SPEED HIGHWAY CLEARING—ERCE GROUP TO VISIT TERRACE

way matters provided one of the principal the Prince Rupert Chamber of Commerce ular monthly meeting last night. Speeding reopening of the Prince Rupert Highway Prince Rupert and Terrace, which has been y snow during the winter, is to be pressed and the department of public works will also be asked to equip itself with more modern and efficient road machinery in Prince Rupert riding. A conference on road matters with Hon. E. T. Kenney on the occasion of a forthcoming early visit here by the minister of lands and forests will be sought. The meeting also decided to request the department to plan permanent large scale improvements, including hard surfacing, of the road between the city and Port Edward in view of the impending large industrial development there in the way of the $15,000,000 pulp mill of the Celanese Corporation of America.

Thirty members were in attendance at last night's meeting and guests included Dr. J. M. Black, new resident mining engineer here for the provincial department of mines, and Rev. A. F. MacSween and Carlo Hanson, representing the Junior Chamber of Commerce. Also welcomed to the meeting by President G. A. Hunter, who was in the chair, were new members in the persons of William Cruickshanks, district passenger agent, Canadian National Railways, and A. M. Budinich, local manager of British-American Oil Co. During the meeting new members of the chamber were elected in the persons of Thomas B. Black, manager of the Northern British Columbia Power Co., and Bruce Stevens, publisher.

Members in as large number as possible were urged to make the trip to Terrace, leaving here tomorrow evening, for a field service clinic of the Canadian Chamber of Commerce to be held in the interior town on Thursday. A considerable number of members are planning on going. The principal speaker at the Terrace meeting will be Evan McCormack of Montreal, field representative of the Canadian Chamber of Commerce, who will arrive in the city on tonight's train from the East to spend the day in the city before proceeding with the local delegation to Terrace.

SCIENCE SQUEEZES OIL FROM ROCK—You can't get blood from a stone, but you can squeeze oil from a rock. Here, Lorraine V. Cable, laboratory worker in New Jersey, inspects oil samples obtained from crushed shale on table. It has been estimated that if present sources of oil were depleted, oil shales and coal deposits would assure adequate supplies for 1,000 years.

NO INSPECTION SERVICE HERE

Federal Government Declines To Establish Set-up to Facilitate Exports to Alaska

Trade and commerce committee of the Prince Rupert Chamber of Commerce reported to the chamber at last night's meeting that the federal government would not consider establishing inspection service for foodstuffs for export through here to Alaska at this time. The committee expressed the opinion that grading of such produce should be put into effect at original shipping point. The committee further suggested that the chamber offer full co-operation and assistance to the Smithers and District Chamber of Commerce in its efforts to establish trade with Alaska.

As for the setting up of inspection service at Prince Rupert for foodstuffs to be exported to Alaska, the committee reported:

First, that shipments for export can only be issued by the Department of Trade and Commerce at Ottawa and, at present, these are not available for eggs, butter and fresh meat.

Second, no inspection service of any kind is now available at Prince Rupert.

Third, the local firms interested have applied to have an inspector appointed either on full-time or part-time basis but the government will not consider such an appointment at present.

The matter was left in the hands of the committee to be followed up.

SEA TAVERN

The Cape of Good Hope still retains an early title given it by mariners: "Tavern of the Seas."

Truman Asks Authority To Cut Arms Shipments

WASHINGTON, D. C. (CP)—President Truman today proposed sweeping new changes in the United States neutrality law to permit the government to place embargoes on shipments of arms to unfriendly countries. Mr. Truman said that an "intolerable situation" now existed whereby United States is still constrained to give aid to any country which might conceivably attack it. The 1939 law, he said, was now outdated.

General Motors Increases Wages

DETROIT (P)—General Motors on Monday announced a 15 percent monthly wage increase to 30,000 employees which may set a pattern for the entire automotive industry.

Wanted-Five Cent Bars

Most of Canadians Agree With C.C.F. Leader M. J. Coldwell

OTTAWA (P)—A survey today showed that most citizens questioned agreed with C.C.F. leader M. J. Coldwell who pleaded in the House of Commons yesterday for a return of the five-cent candy bar.

The survey by Canadian Press also showed that the price boost on candy bars from six cents to eight cents led to increased supplies in some localities of Canada but in the west complaints were frequent and sales had decreased slightly.

SLAY CHICK KILLER

BRANTFORD, Ont., (P)—It was a sorry night for Charles Holyomi of nearby Norwich when a dog broke into his chicken house. The dog, apparently a stray, killed 340 chickens but paid for its misdeeds with its life. Holyomi shot it.

WATER IS BEST

Gasoline, turpentine, kerosene or similar solvents should not be used frequently as skin cleaners as they injure the skin, say health authorities. The safest skin cleaners are warm water and soap.

Victim of Drowning

Young Wireless Operator Loses His Life at Dodge Cove

William Reginald Woodman, aged 28, operator at the Digby Island wireless station, was the victim of a tragic drowning accident at Dodge Cove yesterday afternoon.

