WAR NEWS

Rome Hit Again

LONDON—Overnight, R.A.F. Mosquitos assaulted Cologne without loss. Cologne, less than 40 miles inside the west wall of Aachen, was ripped by more than 2,000 bombers over the week-end. Today 1,300 heavy bombers struck again at the city.

Advances in Italy

ROME—New Zealand troops, fighting alongside the British 8th Army, have made advances on a broad front in the north of the Bologna highway. They have now reached the approaches to the Pisicatello River. South of the Rimini-Bologna road British and Indian troops are making good progress.

Croat Capital

LONDON—Marshal Tito's headquarters announces Yugoslav partisan forces have captured Sveta Klara, two miles from the Crotian capital of Zagreb.

Naval Force at Athens

ROME—The German radio has indicated that the Germans are preparing to evacuate Greece, but there's nothing definite on this yet. A strong British naval force, carrying Greek patriot units, has reached the port of Athens. A considerable enemy force is now believed to be trappd on the island of Rhodes and a few smaller islands.

Returns From Front

LONDON — King George returned to London last night after a five-day tour of the battle areas in Holland and Belgium. He flew to the front last Wednesday in a transport plane escorted by Spitfire fighters. He was greeted at an airfield in Holland by Field Marshal Montgomery. The King first visited headquarters of the British Second Army and then visited the Canadian First Army headquarters.

Trial of Laval in Absentia

LONDON — The Paris radio says Vichy Chieftain Pierre Laval will be tried in absentia for his collaborationist activities according to the broadcast a Marseille court has prepared cases against Laval and three pro-Nazi French journalists.

CRASHING PLANE KILLS THREE, DAMAGE HOUSES

GRANTS PASS, Ore., Oct. 17 (CP) — A plane, believed to be a U.S. Army aircraft, plowed through a group of houses, killing three persons and injuring five civilians, including a baby.

The plane crashed in the street, shearing off the chimney of one house, taking the porch from two houses, and crashing into a grocery store where it exploded and set fire to a fourth house.

Ocean Falls Man Seriously Wounded

Trooper Thomas Ford, son of Mrs. Dora Ford, Ocean Falls, has been seriously wounded while serving with the Canadian Armoured Corps overseas, according to the latest army casualty list released today.

BRACKEN URGES ACTION ON H.D. QUESTION

ALLISTON, Ont., Oct. 17 (CP) — John Bracken, Progressive Conservative leader said in a speech here that the government should say whether soldiers who have been drafted under the National Mobilization Act will be sent overseas, or demobilized to "take jobs the fighting men deserve," or maintained at home at a cost of $150,000,000 a year.

Bracken spoke after Premier George Drew of Ontario said that it was the responsibility of the people at home to see that "their men get every support necessary, including adequately trained reinforcements."

COUNCIL TURNS THUMBS DOWN ARMY INSTALLATION OF CHLORINATION EQUIPMENT

Fears Venturi Tube May Restrict Flow of Water to City

When chlorination of Prince Rupert's water supply is begun in the near future, it will start with the blessing of city council.

This attitude was officially expressed by council last night when it passed a motion stating that a request by the Canadian Army to shut off the city's water supply for 24 hours on October 24 for the installation of a water measuring device be "not entertained."

The motion of refusal was carried by a vote of 4 to 3 after lengthy discussion in which members expressed opinions ranging from outright opposition to chlorination to qualified toleration of it.

Coming into the discussion were such considerations as how much decrease in water volume would be caused by the insertion of a nine-inch Venturi tube in the 18-inch diameter pipeline. The Venturi tube is a device which measures the flow of water through a pipe. Another deciding item was who would pay the cost of operating the chlorinator after it is installed. Chairman Rudderham, who had himself "agin" it from the start told council that there could be no doubt that installation of a Venturi tube on the suction side of the booster pump would decrease the volume of water in the mains.

"By reducing the channel by 75 per cent there must be some decrease in the amount of water passing through it," he declared.

The chlorination discussion was preceded by a discussion on the city water supply during which it was revealed that upper levels of the city were without water on September 27 because the Northern B.C. Power Company's Falls River power plant was out of action, and the power load was thrown on the Shawatlans plant. Shawatlans Lake is the source of the city's

(Continued on page 2)

ENEMY REFUSED TO JOIN BATTLE OFF FORMOSA

PEARL HARBOR, Oct. 17 (CP)—American B-29's have again hit Formosa for the third time in four days. Details of the mission are not yet available.

