Canada Is Starting A Rearmament Program

Must Fight Aggression, Declares President Truman

Russian Tactics "Serious." New Authorities Are Asked

WASHINGTON, D.C. (CP)—In his "State of the Union" message to Congress today President Truman warned the country that the United States cannot escape the burden of creation and maintenance of armed forces sufficient to fight aggression. The President dealt only briefly with foreign policy which he will discuss later. He referred, however, to the seriousness of Russian tactics. The world, he felt, was on the verge of "great achievement" or "great catastrophe."

The message dealt principally with domestic issues. He asked Congress for four billion additional dollars to be derived, he suggested, principally from taxation of corporations with possible increase in the income tax on middle and upper brackets.

As expected, Mr. Truman asked Congress to repeal the Taft-Hartley Act.

The chief executive also proposed approval of the long-stalled St. Lawrence waterway and power project.

Authority to impose price ceilings on scarce commodities, extension and strengthening of rent controls were other requests.

The "State of the Union" was "good," the President said, but he also pointed to certain shortcomings.

DRINKING IN VANCOUVER CABARETS TABOO

VANCOUVER, (CP) — Ducking bottles of booze under cabaret tables is going to be a risky business from now on, Police Chief Walter Mulligan warned last night.

His dry squads are going to tighten up on drinking in the night spots and they started off last night by making three raids which netted 11 bottles and four summonses for their alleged owners.

Cabaret owners said "swell," welcoming a chance to fight against "this province's farcical liquor laws."

"At least we can fight the case out in the open," one spokesman said.

He added that the raids may be on orders from the Police Commission, as is claimed, but he thinks "the real force behind them are the rabid prohibitionists, a minority thinking they can control the drinking habits of the majority of the people."

DISPOSAL OF WAREHOUSE

No recent information having been forthcoming from any quarter since advice was received some time ago that advertising by War Assets Corporation of the large waterfront warehouse established here as one of the United States defence projects for demolition was deferred until January 15, the Prince Rupert Chamber of Commerce has wired the Department of National Defence at Ottawa that, if no interest has been shown in rentention of the installation for use, it be expropriated by the defence department and retained intact for possible defence purposes.

The Canadian National Railways will be further pressed for a statement of its possible intentions in connection with the warehouse which stands on railway property.

CANADA FAILS TO MEET ORDER

OTTAWA (CP)—A government source said that Canada had been unable to complete its 1948 bacon commitment with United Kingdom. Consequently, a $12,000,000 Economic Co-operation Administration authorization for Britain to buy Canadian bacon in the fourth quarter of 1948 has been cancelled in Washington.

The fault is not entirely Canada's the source said. Had the United Kingdom agreed to take the bacon when it was available there would have been no difficulty. As it was, Canada undershot her target—220,000,000 pounds—by 20 million.

ARE DISCUSSING SKEENA SALMON

Fisheries Researchers In Annual Session at Ottawa

OTTAWA (CP)—Men whose work touches everything from oysters to whales are in Ottawa for their annual get-together. They are members of the Canadian Fisheries Research Board, government - sponsored scientific body, which seeks methods of improving the fisheries and bringing better quality fish to consumers for both the domestic and export markets.

Among the topics up for discussion is the completion of a five-year Skeena River salmon investigation which was finished in 1948.

PALESTINE IS TENSE

Fresh Bloodshed Between Israeli and Iraqui—Poison Gas?

TEL AVIV, (CP)—Fresh bloodshed in the Jewish-Iraqui battle left Israeli's central front tense yesterday.

Israeli and Iraqui troops fought for two hours on the potentially explosive Sharon Valley sector. Both sides suffered casualties.

An Army spokesman said that a Jewish punitive expedition had clashed with Iraqui regulars.

Israeli yesterday denied an Egyptian charge that poison gas had been introduced into the fighting.

KWINITSA SLIDES HOLD UP TRAIN

Two snowsildes which came down in the Kwinitsa snow belt, 45 miles east of Prince Rupert, early this morning, delayed another three hours the arrival of the westbound passenger train which already had been running 12 hours behind its normal schedule from Jasper.

A rotary snowplow dispatched from Prince Rupert at 6 o'clock this morning was expected to clear the slides by noon today, allowing the train to arrive here at 2 o'clock this afternoon.

The train left Jasper 12 hours after its scheduled time because of delayed connection with the main line trains and was only a short distance east of Kwinitsa when the slides came down early this morning. It had been previously expected to arrive here at 10:45 a.m.

One of the slides is about 10 feet deep and 50 feet long at mile 76 west of Pacific. The other occurred half a mile west and was 25 feet deep and 100 feet long. They are the first to delay rail traffic near Prince Rupert this winter.

Bulletins

LIVING COST DOWN

OTTAWA—The cost of living index in Canada has dropped for the first time in two years. It was down from 159.6 on November 1 to 158.9 on December 1—a drop of 7-10 point—the Dominion Bureau of Statistics announced today. A break in food prices was the principal reason for the drop in the general index. The food index was down from 204.7 to 202.

WOULD STOP BATTLE

WASHINGTON—United States is pressing Israel and the Arab states to bring the Palestine fighting to a complete halt. Israel and Egypt have been urged to avoid acts which might spread the conflict and other representations will be made before the United Nations security council. State Department officials deny reports that the United States has threatened Israel with withdrawal of American recognition.

SEVEN DIE IN CRASH

GOLFAX, Cal.—Seven men were killed and another is believed missing in the crash of a United States Air Force C-47 transport ten miles southwest of here last night. Coroner Francis E. West returned here early today after viewing the wreckage with a group of Air Force officers and said that seven bodies had been counted in the wreckage.

WOULD PAY 50 PERCENT

EDMONTON—Speaking here yesterday, Minister of Mines and Natural Resources J. A. McKinnon expressed the opinion that the federal government should pay fifty percent as a minimum contribution to the completing of a TransCanada Highway. He said the government was anxious to undertake the work as soon as possible and that a good start would probably be made this year. Cost has been estimated at $226,000,000.

CHIANG TERMS REJECTED

SHANGHAI—There are growing indications that Communist China will reject Generalissimo Chiang Kai-Shek's New Year peace terms. It is reported that Chiang is preparing to move the government from Nanking to Canton and Formosa.

RECORD COLD WEATHER

NEW YORK—The death toll as a result of tornadoes in the middle south is placed at 59 with 360 injured and more likely to die. Blizzard winter conditions, which brought 36 inches of snow in Nebraska and blocked rail and road traffic, has moved into the northwest. In California the thermometer dropped to a record 19 above in the citrus belts with serious damage to crops feared.

DRY DOCK MAN MISSING SINCE EARLY MONDAY

Fear is being felt today for the safety of Henry Jensen, 47-year-old plater foreman at the dry dock, who has been missing since Tuesday morning shortly after he checked into his job.