Leaving a note saying he would be home about 4 p.m., Mr. Woodman left late in the morning to visit a gasboat which he had moored in nearby Dodge Cove. It was at the noon hour that he was last seen alive dragging a skiff down the beach with the evident intention of going out to the boat. He was due to go on duty at 6:30 p.m. and at 6 o'clock, when he had failed to appear, anxiety was felt. S. J. Mellor, chief operator of the station, and Tommy Fraser, who spending the day at Digby Island, then proceeded to search for him. The skiff was sighted in shallow water off the beach partly submerged with one gunwhale under water. Further investigation revealed the body with leg caught under a seat and head under water. It was apparent that the unfortunate young man had fallen overside a few hours previous.

The provincial police were notified and Mellor and Fraser were instructed to bring the body to the city. On arrival it was turned over to the authorities and an inquest was called for tomorrow afternoon.

Mr. Woodman, who came to the local station about a year and a half ago from Vancouver, is survived by his widow, four year old son and nine-month old daughter. His widowed mother lives in Vancouver and Mrs. W. A. McBroom of this city is a sister of deceased.

The remains will be forwarded, accompanied by the widow and children, to Vancouver where the funeral will take place.

BULLETINS

BASKI WINS

LONDON—American heavyweight Joe Baski knocked out British champion Bruce Woodcock in the seventh round of their fight at Harringay Stadium and earned the right to meet world's champion Joe Louis on June 25 for the title.

SULLIVAN FOUND

TORONTO — The Toronto Globe and Mail said Monday in a copyrighted dispatch from Lake Baskatong, Quebec, that J. A. (Pat) Sullivan, who resigned March 24 as president of the Canadian Seamen's Union on the ground, that the organization was Communist-dominated, was now living on a farm in the Gatineau Hills.

MARSHALL MEETS STALIN

MOSCOW — United States Secretary of State George C. Marshall today met Marshal Joseph Stalin following similar meetings by Ernest Bevin and George Bideault with the Russian dictator.

NO EARLY ELECTION

EDMONTON — Reconstruction Minister Howe said here today that there will be no federal election until 1949 or 1950. He told Liberals here that there was "extreme danger" in multiplicity of political parties.

DISPUTE NEARLY OVER

VICTORIA—With more American Federation of Labor workmen on the job and fewer Canadian Congress of Labor picketers, every department in Yarrows shipyard was again at work today and prospects appeared brighter for a complete settlement over the inter-union jurisdictional dispute. The Machinists' Union last night gave Gary Culhane 24 hours to end the strike or else they would switch to the American Federation. The strike, said the machinists, was a "phony" one. They were dissatisfied with Culhane's tactics.

The ancient Greeks and Romans painted signs on walls in public places as a means of spreading news.

Abbott Warns Industrialists

OTTAWA (P)—Finance Minister Douglas Abbott cautioned Canadian industrialists that it was not good business to charge all the traffic can bear and reminded them that the government had the power to reimpose price ceilings where necessary. Mr. Abbott spoke after C.C.F. leader M. J. Coldwell had spoken in favor of restoring controls.

YOUNGS, CASEY CLASH OVER FAIRVIEW ROAD

Alderman Casey and Alderman Youngs struck sparks in a sharp exchange of words in city council last night while Mayor Arnold strove to retain order during a debate on how the city could expedite federal government payment of a share of the cost of building a road to the Fairview Bay fishermen's floats.

It started off when City Clerk Thain read a letter from the fisheries department informing council that the matter of sharing the cost of building the road was one for the Public Works Department and not for the fisheries.

Alderman Youngs moved that, since the fisheries department was not interested, Public Works Minister Alphonse Fournier be written and reminded of his "avowed approval" of federal help in such a road, made during his visit here last year.

Alderman Ham amended that things be speeded up by sending a night letter.

Alderman Casey then arose and asserted that the city council get busy and start the road and not wait until they knew whether or not they could get federal help.

"The fishermen have waited a long time for that road and they want it this year," he asserted.

Alderman Youngs sprang to his feet and declared that Alderman Casey was out of order, a submission that was affirmed by Mayor Arnold but brought only slight response from Alderman Casey during the next few minutes.

"This council is not sitting back and waiting for aid from the government," he declared. "Tonight we have authorized the City Engineer to contact a construction company in an effort to have the road built as soon as possible. Every time this fishermen's float business comes up, Alderman Casey uses it to make a grandstand play with a long meandering speech."

"I am out to see that the fishermen get their road as soon as possible. It is Alderman Youngs who makes the long, meandering speeches," retorted Alderman Casey.

"Sit down, Alderman Casey," repeated Mayor Arnold.

Alderman McKay interjected several times to assure his colleagues that it was not Mr. Fournier who had visited Prince Rupert but Mr. Chevrier.

"Alderman McKay has his French names twisted," someone remarked.

When things settled down, council passed Alderman Ham's amendment that a night letter be sent to Mr. Fournier—not Mr. Chevrier—reminding of his approval of federal help for construction of the road.

Chocolate Bars Up; Distributing Today

The price of chocolate bars in Prince Rupert, like the rest of Canada, is now 8c, but there are no bars. At least two confectionery stores reported today having sold no bars at 8c because they have not been supplied with any since the price increase went on a week ago. That being the situation, it was not expected there would be any surplus of bars even at 8c.

"Johnny" and "Mary," it is believed, will buy candy bars at any price. The buying strike, if any, will be on the part of the older folk.

Local wholesalers are today to distribute a new supply of chocolate bars to the trade.