Admiral Chester Nimitz has announced that the Japanese fleet refused to engage the American naval forces off Formosa. The enemy ships approached the American area but when the power of the United States force was discovered the Nipponese turned tail and ran for cover. The Nimitz announcement also disclosed that American pilots destroyed one hundred and sixty-four enemy aircraft in engagements which were carried out on October 13, 14 and 15.

Railway to Athens In Russ Hands

MOSCOW, Oct. 17 (CP)—Russian troops along with YugoSlav partisans have combined forces to spread out along the Trans-Balkan Railway to a distance of one hundred and seventy-five miles south of Belgrade, capital of YugoSlavia. In effect, this means the Allies now have a firm grip on the main rail route leading northward from Athens, the Greek capital.

A Russian communique announces the capture by Soviet troops of the important highway and railway junction of Nis, one hundred and twenty-five miles southeast of Belgrade. The city's capture had already ben announced by Bulgarian troops who apparently played a big role in the action.

The liberation of the old city of Belgrade appears imminent today, and last night the battle for the city developed into hand-to-hand fighting in the centre of the city. The Germans admit that Russian tanks have entered the city.

Ship's Cook Dies of Burns

VICTORIA, Oct. 17 (CP)—A Russian woman cook who was put ashore here from a Russian ship suffering from burns died in hospital after several blood transfusions. It is believed the woman received the burns when fuel oil from the galley stove exploded aboard the ship.

Bulletins

"MEET THE NAVY"

LONDON — Canada's "Meet the Navy" show has arrived in Britain. It will tour service and civilian centres there and on the continent.

HEAVY FIGHTING

ROME — The Allied Fifth Army is meeting with stiff German resistance in its drive on the Italian city of Bologna. The Germans have drawn up a considerable force outside the city and appear to be preparing to defend it fiercely. Americans of the Fifth Army are nine miles outside the city.

German resistance on the eastern end of the line is described as slight.

METAL DEMAND WILL CONTINUE

VANCOUVER—Mines Minister T. A. Crerar said in an interview that the demand for base and precious metals will continue heavy in the post-war construction period, and that the Canadian mining industry would see a great expansion. He said that gold mining would continue to play an important part in the Canadian economic set-up, as gold would continue to be the basis of the world monetary system.

Lumping City, Military Fire Losses Protested

Fearing that fire insurance rates may soar if Canadian and American Army fire losses in the city are included in the list of civilian losses, City Council's Utilities committee has moved to have the record of the two kept separately.

The committee has recommended that Council protest to the Dominion fire marshal against the local fire marshal's practise of including military fires in the city's record.

"Some time ago the U.S. army lost a building valued at several thousand dollars, and it was included among civilian fires," Alderman Hills, committee chairman said. "Later, the R.C.A.F. had a $6,000 fire of which the city fire chief had no knowledge until he found it in the fire marshal's report."

Veterans Affairs Will Employ 12,000 or More

OTTAWA, Oct. 17 (CP)—The new Department of Veterans' Affairs is expected to have a staff of 12,000 or even more within the next year. The staff of the now-dissolved Pensions and Health Department already has been split up between the Department of Veterans' Affairs and the Health and Social Welfare Departments. 6,000 employees have gone to the Veterans' Affairs Department and 500 to the Health and Welfare staff.

Bond Buyers Must Beat Record This Time, TCA Man Says

MONTREAL, Oct. 17—Expressing confidence that Trans Canada Air Lines employees would surpass all records in putting the Seventh Victory Loan over the top, H. J. Symington, president, today stressed the great need of the armed forces for financial help of those at home in driving to a clear victory over the enemy.

"All of us know the tremendous cost of the war in equipment and supplies," said Mr. Symington, "and we know that the cost will be even greater as the enemy makes his last desperate stand.

"To win this victory, now clearly in sight, and build the foundation of enduring peace, the Allied nations must use all the resources of men and materials at their command."

Mr. Symington noted that T. C. A. employees had gone over their objectives in each of the past Victory Loans and urged them to duplicate these performances.

NEEDS MUCH BLOOD

It may take as many as 12 bottles of dried blood serum to keep a fighting man alive when he has been seriously wounded.