Search of the dry dock, which was organized Tuesday afternoon, failed to reveal his whereabouts nor did he return to his living quarters at the Pioneer Rooms, Third Avenue East, during the night.

Mr. Jensen arrived at work at his usual time, shortly before 8 o'clock and, with the commencement of the shift, gave orders for the morning's work to his crew. He was not seen again. Apprehension was felt late in the morning but it was not until the afternoon that an organized search got under way.

Mr. Jensen was one of two Prince Rupert men who escaped from a boat explosion which claimed the lives of two men near Bella Bella three weeks ago. The midnight fire at sea was something which he told a friend he "would never forget."

However, according to Oscar Havroy, his landlord for the last five years, Mr. Jensen seemed to be quite normal when he played cards with a group at the Pioneer Rooms Monday evening.

When he went to work Tuesday morning, he, apparently, forgot to take his wallet which was found by a chambermaid under the pillow of his bed.

It is possible that he may have accidentally slipped from a wharf or one of the boats at the dry dock basin and fallen into the water.

Dry dock workers organized a search party Tuesday and scoured the yard and boats moored at the floats and on the pontoons.

Mr. Jensen was described by Mr. Havroy as a man of regular habits. Born at Fredrickshavn, Denmark, he came to Canada just before the start of the Second World War. He had learned his trade as plater in Danish shipyards.

On his arrival in Canada he became a trapper in the Mackenzie River district but came to Prince Rupert to take his present post at the dry dock in 1940 when wartime ship construction began.

Millions of Dollars To Be Spent on New Air-Sea Craft For Armed Forces

OTTAWA (CP)—On the eve of the first defence alliance, Canada is embarking on an armaments program which will equip the three small regular forces with new air and sea craft at a cost of millions of dollars. A definite plan has been shaping for several weeks. The full financial impact will not hit the federal budget this fiscal year but will eventually embrace indefinite quantities. Two jet fighters for the air force, new type of surface craft and a fighter plane for the anti-submarine section of the navy as well as a new type of transport plane are included in the program.

New Break At Okalla

Three Women Make Getaway, Two Recaptured—Full Scale Probe Coming

VANCOUVER, (CP)—Fast police action following a cabby's tip-off last night resulted in the recapture of two of three women who escaped from Okalla Prison in Burnaby municipality at supper time last evening. The two Dorothy Chaney, 26, negro, and Maureen McKenna, 21-year old drug addict—were captured under the Cambie Street bridge two hours after they had pried the lock of the kitchen door of the prison and climbed a 10-foot wall. Still sought is Margaret McNeill, aged 20, who made her second break within a month.

A taxi driver, nearing the descriptions, telephoned the police and drove them to near the bridge where the two women were picked up.

McNeill and two others engineered the first female break in 12 years on December 2. She got to Calgary before she was caught.

This was the third break in little over a month.

On New Year's Day eight youths sawed out a bar and climbed a fence to make their getaway. Six were caught but two are still loose.

Two guards were temporarily suspended by Warden John Millman, who said that others may be dismissed.

Meantime Attorney General Gordon Wismer said at Victoria that ther would be a full-scale investigation by officials of his department and the warden.

MAN DIES IN SUICIDE PACT

WINNIPEG, (CP) — A pretty nurse-in-training, 22-year old Fleur Jacques—last night was under police guard in hospital as a survivor of what police termed a suicide pact in which her 27-year old boy friend died from an overdose of narcotics.

The coroner said that the girl and William Stawnychko alias Peters, each left notes saying that there was no other way out. He was married.

Peters was released on bail a few days ago on charges of forgery and uttering forged documents.

All Together For Prince Rupert-C.C.F. Member, Commerce Chamber

H. G. Archibald, M.P. for Skeena, may be a Socialist but he has sought and received the co-operation of the Prince Rupert Chamber of Commerce in suggesting matters which might appropriately be brought to the attention of the authorities in Ottawa while Mr. Archibald is in the Dominion capital attending the session of Parliament which is about to open.

When Mr. Archibald, in a cordial pre-Christmas letter to the Chamber, asked for suggestions, E. T. Applewhaite, Chamber Secretary, who was the C.C.F. member's Liberal opponent in the last general election, and Dr. R. G. Large, one of Prince Rupert's top Progressive-Conservatives, got their heads together and briefed Mr. Archibald as follows:

"Immigration—If you have not already received a copy of Policy Declarations of the Canadian Chamber of Commerce for 1948-1949, you very shortly will. The views of this Chamber are pretty general in agreement with those of the Canadian Chamber. In this connection, of course, we are particularly conscious of the area available for settlement between Prince Rupert and Prince George.

"Ports—The paragraphs originated from this Chamber, ably supported by St. Johns, N.B. We feel that if an official survey of existing port facilities in Canadian ports were to be made, it would bring to favorable light the facilities available and unused at Prince Rupert.

"TransCanada Highway—This Chamber of course endorses this in principle. We feel that it may be poor business to cloud the issue by talking about routes until definite commitments have been made on the principle. However, we do feel that the claims of the Jasper-Prince George (Yellowhead) route

CO-OP DOWNS RAINMAKERS IN FIRST GAME OF 1949 SERIES

Co-op 50, Bo-Me-Hi 46
High School 35, Morgan's 24
Peoples Store 14, Dom's 8
North Star 30, High School 15

A young fighting Bo-Me-Hi Rainmaker squad went down to a 50-46 defeat at the hands of the veteran Co-op quintet as 1949 Senior basketball was ushered in last night with the roughest game seen this season. In the same session Dom's, of the ladies league, went down to their first defeat before Peoples Store.

A partisan Bo-Me-Hi crowd saw their favorites defeated in the scoring parade but not in the battle on the floor.

The first half produced the best basketball of the night as Bo-Me-Hi kept putting the pressure on Co-op and never backing down. The half-time score saw Co-op out in front by three points, 26-23.

In the third quarter Co-op won the game as they outscored the Rainmakers 17-9. It was fight-fight-fight with all loose balls and rebounds having arms and legs struggling for them. tempers flared many times as elbows and hands were being used to get to the ball. Davidson and Dominato made the long trek to the bench in this quarter. The quarter score was 43-32 for Co-op.

The final 10 minutes had lots of excitement and scrambly playing and not very much basketball. It was a knock-down affair with players having no regard for where they used their bodies. Macphee and Beynon were banished in the final min-

(Continued on page 4)

THE WEATHER

Synopsis

Temperatures have moderated over the British Columbia coast and northern interior with the influx of warm air from the south. This warmer air is expected to spread into the southern interior of the province by tomorrow. Minimum temperatures in the Kootenays last night were 10 to 20 degrees below zero but are expected to be 5 to 10 degrees above tonight.