Dalton Announces Balanced Budget

First Time in Ten Years; Drastic New Tobacco Duty Few Changes in Taxation

LONDON (CP)—Prospective surplus for the financial year 1947-48 was announced in the House of Commons today by Rt. Hon. Hugh Dalton, Chancellor of the Exchequer, who declared: "We shall not only balance the budget but we shall have a good balance on hand." It is Britain's first balanced budget in 10 years.

Mr. Dalton announced that the financial year had ended March 31 with a "recoil" toward a balanced budget resulting in a deficit smaller than had been anticipated. He estimated a prospective surplus of £248,000,000 ($992,000,000) made up of the difference between estimated total revenue on the existing basis of taxation of £3,429,000,000 ($13,716,000,000) and expenditure of £3,181,000,000 ($12,724,000,000).

The chancellor also hinted that there would be no extensive tax reductions announced. There would, however, be "some changes in taxation, some up, some down," he said.

The last time Britain's budget was balanced was in the 1937-38 fiscal year.

Mr. Dalton also announced in his budget address that Britain's earned income tax credit was increased from one-eighth to one-sixth and maximum untaxable income had been raised to £250 ($1,000) from £150. The child allowance was increased from £50 to £60, the pre-war figure.

The chancellor told the Commons that Britain cannot afford the dollars she is now paying for tobacco, 80 percent of it imported from the United States. He called upon Britains to smoke one-quarter less this year. The chancellor so spoke in announcing "brutal and deliberate" increase of 50 percent in the import duty on leaf tobacco. A cut in consumption of one-quarter would save £7,500,000. The retail price of cigarettes will be increased from two shillings fourpence (46c) to three shillings threepence (about 70c).

There will be no reduction in Britain's standard rate of income tax of nine shillings in the pound, Mr. Dalton annouced, but he said that under slight changes proposed 750,000 Britons would be relieved of all tax payments in future.

VETERANS SEEK QUICK PURCHASE OF WAR HOUSES

Speedy sale of wartime houses to the war veterans who now occupy them was urged before city council last night by a delegation from the local branch of the Canadian Legion headed by James Nicoll who declared that the veterans were willing to pay the assessed value for them.

Mayor Arnold informed the delegation that efforts are being made to facilitate sales of wartime houses in areas that normally are served by utilities and that action is expected as soon as an agreement is drawn up with the Crown company.

Mr. Nicoll told the alderman that "we do not expect something for nothing. We are willing to pay the assessed value for the properties but we want them right away."

He said that he hoped the council would arrive at an agreement with Wartime Housing whereby the difference between the housing corporation's value of the land and the city assessment "could be made payable to the city over a period of two or three years." He said that the group he represented was fully prepared to assume its fair share of taxation but that some might require time to purchase the lots in addition to the houses.

Mayor Arnold pointed out that veterans of the second World War would be entitled to purchase their lots for 50 per cent of the assessed value under a bylaw passed by last year's council.

Big Bess Is Refloated

SOUTHAMPTON, Eng., (P) — The liner Queen Elizabeth was pulled off the mud at the entrance of the harbor here on the high tide today after having remained firmly stuck there for 24 hours after running around in a fog yesterday with 2,446 passengers from New York on board.

Some of the passengers on the 83,000-ton liner had been removed by tenders before she was refloated.

After the refloating she headed for her pier here under her own power.

WEATHER THIEF!

TIMBERLEA, N.S., (P)—Temperatures at Timberlea went unrecorded for posterity recently because of a petty thief. The thermometer that registered vital statistics in the village for the Dominion Meteorological Office at Halifax was stolen from the lawn of M. A. Carmichael, meteorological assistant.

ST. LEONARD'S FOREST, Sussex, Eng. (P)—John Samuel Wood, 81, retired barrister who died here, was said to be the original of the character "Capt. John Wood, R.N.," who figured in Rider Haggard's famous adventure-novel, "King Solomon's Mines."

MORE JEWS ARE LANDED

Reach Haifa on Refugee Ship And Are Whisked Off to Cyprus by Naval Craft

HAIFA (P)—About 2,700 uncertified Jewish immigrants landed at the British naval customs today and started immediately for detention camps at Cyrus. Destroyers towed the steamer Guardian, on which they came, into port and the Jews were landed without skirmishes.

THE WEATHER

Synopsis

Dry air and high pressures are combined over British Columbia again today. As a result skies will continue clear with daytime temperatures well above the mid April normal.

Forecast

Prince Rupert, Queen Charlottes and North Coast—Clear today. Wednesday clear with increasing cloudiness during afternoon and evening. Light winds today except northeast (25 m.p.h.) over Queen Charlotte Sound. Light winds Wednesday morning increasing to southeast (25) in the evening Little change in temperature. Minimums tonight—Port Hardy 37, Massett 32, Prince Rupert 34. Maximums Wednesday — Port Hardy 55, Massett 52, Prince Rupert 54.

Gardening Interest

UNLESS there is a sufficiently large attendance at tonight's annual general meeting to make apparent a reasonable measure of interest, Prince Rupert Horticultural Association will probably go by default for another season. Meantime, the executive is making an earnest appeal for Prince Rupert gardeners to turn out and keep the Association alive by offering their leadership and assistance.

In a community that professes a desire to be beautiful and attractive, the function that a strong and well organized Horticultural Association can play is not difficult to estimate. It does not take much imagination to see how important it can be. Those already interested in gardening can find therein a common meeting ground for their mutual benefit. What is more important they can get others interested in gardening and beautification all of which is to the good for the community.

