Hoffmeister Far East Commander

British Columbia Man To Lead Canadians To War Against Japanese

Will Be Known As Sixth Division With Infantry Base and Armored and Ancillary Units

OTTAWA, May 30 (CP) — Major-General Bert Hoffmeister, aged 38, C.B.E., D.S.O., Vancouver, has been appointed commander of the Canadian Far East force, it was announced today. Hoffmeister led the Seaforth Highlanders in Sicily and later became commander of the Fifth Armored Division. The Far East force is officially identified for the first time as the Sixth Division.

Announcement of the name of the commander of 30,000 volunteers who will fight against the Japanese under American all-over command was made by the office of Prime Minister W. L. Mackenzie King.

It has been previously reported that the Canadian Far East Force, overseas division, would be called the Sixth and would wear a distinctive hexagonal patch.

The official statement said that the Sixth Division would be based on an infantry division and will include armored and ancillary units. It will likely be organized along American lines but Canadian identity of the troops will be maintained as they will wear Canadian uniforms.

QUITTED OF MANSLAUGHTER ARGE BY ASSIZE COURT JURY

uth Matzik Freed of Responsibility For raffic Death of Geo. Ross in December

Ruth Matzik, 24-year-old United States army civi- clerk was found not guilty of a charge of man- ghter by an assize court jury which delivered its dict to Chief Justice W. B. Farris, presiding judge, 5:45 last night. The jury freed the girl of respon- lity for the death of George H. Ross after deliber- ating for an hour at the end of a two-day court session.

Ross, 67-year-old U.S. civilian guard, died after being struck by a light U.S. army Alaska department truck on Second avenue on the night of December 13, and Miss Matzik was charged with the fatality.

Miss Matzik, who sat calmly through the long court proceedings, was congratulated by friends as she left the court room at the conclusion of the trial. She was defended by T. W. Brown whose summation of evidence before the jury retired was one of the highlights of the case.

Chief Justice Farris commended the jury for its verdict which, he said, was the proper verdict on the evidence.

In summing up, Defence Counsel Brown described the case as "a mass of mysteries and contradictions."

"These mysteries are not helped," he said, "by the absence of Anthony Cornelius Steele."

Steele was formerly civilian head of the Alaska department here, and it was with him and a man named Tony Wilbershied that Miss Matzik spent the evening during which Ross met his death. The truck which struck Ross down belonged to his department.

Steele, Brown said, had promised the police at the preliminary hearing to be present at Assize court to give testimony but never showed up. A transcript of his testimony given at the preliminary hearing in January was read yesterday, instead.

Only Piece of Direct Evidence

In directing the jury, Chief Justice Farris pointed out that the only piece of direct evidence in the case was the testimony of Private Lester Featherolf, U.S. army. Pte. Featherolf had said that, as the death truck passed within 10 feet of him a few seconds after it had struck down Ross, he had recognized the driver to be a man.

The soldier had emerged from the U.S.O. club at 11:15 and was at the intersection of Second avenue and Eighth street when the truck drove by him, he told the court. At the scene of the accident he told Corp. A. T. Lashmar of the city police that he had seen a man driving the truck.

Belief that the truck labelled "Alaska Department No. 2" was the death vehicle was firmly clinched by testimony of Dr. Archibald T. Naismith, pathologist of a Kamloops hospital, who testified that samples of hair taken from Ross's head and a hair retrieved from a door hinge of the truck were similar in color, interior tainting, texture and shape.

"I am quite satisfied that both hair specimins came from the same scalp," he testified.

Failure of Crown Counsel W. O. Fulton to call Pte. Featherolf as a witness drew a protest from the presiding judge and the soldier was placed on the stand.

"The duty of the Crown is to produce all witnesses so that the jury can learn the facts," His Lordship commented.

Situation Is Serious In Syria

Violence Spreading With List of Casualties Rapidly Mounting

LONDON, May 30 (CP)—New outbreaks of violence are said to have flared in Syria and grave developments appear at hand in the dispute between France and the governments of Lebanon and Syria—a dispute which now has reached a stalemate. Foreign Secretary Eden said today the situation was more serious.

According to the Beyrouth radio, Syrian artillery has fired on the French legation and all French military positions in Damascus. French military authorities are said to have taken what is described as "all necessary" measures.

The fighting started at Aleppo in northern Syria and is said to have spread southward as far as Deraa—which is sixty miles below Damascus.

The acting premier of Syria, Jamil Mardambey, asserts that from 80 to 100 persons have been killed and from 200 to 300 persons have been wounded in the disorders.

CRUCIAL JAP TEST

TOKYO, May 30 — Premier Suzuki told the Japanese Parliament today that the Battle of Okinawa would be the deciding battle of the war. The fate of the Japanese Empire depended on the outcome.

GUAM, May 30 (CP)—On Okinawa, it is still uncertain whether the First American Marine Division was able to dig in at the fortress town of Shuri after storming its outer ramparts. It is possible that the leathernecks subsequently withdrew in order to pick up reinforcements.

Another marine division, the Sixth, has overrun the bomb-wrecked city of Naha on Okinawa's west coast.