Rain is occurring along the north coast and will spread to the south coast by tonight. Snow will occur in the northern interior today with snow flurries over most of the interior tomorrow.

Forecast

Queen Charlottes and North Coast—Intermittent rain today. Cloudy with showers tomorrow. Wind southwest, 25 m.p.h Little change in temperature. Lows tonight and highs tomorrow: Port Hardy 38 and 42, Massett 35 and 42.

MARSHALL PLAN TO END IN 1952

WASHINGTON, (CP) — A top Marshall Plan official said today that the general European recovery program will "end on schedule" in 1952, despite a plea from western Europe that it cannot stand alone on its economic feet by that time.

MURDER SHED—Ontario provincial police officers C. B. Cresswell, left, and Carl Johns study the window from which is believed a killer escaped at Navan, Ont., near Ottawa. The victim, Napoleonas Jonusas, a displaced person, was found with his head battered, partially hanging from a beam in the second storey of the machine shed. (C. P. Photo)

TAKE DOWN OLD HOTEL

Wreckers Move Into Famous Vancouver Structure—Biggest Dismantling Job

VANCOUVER (CP)—The old Hotel Vancouver, one of Western Canada's most famous hostelries, today welcomed its last guests—wreckers who will tear it down.

After fifty years of playing host to world notables the building will become what is said to be the largest wrecking job ever undertaken in the British Empire.

For the next eight months air hammers will echo through the venerable twelve-storey 565-room hotel in a job estimated at costing $2,000000.

T. Eaton Co. Ltd., the owners, are reported to be planning a new uptown department store on the site.

1949 Politics

THAT 1949 will be an active year politically in Canada is acknowledged by students of public affairs. There exists the probability of a federal election. Speculation is rife concerning Quebec—a province that has always had a bearing on things nationally politic. More than once, it has been thought of as a determining factor. Influenced by the fact of a French-Canadian being once more the head of the government, the polling in Quebec might go largely Liberal. But, offsetting this opinion, is the further element of Maurice Duplessis, spirited provincial premier, who used to be known as a Conservative. He is not unfriendly to the new Progressive-Conservative chief. In no small degree he is a man possessing power in his own province.

It has been suggested the Liberals would like nothing better than to absorb the C.C.F. but that appears to be little more than a dim hope. The Progressive-Conservatives ponder a coalition administration. But nothing, at this uncertain stage can be said to be anywhere near a certainty. There are so many matters hinging on other considerations.

Wise indeed is the seer who can see through the cross-currents and complexities as the 1949 political curtain rises.

AN ANGLICAN EDITORIAL

WE SCANNED the "Anglican Outlook," more or less unofficial publication of that denomination in Canada, and were attracted by a large front page picture of Very Rev. Dr. Hewlett Johnson, Dean of Canterbury. We were curious to look inside and see how the publication treated the noted ecclesiastic who received so much, and sometimes scornful, attention during his visit to Canada in the fall. And we were so interested in an editorial we found that we are passing it on to our readers in the Daily News today as what we think a striking example of fairmindness and tolerance in editorial consideration.

We are just going to suggest, too, that some of our local friends who were so derisive and indignant when the Red Dean was asked to come here read this editorial and, possibly, absorb some of its tolerance. We are all for free enterprise and the other principles which we believe should be conponent of a true democracy but, too often, we fear some of those who profess liberty and freedom of action are not inclined to extend that freedom beyond the precincts of their own beliefs and philosophies. Unfortunately, there were many who profess freedom of enterprise, thought and action who scorned and despised the Red Dean and would have prevented that recognized churchman from a hearing in this country. To those people particularly we hope our reprint of "Anglican Outlook's" editorial will prove of interest with possibly a broadening effect.

Too often our own tolerance tends to dim our conceptions of the freedoms which we profess including the freedoms of worship, speech and expression. It was refrshing to us to run across what we consider such a very fine bit of editorializing as we found in this ecclesiastical publication many of whose own confreres were none too tolerant in this instance but much the contrary.

MR. KING MELLOWS

WE LIKED Mr. King's informal pre-birthday interview with the Canadian Press. For what it seemed to reveal was how a man, in the afterglow of life, with the tempests and controversies of the years behind him, looks at the world through the mellow light of experience content to let bygones be bygones. And perhaps Mr. King's new mood, his growing old in serenity, is helped by his knowing that toward him, too, old enmities are forgotten. That is our way. All of us play the game for our side, ask and give no quarter when the fight is on but, when the battle ends and whether lost or won, our tradition is to remember that we are all Canadians, to let antagonism fade in the midst of time.

As for Ottawa, which has known Mr. King through the years as one of its first and most helpful citizens, it will hope to have him long in its midst.

Sir Robert Borden, his armor put off, lingered with us for seventeen years, became more and more esteemed and beloved, playing his round of golf, dwelling with his books and his friends. For Mr. King, we could wish little better.

Ottawa Journal.

PREPARE FOR SESSION—Some of the busiest people in Ottawa are members of the House of Commons as the opening of Parliament on January 26 draws near. Getting his uniform adjusted for the big day is Page Stanley Blackbrun. Frank McKenna, tailor of t he House of Commons, is doing the measuring. (CP Photo)

Anglican Editor Finds "Red" Dean Is Christian Gentleman

INTERESTING COMMENT AFTER HEARING SERMON OF MUCH MALIGNED "PEACEMAKER"

(An Editorial in "Anglican Outlook")

There was held in the Church of St. John the Divine in Verdun a most unique peace service. The preacher was the Dean of Canterbury. It was quite by accident that St. John's had secured the much maligned Dean for their service, and the service was only conceived after the Dean had been denied any adequate hall in which to make a speech in Montreal. As it had been well put by an indignant sponsor to the Dean's visit to Montreal, "the last citadels of free speech in the great metropolitan city in so called democratic Canada were a few Anglican pulpits in the working class districts."

As the Dean entered the church flanked by a few clergy who were there to make amends for the discourtesy displayed by their superiors to a priest in good standing in the Church of England, the congregation stood and sang with soul stirring fervour "Thy Kingdom Come, O God." Then followed the Bidding Prayer of the Church read by the Rector. Although the Bidding Prayer sounds somewhat archaic, it became very much alive on this occasion. One felt that schools and universities which had just recently turned their back on the principle of freedom of expression were in need of prayer—to say nothing of the need of Archbishops and Bishops yielding to the panic of the hour and refusing to display the ordinary decencies to a fellow priest. As the intercessions proceeded the thought obtruded, that even now the solemn portent of the Bidding Prayer had come to pass, and there was "found wanting a supply of persons duly qualified to serve God both in Church and State." When the rule of expediency becomes paramount for School Boards, University authorities and Church leaders, how long can we dare hope that "sound learning may forever flourish"?