It certainly does not speak very well for a city that cannot get enough gardeners together to keep such an organization alive, particularly here in Prince Rupert which has been described as "The Garden City of the North."

One of the satisfying things about gardening is that one can spend as little energy or money as one wishes. Unlike some strenuous hobbies, this one is elastic. There is scope for the most elaborate planning and designs, for an immense amount of exercise if one feels that way. On the other hand, if time or health are limited, or if one feels like loafing, then one ran have a garden to suit that mood, too. One cannot say that a small flower garden is less beautiful than a large one, but there is a difference in the amount of work involved.

It is really amazing the results in satisfaction and beauty gardeners can get from a tiny plot of flowers. And they will not take much work either. A little digging and a few packets of seeds or boxes of started plants are all that are needed. If one has more time it can be enlarged and, as one's interest grows, more frills can be added.

* * *

BETTER DAYS

PRINCE RUPERT, which was described in the Legislature as a "neglected city" and which has certainly not gone forward according to the promises of forty odd years ago, seems at last to have had a break. It is to have a great industry.

The provincial government has persuaded the Celanese Corporation of America to establish a plant on Watson Island, eight miles from the city, and to spend $15,000,000 on buildings and equipment. Approximately 1000 men will be employed in the woods and the mill, thus establishing quite an important payroll for Prince Rupert.

An interesting feature of the bargain with the Celanese Corporation is the corporation's undertaking to maintain the forest area allotted to it in perpetuity. Thus while forests will go and forests will grow, the plant on Watson Island, it is promised, will keep on rolling along.

Prince Rupert has tried grain exporting and has tried shipbuilding. They have not proven very satisfactory. Its fishing industry has been better. Now it is to have pulp which may prove the beginning of better days.

—Vancouver Province.

WINGING THEIR WAY TO SCHOOL—The Lunsford boys, Richard and Gordon, will never be late for school if their mother, Mrs. Sarah Lunsford, Atlanta, Ga., has anything to say about it. Mom, who is a licensed pilot, flies her boys to school in the family sky bus. She says that the bad roads in her section of Cobb county (Georgia) makes the plane about the only means of getting the youngsters to school in time and without muddy feet.

SPEEDING UP AIR SERVICE

Chamber of Commerce Asks Air Transport Board to Expedite Granting of Licence

Air Transport Board at Ottawa is being requested to expedite the granting of a licence for scheduled air service between Vancouver and Prince Rupert so that the service may be instituted with a minimum of delay. A wire to this effect was dispatched to the Board at Ottawa following last night's meeting of the Prince Rupert Chamber of Commerce. A similar wire was sent to Ottawa by the Vancouver Board of Trade a few days ago.

It has been intimated that Canadian Pacific Airlines is in readiness to institute the service on June 1 provided the licence is granted by that time. Douglas planes will be operated from Vancouver to Sandspit, Queen Charlotte Islands, connecting with Canso flying boats between Sandspit and Prince Rupert. There will be a six-days a week service, coming north in three-and-a-half hours from Vancouver to Prince Rupert in the morning and returning south from Prince Rupert to Vancouver in similar time in the afternoon.

Canadian Chamber Of Commerce Head May Visit Rupert

Providing air service between Vancouver and Prince Rupert is available by that time, Gordon Cockshutt, president of the Canadian Chamber of Commerce, who is coming to the coast to attend a foreign trade conference in Vancouver, will visit Prince Rupert on May 24. Should Mr. Cockshutt find it actually possible to come, the proposal is that a dinner or evening meeting would be held at which Mr. Cockshutt would have the opportunity of meeting members of the local chamber and possibly representatives of interior chambers. Arrangements were left pending more definite word as to Mr. Cockshutt's coming.

Classified Advertising Pays!

Not Satisfied With Local Broadcasts

Dissatisfaction at programs being broadcast from the local radio station was expressed at last night's meeting of the Prince Rupert Chamber of Commerce which requested its radio committee to take up the matter with a view to bringing about improvements if possible. Continued failure of the Canadian Broadcasting Corporation to emit full network programs from Prince Rupert was deplored by the meeting which felt that the Corporation should take more active steps to improve the service.

CHAMBER THANKS FEDERAL MEMBER

Appreciation to Mr. Archibald on Success of Efforts in Obtaining Groundhog Surveys

H. G. Archibald, M.P. for Skeena, is to receive a letter of appreciation from the Prince Rupert Chamber of Commerce for his recent activity in bringing before the federal authorities the advisability of taking steps towards the opening up of the Groundhog coal fields.

A resolution of appreciation was passed by the Chamber after reading a communication from Mr. Archibald advising that J. Allison Glen, minister of mines and natural resources, had informed him of the probability of geological mapping and topographical surveys being undertaken in that area in 1948.

What City Council Did

Turned over to the city museum a volume containing the first 26 copies of the Evening Empire donated by former Editor W. J. Raymond. The copies date from July 20, 1907.

Approved a recommendation of the civic zoning committee that 17 lots on the intersection of First, Second, Third and Park avenues be declared business lots. Some of the lots already are used for business purposes and another is the desired site of a grocery store enterprise. The recommendation was presented by Alderman Brooksbank.

Discussed in closed session as committee of the whole a proposed agreement with the International Brotherhood of Electrical Workers which requests the adoption of the 40-hour week for city electrical workers.