PRINCE RUPERT'S SEVENTH VICTORY LOAN QUOTA SET AT $725,000

Prince Rupert's quota for the Seventh Victory loan has been set at $725,000, G. E. Wootten, divisional organizer announced today. Quota for the whole division, which extends as far east as Vanderhoof, and includes Stewart and Premier, has been set at $975,000.

The statement received from Victory Loan headquarters this morning said: "Although the over-all amount asked by the Finance Minister from the Dominion is greater than the Sixth Loan, the quota for Prince Rupert in this loan will be $725,000, as against $750,000 in the last loan. In view of the decrease in population in Prince Rupert it was thought advisable to reduce the quota. It is expected that the quota will be substantially oversubscribed."

A list of quotas for other towns in this division follows:

Smithers, $40,000; Telkwa, $8,000; Hazelton, $10,000; Burns Lake, $25,000; Fort St. James, $8,000; Vanderhoof, $20,000; Stewart and Premier, $10,000; Terrace, $35,000.

Chairman of the divisional committee is Lt. Col. J. W. Nicholls of Prince Rupert, and Mayor Daggett is chairman of Unit 32, and the Prince Rupert Citizens' committee.

C.C.L. to Support Packing House Men

QUEBEC, Oct. 17 (CP) — The Canadian Congress of Labor conference today voted to support the packing house workers in their demand for master agreements covering plants all across Canada. C.C.L. President Mosher told the convention that the Congress is opposed to strikes, but is not pledged against them.

The packing house workers voted to strike if it was necessary in order to obtain the master agreements.

Hungarian Army In Revolt

LONDON, Oct. 17 (CP)—Open revolt in the Hungarian army against German efforts to force the continuance of the war against the Allies was indicated today in Berlin reports which said that high Soviet officers had gone over to the Russians.

Conditions remain chaotic in Hungary, where invading Russian troops have fought to within 50 miles of Budapest.

It is questionable whether the Germans can expect any further effective military assistance from their last remaining ally.

Installation of a new puppet government, dismissal of top-ranking generals, and the imposition of a drastic curfew in Budapest were announced by the Nazi-controlled radio.

ST. KITTS WINS LACROSSE TITLE

HAMILTON, Oct. 17 (CP) — St. Catharine's Athletics won the Mann Cup and the senior Canadian lacrosse title by defeating New Westminster Salmonbellies 11-9 in the fifth and deciding game of the best of five series here last night.

New Westminster was behind throughout the game, with St. Katharine's leading 5-1 in the first quarter, 6-4 at half-time, and 7-6 at the end of the third quarter.

B.C. Men Bag Two Nazi Night Fighters

WITH R.C.A.F. OVERSEAS, Oct. 17 (CP)—A Canadian Mosquito crew recently put a stop to the activities of two or more German night raiders over France. In one night two Ju. 88's fell to the guns of 25-year-old FO. J. Watt Fullerton of Vancouver, B.C. Sharing honors in these combats with Fullerton is his 22-year-old navigator, FO. Bertram Edward Gallagher of Powell River, B.C.

New Ration Book Issue Starts Today

Distribution of Ration Book Number Five began in Prince Rupert today, with volunteer workers assisting at the two distribution centres — City Council chambers, and Seal Cove Parish Hall.

New books will be distributed throughout the city in four days, ending Thursday. Hours which both distributing centres will be open are 1 o'clock to 4:30, and 7 to 9 o'clock in the evening.

Ration officials urge that all citizens get their books during the prescribed period, otherwise they may have to wait three weeks before their Number Five books will be issued.

Size of Canada's Navy Depends on Will of People

VANCOUVER, Oct. 17 (CP) — Vice-Admiral G. C. Jones, Chief of Naval Staff, R.C.N., said in an interview here that the size of the post-war Canadian Navy will depend on the amount of money the Canadian people, through parliament, are willing to spend on it.

Jones will officiate Saturday at the opening of the Vancouver naval establishment H.M.C.S. Discovery.

One barrel of flour is considered sufficient to make an average of 1270- one-pound loaves of bread.

INDIANS AND CANADIANS TRAIN TOGETHER AT FRONT LINE—Canadians and Indians of the 8th Army train together, fight together and swear by each other's fighting ability. Picture shows a wireless-telephony class behind the lines with Indian officers receiving instructions on an infantry telephone set.

Now Hold Twenty-Five Square Miles South of Schelde River Estuary

LONDON, Oct. 17 (CP) — Canadian troops in Holland are continuing their battle to clear the Germans from the 50-mile Schelde River estuary so the Allies may have the use of the port of Antwerp. The three Canadian bridgeheads across the Leopold canal have been joined, and the Canadians now hold an area four miles deep and more than six miles long south of the Schelde.