LUFTWAFFE'S LAST THRUST

Canadian Frigate Matane Was Victim of Glider Bomb Attack

OTTAWA, May 30 (CP) — Hon. Douglas C. Abbott, minister of Navy, yesterday released the story of one of the Luftwaffe's dying thrusts—a glide bomb attack on a Canadian naval patrol in the English Channel in which the Canadian frigate Matane was damaged and one of her crew killed. Three others are missing and 11 injured.

Three German Dorniers were preying where no enemy planes had been seen for months and launched a number of glider bombs. Only one hit home, striking the Matane on the quarter deck. The Matane's watertight bulkheads held and she was towed to port.

Police court fines in Prince Rupert for the first four months of 1945 totalled $3780 as compared with $6140 in the corresponding period of last year. The fines of $940 in April this year compared with $1900 in the same month a year ago.

Political Free For All—

FOUR FEDERAL ELECTION CANDIDATES ★ ★ ★ ★ ★ TO ADDRESS LABORITES ON MONDAY

At a joint meeting of the executives of the Prince Rupert Trades and Labor Council (AFL) and the Prince Rupert Labor Council (CCL) held last evening in the Carpenters' Hall, it was decided to sponsor a meeting for trade unionists in the Oddfellows' Hall next Monday evening, to be addressed by the candidates for the Skeena riding of the four political parties.

This meeting was decided upon due to the fact that some of the candidates had expressed a desire to address members of various trade unions but as yet had not had an opportunity to do so.

A speaking period of fifteen minutes is to be allowed each candidate after which there will be a question period for written questions only.

Due to one of the candidates having to leave, possibly before the meeting is over, it was decided in fairness to all that there would be no rebuttal speeches.

Jack Fisher was elected chairman for the forthcoming meeting.

CANADA AIR CROSSROADS

Major D. R. MacLaren Foresees Future for Aviation

WINNIPEG, May 30— "In the global network of the future of aviation, Canada, by reason of its position on the globe, is destined to become a crossroads of tremendous strategic importance. The people of Canada are fully aware of this and also of the necessity for nations of the world to work together in peaceful co-operation, sharing fruitfully the freedom of the air as they once shared the freedom of the seas," said D. R. MacLaren, superintendent of passenger service for TransCanada Air Lines and the fourth ranking flying ace in World War I, when he addressed the Mid-Canada Air Conference now in session here.

"Regardless of the bright outlook for this country in the air, there can be no post-war new air age in western Canada or any other part of the Dominion unless thousands of air-conscious men and women want, need, and are prepared to pay for, air service," he stated. "Air transportation operating beyond our borders will bring into the stream of commerce the products of regions now inaccessible, enriching the lives of our people as well as the people of those regions in return, and make valuable contributions to all concerned."

Mr. MacLaren said that, with the cessation of hostilities in Europe, a number of young men were made free to take their place in Canada's air transport industry. "TransCanada Air Lines has given employment to hundreds of these young men as pilots, traffic men, radio operators, passengers agents and mechanics and I am pleased to say that they have brought with them a high degree of character as a result of their Air Force training, which will enable us to greatly increase our standard of service," he concluded.

NEGLIGENCE QUESTIONED

Judge Asks Crown Counsel Pointed Question About Case at Assize

Crown Counsel W. O. Fulton was asked by Chief Justice W. B. Farris on what facts a jury could find criminal negligence in the manslaughter case of Mrs. Signe Hanburg when evidence of witnesses was concluded in the case this morning.

His Lordship asked the jury to retire at the conclusion of testimony of eight witnesses which constituted the crown's case, then asked Mr. Fulton on what fact a jury could find criminal negligence.

"Where is the law that requires a mother to remain all the time with her children," His Lordship asked. "If a woman leaves her child knowingly in a dangerous position, that would be culpable negligence. But here is a woman who put her children to bed. Matches were not easily available. They could only be reached by some effort on the part of the child."

Mrs. Hanburg, whose two children, Ronald Fossum, four years old, and Lorraine Hanburg, two perished by suffocation at their home at 749 Fraser Street on the night of February 10, was charged with manslaughter in connection with the death of her older child.

She was defended by T. W. Brown.

Chief Justice Farris adjourned the trial until two o'clock this afternoon to further consider the evidence. He made no address to the jury up to that time.

Evidence heard during the morning session was by Dr. J. J. Gibson, who was called shortly after the two children's bodies were discovered by Frank Montesano, Dr. R. E. Coleman, pathologist, Corp. Lashmar and Constables Brue and Stevens of the B.C. Police, Mrs. Verna Ratchford, Frank Montesano, and Edmund H. Hicks, proprietor of the Fraser House hotel.

According to testimony, Mrs. Hanburg and Mrs. Ratchford spent the evening of the children's death at the Commercial Hotel beer parlor, returning to Mrs. Ratchford's house about 11 o'clock.

Frank Montesano told of discovering the children's bodies in the smoke-filled house a few minutes later when he was asked by Mrs. Hanburg to see if "everything was all right."

The children were lying dead in the younger child's crib and the mattress of Ronald's crib was smoldering on the bedroom floor.