Approved the purchase of a new concrete mixer for the city at a cost of approximately $900, as recommended by the board of works.

Adopted a recommendation of the board of works to the effect that the Capitol Theatre management undertake to supply adequate lighting during the hours of darkness while the street light now in front of the theatre is moved to permit extension of the existing marquee.

Authorized that the bell of H.M.C.S. Prince Rupert be placed in the city museum and that the accompanying scroll be framed and placed in the city hall. A photograph of the scroll will be placed in the museum with the ship's bell.

Invitation to members of the Prince Rupert Chamber of Commerce to attend the Prince Rupert Gyro Club luncheon tomorrow when the guest speaker will be Evan McCormack, field representative of the Canadian Chamber of Commerce, was extended at last night's meeting of the Chamber.

Approved a licensing committee recommendation for the issuing of business licenses to P. H. Linzey to carry on a real estate business; G. R. Brett as customs broker and W. J. Enders as truck operator.

Accepted a recommendation by the board of works that the city engineer endeavor to obtain the services of a consulting engineer to act with him in the road building project as soon as possible. Alderman Youngs reported that he had been in touch with Harry Anderson, chief provincial public works department engineer, and that two qualified engineers are available.

Approved a health committee recommendation that an oil burner be installed in the cooking range of the Pioneers' Home, providing suitable arrangements can be made.

CITY OF PRINCE RUPERT

• FOR SALE •

Tenders will be received by the undersigned up to 5 p.m. Friday, April 18th for the purchase of the following lands and buildings:

A.—Lot 2, Block 32, Sec. 5 and house 741 8th Avenue West.
B.—Lot 25, Block 30, Sec. 6 and house 512 8th Avenue East.

Both houses will require repairs and will have to be brought up to city building standards before they can be occupied.

The highest or any tender will not necessarily be accepted.

(88) H. D. THAIN, City Clerk.

Living policyholders get lion's share of benefits

MILLIONS OF PEOPLE over the years have learned that it is good business and good citizenship to own Life Insurance. Gone are the days when men, and women especially, shunned the thought of Life Insurance because they associated it with grief and bereavement.

In 1945, the latest year for which government figures are available, far more than half of the benefits—$94,757,745 or 59%—disbursed by Life Insurance companies in Canada were paid to living policyholders. In addition, $66,518,801 was paid to survivors in death benefits.

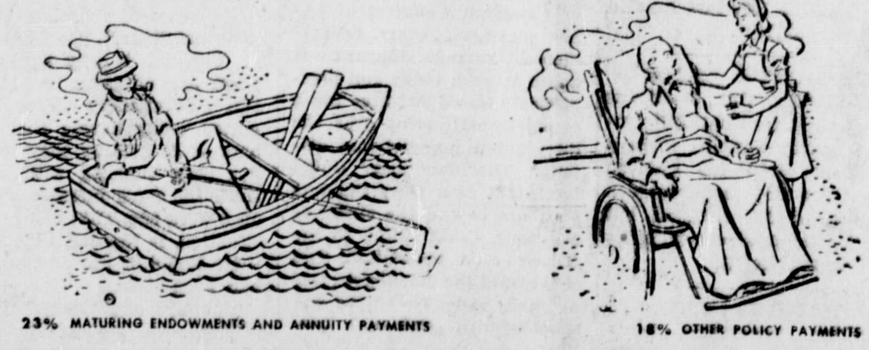
The lion's share — 59% — was paid out in funds to provide for education, retirement, establishment in business, mortgage repayments, and so on.

A large slice of this big share took the form of policy dividends — an annual profit-sharing to Life Insurance owners, which amounted to $29,141,785, or 18% of total benefits.

Maturing endowments and Annuity payments accounted for 23%, and other policy payments 18%.

So, remember . . . Life Insurance offers financial benefits which *you* can enjoy—plus protection for *your* loved ones.

A message from the Life Insurance Companies in Canada and their agents.



L-1046C It is good citizenship to own LIFE INSURANCE

N SPECIMEN FOR NOVA SCOTIA MUSEUM—Rare animal nowadays is the African ptured by Michael Lerner for the Nova Scotia museum. Once they roamed the con- large numbers, but with the advance of civilization they have become almost extinct remote districts. Heavy and slow of movement, these ox-like antelopes sometimes much as 1,500 pounds.

Tree Seedlings Sent to Terrace In New Reforestation Experiment

An experiment in reforestration—the first of its kind on the north coast—is under way at Terrace where the provincial forestry department has begun the planting of 5,000 coniferous seedlings on Ferry Island in the Skeena River.

According to District Forester J. E. Matheson, the experiment includes the trial planting of Douglas fir seedlings to learn if they will thrive in this area, which is considerably north of their natural growth region.

The shipment arrived in Prince Rupert Sunday night on the Coquitlam and was sent to Terrace last night. Assistant Forester L. B. Bolton also left for Terrace last night to supervise the planting.

The shipment also included cedar and spruce seedlings which will be planted with the fir.

"Part of the experiment is to learn how well those three types will grow in association," Mr. Matheson said. "We are especially interested in the fir, however, since it does not grow naturally on this coast north of the Bella Coola valley."

The seedlings came from the Green Timbers nursery station on the Pacific Highway, near New Westminster.