At the close of the Bidding Prayer, while the congregation sang, "O God of Love, O King of Peace, Make Wars throughout the world to cease," the Dean entered the pulpit and made a most moving appeal for peace and understanding among nations. It was not an appeal for Marxian Communism as our daily press and even one of our own prelates had led us to anticipate. Whatever was said in favor of Communism was only for that part of Communism, which in the words of the Archbishop of York, "has swept away much injustice and has brought new hope to millions once despairing and has given them educational and material benefits at one time denied them." It was a long sermon the Dean preached, but in that vast congregation, the largest ever packed into St. John's Church, there was no sign of impatience or restlessness. A Shakespearian actor never held his audience more enthralled. He began with the text "Blessed are the peacemakers; for they shall be called the children of God." He then proceeded to point out that there can be no grander title than a child of God, but if we are to aspire for that title, we must work for peace without fear or favor. Two things he urged as very important in pursuing after peace. One is to know the truth and to take particular care not to be misled by the propaganda of selfish interests. The second is to endeavour to see the other fellow's point of view.

He gave us a practical demonstration of this second injunction, by helping us to see vexed questions from the Russian point of view. What we call Russian expansion, the Russian regards as the determination to have friendly governments along that Western border through which she has always been attacked; just as England has always sought to have friendly governments along the west coast of Europe. In dealing with Russia's opposition to the American plan for atomic control, he pointed out that it was perfectly natural that the Soviet should fear to place the ultimate authority for atomic development in a body in which she is constantly outvoted.

The present writer could find no tendancy in the Dean to whitewash everything done by Russia, as the daily press would have us believe. He was frank to admit that the Soviets had made some awful blunders and had done some deplorable things, but what revolution hasn't?

As one listened to this kindly courteous and Christian gentleman, the thought recurred over and over again, as it must have to the twelve hundred listeners in St. John's Church; Why the hysteria display on McGill campus? Why the deplorable stultification of all liberal principles by the Protestant School Board of Montreal? Why the unpardonable rudeness on the part of the dignitaries of the Church of England in Canada to a courageous Christian dean from the Mother Church of the Anglican Communion?

These thoughts led one to recall another Beatitude which follows close upon the one chosen by the Dean for a text: "Blessed are ye when men shall revile and persecute you and say all manner of evil against you falsely for my sake. Rejoice and be exceeding glad for great is your reward in heaven: for so persecuted they the prophets which were before you."

COUNCIL RENEWS SAME SALARIES

No Change From Last Year For Mayor and Aldermen

Annual indemnities of $1,200 for the mayor and $300 for each of the city's eight aldermen were set by city council Monday night at its first meeting of the year. The indemnities are the same as last year.

An effort by Alderman George W. Rudderham to have the mayor's indemnity boosted to $2,000 annually was not acted on by council after Mayor Arnold had stated that she was satisfied with the $1,200 figure.

"I'm not going to press this matter," said Alderman Rudderham. "I've tried it before and got no where with it. But I still think that $1,200 is not enough."

Alderman H. S. Whalen, a newcomer to council, agreed with Alderman Rudderham. •

Two provincial police constables sailed Sunday night on the Coquitlam for Victoria where they will attend a police training school for the next three weeks. They were Constable P. C. Gurr of the city detachment and Constable A. S. Bond of Hazelton. They escorted two city prisoners as far as Vancouver.

MILLIONTH COPY—Health Minister Paul Martin is shown presenting the millionth co Child Care, published by the Department of Health and Welfare, to 21-year old Mrs. Dostaler at a special ceremony at Montreal this week. Given to mothers and prospective m the book has received high praise from world health authorities. Looking on is Dr. Ernest ture, left, author of the book and director of child and maternal health. (CP

JULES SEGUIN LAID AT REST

Requiem Mass for Well Known Pioneer This Morning

Many old friends foregathered at the Church of the Annunciation, where deceased expired suddenly while at worship on Sunday morning, for the funeral of the late Jules Joseph Seguin which took place this morning. High requiem mass for the repose of the soul of deceased was celebrated by Rev. Father F. Rayner O.M.I., parish priest. Charles P. Balagno presided at the organ.

Following the church service, interment was made in the Roman Catholic section of Fairview Cemetery. Pallbearers were Gillis Couture, Joseph Garon, Henri Letourneau, J. L. Blain, Joseph Granger and Gillis Royer.

CALENDAR TIME—Just a plain old-fashioned calendar showing a pretty lake is Shirley Viel's choice for 1949. Gone this year are the scantily-clad beauties in favor of homey scenes. Currier and Ives reprints, such as at the extreme right, are still popular as are children at play, left, but calendar manufacturers report the demand for near nudes fell off with the end of the war.

Mr. and Mrs Harry Adaskin, who will present a violin and piano concert in the Civic Centre tomorrow evening, arrived in the city today from Vancouver. Mrs. Adaskin, known professionally as Frances Marr, is accompanist for her husband.

NURSES PROTEST "UNFAIR" BAN

HAMILTON, Bermuda, (CP) — Dismissal of two Canadian nurses as "a matter of principle" for overstaying their leave after a naval dockyard party here has drawn protest from other nurses, mostly Canadian, at King Edward VII Memorial Hospital.

The two, Velma Stewart of Galt, Ontario and Rita Sylvester of Ponoka, Alberta, returned to their homes last week after the hospital's board of trustees told them to leave the colony "as soon as possible."

The girls said they missed a ferry back to the hospital and had to stay at the dockyard canteen overnight.

They protested that the hearing was unfair and said they would appeal to the Canadian Nurses' Association.

Mr. and Mrs. J. M. Smith returned today on the Prince Rupert after spending a holiday in Vancouver

Mr. and Mrs. R. E. Montador and child returned on the Prince Rupert this morning from Vancouver where they spent the Christmas holidays.

Provincial Police Inspector F. B. Woods-Johnson returned today on the Prince Rupert from Vancouver, Victoria and New Westminster where he spent the last three weeks on annual leave.

PIER TAKES SHAPE—One of the largest construction jobs in the Maritimes—the new $3,000,000 pier at Saint John, N.B.—is shown in this aerial photo. The project to be completed late in 1949, will be nearly 900 feet long and will provide complete facilities for loading and unloading of ocean vessels. The pier is being built 50 feet farther out in the harbor than the old wooden piers it will replace. The outer face is under construction on eight cribs anchored to the harbor floor. (CP Photo)

ARRESTED FOR HOOP BRIBERY

NEW YORK, (AP)— Four men were arrested on a bribery charge yesterday after a college basketball player told authorities that they had tried to get him to "fix" a game.

The arrests came after David Shapiro, of Brooklyn, co-captain of Washington University's cage squad, reported to police the bribe offer. Shapiro claimed the men had offered him $1,000 to make certain his team lost to Manhattan College.