North of Antwerp, other Canadian forces have won control of Woensdrecht. This town controls the causeway to the islands of South Beveland and Walcheren.

A late bulletin from Allied headquarters says the Canadians in Holland are continuing to make steady progress, gaining up to a thousand yards against decreased opposition.

The Canadians have entered Ijzendijke, six miles south of Breskins, and the Germans are retreating to a new line running from Schoondijke to Lecluse.

On the American front, the German garrison in Aachen continues to fight on. American forces have now encircled the city by closing a half-mile gap in their ring around the shattered city.

British Second Army troops, meantime, fighting in the Netherlands, have fought their way into the town of Venray. Other British columns are closing in on the town from the north and east.

A late report says that one of the heaviest artillery barrages in the Siegfried Line battles has been thrown against American forces north of Aachen. Yesterday the Nazis fired at the Yanks from guns of all calibre. The attack was made southeast of Geilenkirchen.

At the southern end of the western front the French First Army has made slight gains in its campaign to outflank the Belfort gap.

The American Third Army, west of Metz, has disregarded a German ultimatum to surrender or be annihilated.

YOUNG AGRICULTURISTS

ACCRA, Gold Coast (CP)—Children at the senior mixed school at Peki have started their own farm. Eight sheep and three lambs are part of the stock and the boys and girls are learning to handle them.

Russ Begins Big Drive On East Prussia

LONDON, Oct. 17 (CP) — The great new Russian offensive has reached the East Prussian border north of the Lithuanian town of Vilkaviskis, a Russian communique said today.

The drive was on a 25-mile front on both sides of the town by masses of Russian infantry, tanks and fighter-bombers.

Other Russians besieging the Memel area are threatening Tilsit, a rail centre in East Prussia, and have invaded 1,099 square miles of Memel territory which Hitler annexed before the war.

JAPANESE GIVE WILLINGNESS TO SERVE IN ARMY

KALSO, Oct. 17 (CP)—The New Canadian, Japanese weekly newspaper said today that a list of Japanese-Canadians in Toronto have completed special forms recognizing their willingness to enlist for General Service, and that the list has been sent to the Federal Government by the Japanese-Canadians committee for democracy.

Sask. House Will Convene Thursday

REGINA, Oct. 17 (CP) — First session of the Saskatchewan legislature since the election of the C.C.F. government last June will open Thursday with more than 50 pieces of legislation to be placed before the house.

Proposed legislation includes an act to institute a Saskatchewan Labor Code Act, and amendments to the minimum wage act.

R.C.M.P. SCHOONER SAINT ROCHE TRAVELS NORTHWEST PASSAGE IN ONE SEASON—EAST TO WEST

VANCOUVER, Oct. 17 (CP) — Completing her second voyage through the northwest passage in record time, and making her first trip through the northern route, the Royal Canadian Mounted Police schooner Saint Roche arrived here last night, just 86 days after she left Halifax. The previous record chalked up in October, 1942, was two and a quarter years.

The captain of the Saint Roche, Staff Sergeant Henry C. Larson said that the route was suitable for summer traffic by wooden vessels.

The Saint Roche's first voyage was west to east from Vancouver to Sydney, N.S. Heavy fog and ice floes were encountered through the passage. Her latest trip was the first time the trip has been made in one season.

Larson and his 10-man crew planned spending the winter at Herschel Bay, but their plans were abandoned when the Saint Roche made good time and it was realized that the voyage could be made in one lap.

The Saint Roche was built in North Vancouver.

GERMANS LACK AIR RESERVE MALLORY SAYS

LONDON, Oct. 17 (CP) — Britain's great air strategist—Sir Trafford Leigh-Mallory—believes the Germans are without reserve air power. Sir Trafford, who has been General Eisenhower's commander since the expeditionary air force was constituted last year, says he believes the Nazis would have thrown their sky reserves into the battle along the Western Front if they had any. The air chief praised the tremendous contribution of the R.C.A.F. in western Europe since D-Day. He will soon leave London to become Chief of the Southeast Asia Air Command.

Wanted—Better Parents. Observe "Better Parenthood Week."

CITY COUNCIL

Alderman J. S. Black was granted leave of absence from civic duties from October 16 to November 7 on application to City Council last night.

