Yanks Overwhelm Dodgers 9-0 To Capture 17th World Series

Yogi Berra Paces New Homer Record

BROOKLYN (AP) — The New York Yankees overwhelmed the Dodgers and Don Newcombe with a record-breaking home run assault today and won the World Series, four games to three, with a 9-0 victory.

Yogi Berra hit two homers and Bill Skowron smashed a grand slam homer to back up superb three-hit pitching by 23-year-old Johnny Kucks. The Yankees thus duplicated Brooklyn's 1955 feat of winning a seven-game series after losing the first two games. It was the Yanks 17th World Series victory in 22 attempts since 1921 and their sixth in seven series against Brooklyn. The Dodgers took the first two in Ebbets Field, then the Yanks won the next three in their stadium and then Brooklyn squared the series yesterday in their home park.

Today's game was the first break-through by the visiting team.

Berra—who clubbed a bases-loaded homer off Newcombe in the second game, hit over the right field wall the first two times he came to bat against New York today, each time with a man on base. After that he was intentionally passed and one of those walks set up Skowron's bases-full blow off Roger Craig, the third Dodger pitcher. Elston Howard belted the other Yankee homer, with Newcombe as the victim.

The seven-game series drew a paid attendance of 345,903 with 33,782 fans watching the final game. The net receipts for the series were $2,183,353.59.

The four Yankee homers set a series record of 12 by one club in a series, breaking the mark of 10 set by the 1952 Yanks, and Berra with 10 runs batted in during the series, smashed another record.

The Yankees who hadn't won a series game in Ebbets Field Since Oct. 4, 1953, presented a changed lineup for the final game, benching veteran Enos Slaughter and Joe Collins in favor of Howard and Skowron.

Then Manager Casey Stengel called on young Kucks, who had seen action only in relief roles in the series, as his starting pitcher.

These moves paid off with an unbeatable combination of pitching and power. Kucks gave up a hit to Duke Snider in the first after walking Peewee Reese, but Reese died on second. He didn't allow another until Carl Furillo singled in the eighth, and Carl never reached second. Snider made the third hit with two out in the ninth.

New York .. 202 100 400—9 10 0
Brooklyn .. 000 000 000—0 3 1

Kucks and Berra; Newcombe, Bessent (4), Craig (7), Roebuck (7), Erskine (9) and Campanella. Loser Newcombe. Home runs—New York, Berra (2), Howard, Skowron.

Police Report Asked On Cafe After Brawl

Indignant over the obstruction of two RCMP officers outside the Hollywood Cafe Saturday City Council last night decided to ask the NCO in charge of the city RCMP detachment to obtain a report on "all aspects of operation," of the cafe for submission to the police and licencing committee for consideration.

Alderman P. J. Lester told council that the cafe was the scene of continuous disturbances and "it should be cleared up or city council should force them to close up."

Alderman A. J. Dominato recommended that "bouncers" be employed so that police would not have to cope with the fights and disturbances in the cafe.

"The police have a job to do and they take that risk when they become policemen," said Alderman G. P. Woodside. "If they are proper policemen they wouldn't be faced with that kind of trouble."

The police and licencing committee should get a report from the NCO and consult with the management before arbitrarily forcing them to employ bouncers, Ald. T. Norton Youngs suggested.

Saturday three men were sentenced to six months for obstructing the police and two months for creating a disturbance following the brawl early Saturday morning during which police had to draw their guns to protect themselves after two officers were knocked down and one kicked.

Teen Club Collects $398 For CNIB

A total of $398.87 was collected Saturday by Civic Centre Teen Club volunteer taggers in the tag day section of the Canadian National institute for the Blind appeal for funds, it was announced today by Prince Rupert CNIB branch treasurer, P. F. P. Bird.

Headed by president, Nola Anderson, members of the Teen Club tagged Columbia Cellulose employees as they left the Watson Island plant Friday afternoon.

Saturday from 8 a.m. to 6 p.m. members under Robert Knutson stationed themselves at street corners. Funds will go towards the work of the CNIB both here and throughout Canada.

Earthquake Insurance Deal Tabled for Month

A report from The Yorkshire Corporation Limited concerning earthquake insurance being considered for the city, has been tabled for one month pending notification from the company of further investigation of the problems involved.

The letter said that insurance coverage is "very difficult to arrange" and would require an engineering survey of all the facilities and terrain before an attempt could be made to compute a premium. The insurance would cover water mains, sewers and telephone cables.

Cost of undertaking an estimate would be "quite expensive" and would have to be conducted at city council expense, the letter read.

Council was told that Vancouver at one time was considering similar coverage but abandoned the idea when it was found a survey by qualified engineers would cost approximately $16,000.

Council Plans To View Jail, Fire Hall

City Council will resolve itself into open committee to investigate the city fire hall and city police lock-up following charges by Alderman T. Norton Youngs at last night's council meeting that both are in a deplorable condition."

Ald. Youngs said the structural condition of the fire hall "constitutes a constant danger to the city of Prince Rupert."

"All the equipment of the fire department could be partially or totally destroyed in the event of a fire or the structural failure of the building," he said.

He further charged that the city lock-up conditions are unsatisfactory either from a humanitarian or a sanitary point of view.

"The conditions under which citizens, both before and after trial, are detained in the city lock-up are 'deplorable'."

There had been continued argument about the conditions of cells and council should get busy and realize the seriousness of the matter, he asserted.

Council voted unanimously in favor of Ald. Young's recommendation that council meet in special session not later than October 19 to visit both the fire hall and city lock-up to investigate the conditions of these buildings and resolve on such policy that will relieve the present situations.

Brink's Job Nets Eight Life Terms

BOSTON (AP)—Eight men convicted of the $1,219,000 Brink's robbery of six years ago have been sentenced to a "natural lifetime" behind the massive concrete walls and the steel bars of Massachusetts state prison.

Judge Felix Forte sentenced "for the rest of their natural lives"—with no chance for parole consideration for at least 20 years.

Joseph F. McGinnis, 52, called by the prosecution the brains of history's biggest cash robbery, actually was given eight life terms—to be served concurrently—as an accessory before armed robbery.