Grass seed makes its best growth in cool weather. Experts advise getting a good grade of lawn grass, which will be a mixture of various sorts of grasses designed to make growth quickly and stay green year after year. For patching, the bare spots should be thoroughly stirred with a rake, then seeded rather heavily. Covering with brush or wire will protect from the birds.

Fairly early in the spring is the best time to apply commercial fertilizer. Roll early when the ground is soft.

Judge Censures Belgian Romance

DERBY, Eng., (CP)—A British Army captain who became "so infanuated with a Belgian dancer that he wanted to change his nationality to hers," might be a representative example of "one of the consequences of an army occupation," Judge R. A. Willes said. The judge, granting a divorce decree to a woman whose husband was stationed at Brussels, commented:

"If there are many young officers who are falling into adulterous intercourse with foreign women, either Belgian or German, and if it is one of the consequences that young English officers are forming the view that they can become naturalized Belgians or Germans, that seems to me a matter of sufficient public importance to justify it being published as one of the consequences of an army of occupation."

Briefs from Britain

LONDON, (CP) — The British Medical Journal asks doctors to discontinue the wartime practice of carrying "doctor" signs on their cars.

CRICKLEWOOD, Eng., (CP) — Rev. Dennis Peterkin, 30, and wife solved the housing prob- problem by taking over a disused church school.

LONDON, (CP)— Deaths from diptheria in Britain have declined by two-thirds due to an immunization campaign begun in 1940.

EAST GRINTSTEAD, Eng., (CP) —Sir Simon Marks has established three fellowships a year in plastic surgery at Queen Victoria Hospital here.

LONDON, (CP)— Eight seamen who refused to obey an order of their captain in Trinidad were fined at Thames police court.

PALNACKIE, Scotland, (CP) — The Admiralty is reopening the old port of Palnackie, Solwayside village, for use in connection with establishment of an armament naval depot at Dalbeattie.

DUMFRIES, Scotland (CP)— Ratepayers are opposing the town council's plan to expand the burgh's boundaries by 920 acres, because of financial obligations involved.

Mr. and Mrs. Norman Yarrow of Victoria were visitors in the city Monday afternoon while the Princess Adelaide was in port. Mr. Yarrow is former president of Yarrows Ltd. Victoria shipbuilding firm which was sold to Burrard Dry Dock Co.

● Everyone interested in GARDENING is urged to attend a public meeting at the Civic Centre at 8 o'clock Tuesday evening. (87)

COUNCIL LAUDS WINNING CADET

A motion that a letter of commendation be sent to Leading Sea Cadet Albert Eyolfson, one of three cadets in the province to be chosen to join the Canadian Sea Cadet group which will go to England this summer, was passed by city council last night.

"It is something that every person in Prince Rupert can be proud of," said Alderman T. N. Youngs in making the motion. "He must have been very good to win."

"He headed all the contestants in the province," commented Mayor Arnold, and there were 60 of them."

Alderman Youngs also suggested that recognition of the work of the Captain Cook Corps of Sea Cadets, its officers and the local branch of the Navy League of Canada be made by council in connection with the local lad's triumph.

Marqie's a Trouble-Shooter

THIS is Margie. She spends her days meeting trouble—and then setting it right. She's one of the most popular girls we know, because she never gets fussed or annoyed.

Girls like Margie can't afford to have nerves. That's why she—and hosts of folks like her—drink Postum. Postum is *free* of caffein or any other drug that might disturb heart or nerves or digestion. And Postum is a grand drink. Has an appealing flavor all its own—not like tea, not like coffee, but wonderfully delicious in an altogether *different* way.

Make Postum your regular meal-time drink! Drink it between meals too. You'll love it.

INDEPENDENT FISH BUYERS NORTHERN BRITISH COLUMBIA

HEAD OFFICE LOCATED AT PRINCE RUPERT

We take pleasure in announcing the opening of our operations for the 1947 season and take this opportunity of familiarizing you with our camp managers for this period.

As the 1947 fishing season was drawing near we endeavoured to procure the most efficient and reliable camp managers to operate our camps. We have succeeded as you will note. We have also tried to obtain the best of equipment to further facilitate and accommodate the fishermen during their period of operation. We have partly completed this aim by equipping two new and modern fish camps.

It is our hope that all the fishermen will have a very prosperous season

CAPT. BILL FLEWIN — Will again take over the helm of the M.V. Hillside. He will be at the service of the fishermen who may desire urgent and special orders.

CAMP NO. I

Located at

Wark Canal

NORMAN BIRKELAND — Better known as "Red", who is returning for his second consecutive season at this location, is a very capable person with a pleasing personality. After completing a very successful season in 1946, he is even more ready and willing to co-operate fully with the fishermen to the best of his ability. He will operate one of our new modern camps.

CAMP NO. II

Located at

Goose Bay—Dundas Island

ELEF LASSESEN — An older and more experienced manager who has proven his capabilities to us as well as to the fishermen, has chosen this location for his camp for the season of 1947. This being his fifth year at this job, his natural ability and knowledge will go well towards serving and satisfying the fishermen.

CAMP NO. III

Located at

Boat Harbor—Dundas Island

WILLIAM MORRIS — It is well known that Bill is one of the most experienced and most popular camp managers in these parts. His friendliness and personality has made him a favorite with the fishermen. His efficiency and energetic ability have also won him praise from fish camp operators. We are very pleased to have him back in our employ. He will also operate one of our new modern camps.