THIS AND THAT

"Notice anything different about me, dear?"

OIL COMPANY, EXCHANGE IN DISAGREEMENT

TORONTO, (CP)—Home Oil Co. Ltd. and the Toronto Stock Exchange today remained in disagreement, the company claiming it is acting in the best interests of its sharheolders and the exchange taking the opposite view. Meanwhile, trading in Home's shares is suspended in Toronto, but continues for a time at least, in Montreal, Vancouver and Calgary.

The chief issue is the company's plan to give the shareholders an opportunity to buy extra shares, but without the privilege of selling this right to someone else if they do not wish to buy themselves.

The exchange by-laws provide in such instances for the selling of "rights to buy."

At Vancouver, J. Stewart Smith, deputy superintendent of the Brokers' Association of British Columbia, said that he considered the action of the directors of Home Oil as "proper."

Earlier, he had said that the company had failed to comply with the Provincial Securities Act, but in a new statement, he said:

"At the time I made my statement, I was not aware of the fact that any surplus shares would not be disposed of until after the approval of a shareholders' meeting."

Motorship Sydney, Capt. O. Hendrickson, arrived in port at 7 o'clock last evening from Ketchikan with four carloads of frozen fish for trans-shipment East over Canadian National Railways. After discharging, the vessel sailed at 2 a.m. on her return to Alaska.

Mr. and Mrs. George Rorie and son, David, who have been on a two weeks' trip to Vancouver, returned home on the Prince Rupert this morning.

City Merchants

* * *

City merchants are asked in future to have copy for all display advertisements into the Daily News office by 4 p.m. of the day previous to their publication.

This co-operation will greatly assist the mechanical department in keeping to the regular hour for publication.

BEST DRESSED—According to Mrs. Veronna Dengel, president of the American Women's Institute, President Truman is the best dressed man in the United States. She says he has "the ideal look." Others in the list include Joe DiMaggio, General Eisenhower and Adolph Menjou, the screen star.

Frank Moore, fuel inspector for the Canadian National Railways and a former resident of Prince Rupert, arrived in the city from Vancouver on the Prince Rupert this morning. He is here on official business and will proceed to the interior.

Electric Cooking saves time and labour
Any of your friends and neighbours who own an electric range will tell you that there is nothing like it for convenience and all-round cooking satisfaction — that the minutes saved soon add up to hours, that it's easy to keep pots and pans and cooking range sparkling bright! A day's baking leaves them fresh as a daisy, with time and energy to spare. Look over the electric ranges and choose the one that suits you.

Sailing of Queen Mary Is Postponed

SOUTHAMPTON, Eng., (AP) — The sailing of the 81,000-ton Cunard-White Star liner Queen Mary for New York yesterday was postponed another 24 hours for further inspection and the liner sailed today on the mid-day tide.

Earlier the Queen Mary had been granted a certificate of seaworthiness following new tests after hundreds of tons of concrete had been plugged into her stern after the grounding off Cherbourg Saturday night.

PROTECTIVE COAT

Aluminum paint is used as a protective medium on balloon fabrics because it excludes heat and light.

SILK SIDELIGHT

A silkworm cocoon contains a single thread of silk from one-third to three-fourths of a mile long.

AIR STRIP NECESSITY

Admission Made By Minister of Transport to Chamber of Commerce

Routine replies have been received from the offices of the minister of mines and rsources and transport at Ottawa to a recent renewed request of the Prince Rupert Chamber of Commerce that surveys be made with a view to establishing an air field on nearby Tugwell Island so that wheeled aircraft may be operated in and out of Prince Rupert. The minister of transport, however, went a little further than merely promising the usual "consideration." He admitted the "necessity and importance' 'of the matter.

Meanwhile air passengers in and out of Prince Rupert still suffer from the uncertainty of ofttimes delay of the transfer at Sandspit from pontoon to wheeled aircraft in travel between here and Vancouver.

SUGAR PRODUCTION

The world production of sugar is enough to fill a box the size of a football field and six miles high.

TRIBUTE FROM HOLLAND—Walter B. Herbert, president, and Mrs. Margaret Cameron, secretary, of the Canada Foundation, study the medal presented to the Foundation for fostering improved relations between Canada and the town of Winschote, the Netherlands. The story started when Canadian troops, billeted in Holland after the war, helped clean up the rubble in the war-torn town. Grateful Winschoteners decided on a friendship-with-Canada program, focussed particularly in the schools. The medal is named after Maj. Lloyd Brooks of Prince Albert, Sask., who commanded the Canadians. (C. P. Photo)

GOVERNMENT HOUSE REUNION—Guest of Viscount Alexander at the holiday season has been his brother, Col. W. S. P. Alexander of England, left. Col. Alexander will return to Britain early in the New Year (CP Photo)

HOUSING COSTS LEVELLING OFF

OTTAWA, (CP)—Soaring costs of building began to level off during 1948. Also, the average time required to build a house dropped to seven months as compared with 11 months in 1946.

In the first nine months of last year, the Central Mortgage and Housing Corporation Review said, there was a seven per cent increase in the index of wholesale prices, and wage rates construction trades, same period of 1947 was 17 per cent.

Co-Op Downs Rainmakers

(Continued from Page 1)

utes because of too many fouls.

An injury marred the final minutes of the game as Don Fitch, guard for Co-op, slipped on the floor and suffered a knee injury. He had to leave the game and this left Co-op with only four players on the floor. They had to call on Marvin Brew of the Intermediate Morgan's team to fill in the squad. The extent of the injury to Fitch is not known although it was said that he had a torn cartilage.

Lindsay was the top scorer with 16 points. Jack was being double-checked and had to fight his way through to score. Macphee played a great game on defense, slapping down many shots. Beynon is playing solid ball and is quickly rounding into good playing shape.

Don Scherk, sharpshooting forward of the Rainmakers, was held down by the close checking Co-op guards. He was being rushed on most of his shots and this put him off. Don has to have time to set himself to shoot and last night he wasn't getting it. Flaten played an outstanding game at guard and as playmaker for the team.

Bo-Me-Hi took 69 shots and made 14. Co-op took 80 shots and made 19. Bo-Me-Hi made 16 out of 33 fouls attempted. Co-op made 12 out of 32 attempted.

INTERMEDIATE

The Intermediate game went to High School by the score of 35-24. The losers were Morgan's. The first half was very slow with both teams having a hard time to get moving and hitting the basket. The half-time score was 10-9 for Morgan's. The second half opened with Bo-Me-Hi rushing Morgan's off their feet as Sunberg and Webster pumped in baskets and gave them a lead they never lost. The final quarter saw Morgan's defence split wide open and the students boomed through to score easy lay-ups. In the final minutes Sunberg made a spectacular dribble the length of the floor and ending it with a beautiful underhand lay-up shot and brought a well-deserved cheer from the fans.

