOUR TIRED FEELING GOODBYE!

Pepless Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did — even look healthy and strong, yet — you can feel as if you had lead in your legs, dopey, tired and pepless.

Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams Pink Pills today. They are world-famous for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams Pink Pills today.