CAMP NO. IV

Located at

Squadaree—Stevens Island

ED LATTERY — Another experienced and popular camp manager whose energy and capabilities go well toward giving the fishermen the service they so well deserve. This being his third year at this type of work, his popularity has grown more with each passing season. He has chosen this camp for his area of operation because of the fact that this was his original and favorite location.

CAMP NO. V

Located at

Summerville Bay (May 10-June
Zayas Island (June 15-July 2
Stonehouse Bay (July 20-Sept.

JACK ALLEN — A pioneer of camp man
We are very fortunate in having Jack o
this camp. As this camp is not a stati
one, a versatile person, quick to win t
is necessary. He accomplished this t
entire satisfaction of both the fisherme
his employers during the season of 194

IS HOSTESS AT TURKEY DINNER

Mrs. Frank Ellison Entertains Orange Past Mistresses—Mrs. Barber President

Past Mistresses of the Loyal Orange Benevolent Association were entertained at a turkey dinner last night by Mrs. Frank Ellison, commemorating the third anniversary of their inauguration as an organization. A birthday cake with three candles highlighted the menu.

After dinner, election of officers took place, resulting in Mrs. Fred Barber being chosen president and Mrs. Louis Wide. secretary.

A gift of $20 was ordered sent to the Loyal Protestant Home for children in New Westminster. The Past Mistresses have also completed a beautiful quilt which will be raffled and proceeds sent to the home.

Mrs. S. V. Cox was also the recipient of a birthday presentation made during the evening.

At the conclusion of the business meeting there were songs and, by way of appreciation, the ladies joined hands around Mrs. Ellison to sing "For She's a Jolly Good Fellow."

Guests were Mrs. G. Krause, Mrs. A. Murray, Mrs. F. Barber, Mrs. Vic Menzies, Mrs. Hugh Killin, Mrs. H. Smith Jr., Mrs. S. V. Cox, Mrs. Louis Wide, Mrs. J. P. Moller, Mrs. E A Evans, Mrs. George Howe, Mrs. M. Viereck and Mrs. A. Guyan.

FEELING TIRED? TRY PEP-UP DATE

NEW YORK, (AP)—Here's a new answer to the old question of how never to be tired—have dates. It comes from Dr. Lillian M. Gilbreth of Purdue University, a pioneer authority on "motion study" for conservation of energy in the home office and industry. In exploding theories on the best use of energy she described "interesting revelations in the women's rest room after hours" when she was making a survey of work in a large department store. "Girls preparing for a party or a date with the boy friend were all pepped up, primping away, their eyes shining, showing no tiring effects of the day. Those with no evening plans ahead were the ones saying, 'I'm exhausted!'"

INTERESTED IN TREES

SYDNEY, Australia (AP)—Fred Berman, 80-year-old head of the Forestry Advisory Council of New South Wales, now counts 50,000 members in the Tree Wardens League he organized 25 years ago. Berman arranged Australia's first Arbor Day in 1891.

WINS SCOTTISH PRIZE

EDINBURGH, (AP) — Mrs. John Watson, niece of Rt. Hon. Vincent Massey, former Canadian High Commissioner, won five of the 43 prizes awarded by the Scottish Tourist Board for designs of Scottish tourist souvenirs. Her principal prize was for a new type of Scottish holiday book.

You saw it in The News!

PARENT-TEACHER REUNION MEETING

Members of the four local Parent-Teacher Associations are looking forward to a reunion meeting tomorrow night, the first meeting of its kind since the old Prince Rupert Parent Teacher Association divided to form separate associations in each of the four city schools. The joint meeting, scheduled for tomorrow night in the auditorium of the Booth School, has been arranged by the four Parent-Teacher presidents, Mrs. Geo. Hill, Mrs. Geo. Howe, Stan Bouchier and Clarence Insulander.

Miss Eleanor Moxley, delegate to the Provincial Parent-Teacher Federation convention held Easter week in Victoria, will be the speaker tomorrow night.

There will also be musical selections by Mrs. George Mead and by Eddie Ciccone.

Chairman for the meeting will be J. C. Gilker, president of the Parent-Teacher Council.

Refreshments are in the hands of the four social conveners, Mrs. D. Wynne, Mrs. M. B. Lemon, Mrs. W. J. Lineham and Mrs. J. Hardin.

BOUNTIFUL SOIL

After 5,000 years of continual cultivation, the land of India is still producing good crops.

PIONEERS' HOME READY ON MAY 1

Opening date of the city's new Pioneers' Home will be May 1, health committee chairman Clifford Ham told city council last night. A bylaw governing the operation of the new home was presented to council but was referred back to committee for minor changes. Among main provisions of the bylaw would be appointment of a five-man board of governors, three of whom would be from city council and two from the public. The bylaw was based on a bylaw drawn up by the municipality of Surrey which also operates a home for the aged.

Excess War Clothing On Civilian Market

LONDON, (Reuters)—The British government—"probably for the time being the world's largest clothing dealer"—has poured a steady flow of suprlus clothing into the civilian market, the Board of Trade Journal reported. During 1946, 34,000 tons of clothing were sold and the amount of left-over war garments is not yet exhausted.

POPULAR CONTEST

EDMONTON, Atla., (CP)— The Alberta government's cooking contest so far has received more than 950 entries. The province is seeking a recipe for a "national" dish for Alberta, and the public will have until the end of April to send in entries. Most of those received so far cover the preparation of meat dishes, said D. E. C. Campbell, director of tourist promotion.