Morgan's took 64 shots and made 12. Hig hSchool took 53 and made 14.

WOMEN'S GAME

Dom's of the Women's League suffered their first defeat at the hands of their arch-rival Peoples Store by the score of 14-8. The game was a struggle from start to finish with neither team being able to hit the basket constantly. Both teams showed poor floor play and wild passing. Peoples out-shot Dom's by a wide margin and this gave them the win.

Dom's took 31 shots and made 4. Peoples Store took 55 shots and made 7.

North Star of the Junior League continued their winning ways as they defeated High School 30-15. They ran up a lead of 19-1 at the end of the first half. High School were slow in forming their defense and this gave the soda boys many chances to score on long passes and fast breaks.

In the second half High School began to move forward in the scoring column but not enough to cut down the big lead piled up by North Star. High School showed improvement in their ball handling.

High School scored 7 field goals from 43 shots. North Star took 60 shots and made 13 baskets.

Individual scoring:

Senior

Bo-Me-Hi—D. Scherk 8 Olson 2, Spring 7, Davidson 7, Flaten 11, S. Scherk, Carlson 9.—46.

Co-op—Lindsay 16, Macphee 9, Dominato 3, Beynon 9, Fitch 10, Holkestad 2, Murray 1, Vanetta, Brew.—50.

Intermediate

Morgan's—Hill 2, Brew 10, Lien 4, Eidsvik 2, Scharff, Watson, Jones 2, Boulter 4.—24.

High School—Bill 4, Sharpe, Webster 13, Hartwig 2, Sunberg 16, Helin, Van Pykstra, Martinsen.—35.

Ladies'

Dom's—Hamilton 2, Thain 2, Husoy, Kildal 2, Youngman, Jordan.—8.

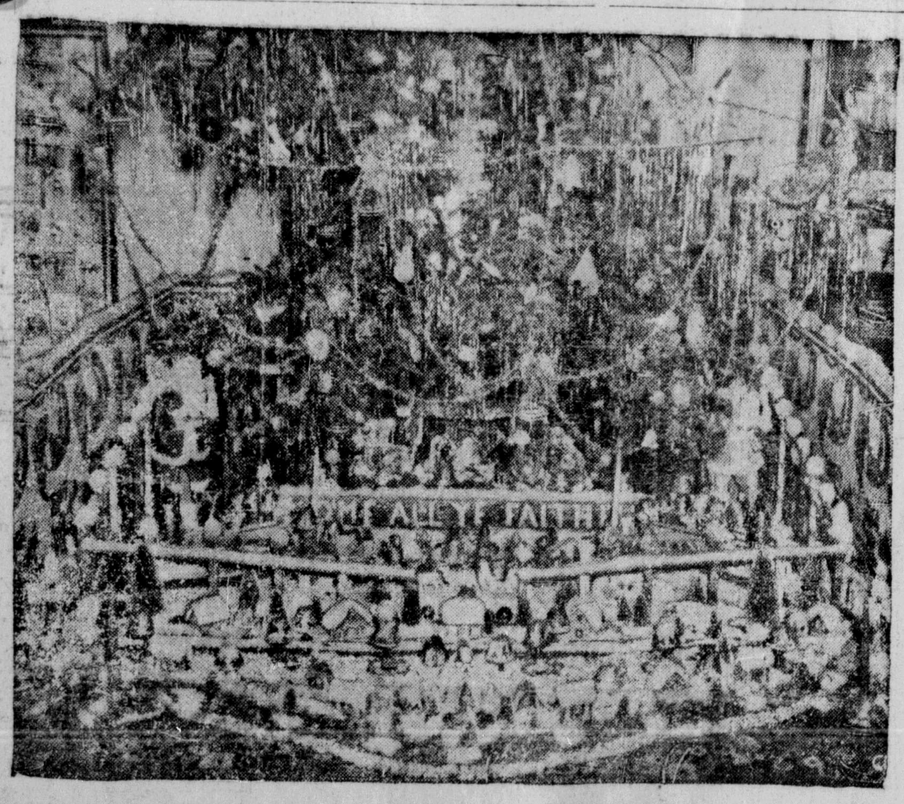
Peoples Store—Bill, Howe 4, Budinich 8, Dumas, Sedgwick 2, Quick.—14.

Junior

High School—Clarke 2, Hills 2, Hamilton 6, Jeffries 1, Vance, Rhodes 2, Forman, Sheppard, Brown 2.—15.

North Star—Johnsen 5, Sather 12, Simonson 4, Young 1, Ketcheson 4, Walsh 2, Sedgwick 2.—30.

PUP CONSOLES TWINS—A few hours before A. F. Maargerison, of Gravenhurst, Ont., dropped dead in a Toronto store on Monday he bought this six-weeks old wire-haired terrier for his twin 12-year old sons, Dave and Charlie. Then the pup was returned to its owner because funds were low in the Margerison family. But a friend stepped in with a $25 gift to the boys and a Christmas bound to be sad was made a little brighter. (CP Photo)



CHRISTMAS TREE VILLAGE—This dazzling home Christmas display is set up in the home of W. J. Parfitt at Keewatin, Ont. It includes an entire village with homes alight, streets, bells, churches. Lights alone number more than 300. It takes Mr. Parfitt about five weeks to assemble.

ROY CONACHER LEADING SCORER

MONTREAL, (CP)—Roy Conacher, hard-driving Chicago right-winger, last week supplanted his line-mate, Doug Bentley, as pace-setter in the National Hockey League's torrid scoring race, picking up five points to Bentley's three. Official statistics released yesterday show that Conacher has 37 points, one more than Bentley.

BAD BOYS GET FINED, SUSPENDED

MONTREAL, (CP)—Defenceman Benny Reardon of the Montreal Canadiens has been fined $200 and suspended for one game for his part in a stick-swinging duel with centre Hal Gardner of Toronto in Saturday's game there.

National Hockey League President Clarence Campbell announced today that Gardner drew a $250 fine and was suspended for the same game—the January 19 tilt at Toronto between the same clubs.

Stormy Weather Is Holding Plane

Stormy weather conditions between here and Sandspit have been delaying air traffic. Yesterday afternoon's plane reached Sandspit and made the connection with the Vancouver plane but was unable to get back until 2 o'clock this afternoon when there was sufficient amelioration to permit return. The outbound flight commenced at 2:30 p.m. with return tomorrow. Passengers booked from here for today's flight were George Dover for Vancouver and John Carmichael, R. Wahl and B. Bussey, for Sandspit.

Reminiscences and Reflections
By W.J.