Acknowledged by City Council last night was a farewell letter from Commander C. M. Cree, Naval Officer in charge Prince Rupert defences, who is leaving the city. Commander Cree expressed his regret at leaving the city, and offered his thanks for the kindness and courtesy he had received while stationed here.

Alderman Arnold, who last night attended her first council meeting since returning last week from a six week's holiday to eastern Canada and United States, was officially welcomed to the council chamber by Mayor Daggett.

"We hope that you are feeling refreshed and eager to look out for the welfare of the citizens," he said.

Alderman Arnold replied that she found the east very nice, but that it was a great thrill to come back to Prince Rupert.

The Board of Works recommended that the Canadian and American armies be requested to refrain from spreading crushed rock and sand on any asphalt street surface unless they are prepared to use a binder with this material.

The Board of Works recommended that the city pay one-third of the cost of installing a sewer on Second street to the waterfront to serve navy buildings and nearby city property providing that an easement is obtained from the Department of National Defence and that the cost to the city does not exceed $2,600.

Council approved a recommendation by the Finance committee that $100 be donated to the Parent-Teachers' Association as a joint donation from the Council and the School Board.

COUNCIL WANTS STAFF HOUSES TO REMAIN OPEN

City Council will support a move by the Trades and Labor Council to have the Wartime Housing staff houses remain open so that working men in the city will have a place to stay.

In discussion of the resolution last night, Mayor Daggett said that he understood that the dry dock, the proprietors of the staff houses, is trying to close one of the staff houses and have the occupants move to a nearby bunkhouse. The mayor said that he had been told that the high cost of operating the partly filled hostel was the reason that it was being closed.

"However, I know that there are a lot of people around town who are trying to get into the staff houses," he said.

Alderman Arnold told the meeting that she knew of two men who had tried unsuccessfully to find a place to live, and that they were now staying at the Salvation Army hostel which is reserved for military personnel.

Council agreed that the staff houses ought to remain open.

CHLORINATION

(Continued from page 1)

water.

Subsequently an agreement was reached between the power company and the Canadian Army whereby the power company would reduce its draw-off from Shawatlans Lake. The army operates a booster pump on the city main.

Council passed a motion by Alderman Hills that efforts be made to get copies of the correspondence between the power company and the army on this matter.

In the chlorination talks Dr. R. G. Knipe, medical health officer, presented a bacteriological report which showed that in daily tests taken from a laboratory faucet since September 15, 70 per cent of the tests showed the water to be contaminated.

"We are unable to tell whether the bacteria is from human or animal sources, yet there is no doubt the water should be chlorinated," he declared. He added that water tests made by the U.S. army showed results similar to his own.

City Engineer George S. Haynes said that if the main was reduced to nine inches at the Venturi tube it would probably cause some decrease in pressure.

"It would restrict the water enough to make it drop about two feet in the reservoir," he said.

"If chlorination will restrict the flow of water then the army will have to shut off the city mains themselves," Alderman Hills declared. "The city needs more water—not less."

Council apparently feels that in spite of its refusal to shut off the water so that the army can install its chlorination equipment, the army may go ahead and do it on government authority.

"I want to protect the citizens by informing the army that the city will take no financial responsibility for maintaining the chlorinator," Mayor Daggett asserted.

City Delegates To Join Council Are Appointed

Aldermen Rudderham, Arnold and Hills have been chosen to represent City Council on the Prince Rupert Joint Rehabilitation Council which is expected to hold its first meeting in the near future. The appointments were made last night following the receipt of an invitation from D. N. Lowe, secretary of the Rotary Club Rehabilitation committee, which is taking the initiative in organizing smaller committees to form into a representative body of all organizations in the city.

The three aldermen are members of the City Council's rehabilitation committees.

The Health, Police and Licensing committee recommended that local police officers act as truant officers. The recommendation was approved by Council.

AGRICULTURAL ATTACHE

STOCKHOLM, (—The annual agricultral congress of Swedish farmers has adopted a resolution asking that an agricultural attache be appointed to the Swedish legation in Washington.

Are your children "just the kids or are they your most treasured possession and young lives to be moulded into worthy citizens? "Better Parenthood Week."