Van Cootens Buy Elfert Residence

Mr. and Mrs. Martin Van Cooten have purchased the residence of Capt. and Mrs. J. R. Elfert on Atlin Avenue at Seventeenth Street in Westview. Mr. and Mrs. Elfert will move into the suite in the Waldron Apartments which is being vacated by Mr. and Mrs. Van Cooten.

Bob's Worth Hair Bobbed By Thief

CHATHAM, Eng., (AP)—A four-year old girl gave evidence at Catham juvenile court against a 15-year old who is charged with stealing a shilling's worth of human hair. "I once had plaits. I am very fond of my hair," the girl said. The older girl was said to have cut off her left plait. She was left off with a warning from the bench.

BASKETBALL IS WOUND UP

Business of Season Concluded at Meeting Last Night

The Prince Rupert Basketball Association formally closed the 1946-47 season last night by finishing up the unfinished business of the year at a meeting of executive.

Secretary-Treasury Alex Bill read the financial statement for the year. Next year's executive will be off to a good start financially.

The Basketball Association's new constitution was presented for a brief reading by the members and a vote to recommend it to next year's league was passed.

The members in attendance last night felt also that, as the season was now pretty well finished, a celebration at this time would be a little anti-climactic so, plans for a big basketball dance and banquet were dropped.

Because of the publicity put on the shoulders of the Basketball Association through a statement in the press regarding the all-Native tournament, it was felt that a letter dealing with the subject should be forwarded to those concerned. The meeting came to a close with everyone anticipating another successful season next year.

President Arthur Murray was in the chair for this final meeting.

Port Edward Wins Season Ball Openers

Port Edward defeated Sunnyside in a baseball-softball double-header at Port Edward Sunday. The baseball game was the first of the season and the softball the second.

Score in the baseball was:
Port Edward 10, Sunnyside 6.
Softball score was:
Port Edward 11, Sunnyside 6.
Baseball batteries:
Sunnnyside — W. Wilson c, Larry Ryan p.
Port Edward—Charles Alexi c. Jerry Moore p.

WINNIPEG WINS HOCKEY OPENER

Fliers Defeat Calgary Stampeders in Allan Cup Playdown

WINNIPEG— Winnipeg Fliers defeated Calgary Stampeders by score of 3 to 2 last night in the first game of the best three out of five final series for the senior hockey championship of Western Canada. Winners of this series will meet the winners of the eastern Canada finals for the Allan Cup, emblematic of world's amateur hockey championship.

SHORT SPORT

The current clamor for revision of Grand National Steeplechase rules could be prompted by those who lost their shirts when unknown Caughoo romped home over the second largest field in the history of the classic—but the howls may bring results. Many experts believe that conditions of the world's toughest steeplechase should be changed to limit the size of the field.

Proposals are being made for the race to be run either in two divisions, with the best horses in the first division and others running with "bottom weight" in the second division, or that the race be run in one division with "bottom weight" horses eliminated. Supporters of this suggestion maintain that lower class horses clutter up the field and make the race more of a lottery than it ought to be. They stress that horses carrying the minimum 140 pounds—as Caughoo did—have won only twice in the last 30 years.

On the other side of the fence are those who believe luck will always play a great part in this unique 4½-mile chase. Those who hold this view say they are more than willing to take their chances that an unconsidered outsider will come up every now and then to add lustre to the event and money to their pockets. This group also maintains it is a fallacy to think that the bigger the field, the greater chance for mishaps. For instance, this year 17 horses—and jockeys—officially completed the course, or about 30 per cent of the field of 57.

ONE OF FIVE AN INDIAN

One out of every five persons in the world is an Indian. India's total population, now more than 400,000,000, inhabits 1,576,000 square miles.

GRATIFIED AT PULP PLANT

Prince Rupert Chamber of Commerce Makes Acknowledgements—Seeking Better Roads

Harold Blancke, president of the Celanese Corporation of America, which is to establish a $15,000,000 celanese pulp plant at Port Edward, is to receive a letter from the Prince Rupert Chamber of Commerce expressing gratification of that body at the decision of the company to come here and offering any co-operation and assistance that it may be possible for the Chamber to give.

The Chamber so decided at its meeting last night. In addition, the Chamber passed a resolution of thanks to Hon. E. T. Kenney, minister of lands and forests, for his efforts towards the final decision of the Celanese Corporation to locate here.

In view of the impending great development at Port Edward, the Chamber is requesting the provincial department of public works to put the highway between here and Port Edward in fitting shape for the traffic which it will be called upon to bear not only through the establishment of new industry here but in view of industries already established. It is being specifically asked that the road be straightened out widened and hard surfaced.

CITY COUNCIL PLANS VISIT TO KETCHIKAN

Recognizing the value of close relationship with Alaska, city council plans to visit Ketchikan as a body during the American patriotic celebration on July 4. The idea was warmly approved by his colleagues when laid before them by Alderman George Casey last night.

"I think we should also invite the Ketchikan city council to visit us on our national holiday—July 1," Alderman T. B. Black suggested in speaking in favor of Alderman Casey's motion. Council agreed that would be a good idea, too.

Quipped Alderman Youngs, who second Alderman Casey's motion: "We might be able to make a ball game out of it—there are nine of us."