The man whose letters and papers were taken from him by the violence of the gale and sent flying early Monday evening, cannot say he failed to find an air mail service at Prince Rupert.

Cash and carry has its weak points just now. Complications might develop enroute.

New calendars seem to disclose a growing change in public taste. If there is still lingering preference for semi-nudity and a smile it would appear an effort in that direction is being made. Quite a few handsome young horses and noble wild animals are chosen for pin-ups. None are wearing even a stitch.

Broadcasts have been carrying forecasts, giving the dearly beloved and patient public the low-down on what's ahead for 1949. All have their doubts about war. One goes further and rules out any chance of a clash in 1950. This is encouraging. When enough people join in saying and believing that war is "out" they are apt to be found correct.

At the risk of being thought a plain ordinary garden variety nuisance the duty of again calling attention to the need of a Canadian coast guard service will persist. The wild winter shores of British Columbia are being lashed and pounded for weeks on end. There will be work to be done before May time.

Highway Traveler Thanks Railway

Larry Eckroyd, field service representative of the Canadian Chamber of Commerce, who essayed to drive into Prince Rupert over the Skeena River Highway late in November, only to be caught in snowdrifts between here and Terrace, has written to C. A. Berner, divisional superintendent of Canadian National Railways, to express appreciation of how the railway came to his rescue. Mr Eckroyd speaks in high terms of the fine treatment he received from the railway and its staff in this area.

RUPERT BACK ON NORTH RUN

The veteran Canadian National coastal liner Prince Rupert arrived in port today from Vancouver, Westview and Ocean Falls on her first voyage since early last September when she went into dry dock at Vancouver for repairs. She replaces the Prince George which has been on the run in the meantime and will return to service in early summer.

Southbound last September, the Prince Rupert broke a propellor shaft and has been undergoing repairs and overhaul since.

Her skipper is Capt. Ernest Caldwell who was master of the Prince George during the summer and fall. Purser is Don Jenkins and chief engineer is Reg. Williams.

Delayed by stormy weather in the north, C.P.R. steamer Princess Norah, Capt. Graham Hughes, is due in port tomorrow morning instead of this afternoon from Skagway and other southeastern Alaska ports enroute to Vancouver.

Births, Deaths, Fewer in '48 Than in 1947

Prince Rupert's natural population increase lagged somewhat last year under 1947, although marriages were more numerous, according to vital statistics provided by the Government Agent's office.

Preponderance of births over deaths in the city last year was 106, as compared with 168 in 1947.

There were 100 marriages in the city and six in the district as compared with 97 in the city and none in the district in 1947.

Last year there were 92 deaths in the city and 198 births, while in 1947 deaths in the city totalled 97 and births 265. In the district in 1948 there were 15 deaths and eight births while the previous year, there were 14 deaths in the district and six births.

There were two stillbirths in the city last year as compared with one in 1947.

British Housewives Are Feeling Strain

LONDON—The tired British housewife is underfed and spends her nights dreaming of cooking and shopping queues. This is the finding of The Lancet, authoritative British medical journal. Of 61 typical housewives all but seven attend the movies, possibly once a week, not to see the show, so much, as to find a chance to sit down.

TOO LATE TO CLASSIFY

FOR SALE—8 tube cabinet radio, 12 inch speaker, newly relined, nicely grained cabinet in good condition. Snap for cash, guarantee $50.00. 1345 Piggot Place. (4)

DOMESTIC ARTISTRY—A tiny bedroom in the Roman Catholic rectory at Elma, Man., replaces an art studio in a Polish castle for Eugenia Greinert. Eugenia, who once painted the portrait of the president of Poland, is shown as she takes time out from her domestic duties in her new home to paint a portrait from memory. She hopes someday to establish a studio in Winnipeg. (CP Photo)

BUILDING IS REPORTED ON

Chamber of Commerce Still Hoping for Apartment Project

Detailed report on the former United States Army administration building here, which the Prince Rupert Chamber of Commerce hopes may be converted into an apartment house to relieve an anticipated housing shortage here, has been presented by W. H. Shortridge to a special committee of the Chamber of which L. M. Felsenthal is chairman. Further reports are due from City Engineer Donald Stewart, Fire Chief H. T. Lock and Wire Inspector F. M. Kempton as to changes that will be required to bring such a structure under compliance with the building and other regulations.

There has been no estimate of cost as yet although three years ago private interests figured that it would cost $75,000 to make the structure into a 52-aparment building.

The building is still in the hands of War Assets Corporation under threat of being advertised for demolition.

ALL TOGETHER

(Continued from Page One)

through the Rockies should be brought to the attention of the authorities at the proper time.

"Coastguard Service (Pacific Coast)—Like yourself, we have expressed ourselves in favor of this overdue service, upon which need I understand you are already well informed.

"American Installations at Prince Rupert (War Assets)—Briefly the view of the Chamber are that the warehouse should be saved from demolition if at all possible in view of the possibility of its need for wartime use and our gravedoubts that every possible avenue of exploration for possible peacetime uses have not yet been tried; the administration building should be made available to private investors (or if they won't act, to some such body as Central Mortgage) for conversion into an apartment house for relief of expected housing shortage (the Chamber is now paying a builder for a practical report on the condition of this building and its approximate cost to remodel and convert); the American section of the Ocean Dock should compulsorily be incorporated into the present dock facilities of the Canadian National.

"Aviation—We feel that an air strip should be built to serve Prince Rupert—most likely at Tugwell Island. We don't want to weary you with long arguments in favor of this project, with which, of course, you are already familiar, but we have discussed this with C.P.A.L. officials and believe it to be sound, practical and nowhere near as expensive as we have been led to believe."

To which Mr. Archibald replied: "I will do what I can to promote the various points in the hope that some action will be taken."

ADULTS BUY MOST "FUNNIES"

Some Observations of Prince Rupert News Vendor

"You might be surprised to know who buy most of the "funnies," remarked a pioneer news stand proprietor yesterday. He glanced at the rows of papers and magazines.