Corp. Lashmar presented a live match taken from Ronald's overall pocket after he had picked the garment from the kitchen floor.

Constable Stevens presented three matches which he said he had found in Ronald's crib after the child's death.

Matches in the house were kept high enough to be out of the way of ordinary reach of small children, testimony indicated.

Jurymen hearing the case are: William McLeod, foreman, James B. McKay, J. Gunnar Anderson, Stuart Finlay, Alex Barbe, William H. Atrill, Louis Amadio, William Bovill, jr., John Hoskins, A. J. Weldon, Colin F. McDonald, Alex Haig.

CANADIAN CASUALTIES

Details of Losses in Various Services Announced

OTTAWA, May 30 (CP)—It is announced that Canada suffered 102,875 casualties in the army, navy and air force including 37,206 dead and 3,769 missing up to May 7, the end of the war in Europe. The Army suffered 79,744 casualties including 21,478 dead. Royal Canadian Air Force casualties totalled 20,702 including 13,858 dead. The Navy had 2,399 casualties including 1870 dead.

Japan Hard Hit—

Superforts Wiping Out Nip Cities

Reconnaissance Shows Terrific Damage in Tokyo and Yokohama

GUAM, May 30 (CP)—Superfortress bombers are hitting Japan harder and harder in their mounting campaign of annihilation. Fifty-one square miles of Tokyo now are in ruins, the result of six fire-bomb raids on the enemy capital. The incendiary attacks began last February with 200 B-29's and reached a crescendo of fury last Saturday. Fifty of the big bombers have been lost in the six raids on Tokyo. That is an average of just under one superbomber lost for each square mile of Tokyo burned to ashes.

Nearly 100 major targets have been blotted out in Tokyo, most of them key industrial plants. Reconnaissance photos vividly illustrate this destruction. All around Emperor Hirohito's flame blackened palace are the remains of burned-out buildings. The desolation extends in all directions from the palace and up and down the waterfront of Tokyo Bay where much of the city's war industry once was concentrated.

Eighteen miles south of Tokyo, there are similar scenes of destruction in Yokohama. The Japanese admit that 60,000 homes were burned out in the big fire raid on Yokohama.

They are believed to have been seen from Japanese war factories in the effort to bolster Japanese morale.

BRACKEN ON ISLAND NOW

Pledges Assistance to Forests —Forecasts Mackenzie King's Defeat

VICTORIA, May 30 (CP)—John Bracken, Progressive - Conservative leader, in an address at a political rally here last night, promised that, if his party was returned to power, generous assistance would be given the provinces in the maintenance of forests.

Bracken said that Prime Minister W. L. Mackenzie King is again attempting to hang on to power by using Quebec as a stepping stone but the people now understood his methods and would repudiate him at the polls June 11.

For twenty years prior to the war, Mr. King, to obtain his political fortunes with a minority, blinded the people of Canada to the true state of conditions by telling them that Canada would never again be involved in a European conflict.

Mr. Bracken will speak in Kamloops next.

Lord Haw Haw Shot When He Made Threatening Move—Had No Gun However

LONDON, May 30 (CP)—The British Press Association reported yesterday that William Joyce (Lord Haw Haw), who won world wide repute for his pro-German broadcasts during the war, will face a treason charge in Britain.

Joyce and his wife were arrested by British troops, British Second Army headquarters announced yesterday.

The anti-British mouthpiece was shot in the thigh as he was captured at the Danish border near Flensburg and his condition is reported to be critical. He was being transferred to Lueneburg by ambulance.

A British soldier fired when Joyce made a threatening move with his hand in his pocket. He was later found, however, to have no weapon in his possession.

INSPIRED LEADERSHIP?

Does this attitude indicate inspired leadership or anything other than a narrow isolationist view?

Canadians can do more to maintain freedom and democracy by being alive in Canada than six feet underground in European soil." (Harold Winch, Vancouver, September 28, 1939).

Oh For a Drop of Rain! . . .

We sat in our office sweltering in the afternoon sun and wondered how it ever could be that Prince Rupert and rainfall continue to be synomously associated in the minds of those who do not know this place. Here the month of May is almost gone and we have not had a decent rain fall in its merry length. We saw forest fires blazing away spectacularly across the harbor, we saw our spring gardens dry and parched, we saw the dust billow in clouds from our wartorn streets and we almost prayed for some of the good old rain which we hear so much about but have missed awhile.

The month of May with 1.71 inches of rain and fifteen days since we had even a spatter! A visit from Jupiter Pluvius with a generous spraying would be really quite refreshing in arid Prince Rupert. The old man with the watering can would be a welcome visitor any day now.

Anxious Days in Europe . . .

We look at the post-war scene in Europe and wonder. We see Russia imposing conscription on her 15 and 16-year-old boys and announcing there would be more intensive military training in the Soviet in peace than there was in war. We see the YugoSlavs endeavouring to force their will upon the Italian people around that long-troubled top of the Adriatic Sea. We see the Polish question still agitating the peace of mind between the western Allies and the Russians on the other. And now we see serious discord in Syria and Lebanon under the French rule.

The problems of peace are piling up in rapid succession and many of them are charged explosively with the elements of conflict.