AUSTRALIANS USE CAMOUFLAGE TO BLUFF JAPS—200 MEN DISCOURAGE ATTACK BY APPEARING TO BE 3,000

Goodenough Island Deception Plan Called "Greatest Bluff of Pacific War"

SYDNEY, Australia, Oct. 17 (CP)—The first details of what was known in New Guinea in March 1943 as the Goodenough Island Deception Scheme have been made public by the Australian Army in an official publication. The booklet describes how, after the battle of Milne Bay, the Japanese were deceived by the largest and most successful camouflage operation ever undertaken by the Australian Army.

The publication issued recalls it "the greatest bluff of the Pacific war."

Goodenough Island was captured by the Australians in October 1942, but the force left to garrison it was too small to repel an expected invasion by the Japs from Rabaul and Lae. A small camouflage unit was therefore sent to the island to practise a little deception.

The force holding the island comprised only one company of infantry and some attached troops—not more than 200 in all. To delude the enemy it was necessary to deceive him into believing that the place was held by an entire brigade of 3,000 men complete with guns, tanks, motor transport and powerful fixed defences.

Dummy trenches were dug in strategic positions. They were only a few inches deep, but the soil was darkened by oil to give the appearance of depth from the air. Dummy 25-pounder guns, Bren and Bofors guns and anti-tank guns were made of wood, tin and hessian. Dummy tanks were made of wooden frames covered with painted hessian and were half concealed under trees. Dummy trucks and jeeps were scattered about in large numbers. Dummy tents gave the appearance of numerous camps, washing was hung on lines and dummy figures left reclining at tent doors.

To aid the deception a fleet of small ships sailed in convoy from Milne Bay to Goodenough Island. They plied back and forth for some days—but they were empty ships. To what extent the Japanese were deceived is not known, but though many enemy reconnaissance planes flew over the island no expedition was ever sent to recover it.

Do you want a better world? Then begin with the children. This is "Better Parenthood Week!"

NAVIGABLE WATERS PROTECTION ACT
R.S.C. 1927, Chapter 140

Prince Rupert Fishermen's Co-operative Association, having its head office and chief place of business at the City of Prince Rupert, Province of British Columbia, hereby gives notice that it has, under Section 7 of the Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert at the City of Prince Rupert, British Columbia, a description of the site and the plans of a wharf and building thereon proposed to be built at Prince Rupert Harbour on a parcel of land covered by water, situate, lying and being part of Water Front Block A and part of Water Lot in front of Water Front Block A, City of Prince Rupert, Province of British Columbia.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice Prince Rupert Fishermen's Co-operative Association will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans.

DATED this 3rd day of October, A.D. 1944.

LINKED TOGETHER FOR A BETTER WORLD

AMERICAN bombers wing their way into a great Canadian halfway port . . . take off for British bases . . . then on to the all-important job of bringing war home to the enemy. This is but one of the many ways that Canada serves as a vital link between the United States and Great Britain.

And English, Canadian and American airmen flying wing to wing have shown the same high courage and daring . . . shared the same dangers. Their success has proved that our greatest strength lies in unity . . . that in peace, as in war, we must work *together* for a better world!

As Churchill declared, "Canada is the 'linch-pin' between Great Britain and the United States". Truly, we Canadians can do much for future world security by furthering the *mutual* understanding of these two great democracies. This is our responsibility. Let us prove worthy of it!

Calvert
Distillers (Canada) Limited
Amherstburg, Ontario

In our hearts is the same concept of freedom!

CANADIANS, Americans and Englishmen share the same concept of freedom . . . share, too, one of the earliest defenders of freedom. He was a Calvert, a famous English statesman, Secretary of State to King James I.

In 1622 Calvert founded a colony in Newfoundland and, later, a colony in Maryland. Thus, over 300 years ago Calvert forged a link which has strengthened throughout the years...joining together the British Commonwealth and the United States.

In the new settlements the principle of self-government was inaugurated and religious toleration was fully enforced. Thus, in the early 1600's, a Calvert established in the New World many of the freedoms we are fighting for today.

KINSMEN START MILK FUND DRIVE

The Kinsmen Milk for Britain Fund will get underway this week according to an announcement by J. C. Carter, local chairman. The traditional milk bottle in an attractive display card is being placed in a number of stores and public places throughout the city. Prominent in the wording of the display is the fact that every ten cents placed in the bottle sends a quart of milk overseas. No operating expenses are deducted from any money placed in these bottles. Every cent goes overseas.