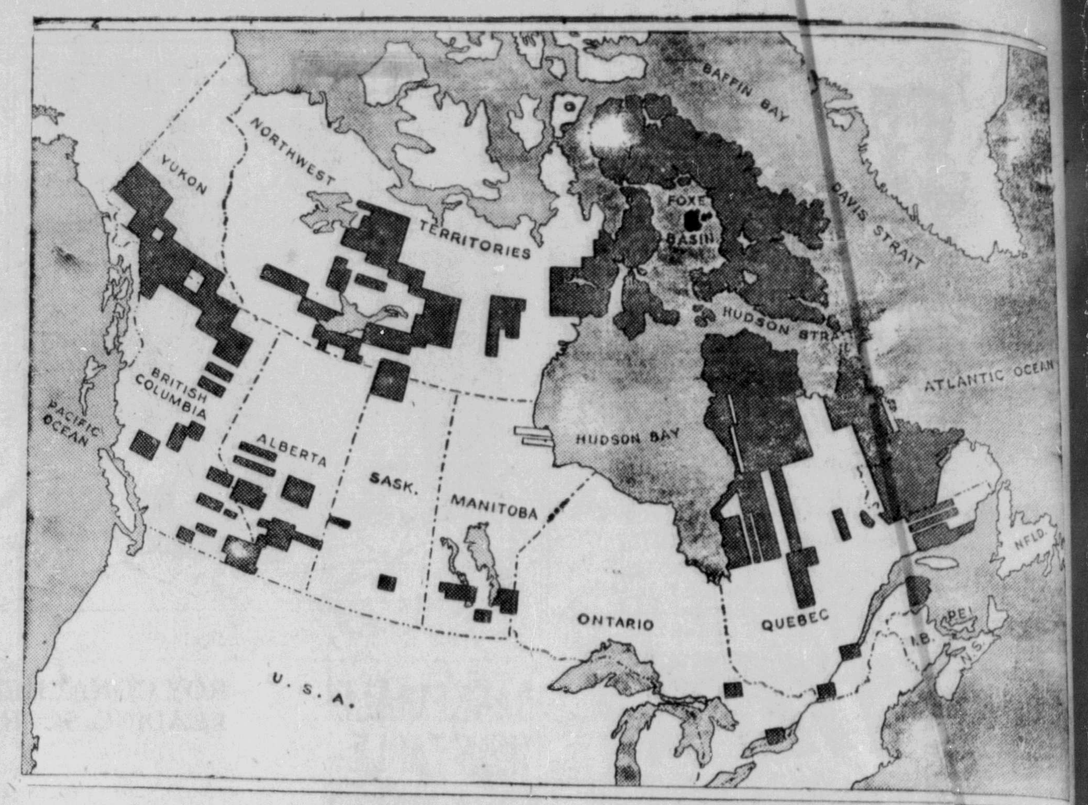
"They are not youngsters. They are adults, some along in years, and I'm sure they buy them to read themselves. Some have no families. The sillier the 'funnies' are, it seems to me, the quicker they sell."

He agreed, though, that there must be plenty of serious reading in Prince Rupert. The growth of the public library shows that, clearly enough. Yet a great many men and women are regular purchasers of the latest in what children, if they have the money, buy so eagerly.

For the seniors, there is also found in certain of the smaller periodicals, with jazzy covers, an undoubted attraction. These are on the suggestive side, featuring articles like "Confessions," "Why Girls Go Wrong," and yarns dealing with domestic problems and entanglements.

"Once," said the news seller, "a man from the Old Country, after looking quietly around, studied the display of magazines and papers, finally saying they had nothing like that at home. There, the general tone was more sober and sedate. Here, the reading taste seemed to him rather odd. Could I explain it? No, I couldn't."

FIGURES TELL TALE — George Drew, Progressive Conservative leader, beams from behind the scoreboard showing results in the Carleton by-election where he scored a sweeping victory over C.C.F. and Social Credit candidates. Smiling Mrs. Drew is pointing to the total of her husband's votes. At right is G. Russel Boucher, who resigned his seat in Carleton to make way for Mr. Drew. (CP Photo)



RCAF photo survey planes took aerial photographs of shaded areas shown above during the 1948 season's operations. More than 911,000 square miles were covered during the season, well over twice the record for any previous summer's work. The aerial photos are turned into maps, and are also used for many commercial purposes, including mining development, lumbering, and water-power devlopment. Shown in black, in Foxe Basin, north of Hudson Bay, are the two new islands which Air Force survey aircraft discovered during the summer's work. The ed more than 5,000 square miles to the map of Canada. Phot erations next year will be bolstered by a thirdphoto survey s ron, which will work with the two already established. The shown above are all recorded on film negatives stored a the vaults of No. 1 Photo Establishment, Rockliffe. The s work resulted in 158,000 separate pictures, made on more 28 miles of aerial film. (RCAF P

SHIPS AND WATERFRONT

The veteran steamer Victoria of Alaska Steamship Lines left port here this morning for Seattle a little more than 12 hours after docking yesterday to load a consignment of canned salmon held in bond at the Ocean Dock since early last fall.

The Victoria is southbound with "plunder," according to her skipper, Capt. Christen Trondsen. "Plunder" he described as a wide assortment of general cargo left in the Alaska ports three months ago by strike-bound American ships heading back to Seattle.

Said to be the oldest ship in the American Maritime Service, the iron-plated Victoria was built at Dumbarton, Scotland, in 1870 and is still going strong. After being taken over from the Cunard Line in 1899, she became one of the most famous boats on this coast in the Seattle-Nome service during the gold rush.

On her latest trip, she left Seattle on December 16, sailing as far north as Seward where she began loading southbound cargo. Much of it was commodities which had been either left at Alaska ports, or unloaded there when other ships decided to return empty to Seattle at the start of he maritime srike last October.

Included in her cargo were 50 large bales of wool, picked up at Seward. They were brought by another vessel from sheep ranches on Attu and Umnak far out in the Aleutian chain.

She also carried general cargo and a large shipment of canned salmon picked up at the New England and Ward's Cove canneries at Ketchikan.

At Prince Rupert, the Victoria loaded 14,000 cases of canned salmon from the Ocean Dock. This was salmon brought here in September by other American ships and stored in bond.

Longshore crews toiled throughout the night to complete loading her by this morning. Capt. Trondsen sailed at 8 o'clock this morning.

Crewmen of the Victoria spent Christmas at Seward and New Year's at sea. In her dining room still stood the Alaska spruce Christmas tree amid other decorations which had not been removed.

During the latest strike, the Victoria lay for two months at Seattle with a full load of cargo which could not be removed.

"When we got back to Seattle early in October, they fired the whole crew—including me—the skipper," Capt. Trondsen said.

An estimated 100,000 cases of American salmon still remain in the Ocean Dock, some will be shipped to the United States by rail and some by ship.

NAMED FOR FAMED AUSSIE

Mascot Airport, near Sydney, Australia, has been re-named Kingsford Smith Airport in honor of the noted airman who made the first Pacific flight in 1928.

FOR DRYING HERBS

A new plant has been opened in Westergeest, Holland, for the drying of medicinal herbs and kindred crops.

Motorists May Use Railway 'Phones

When Jack Marchant mentioned at the meeting of the Prince Rupert Chamber of Commerce Monday night the desirability of some sort of telephonic communication system being set up along the Skeena River Highway as a protection in case of accident or emergency when traversing the highway, Divisional Superintendent C. A. Berner of the Canadian National Railways poin that the railway had tele at each station betwee and Terrace which tele were always at the pub posal.