Sentenced with McGinnis for armed robbery were: Anthony Pino, 48, laborer; Vincent J. Costa, 42, truck driver, who is Pino's brother - in - law; Adolph Jack Maffie, 44, pool room manager; Michael V. Geagan, 47, longshoreman; Thomas F. Richardson, 48, longshoreman; James I. Faherty, 44, bartender; and Henry D. Baker, 49, vending machine operator.

NO SIGN OF EMOTION

The eight men heard themselves sentenced without showing any outward emotion.

In his cell at the East Cambridge jail, Joseph (Specs) O'Keefe, 48, an alleged member of the gang before he turned state's evidence, heard the news of the sentencing on his radio.

During the nine-week trial he told the jury he was robbed by his former fellow gang members of $05,00 of his $100,000 share of the loot, and indicated strongly that was what led him to plead guilty to the robbery and implicate others.

O'Keefe is still awaiting sentence.

Only about $00,000 of the Brink's loot has been recovered.

(See earlier story on Page 2.)

ENCOUNTER NO STORMS

Canadian Salmon Fisherman, Family Sail Ketch From Victoria to Auckland

AUCKLAND, N.Z. (AP)—A Canadian family today brought their 47-foot ketch, the White Hart, into Auckland harbor—nearly 400 days out from Victoria.

The crew consists of Tony Reeves, former airman and salmon fisherman, his wife Bridget, "chief cook and bottlewasher," and their three-year-old son Michael, "junior deckhand and chief general nuisance."

Reeves, a squadron leader with the RAF during the war, has been fishing for salmon off the British Columbia coast for the last 10 years. He helped build the White Hart, which is fitted with an automatic pilot and a depth-finder, with the idea of a cruise in mind.

YOUNG VETERAN

Michael has lived on boats for most of his short life.

The family left Victoria Sept. 10 last year, and made a leisurely voyage via the Pacific islands. They didn't encounter any bad storms anywhere on the trip, which went smoothly.

Chief excitement came in a mid-ocean meeting with Reeves' wartime friend, Brig. Miles Smeaton, in his yacht Tzu Hanga. The brigadier was on his way to Australia when he met the Canadian ketch 350 miles north of New Zealand.

Fit and deeply suntanned, the Reeves family have no definite plans for the future. The White Hart will refit here before any decision is reached on future voyaging.

STRONG PROTEST TO BE MADE ON PROPOSAL FOR CITY TAX

City council delegates to the UBCM who vigorously opposed the establishment of a Municipal Services tax at $30 per year to replace the existing road, library and poll tax, will draw up a referendum that will be submitted to the Municipal Tax Revision Committee for its perusal, it was decided last night.

The proposal for the $30 tax was carried by the convention with a very slight majority, council was told.

"What it amounts to, is a tax on breathing," said Ald. P. J. Lester.

Ald. T. Norton Youngs said that that tax will definitely penalize people who "shouldn't be penalized by putting this on."

He moved that council endorse a protest against such a Municipal Service Tax.

Mayor George Hills suggested that council draw up a "good referendum" and submit it to the Municipal Tax Revision committee where it will be able to "look over every side of the question."

City Bid on Social Aid Extended by UBCM

Report from Prince Rupert delegation to the 53rd Annual Convention of the Union of B.C. Municipalities in Penticton October 3 to 5 was read to city council last night by Alderman P. J. Lester. Disposition of city resolutions follows:

The resolution requesting a change in the basis of municipal responsibility for Social Service costs was amended by the UBCM executive to include all aspects of the Social Service costs instead of the one specific point brought out by the Prince Rupert resolution. The convention was in favor of a much broader resolution than the city's which urged that 20 per cent of all social assistance costs be divided between each municipality according to its population which would save administration and work out well on a per capita basis. This would lessen the costs of determining residence in the social assistance cases.

Resolution requesting an amendment to the Municipal Act to empower municipalities to levy a licence fee for Public House licences equal to the amount collected by the Liquor Control Board licence was adopted by the convention.

Resolution requesting that it be made optional for municipalities having more than the suggested six aldermen for cities with a population of 10,000 to 50,000 that it be optional with these municipalities to retain its present number of aldermen was adopted.

Resolution requesting changes in the Municipal Act in respect to assessment of properties being listed through the crown was withdrawn due to new coverage in the new Municipal Act.

The resolution requesting a change in the Fire Department's Two Platoon Act and Fire Department Hours of Labor Act to authorize the fire chief to require the presence of any or all such members as may be necessary in his opinion, to stop the spread of fire and protect life was amended on suggestion of the UBCM's solicitor to read 'deal with serious fire' instead of 'to stop the spread of fire and protect life.' This resolution was adopted.

Resolution that the right of the municipality to tax property rented from the Crown where improvements only are so rented be clearly stated in the New Act was agreed to by the convention. This was the result of representation made by the city in respect to taxation of Crown Lands.

Attending the convention from Prince Rupert were; Mayor George Hills, president of the Union of British Columbia Municipalities; Ald. P. J. Lester, Ald. N. Bellis and city clerk, R. W. Long.

Prince Rupert Asked To Aid Grey Cup Project

Prince Rupert has been asked to participate "financially or otherwise" in British Columbia promotion in Toronto during Grey Cup Week, city council announced last night.

Twenty-three cities, 18 districts and four villages have been invited to join in the promotion.

Council decided last night to refer the invitation to the finance committee for consideration.

Headed by chairman, Alderman Frank Baker of Vancouver, the participation will be interested effort representative of B.C. The theme will feature the Pacific Great Eastern Railway and the 1958 B.C. Centennial.

Costs of promotion might reach $255,000, Ald. Baker said. The committee has already received grants totalling $10,000 from the city of Vancouver, the Pacific National Exhibition and the B.C. Lions football club.

KNYSNA, South Africa (AP) — Nine of a party of 20 African fishermen were drowned 150 yards from the shore here Tuesday when three of their four boats overturned in heavy seas.

City Asked To List Rail Crossings

Request from deputy minister of municipal affairs, J. E. Brown that City Council submit in order of priority the railway crossings in the district which are considered dangerous, for protection under the Railway Act, has been referred to the public works committee for consideration.

The federal vote for the railway grade fund was increased to $5,000,000 per year by an amendment to the Railway Act in 1955. The Board of Transport Commissioners is anxious to provide protection to as many railway crossings as possible, within the terms of the act and considering the funds available, the letter said.