A feature of the campaign this month will be the Hallowe'en Shell-Out drive in which the school youngsters will participate. Through their teachers the children will be given "Shell-Out" tickets which will be sold from door to door in the city. On Hallowe'en night the youngsters will call back at the houses. The householder is to give them the tickets they have purchased instead or, together with, the usual apple offering.

The youngsters are enthusiastic over the scheme and confidentially told the committee members that the stamps would be disposed of in short order.

The task of distributing the stamps has gone to the teachers of the schools who have signified their willingness to cooperate in this worthy cause despite the fact that they are already putting in long and work-filled hours.

P.T.A. Doing Well In Funds Campaign

With proceeds of $388 from Saturday's tag day, and a $100 donation from the Canadian Legion already acknowledged, the Parent-Teachers' Association will have a tidy sum for the purchase of library books and sports equipment for the four city schools.

The organization expects other donations, not yet listed.

Committee in charge of Saturday's tag day consisted of:

Mrs. George Howe, Mrs. E. W. Becker, Mrs. George Rudderham, Mrs. G. A. Hill, Mrs. N. Moses, Mrs. Hardin, Mrs. C. Insulander, Mrs. J. C. Gilker, Miss E. Mercer, Miss E. Gibson, Miss E. Moxley, Mr. Hardwick, S. A. Cheesemen, E. W. Scott, Mrs. G. R. S. Blackaby.

Taggers were:

Rose Marie Hartwig, Ben Forrest, Allan Hartwig, John Schilo, Donald Saunders, Reggie Ronald, Bill Prince, Ken Laurie, Helen Hibbard, Mary Strachan, Barbara Teng, Lorraine Branch, Louise McDonald, Carl Daneliuk, Doreen Lindsay, Jeanette Halliday, Margaret Keays, Norma McDonald, Tom Dixon, Dennis Dixon, Glen Baker, Ernie Bremen, Mary Addison, Donald Prendergast, Mrs. D. C. Stewart, Anne Whiting, Marie Skalmerud, Bernice Scarr, Douglas Cushman, Joyce Carr, Mrs. N. Moses, Mrs. Blackaby.

Roy Webber, Joan Franklin, Nancy Hill, Roald Feness, Alan Currie, Dolores Lyness, Muriel Shier, Joyce Perry, Norma Perry, Alfred Blackaby, Robt. Haudenschild, Margaret Johansen, Margaret Wide, Madeleine Youngman, Mona Lykegard, Edna Gardiner, Florence Starr, Marion Hood, Benita Windle, Lorna Larsen, Hazel Tweed, Diana Gilker, Isabel Abercrombie, Robert Wood, Larry Valentine, Bobby Harvey, Donna Petroff, Joan Bird, Janet Budinich, Dale Laird, Norman Shenton, Dick Edgar, Phyllis Hill, Jacqueline Ratchford, Joan Thain, Marion Shenton, Lorna Pongrazes, Billie McChesney, Dorothy Marshall, Alan Stonehouse, Violet Boychuk, Melvin Paulson, Gerry Dodds, Inger Peterson,

Birth Notice

Born to Mr. and Mrs. Vincent Racicot, at the Prince Rupert General Hospital, October 11, a son, Gary Colin Vincent, 6 lbs. 10 ozs. Mother and son doing well.

Brother of Local Policeman Given R.C.A.F. Promotion

Flying Officer Robert H. Strouts, brother of B.C. Police Constable Richard Strouts of the city detachment, has been promoted to the rank of Squadron Leader overseas, it has been learned here.

Squadron Leader Strouts is a veteran of air operations since April 1941, when he first went overses. He enlisted in June 1940.

As rear gunner in heavy bombers he made many trips over the continent, and later was with an air squadron affording air protection to the British Eighth Army in its march from Alexandria to Benghazi. He wears the ribbon of the Alemein clasp for that campaign.

At present he is attached to a squadron doing air-sea rescue work in Britain.

CANADA'S VETERANS
Their Post-War Opportunities
This is the fourth of a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get the full details save and read every advertisement.
For complete information write for the booklet, "Back to Civil Life."

Training and Education—Doorways to Opportunity
BOTH ARE AVAILABLE AFTER DISCHARGE

In planning Canada's re-establishment program, its makers worked with one principal idea in mind. This was that the only answer to the problem of permanent re-establishment is a job—and that the surest way to get and hold that job is by the skill and ability necessary for it. In Canada's armed services there are many who enlisted so young they have no peacetime skill. There are many who have been away from their peacetime occupation so long they will need brush-up courses. There are others whose outlook has changed in the months and years they have worn the uniform. They, too, will want assistance. Recognizing this, Canada has given wide opportunity for training to all who have served. The test is the desire to help themselves and the ability to benefit.