The war in Europe may be over but these are still anxious days over there.

HOLLAND SUBJECT

TERRACE, May 30—On Friday afternoon last an appreciative crowd of parents and friends were at the Division V classroom of the Terrace Elementary School to see the final activity in an enterprise on Holland.

Keen interest was shown in the Grade I pupils who were attired in Dutch costumes of blue and white and in the attractively arranged classroom itself which, in every part, had something reminiscent of old Holland. Beautiful tulips were in vases around the room and bulbs were growing in boxes on the window sills. The window decorations were in keeping with the general scene. At a special table, the children's workbooks on Holland were displayed and, on the wall above, pictures with printed stories under them describing the scenes. At the front of the room, was the sandtable with a characteristic section of Dutch landscape made by the children. Above this was a cleverly finished and colorful mural. Dutch people, dykes, windmills, boats, carts drawn by dogs, cattle, storks, tulips, etc., were very much in evidence. Above the whole was a Dutch flag.

The program consisted of songs such as "Dancing Through the Tulips," "The Little Dutch Mill" and "In An Old Dutch Garden," recitations like "The Windmill," dances, plays and rhythm band selections, all featuring something Dutch. The children's performance was remarkable. Mrs. Hubble, their teacher, was the director and piano accompanist throughout.

At the close of the program, Mrs. Hubble thanked the people for coming and said it was encouraging for her and the class to have such a large audience. Then, among other things, she went on to explain how she had taught Holland by the Enterprise Method of Study, one of the newer developments in education. "We chose Halland for our study," Mrs. Hubble said, "as many of the children have relatives in the armed forces there and also because Prince Juliana of the Netherlands spent some time in Canada. Though the Holland of the present time is greatly changed due to the war we hope that, in time to come, it will once again be the pleasant land we have studied in the class."

Mrs. Hubble took her class outside and the people thronged forward to examine everything in the classroom. There was marked surprise at the quality of the work and the comments on the program were enough to make any teacher feel proud.

In spite of the fact that the past week has been particularly hard on people's pocketbooks, $13 was donated to the Junior Red Cross.

preliminary hearing and read yesterday, Steele described how he had run out onto the street from Wilbershied's barracks on Beach place and "shouted after" Miss Matzik who, he said, had driven away in the truck without him.

Steele's statements found little corroboration in the testimony of L. L. Hawn, manager of the Beach place barracks area, who told the court that he was on the street near the T-40 barracks when the truck drove away shortly after 11 o'clock. He said that he had seen the truck drive away in a normal manner and that he had heard no shouting.

He said that he had seen someone sitting in the darkened truck a few minutes before and had thought it was a woman.

Large Bump On Accused Head

A large and presumably painful bump on the back of Miss Matzik's head, discovered the morning after Ross's death, was mentioned in court by Miss Ida Wilson, Miss Matzik's roommate, but the cause of the bruise was not brought out.

Miss Wilson said she was approached by Miss Matzik in the American civilians' club where she had been given some keys. Later, in company with two men they had gone to the front of the women's barracks, where one of the men had re-parked the truck in which Miss Matzik was said to have arrived about 11:30.

Miss Wilson said her friend had appeared to be acting strangely.

"From her condition it was apparent that something had happened," she said.

Robert Nusko, U.S. Coastguardsman who had seen Miss Matzik drive up to the women's barracks on Sixth street, said he thought the truck had both headlights burning.

Four other witnesses said that they had not noticed anything wrong with the headlights of Miss Matzik's vehicle.

The death car had one headlight knocked badly askew.

A black comb found on the running board of the death truck by police could not have been Miss Matzik's, Miss Wilson said, because the accused invariably used white combs.

GORDON'S HARDWARE

Security with Freedom!

Your Vote on June 11th can bring lasting security to your work, your home, your family!

Security for your WORK

Here are some of the definite, practical steps taken by the Liberal Government to give security to home and family by assuring well-paid post-war jobs for everyone:

For Veterans—The most generous plan of any United Nation to get returned men started in the type of work each of them chooses. The Liberal Government is determined that every man and woman coming home to Canada shall return **to the land of greatest opportunity in the world.**

For Workers—About a third of all Canadians depend on exports for their livelihood. **Liberal plans provide for increasing our exports 60% in value over those of 1939.**

For Farmers—Acting on the belief that all Canadians prosper when farmers do, the Liberal Government has arranged that **they can improve their farms and equipment under a new loan** plan and has arranged to put a floor under the prices of farm and fishery products.

To stimulate employment for **all**, the Liberal Government has created a special Department of Reconstruction which is **now in operation** and which will co-ordinate private and public enterprise.

Security for your HOME

The Liberals believe that **the home is the heart of the nation.** They aim to give Canadians every possible facility to build and furnish better homes! With Government assistance you can build a home in the country, town or city. This will make **jobs for the building trades,** and those who make building supplies—and those who manufacture household equipment and furniture.

New Homes for Canadians—The Liberal Government's new $400,000,000 National Housing Act, now on the statute books, enables hundreds of thousands of Canadians to get money at low interest and on long, generous terms to build, renovate or enlarge their own homes. **Now that Germany is defeated, plans are already in operation for at least 50,000 dwellings.**

Other practical, workable measures for the security of your home are the Liberal Government's laws for Unemployment Insurance and liberal Old Age Pensions.