Average crossing protection costs $8,000.

Cost of this protection is borne 60 per cent by the Transport Board; 15 percent by the railway concerned and about 25 percent by the municipality or department of highways, which ever is responsible for the maintenance of the road at the crossing.

Pair Given Six Years In Penitentiary

KAMLOOPS, B.C. (AP)—Gordon Cisco, 17, and Harold William Eusta, 20, charged with murder in the death of Johnny Sampson near Merritt April 22, Tuesday were convicted on a reduced charge of manslaughter and each was sentenced to six years in penitentiary.

A Supreme Court jury deliberated three-quarters of an hour before bringing in the verdict.

The defence contended that the accused, both from Merritt, had been so intoxicated at the time they could not have formed any intent to murder Sampson.

The trial had been postponed from September after a juror left his hotel room without escort while the case was in progress. During the second trial, the jurors were warned daily about their conduct.

Planes Hunt For Lost Trio

EDMONTON (AP)—The RCAF today battled time and freezing temperatures in a search for a woman and three men, missing for 12 days on a flight through 300 miles of partially uncharted wilderness inside the Arctic Circle.

With full winter imminent and daylight hours diminishing, the biggest aerial search in years in the Northwest Territories tracked and re-tracked the tree-lined area—barrens north and stunted trees south—to find two light aircraft and their tiny party.

Every available aircraft in the area sought pilot Dick Warner of Aklavik, N.W.T. and Edmonton, his passengers, Mr. and Mrs. Gerry Hunter, formerly of Nanaimo, B.C., and pilot George Gonzales, recently of Argentina.

Terrace Man Dies in City

Jimmy (Kam Hoo) Wong, proprietor of the Silver Tip Cafe at Terrace, died in Prince Rupert General hospital Sunday at the age of 46.

Born in Hoy San, China he came to Canada 38 years ago. He lived at Kelowna for a while before settling down in Terrace eight years ago.

Surviving are his wife Wong Mah Lai; five children, Billy, Cecil, Jimmy, George and Gertie May all of Terrace.

Funeral service will be held in Ferguson Funeral Home Thursday at 2 p.m. with Rev. J. A. Roskam of First Baptist church officiating. Burial will be in Fairview Cemetery.

Growers Seek Investigation

PENTICTON (AP)—More than 200 fruit growers decided at a meeting here Tuesday to press for a provincial Royal Commission to investigate the British Columbia fruit industry.

Growers said, "we want an impartial investigation to tell us why we get five cents a box for apples that sell for over four dollars at the retail level."

Water Report At "Dead End"

An interim report on Prince Rupert's sewer and water problems was discussed at City Council last night.

Staff Wishart, consulting engineer for Associated Engineers Service Ltd., told the council that 13 record drawings of the city's water mains had now been completed. A report on the water situation has come to a dead end, Mr. Wishart said because "we don't know what the B.C. Power Commission intends to do".

Careless Driver Fined $25, Costs

Henry Andre Walaschuk, a resident of Alberta, was fined $25 and $2 costs or in default 10 days in jail after he pleaded guilty before Stipendiary Magistrate H.F. Classey in police court this morning to a charge of driving without due care and attention.

WEATHER

Mostly cloudy with sunny periods today and Thursday. A few showers along the main land today. Winds variable light occasionally west at 15 today. Low tonight and high Thursday at Port Hardy 40 and 56, Sandspit 40 and 52, Prince Rupert 45 and 52.

Death Car Tampered With Says Witness

PORT ALBERNI, B.C. (AP) — A runaway car that struck and killed FO Leonard Samuel Wall Saturday one day after his wedding, had been interfered with on a parking lot, witnesses said Tuesday.

A coroner's jury found that the 25-year-old RCAF officer from Portage La Prairie, Man., died accidentally, but recommended fences or other safety devices for parking lots.

Mrs. Aryth Maureen Wall, 18, the victim's bride from Comox, B.C., said: "Suddenly he was not there. Then I saw him on top of the front of the car.

"I didn't clearly see the car coming. He fell down to the ground and I started screaming."

FO Wall was thrown against two other cars by the runaway vehicle. He died a short time later. The honeymooning couple had been walking side by side to their hotel when the car came down a steep incline behind them from the parking lot nearly a block away. FO Wall had just time to push his bride out of the path of the car.

Gordon Dufor said he parked the car, leaving it in gear with the emergency brake on. He said he found after the accident that the window was open, the gear in neutral and the brake disengaged.

Funeral Services Held at Telkwa For Pioneer Railroader G. W. Noonan

Funeral services were held Monday at the Anglican church at Telkwa for pioneer British Columbia resident and first Grand Trunk Pacific Railway agent at Smithers and Vanderhoof William Winsor Noonan.

Mr. Noonan died at Kitselas Friday at the age of 72.

Hymns sung during the service conducted by Canon C. Hinchcliffe, were "Safe in the Arms of Jesus" and "The Day Thous Gavest Lord, is Ended." Organist was Peter Hinchcliffe.

Active pallbearers were A. H. Irving, R. F. Phillips, R. Bates, E. Madigan, J. McDonald, C. P. Bussinger. Honorary pallbearers were Wiggs O'Neill, Hugh McLean, James Hargreaves, Emil Widen, James Pritchard, George Raymond, James Mullins, Asa Robinson and Hislop Thomas.

Born in St. Johns, Newfoundland, Mr. Noonan worked as telegraph messenger and agent in Cape Breton in 1907. He moved to Vancouver in 1900 and worked around Port Essington and Kitselas from 1910 to 1911 as telegrapher for the government. He then became the first GTP agent at Smithers and Vanderhoof until he moved to Telkwa in 1922 where he became the first CNR agent. Superannuated in 1940, he worked for several years as a bookkeeper until he was recalled to service with the CNR as an operator on a rock train between Prince Rupert and Kitwinga. He died on his way to a train derailment near Kitselas Monday.

Mr. Noonan was an enthusiastic baseball umpire and was active in the Anglican Church. He had been a member of the Order of Railway Trainmen since he was 19 years old.

Surviving besides his widow are three daughters, Mrs. Stanley Hill, Mrs. Arthur Bates, both of Telkwa; Mrs. F. Pipe of Hazelton; a brother, Harry of Windsor, Ont., four sisters and eight grandchildren.