THE VOCATIONAL TRAINING PROGRAM

Every ex-service man or woman, who will be assisted in re-establishment by a course in training is eligible for it. To help choose the training most likely to result in security, occupational counsellors will be available while there will be guidance in the services before discharge. Skills learned while in uniform may be found a valuable foundation for a peace-time career.

If being trained in a school or technical institute, fees will be paid, and in addition the ex-service man or woman may receive up to:

$60 monthly if single;
$80 monthly for a man and his wife.

In addition, there are allowances for children and other dependents.

Many, however, will be trained right on the job, in industry. In these cases, the Government, if necessary, will add to the wages earned while training.

Training is available for the period of service, to a maximum of one year, but it can be extended beyond that time if necessary, and if service is more than a year. Disability pensioners get special consideration, their right to training is continuous.

EDUCATIONAL TRAINING

This is available to all who are admitted to university within fifteen months of discharge, although this period of time may be extended under certain exceptional circumstances.

As in the case of vocational training, fees are paid, and there are maintenance allowances up to $60.00 monthly for a single man or single woman, and $80.00 monthly for a man and his wife, together with allowances for dependent children.

These allowances will be continued on a month for month basis of the veteran's time in the services, providing no year is failed and providing no supplementals are carried from one year into the next.

In the case of outstanding students, the assistance may be continued to completion of the course, and in exceptional cases, where it is in the national interest, on into post-graduate studies.

POST-GRADUATE STUDIES

Opportunity is available to all who had started post-graduate work, or were about to start it at the time of their enlistment. These studies must be commenced within one year of discharge.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ARE THE FRIENDS OF EX-SERVICE MEN AND WOMEN. IT IS THEIR DUTY TO ADVISE AND ASSIST ALL EX-SERVICE PERSONNEL WITH THEIR RE-ESTABLISHMENT PROBLEMS. IF THERE IS ANYTHING ABOUT THE REHABILITATION PROGRAMME WHICH YOU DO NOT UNDERSTAND CONSULT YOUR NEAREST WELFARE OFFICER.

Issued under the authority of the Honourable Ian A. Mackenzie, Minister of
VETERAN'S AFFAIRS

DELINQUENT PARENTS SCORED IN COMING FILM

"Are These Our Parents?" the Monogram child delinquency drama which opens an engagement at the Capitol Theatre Wednesday, presents in colorful fashion a picture of a present-day trend in American life which is nothing less than startling. The story, in all its details, demonstrates that the parents are responsible for much of the waywardness of the younger generation, and that delinquency begins at home.

The production should prove an important factor in combating an era of juvenile crime which to a large extent is based on thoughtlessness.

In the story, Miss Vinson keeps her young daughter in boarding schools for the simple reason that the girl's presence at home interferes with her parent's social activities. Rebelling, the daughter visits a notorious night club which is raided, and after escaping falls in with a straight - living boy, whose father, however, has fallen from the path of rectitude. Unable to rouse her mother to a realization of the dangerous situation she has brought about, the daughter goes on to further excesses, until finally she and the boy are hunted by the law, suspected of murder. How the problem of those concerned is eventually brought to a solution makes a story of absorbing interest.

Others in the cast of "Are These Our Parents?" are Emmett Vogan, Claire McDowell, Ian Wolfe, Jean Carlin, Edgar Norton, Robin Raymond, Odessa Lauren and Jimmy Strand. Harry Neumann has contributed excellent photography, and the screenplay by Michael Jacoby, based on an original story treatment by Hilary Lynn, is replete with dramatic situations.

Airmen Help To Purchase Their Bombs

WITH THE R.C.A.F. BOMBER GROUP IN ENGLAND, Oct. 17 (?)—The Seventh Victory Loan campaign got off to an early start with Canadian forces in England yesterday. Several units in the Canadian Bomber Group topped their quotas on the first day of the official two week's drive. The Alouette Squadron turned in 202 per cent of its objective. Next came the Bluenose Squadron with 121 per cent of its objective. The Bison, Iroquois, Ghost, and Moose Squadrons also exceeded their quotas.

"Nero fiddled while Rome burned." Are we parents fiddling while our children lack proper equipment for life?" "Better Parenthood Week."