The Liberals believe in doing what can be done, as soon as it can be done. If returned to power on June 11th, they will carry on and expand the sound, constructive work already started.

Security for your FAMILY

Family Allowances—Starting in July, parents who benefit least from income tax exemptions will receive Family Allowance cheques every month to help them get better food, clothing, shelter and education for their children so they can grow into healthy, vigorous Canadian citizens. These cheques will amount to between $200,000,000 and $250,000,000 a year. **As direct spending power, this will do much to help in achieving the Liberals' objective of full employment.**

Health—A National Health Plan will ensure that everybody shall be taken care of while they are sick and the best measures medical science can devise shall be employed to prevent disease.

Despite the efforts of Drew, Bruce, Bracken and other reactionaries, **the Liberals are determined that human interests, the needs of men, shall be placed before "business as usual".**

The Liberals have faith in Canada, a united country, and in their ability to continue to build, with your support, a more abundant life and greater opportunities for Canadians.

Help build the new order of security with freedom. Protect the social gains already made.
Vote for your Liberal candidate on June 11th.

ooked rolled oats (left- porridge).
poons melted fat
ncooked rhubarb, cut in pieces.

Mix and sift flour, baking powder, salt and sugar. Add half the milk, the well-beaten egg and the remaining milk mixed with the rolled oats. Mix only enough to combine. Add melted fat and rhubarb, and fill greased muffin tins two-thirds full. Bake in a hot oven, 400 degrees F., for 25 minutes. Makes 12 medium muffins.

Fruit Bisk

Pour canned fruit of any kind into a saucepan, bring to boiling point. Place left-over tea biscuits on fruit. Cover and let stand until biscuits are thoroughly heated. Serve hot with fruit as sauce. The syrup may be slightly thickened first with a little cornstarch if desired.

Lemon Snow

¼ cup cornstarch
1-3 cup sugar
½ teaspoon salt
2 cups boiling water
1 lemon, grated rind and juice
2 egg whites

Mix cornstarch, sugar and salt thoroughly together. Gradually add boiling water, stirring constantly. Cook over direct heat until thick and clear, about 5 minutes. Add grated lemon rind and juice (3 tablespoons) and pour the hot mixture slowly over the stiffly beaten egg whites, stirring until well blended. Turn into individual sherbet glasses and chill. Serve with custard sauce made with the egg yolks. Six servings.

Modern Etiquette
By ROBERTA LEE

Q. How long after refreshments are served should a guest remain at a bridge party?

A. This depends upon how how early in the evening refreshments are served, but probably about 30 minutes after finishing is the usual time to leave. A guest at any affair should never "eat and run."

Q. When introducing a relative, is it proper to use the possessive pronoun?

A. Yes; one may say, "My father, my mother, my sister, my uncle."

Timely Tips

Spout Saver

With good china so precious these days, what asks for better care than a delicate, cherished teapot? To keep the spout from breaking or chipping, cover with a hollow cork when not in use.

Up and Down Traffic

. . . pretty heavy in a two-storey house. For least disruption when the stairs need painting, follow this method. Use the most sure-fire quick drying paint, paint every other step one night (when the family has retired) and the alternate steps the next night.

The Plan in Plant

This isn't playing favorites—but, if you are still considering what to put in your Victory Garden don't forget old hardy, easily grown Swiss Chard. It is an excellent source of vitamin A and you can keep cutting them right up until the frosts come.

Attention, Men!

We've the word from the Wrens for this—and they should know. They have two navy blue suits to keep ship-shape and they say the handiest implement for this is a good clothes brush. Their advice is a good brushing for each wearing, brushing with a damp brush to remove shine, and hanging in the open for a few hours to get the wrinkles out.

Hazelton Warrior Back From Europe

HAZELTON, May 30—Private J. A. Danes has returned to his home at Hazelton after service overseas. He was among a group of British Columbia warriors aboard the first troopship to come into Halifax with veterans of the Battle of Europe following V-E Day. Trooper A. R. Kelly of Prince George returned to Canada on the same ship.

The Experts Say . . .

SALAD WEEK—This week is salad week and, starting from scratch, we can remember that deep, inside the colorful vegetables now in the grocers' bins and crispers are many of the vitamins and minerals so necessary to healthier, happier lives.

At least one fresh raw vegetable should be included in the diet each day—two are better—and salad is one of the best means of getting them tucked into the daily menu.

Salad greens should be crisp and fresh and salads are easier to make if you wash the greens thoroughly before storing, being sure to shake off excess moisture. With clean, crisp greens at hand a salad can be prepared in the twinkling of an eye.

But unless it's eaten it can't do anyone any good. One suggestion that is worth trying is to serve the salad as a first course. It is more likely to be eaten then, when appetites are keen, than if it comes between the main course and the dessert.

At this point the experts put their heads together and suggested Cucumber Boat Salad and Duchess Salad, which is jellied, as sure-fire hits with lunch or dinner.