Public Interest Necessity

IN RECOGNITION of International Museum Week which is now being observed, the local museum has organized a program to draw attention to its increasingly important place in the community and to its need for construction of a new building. The program was highlighted this afternoon by awards for the poster contest held to promote interest in the occasion among school children. As Museum Board President Dr. R. G. Large pointed out recently, the museum is receiving more public attention than ever before. The number of visitors going through grows larger every year and the support of various organizations and individuals has made it possible to add to the exhibits on display which contain some of the most valuable Indian relics to be seen anywhere. But the museum will never be able to function as it should until a new building for it is constructed. As things are, exhibits cannot be acquired on loan because the condition of the building prevents insuring them against fire. In addition, present circumstances make it difficult to display the exhibits so that they catch the eye effectively. It is possible that for the B.C. Centennial Celebration in 1958, Prince Rupert will decide to make a new museum building its community project to commemorate the occasion, in which case financial assistance would be forthcoming from the provincial government.

It is hard to imagine any undertaking more worthwhile or more in keeping with the purpose of the celebration. Meanwhile the continued interest of the public is needed to ensure that everything possible will be done to obtain a museum that will enjoy wide recognition and be an object of pride for the city. There is no more fitting time to show such interest than this week.

EAR-SIZE RADIO MOOTED

LOS ANGELES (AP)—Thimble-sized radio receivers you can wear in your ear are in the offing.

The devices, which will pick up only one station, were described Tuesday to the Society of Motion Picture and Television Engineers convention by Glenn Schmidt, consulting engineer, who said the radios, powered by a hermetically sealed battery, could be mass-produced for $1.50 each.

IT'S SCHOOL time again and that means milk time for growing youngsters. B.C. dairy farmers produce the best milk in Canada for the thousands of children in our expanding province. Seven-year-old Joanne Surphlis found her glass of milk by going right to the producer.

OTTAWA DIARY

By Norman M. MacLeod

From the moment Hon. George Drew's resignation was announced, the tactics of Saskatchewan's John Diefenbaker has been to avoid lifting as much as a finger to possess the vacant leadership crown. He has been determined to be drafted into the post, if he gets it at all.

The Diefenbaker strategy was particularly sound, since he was secure in the knowledge that the steps to draft him were certain to be taken. He knew what his friends were going to do and that in leaving everything to them he was taking no chances.

Furthermore, Diefenbaker's apparent attitude of leaving everything to popular demand tied the hands of his rivals, who felt that they couldn't gracefully take any lesser stand. The only trouble in their case was that none of them had a counterpart of Diefenbaker's under-cover organization.

In the two national conventions in which they went down to defeat, supporters of Diefenbaker learned valuable lessons which they are putting to good use in the present contest. This time they are really bent on victory and are leaving no possible factor to chance. The vigor of their campaign is reminiscent of the tactics which won the nomination for the late Hon. Dr. R. J. Manion back in 1940.

In fact, many Parliament Hill observers are asking themselves seriously if the Prince Albert MP's candidature hasn't got off to such a commanding lead already that it will be impossible for any rival faction to succeed now in heading it off? That's what happened when the Manion boom got out of hand back in 1940. By the time some of the Tory machine decided they wanted to put over colorful M. A. MacPherson, former Saskatchewan Attorney-General, they discovered they no longer were in control of the situation.

The major development of recent days has been the report that University of Toronto president Sydney Smith has decided against throwing his hat in the ring—or allowing it to be thrown in on his behalf. Whether or not his decision has been due to the demonstration of strength staged by the Diefenbaker forces isn't known here. But it may very well be that the college President's retirement represents the greatest victory so far of the Diefenbaker tactics. The main question-mark in the drama now becomes Toronto-Eglinton's Donald Fleming. With Sydney Smith out of the field, Fleming's candidature may be strengthened. But the Diefenbaker lead which he will have to overtake is lengthening daily.

Boost Price Of Liquor

VICTORIA (CP)—Six more liquor manufacturers notified the Brewers' Board Tuesday of price increases up to 15 per cent following boosts set last week by Seagram's, Alberta Distillers and Canadian Schenley.

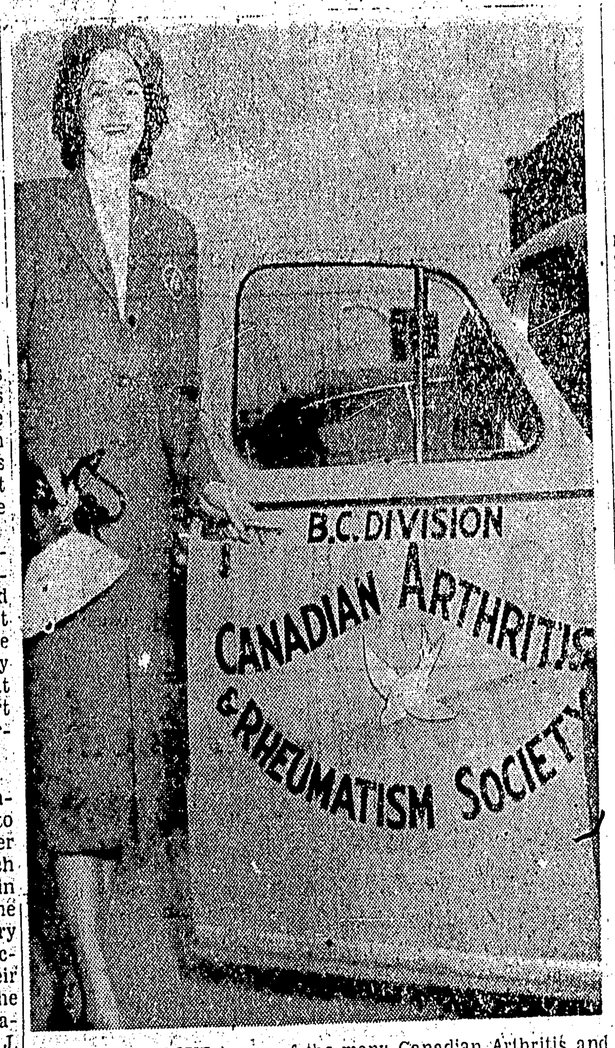
H. Corby Distillery Ltd., Goderham and Worts, Meager Bros. Ltd., Hiram Walker and Sons Ltd. Melchur's Distilleries and Redpath and Son all announced an increase.