CUCUMBER BOAT SALAD—This fresh salad requires three cucumbers, two tomatoes, ½ cup chopped celery, one teaspoon of salt, ⅛ teaspoon of pepper, one tablespoon of green pepper, one tablespoon chopped onion.

Chill cucumbers and tomatoes. Peel cucumbers. Cut in halves lengthwise. Remove pulp from centre, being careful not to break the outside. Peel tomatoes, cut in cubes and drain off juice. Mix the cucumber pulp, tomatoes, celery, salt, pepper and onion and moisten with mayonnaise. Garnish with parsley and serve with mayonnaise. This serves six.

DUCHESS SALAD — Requires one package of jelly powder (lime flavor), one cup boiling water, ¾ cup of cold water, ¼ cup of grapefruit juice, ½ cup diced cucumber and 1½ cups grapefruit pulp.

Dissolve the jelly powder in boiling water. Add cold water and fruit juice. Chill until it begins to thicken, then add cucumber and grapefruit. Pour into small molds, each of which has been garnished with a slice of cucumber. Chill until firm and serve on watercress with mayonnaise. This serves four.

Since the salad itself is only part of the finished dish, the home economists added suggestions for salad dressings.

A French dressing which dresses up vegetable salads requires one cup of salad oil, ¼ cup of vinegar, ⅛ teaspoon of Paprika, ½ teaspoon of salt, and one teaspoon of sugar. Put the ingredients in a screw-top jar and shake well before using. Keep in the refrigerator and shake each time it is used.

Honey salad dressing, a simple dressing requiring neither butter nor sugar, calls for three tablespoons of salad oil, one tablespoon of fruit juice, two tablespoons honey and 1-3 teaspoon of salt. Mix the ingredients together and serve with fruit salads.

VICTORIA DAY AT TERRACE

Excellent Celebration at Interior Town Features Sports and Ball Games

TERRACE, May 30— Victoria Day was bright and sunny in Terrace. Children's sports, under the direction of Mr. Dubeau and Rev. R. Hills, commenced in the morning in the ball park. They lasted until 12:30 and created a great deal of interest. There was a fine turn-out and all seemed pleased with the prizes, these having been donated by Gordon Temple, Emil Haugland, the various town organizations and the village commissioners.

In the afternoon a hardball game was started with picked teams from the town and Air Force. Bill Fisher was umpire. Those on the teams were.

Town — Fred Thomas, Bill Richmond, Cecil Lever, 'Curly" Casey, Hugo Johnson, Dudley Little, Johnny Gordon, Ford Jackson, "Red" Reynolds.

Air Force— Mike McFadden, Don Thomas, Dave Feugleberg, Corporal Wray, "Red" Kidd, Dick Zinger, L.A.C. Griffiths, Al Wheeler, L.A.C. Bruce.

There were moments of intense excitement throughout the game and some really fine playing by both sides. At the end of the ninth inning the score was 5-5 so each side good-naturedly cheered its opponents and the crowd dispersed.

In the evening, there were two more ball games with women and High School pupils participating. Also a much enjoyed dance took place in the Oddfellows' Hall and a Boy Scout dance in the Anglican Church Hall to which the Boy Scouts invited their young friends.

All in all, the day was a busy and a happy one for the Terrace people.

BALAGNO TRIES FOR BIG ONE

Annual Battle of Trout Streams Gets Under Way

With the Prince Rupert district enjoying fine weather, numerous anglers have been observing the first week of the trout-fishing season by making determined attempts to outwit their submarine quarry.

Among these sportsmen was Charles Balagno, executive member of the Prince Rupert Rod and Gun Club, who was still trying to hook a bigger trout than the 11-pound beauty he caught in Lake Khatada some years ago.

Mr. Balagno's 11-pounder was the second largest fish reeled in at the lake, but the record is held by a C.N.R. engineer who once hooked a 13-pound giant.

Kamloops trout are receiving their usual attention from anglers this year and they can expect no respite from their battle of wits with fishermen until the season closes September 1.

SOFTBALL OPENING

Port Edward and Fortress in Curtain Raiser on Sunday

The opening of the Prince Rupert Area Senior Softball League next Sunday at Gyro Park has been announced. Port Edward Yanks, 1944 defending champions, will meet the newly-formed Fortress team under the guidance of coach Don Fraser. Port Edward has most of its original team from last year with the exception of its Kuntz-Wagner battery but "Rabbit" Southworth claims they are replacing the missing stars with two ex-pro ball recruits from other parts.

Don Fraser states his team to be ready for anything or anybody with eight former senior fastball stars from British Columbia and Ontario in his starting line-up. Don, an ex-senior pitcher, is benching himself in favor of Tommy Urquhart or Joe Buda to start on the mound.

The rest of the teams in the league will swing into action on Wednesday with a game at Gyro Park and a second game at Port Edward. The other teams in the league are Air Force, Navy, Acropolis Hill M.P.'s, 11th Battery and Soo Suds.

The Sunday opening game will be broadcast over CFPR starting at 2:00 p.m.

Preceding the opening of the league Sunday Bill Lambie's Gyro boys are challenging the Kinsmen to a four-inning exhibition game.

In addition to the opening of this Senior City League, Sunday will also be the re-opening of the new Gyro Park. There has been a complete change in the park layout with a large new backstop and bleachers seating 500 spectators.

TWO CABINET MINISTERS HERE

This week will see the visit of two provincial cabinet ministers to Prince Rupert.

Hon. H. G. Perry, minister of education, will arrive in the city on tonight's train from Prince George, where he has been spending the past week visiting his constituents, and will be here until Friday evening when he will return to Prince George enroute back to his ministerial duties at Victoria.

RETAILERS' PROBLEMS

(Continued from Page 1)

might be travelling long distances.

Mr. Matthews stated that the recent announcement of Hon. C. D. Howe, minister of reconstruction, that eighty percent of wartime regulations would be lifted within the next few weeks was in keeping with the assurance given the Retail Merchants' Association that only regulations closely related to inflation would be retained. Mr. Howe had also given assurance that independent merchants would continue to receive their equitable share of merchandise as long as many lines continued in short supply because these would continue to be distributed on a quota basis.

In referring to stock replacements, Mr. Matthews said that, as soon as materials and labor became available, the problem facing the trade would not be inability to receive quantities of merchandise but to be able to sell it at a price that would permit of a profit and at the same time keep within the retail ceiling price. Within the past two weeks some manufacturers had been given authority to increase their prices. The reconversion period, Mr. Matthews said, was going to be a real headache not only to the government but to retail distributors.

Security and Opportunity
FOR WOMEN

"A genuine new deal for women, not merely pious and token concessions"

John Bracken

As every woman knows, a lot has been said about the splendid contributions which women have made in many lines of national endeavour. But the King Government has side-stepped the issue when it comes to *doing* anything about the rights of women.

John Bracken will give you definite action!

"It is the policy of this party," he says, "to see that women are given the opportunity to take their full place in the councils of the nation, in the Cabinet, in the Senate and on government boards administering public business."

John Bracken's policies for social betterment also reflect his awareness of the rights and wishes of the women of Canada. Perhaps the fact that he is a family man himself influenced him as he shaped these policies, for they give Canadian women the assurance of economic security and better opportunities for their children—advantages which women have always sought for themselves and their families. In short, John Bracken's objectives are the objectives of Canadian women everywhere.

To these measures John Bracken is pledged:

- To provide a uniform and comprehensive security plan for all Canadians, including extended unemployment insurance coverage, accident and sickness benefits, children's allowances, maternity benefits, widows' benefits, retirement pensions and increased old age pensions at age 65.
- To set up a positive national health programme including improved nutritional standards, an efficient preventive health service and a contributory health insurance scheme.
- To provide financial assistance to enable young Canadians, according to their abilities, to receive advanced technical or professional training.

No token gestures, these, but definite guarantees that the rights and aspirations of women will be backed by legislation when John Bracken takes up the reins of government! Only the Progressive Conservative Party has a practical program designed to cure the social and economic ills which women have long recognized and sought to overcome. Only this Party offers a genuine new deal to the women of Canada.

EQUAL RIGHTS FOR WOMEN IN BUSINESS AND INDUSTRY

The Progressive Conservative Party recognizes that Canadian women have earned the right to take their place, on equal terms, beside men in business and industry. It stands for the principle of equal pay for equal work and equality of opportunity and treatment in other respects as between men and women. Taxation and other reforms to encourage the establishment of new businesses will open to enterprising women new and better opportunities to engage in profitable business for themselves, and to play their full part in the business of the nation.

ACTION ON HOUSING

This Party is pledged to a nation-wide housing program. It will co-operate with the Provinces, the municipalities, the building trades and other agencies for immediate construction of modern apartments and homes throughout Canada.

BETTER FARM INCOMES

John Bracken, himself a farmer, is pledged to see that—

- Farmers get prices that are in line with what they have to pay for goods and services.
- Markets for agricultural products are expanded, both at home and abroad.

HOW CAN I ? ? ?

By ANNE ASHLEY

Q. How can I clean oil paintings?

A. Make a thin paste of raw potatoes and clear water. Add some fine pumice stone and rub on the painting very gently with a sponge. Then wipe with clean cloth and clear water. After surface is dry a coat of clear varnish is sometimes applied.

Q. How can I remove candle wax from clothing?

A. By placing the spot over a Turkish towel, then placing a clean blotter over it and pressing the blotter with a hot iron. If the spot is not removed, repeat the process.

In honor of Mrs. Nobiston the Service Wives' Club entertained at dinner last Wednesday evening at the Commodore Cafe. After the dinner a party was held in the Ladies' Lounge at the Red Triangle. The dinner was convened by Mrs. Trann, Mrs. Bruton and Mrs. Taylor. At the "Y" games were in charge of Mrs. Gomez, Mrs. Crawford, Mrs. Hebb and Mrs. Delaney. In appreciation of her work a presentation was made to the guest of honor.

Thursday, weather permitting, an afternoon meeting will be held in McClymont Park, McBride Street. If weather is unfavorable, a regular meeting will be held in the "Y."

Gilbert and Sullivan evening was held at the Music Hour with "Iolanthe" being much enjoyed by those present. Commentaries were given and the story told by Bob Fleming. The program was completed by a very delightful film of Stephen Foster.