Dorthy McGugan, chairman of the B.C. Liquor Control Board, confirmed that he had been advised of the increases.

Attorney-General Robert Bonner said no new orders for liquor produced by Seagram's and Alberta Distillers will be placed by the B.C. Board until a reply is received to the protest lodged last week by the liquor control boards of B.C., Alberta, Saskatchewan and Manitoba.

It was understood that the same protest will be made to the other companies which have increased prices but the attorney-general would not confirm that immediately.

Mr. Bonner said "the general increase to the liquor boards of British Columbia Liquor Control



PICTURED ABOVE is one of the many Canadian Arthritis and Rheumatism Society's "Bluebird" who assist in the treatment of patients who suffer from arthritis and rheumatism. In order to finance the Prince Rupert CARS clinic, the local branch is conducting a fund appeal October 15. Campaign chairman H. Weldon Steel today made an urgent appeal for canvassers. "We need a great many more volunteers to help us if the appeal is to be a success," Mr. Steel said.

VICTORIA REPORT

By J. K. NESBITT

VICTORIA— There's talk in this capital of all parties in opposition to Social Credit getting together to down Social Credit.

The CCF, however, the most important of the opposition parties just won't coalesce with any other party. It will maintain its own identity. The CCF would commit political suicide if it coalesced with any other party. The CCF will welcome Liberals and Conservatives into its ranks but the Liberals and Conservatives will have to stop being Liberals and Conservatives and call themselves CCFers.

Or perhaps there's an easier way out for them and it is this: the CCF will be very glad to have any votes that were formerly Liberal or Conservative.

The CCF, although it lost seats in the September elections, is by no means down and out. The CCF is sitting pretty; it is still the official opposition in the Legislature to the government. And that's very important. Political history always shows us that sooner of later the opposition party always become the government. As long as the CCF remains Her Majesty's Loyal Opposition and not just a rump group way down at the bottom of the house, like the Liberals are now, it's in a strong position and can go it alone, without ganging up with any other party.

If there's any coalescing to be done, it will be done between the Liberals and the Conservatives, though one doubts it could be very effective now since those two parties have been almost wiped out of the Legislature.

Years ago now, when the coalition of Liberals and Conservatives became the government of B.C., a certain man had to accept that coalition, although he didn't like it any more than any of the others who had to accept coalition. That man's name? W. A. C. Bennett. A Conservative.

He said that Liberals and Conservatives should forget their names and their parties, as such, and form a new Coalition party. Mr. Bennett, for such sentiments was frowned upon by his own Conservatives, and also the Liberals, who were only together for political convenience, to keep down the CCF. Both parties one day wanted to get free, one from the other. Mr. Bennett somehow knew this could never happen without ruin for both and he was so right, as so often he is in politics. There is some born political instinct in this extraordinary politician.

Liberals and Conservatives got free from each other, all right, or, to be blunt, the Liberals kicked the Conservatives out of Coalition in 1952, and we all know the result. Both have been practically wiped out.

Coalition of parties always eventually spells political ruin for the partners. That's why the CCF, if it's sensible, which it is, will never coalesce with any other party merely to keep temporary political advantage.

LINDA MITCHELL, 3, hides her face in the front seat of her father's car at Victoria where her troubles began. It happened like this: Left alone in the car, she accidentally released the emergency brake and the vehicle rolled 100 yards down an incline into another parked car. Damage was minor—except to Linda's feelings. (CP Photo)

Pursuit Cost $5,000,000 In Brink's Case

BOSTON (AP)—Now that eight men stand convicted of the $1,219,000 Brink's robbery, how much did the 6½-year pursuit cost?

That's a tough question. So many agencies used so many men working for such a long period that it's hard to account for all the expenditure. But the Boston Globe has come up with a figure.

After careful checking, The Globe says its estimates that the Brink's investigation cost $5,000,000—"better than four times the fabulous amount taken."

The newspaper says its figure is "strictly an estimate—no one can furnish an accurate amount, so it may have run higher." Scores of incidental expenses couldn't be estimated.

Half of the burden must be assigned to the FBI, The Globe says. It figures agents' salaries and expenses reached "a staggering $2,500,000"—figuring the average pay of an agent at about $7,500 annually.

State, county and city governments spent an estimated $2,000,000 more, The Globe says. And the nine-week trial which ended Saturday night cost another $150,000. Fees, meals and entertainment for the jury are figured at close to $20,000.

Peace River Seat Settled For SCs

DAWSON CREEK, (CP)—Stanley Carnell, Social Credit candidate, was confirmed during the weekend as victor in the new riding of Peace River South in the Sept. 19 provincial election.

Final counting of absentee ballots gave Mr. Carnell, 1,787 votes.

He was followed by CCF candidate Roald Dahlen, who counted 1,275. Hal Burton, Liberal, trailed with 456 votes.

Ornamental Plants

WASHINGTON (AP)—A plant explorer from the U.S. department of agriculture is going to Japan soon to collect new or little-known plants of ornamental value. Many such plants now in this country came originally from Japan, such as azaleas, camellies, cherries and hollies.

NEED QUALITY IN COURT ACTION

Says Bottle Opener Key To Death on Highway

VANCOUVER (CP)—A bottle opener is the key to death on the highways, George Lindsay, British Columbia superintendent of Motor Vehicles, told a meeting of the Alcohol Research and Education Council Tuesday night.

He said that 30 per cent of all auto accidents in B.C. are due directly or indirectly to alcohol.

The drunk driving problem is even worse than official records show, he added. In many cases persons aren't charged with drunk or impaired driving because the charges would be too difficult to prove.

"We need quality, not quantity in court action on traffic charges," he said. "We have a great number of minor charges."

B.C. Atlas Unique Says Bennett

VICTORIA (CP)—The first editions of the B.C. Atlas of Natural Resources came off the presses Tuesday.

The book is the product of a two-year $75,000 project carried out by the B.C. Natural Resources Conference, a non-profit group.

In a dedication, Premier Bennett says:

"This atlas is unique in North America, presenting for the first time for any province or state, in color map form and in associated text and photographs, the story of the people and their resources."