Buried Treasures Brought From Caves

LONDON, May 30 (CP)—Britain's has begun to "unearth" her art treasures from their secret wartime hiding places. Sir Kenneth Clark, director of the national gallery and surveyor of the King's pictures, has been inspecting paintings hidden in caves in the mountainside near Fenrhydeudraeth, Portmadoc, in North Wales, and is making detailed arrangements to return them to London galleries.

LONDON, (CP)—Archives of the CzechoSlovak government in London were sent home in the first ship to carry passengers for that country out of England. The ship docked at Galatz, Rumania.

Maj. Harvey Is Speaker

Criticizes Mackenzie King Reinforcement Policy—Advances Own Party's Platform

Major J. T. Harvey, Progressive Conservative federal candidate for Skeena, launched his election campaign in the city last night when he appeared in battle dress before an audience of 150 in the Oddfellows' Hall. In an address lasting an hour, the city lawyer, now on leave from overseas duty, castigated the Mackenzie King government on its reinforcement policy and cutlined his party's program.

Introduced by Dr. R. G. Large, president of the local Progressive Conservative Association, Major Harvey viewed the government's manpower policy in what he described as the angle of the men overseas.

"Serving in the army has developed a great pride in me for Canada," he said. "But one thing has robbed me of part of that pride—the insistence of the government in refraining from putting into effect a fair system of sacrifice and service."

The manpower crisis was the culmination of a long series of events and created a seething anger among overseas soldiers against the government.

Should Have Started Right

"Conscription would have been accepted at the start of the war and in 1940 but the government refused to do anything about it. The only policy that was fair and which could have provided sufficient reinforcements was thrown out.

"The men were not angry against the home defence soldiers. They laid the blame on the policy of the government which has brought disunity to the nation which will take years to dissolve.

"One man is responsible for this disunity and he does not deserve to be perpetuated in office."

Major Harvey denied that there was any justification for considering the Progressive Conservative party reactionary.

"There is no reactionary party in Canada today and very few reactionaries. There is nothing reactionary in John Bracken's background or platform. It is progressive.

The type of candidates nominated by the Progressive Conservative party are men in whom you would have confidence to place your private business. You should be equally careful in whom you place your public business."

He reaffirmed his party's stand on the Jap question by stating that he was in favor of keeping the Japanese out of the province completely.

"We cannot have them in the fishing industry here. John Bracken has said that he will push them back to the eastern border of the province. The Liberal candidate takes the same stand as I do on this question but he is not on as strong ground as I am because I have the backing of my leader."

Bracken, Major Harvey said, has promised a Peace River rail outlet through which grain would flow to Prince Rupert. He saw the need of complete use of Prince Rupert as an Ocean port.

"We must have shipping here. We must develop the port by ship subsidies. The dry dock and port facilities must be maintained at full working capacity. Therein lies the future of Prince Rupert and Skeena riding."

The candidate saw free enterprise as the only practical system and said that the labor movement in the United States had disassociated itself with socialism in favor of the free enterprise system.

The C.C.F., Major Harvey suggested, would have put the country into a sorry state had it been in power during the war.

C. C. F. Is Worst Policy of All

"The Mackenzie King manpower policy was bad but the C.C.F. policy would have been worse. The present leader of the C.C.F. was opposed to Canada's entry into the war at all."

In New Zealand, which the C.C.F. point out as an example of socialistic application, Major Harvey said, income taxes on small earnings are far higher than they are in Canada.

"I am not going to say anything about the Labor Progressives because, frankly, I don't know what they stand for. I used to know what their leader stood for but now I don't."

Robert Younie, district party organizer, addressed the meeting briefly prior to Major Harvey's speech.

ADVENTURE, ROMANCE

"To Have and Have Not," Featuring Humphrey Bogart, Showing at Capitol Theatre

An action-packed adventure-romance, a story of men and women living between the horned fingers of the Gestapo on Martinique, "To Have and Have Not," starring Humphrey Bogart at the head of its cast, is the feature picture of this Thursday, Friday and Saturday at the Capitol Theatre.

The story is concerned with a dangerous night mission undertaken by Humphrey Bogart, calloused sailor of fortune, and Walter Brennan, a tattered, rummy derelict, for the folding money of a group of Free Frenchmen. After a running gun battle at sea, the pair are caught in the spider-like web of political undercurrents that haunt the island of Martinique and they join the DeGaullists in the fortress cellar of a cheap hotel. A throaty blonde, played by Lauren Bacall, enters in the scene as intrigue and adventure ensue.

It is the picturization of a well known and popular Ernest Hemingway story.

Give This Betrayal Your Crushing Rebuke!

How would you feel if you had stood in the mud and filth of French, Holland and Italian battlefields facing mutilation and death while your government shifted and twisted and evaded and played politics over sending you help?

Was Mackenzie King's two-army "Zombie" policy the true voice of Canada? Is his niggardly consent to this half-hearted course an expression of your own views?

Do you or do you not approve of a government whose course of action is held in complete contempt by the boys who did the fighting?

Your verdict will tell on June 11.