The 100-page volume contains 86 maps. A 700-page companion work, "the Natural Resources of British Columbia," will appear in a few days.

Temple Union

AHMEDABAD, India (Reuters)—Priests in Jain temples here have formed a union and won the right to 40 days annual leave with pay, and gratuity on retirement. But they must provide substitutes to insure that services are not interrupted.

BANDSMEN

There are some vacancies in the ranks of the HMCS Chatham Band.

Join the Reserve Naval Band and enjoy your music with pay. Auditions may be arranged by phoning 3516 between 6 and 7 p.m.

Former City Girl Wed In Canim Lake Ceremony

The wedding anniversary of her parents was chosen by bride Miss Viola M. Prendergast for her marriage to Raymond Young, September 26, before an arbor of evergreens and pink and white gladiola in the lounge of Minac Lodge, Canim Lake, B.C.

Rev. A. F. McSween of Kamloops, former pastor of Prince Rupert First Presbyterian church, where the bride was a member of the congregation and choir, officiated for the daughter of Mr. and Mrs. M. E. Prendergast of Canim Lake and formerly of this city and the son of Mr. and Mrs. W. T. Young, Castlederg County of Tyron, North Ireland.

Given in marriage by her father, the bride chose a white embroidered nylon net-over-bridal satin gown in ballerina-length. A dainty headband, fashioned of Lily of the Valley, held her chapel veil and she carried a bouquet of white gladiola and red rose buds.

Bridesmaid Miss Betty Ann Mounce of Vancouver, wore a two-piece sheath ensemble in beige tones with matching accessories. Her bouquet was composed of white gladiola and bronze colored chrysanthemums.

Brother of the bride, Donald M. Prendergast was best man.

During the signing of the register, soloist James Beckett sang "I'll Walk Beside You," accompanied by Mrs. Beckett.

At the reception, the bride's mother received the guests wearing a two-piece printed silk outfit, with accessories to match.

Autumn flowers and pink tapers flanked the three-tiered wedding cake, which centred the lace covered bridal table.

Hostesses Mrs. H. C. Nicholson and Mrs. Beckett were assisted by serviteurs Mrs. J. M. McLeod, Mrs. J. Watson, Mrs. H. Butler and Misses Ann and Netta McLeod.

Mr. McSween proposed the toast to the bride. J. A. Hawkins proposed a toast to the newlyweds on behalf of the community.

A two-piece tomato-red knitted suit with matching accessories was worn by the bride as she and her husband left for a two-week honeymoon at Eagle Lodge, Canim Lake.

Out-of-town guests attending were Mr. and Mrs. Beckett of Vancouver, Murdo McLeod, uncle of the bride and Misses Ann and Netta McLeod, aunts of the bride, all of Prince Rupert.

Born and educated in this city, Mrs. Young has been employed on the staff at the Vancouver Crippled Children's hospital for the past eight years. Mr. and Mrs. Young will make their home in Canim Lake.

The famous "Golden Boy" statue atop the dome of the Manitoba legislature is visible for miles around Winnipeg.

Baby's little colds and fevers don't bother me now

When little sniffles or runny nose warn of coming colds — give Baby's Own Tablets at once. Sweet-tasting Baby's Own Tablets act gently but promptly to clear bowels of waste materials that make baby feverish and restless — and thus help Nature throw off colds. Used by millions of mothers, too, at teething time for relief of feverishness, gas, poor appetite, tummy upsets, etc. due to irregularity. Get Baby's Own Tablets at your druggist today. Clinically endorsed for efficacy and safety.

BABY'S OWN TABLETS

• NEW! BABY'S OWN COUGH SYRUP, made especially for babies. Unusually soothing — quickly relieving. Pleasant. Won't upset digestion.

Lamb's NAVY RUM

JAMES S. BURNS, Great West Life Assurance company representative here led his firm's British Columbia branch in sales, it was announced here today. In a letter from branch manager C. F. Dunfee, Vancouver head office, Mr. Burns was told that with a $90,000 total of sales he led the rest of the company's representatives in B.C. Mr. Dunfee said that Mr. Burns had made a valuable contribution to branch totals.

PERSONALS

Mr. and Mrs. Andrew Letourneau, 630 Sixth Avenue West, left by Canadian Pacific Airlines plane today for Vancouver where they will attend the wedding of their son Derrick Letourneau to Miss Janet Gilhooley of Vancouver in St. Patrick's church, Saturday. The bridal couple will arrive in the city Monday by plane to spend a two-week honeymoon here. Mr. and Mrs. Letourneau will also return home Monday.

Mr. and Mrs. Fred Jones, Elizabeth Apartments, returned home yesterday afternoon by CPA plane after a brief stay in Vancouver where they attended the funeral service of Mr. Jones' father, Isaac Jones, Saturday morning.

Mrs. John F. Magor, 431 Fourth Avenue West, reutrned home Sunday by CPA plane after a three-week stay in Ottawa where she visited her family and later made a brief visit to Vancouver.

Mrs. Arthur Shaw, 240 Fourth Avenue West, arrived back in the city over the weekend after spending a three-week holiday in the south, visiting in Seattle, Vancouver and in the Okanagan.

Readings Set Tonight For Musical

"Burlesque" a musical, chosen by the Prince Rupert Little Theatre group for its first production of the 1956-57 season, requires a large cast and an even larger backstage crew, it was announced today.

All interested persons are asked to turn out for readings of major roles tonight in the Prince Rupert Civic Centre Ladies lounge.

The play tells the story of "Bonny and Skid", the leading lady and her irresponsible husband, during the time when burlesque was a family institution.

Besides the acting cast, volunteers are needed for costumes, lights, scenery and make-up.

Ex-City Man Gets New Post With CNR

Special to The Daily News

EDMONTON — Raymond A. Fisk, a native of British Columbia, has been appointed district engineer for Canadian National Railways at Edmonton. He has been serving as assistant engineer, maintenance of way, at Winnipeg since 1954.

Born at Prince George, Mr. Fisk joined the CNR as a rodman on the Smithers division in 1941 and became assistant draftsman at Prince Rupert the same year. He enlisted with the RCAF in 1942 and served as a Flying Officer until 1945 when he returned to the CNR as instrumentman at Prince George. In 1949 he was made office engineer at Vancouver and the following year returned to Prince Rupert as assistant engineer. He was made assistant division engineer at Victoria in 1951 and division engineer there in 1953.

Mr. Fisk is a member of the American Railway Engineering Association, the Association of Professional Engineers of British Columbia and the Engineering Society of British Columbia.

Teen Talk

Teenagers are becoming more capable of taking adult responsibilities. This statement refers in general and not in exception. The grown up person is constantly aware of the fact that the younger generations are becoming more outgoing and independent. We have many excellent examples of "teenagers becoming more capable." For instance: the Air Cadet Teen Dance which was held last Friday night in the Armories was totally planned and carried out by the young people. The only aid received from adults was asked for refreshments (Ladies Auxiliary to Cadets) and chaperones. The teenagers themselves know what they want and need. They can produce much more unity and well-being in the community if they help educate themselves and become broadminded. Broadmindedness is what makes the world go round.

Another excellent example of teenagers accepting adult responsibility is the Prince Rupert Civic Centre Teen Club. The motto of this association (in which any Civic Centre members from Grade 7 in school to the age of 21 can join) is "For the Teens, By the Teens." Does not the good work of the Teen Club prove that the young people of Prince Rupert are trying to better themselves in education, social activities, and community oneness. Speaking of community work, the Tag Day for the Blind held last Saturday was staged by teens (with adult guidance) but the High school students sold tags nearly all Saturday downtown and Friday afternoon at the Cellanese, to aid the blind. This was adult interest taken in a large field.

Many clubs and activities performed, by and that will be performed by the young people of Prince Rupert today will prove that the teenager is taking a more mature outlook on life than ever before.

There will be a **Mass Meeting** on October 19 for all interested in becoming Teen club members. At the meeting the nominations for various posts in the club will be presented. If you want your Teen club to have the best possible council, then turn out and vote. The fully edited club constitution will be presented also. All young people (13 to 21) are welcome. Come and bring as many teens as you can. Watch for notices of this meeting.

There is a Teen-Club council meeting tonight in the Civic Centre at 7:00.

Be seeing you at the Mass meeting!

Funeral Held For Braman Baby

Funeral services were conducted at Ferguson Funeral Home Saturday afternoon for Debra Edith, infant daughter of Mr. and Mrs. Ernest Braman of Portage La Prairie, Manitoba, formerly of this city.

The three-month five-day old baby died October 2, following a short illness in Portage La Prairie.

Hymns sung were "Precious Jewels" and "Safe in the Arms of Jesus." Organist was Mrs. E. J. Smith. Salvation Army Captain Stanley Armstrong officiated.

Two Men Tied In SON Whist Readings

Kenneth Laird and Ted Rorvik tied for men's pool in the Sons of Norway weekly whist drive and dance held Friday night in the SON hall. Mrs. John H. Pritchard took women's pool.

First prize winners were Mrs. Jean Muma and John Mostad while second prizes went to Mrs. Thomas Beattie and Joseph Kilby.

Committee in charge of the evening's arrangements were Mrs. Oscar Giske, Mrs. Gunnar Selvig, Mrs. John Ritchie, Oscar Havroy, O. K. Olsen, Nels Gunderson and John McNaughton.

Militia Orders

Training parades in the 6th Avenue Armouries every Monday and Thursday.

Fall-in parade at 1955 hours.

Dress — Battledress. Berets, (Band: Glengarries), Kakhi web belt, boots, puttees.

C.W.A.C.—Winter dress.

Orderly Officer Lt. J. C. Ewart.

R. W. LEWIS, Capt.
Commanding Officer,
120th HAR DEF TP
RCA (M).

NO SHEEP

Shepherd Market, historic area of London's Mayfair district, was named after the 18th-century architect Edward Shepherd.

FOOD SHORTS

Combine a package of vanilla pudding mix with 1 tablespoon instant coffee and cook according to package directions. Cool. Fold in ½ cup heavy cream, whipped, and ½ cup slivered, roasted almonds.

Spread thin pancakes with mayonnaise, chopped chicken and chunks of ripe olives. Roll and keep hot in oven until all are complete. Top with cranberry sauce. Makes a tasty luncheon or light supper.

Pair off canned cling peach slices and fresh grapefruit sections for perky individual salads. Dress with French dressing and a sprinkling of canned coconut flakes.

Bowls of steaming black bean soup topped with thin slices of avocado are usually delicious. Use canned soup and while it's heating, stir in a couple of tablespoons of red table wine.

To add a gourmet touch to ripe olives, marinate them in enough red table wine to cover. Makes wonderful food to nibble before or during a meal.

All-Stars Hold Champs to Tie

Richard, Lindsay Only Scorers As 10th Classic Ends 1-1

MONTREAL (CP)—The National League's All-Star combination and Montreal Canadiens, Stanley Cup champions, battled it out to a 1-1 tie Tuesday night in the annual classic before a crowd of 13,097 in the leagues 10th All-Star game.

Both goals were in the second period, Maurice (Rocket) Richard scoring for Canadiens and Ted Lindsay of Detroit Red Wings for all-stars.

As a prelude to the season's opening games Thursday, All-Stars and NHL champs both played smart defensive hockey in settling for the draw.

It was the third time the annual game has resulted in a tie—both of the previous draws having been when the first and second all-star teams in the NHL met. Since then the game has got together the All-Stars of the league against the Stanley Cup champions. All-Stars have packed away five victories and Detroit Red Wings only championship team to win over the leagues top notchers have won twice.

RICHARD STARTS SCORING

Rocket Richard scored at 14:58 of the second period while George (Red) Sullivan of New York Rangers was serving a holding penalty. The Rocket was pegged 25 feet in front of the net when he picked up Bert Olmstead's pass and fired a shot past goalie Terry Sawchuck of Boston.

Lindsay evened the score four minutes later when All-Stars ganged up on goalie Jacques Plante of Canadiens and the Detroit Left-winger rifled in a drop pass by Gus Mortson of Chicago Black Hawks. Plante was scrambling back into the net when Lindsay scored.

Plante played the full game in the nets for Canadiens, while Glen Hall of Detroit and Sawchuk split the chore for All-Stars. With solid defences in front of them, all three goalies turned in good performances.

Last season Canadiens ran up a total of 222 goals, but only the Rocket could get one into the net Tuesday night. The combined total for All-Stars last season was 316, including 38 for Gordie Howe of Detroit, who had to miss Tuesday's game because of an ankle injury.

John Laporte, Tom Sedgwick Top Men's Loop

John Laporte of Cooks Jewellers rolled high single game of 303 and second high three with 687 in Group 1 of the Men's Five Pin Bowling League Monday. High three for the evening in the same group was taken by Tommy Sedgwick with 739 who closed in behind Laporte to take second high game with 295.

Cooks Jewellers took both team high single and high three with scores of 1,123 and 2,988.

In Group 2, G. Ronson, of Babcock Fisheries took high single game with 287 while Skip Lorrie of Esso Fuel Service took next place with 270. Jim Lenluk of the Dusteaters took high three with 675 while M. Herchuk was a far second with 626. Esso Fuel Service took high single with 1,005 while Dusteaters captured team three with 2,712.

Monday, October 15 the league will bowl the final averages after which the teams will be split into A and B leagues. This Monday Group 1 will bowl at 7 p.m. and Group 2 at 9 p.m.

Swimmer Breaks 400 Metre Mark

BRISBANE, Australia (AP)—Murray Rose, 17-year-old Sydney swimmer, was clocked in four minutes 29.2 seconds Tuesday in an unpaced 400-metre training swim on the long course at Brisbane pool.

This is the first time 4½ minutes has been bettered for the 400 metres over the long course. The listed world long course record is four minutes, 30.7 seconds by Frenchman Jean Boiteux.

INDIAN NAME

Petawawa, the army training centre near Ottawa, and the surrounding area was named for an Indian word meaning "murmuring water."

ROBINSON RARIN' TO GO, WANTS ANOTHER SEASON

By WILL GRIMSLEY

BROOKLYN (AP)—Jackie Robinson, feeling "like a kid again," wants to help Brooklyn win one more National League pennant before retiring.

"I feel I've got at least one more good year in these old legs of mine," he said after delivering the blow which gave the Dodgers a 10-inning 1-0 victory Tuesday in the sixth game of the world series.

"I want to play one more year. I'm sure I can help them in another pennant. Next year at this time I may feel I'm good for another year. As long as that's the case, it's going to be hard for me to do something softer—like managing."

TO MANAGE ROYALS?

Robinson is rated topflight managerial material — although no Negro has led a professional team in the United States—and his name has popped up as possible manager of Montreal Royals, Dodger farm club where he first broke into organized baseball.

Robinson is 37. The muscles which made him an all-star athlete at UCLA still ripple over a frame of six feet, 195 pounds. Fierce competitive fire still burns in his every fibre.

The graying Dodger infielder, completing his 10th season in the majors after becoming the first Negro to crash the barrier, took a frank inventory of his assets and liabilities as he sat in front of his locker after the sixth game.

LEGS STILL GOOD

"I've slowed up some—a step and a half," he said. "But my legs feel as good as ever. I think my eyes have lost nothing and my co-ordination is okay . . .

"I don't worry about situations anymore," he said. "I don't go up to the plate tense and determined. I don't say to myself 'I've got to get a hit. I've got to win the game.

"Instead I go up there without a worry or a thought whatsoever. I feel myself I'll do the best I can. If I get a hit, fine. If I don't why fret? There's another day."

FLYERS UPSET WARRIORS 3-2

Rookie Olson Scores Clincher For Royals

By The Canadian Press

Edmonton Flyers and New Westminster Royals joined the early winners circle in the second night of the Western Hockey League schedule Tuesday, Edmonton beating the defending champion Winnipeg Warriors 3-2 in overtime and New Westminster winning 5-3 over Seattle Americans.

Other teams in the eight-team league with wins to their credit are Brandon Regals and Victoria Cougars.

New Westminster and Seattle will move to Seattle tonight for their second game and Brandon and Calgary will meet in Calgary in their second clash.

McCREARY NETS WINNER

In Winnipeg Tuesday night Bill McCreary fired the winner at 2:21 of the sudden-death overtime period after Warriors had come from behind to tie the score. Edmonton led 3-1 at the end of the second after a scoreless first period.

Besides McCreary, the Edmonton scorers were Len Lunde and Don Poile. Skippy Burchell and Earl Ingarfield were the Winnipeg marksmen.

Both teams played early season hockey, with erratic passing and disorganized playmaking.

ROYALS TAKE LEAD

The Royals grabbed a 2-1 lead in the first period in the game in New Westminster and were ahead 3-2 at the end of the second.

Max McNab, their playing coach last season, had a goal and two assists while rookie right-winger Ollie Olson counted two goals and had one assist. The other New Westminster goals were scored by Gord Fashoway and Aggie Kukuliwicz.

Ray Kinasewich scored twice for the Americans. Guyle Fielder assisted on one and scored a goal himself.

The Royals held an edge in play through most of the game and were in front except for 13 minutes in the last period after Kinasewich scored his second goal to tie the score at 3-3. Olson's goal provided the winning margin for the Royals.

Three Stamps On Waivers List

CALGARY. (CP)—Calgary Stampeders of the Western Interprovincial Football Union have placed quarterback Don Klosterman, halfback Peter Muir and Louis Wacker on the waivers list. Klosterman, 26-year-old import from Loyola University and Los Angeles Rams, was replaced last week by Ronnie Knox.

Muir, 24-year-old former Vancouver junior, played with West Washington College.

Series "Proud" With Pitching

BROOKLYN (AP)—Suddenly the 1956 world series, which started as a shabby slugging set, has become proud with pitching.

There was, of course, the perfect no-hitter by Yankees Don Larsen in the fifth game—something never done before in a series game and few times anywhere.

But how about the five-hitter against Larsen? And now about that double nine-inning shutout by Clem Labine and Bob Turley finally snared by Labine Tuesday as the Dodgers won 1-0 in 10th?

"Let me tell you we've really seen some pitching the last few days," said Dodger manager Walter Alston.

Strong Montreal Squad Enters NHL With No Rookie Players

MONTREAL (CP)—The National Hockey League swings into its 40th season Thursday and the word around the six league cities is "watch Canadiens."

The powerful Montreal squad is going into the campaign without a rookie in the lineup. All the players are holdovers from last year's squad which finished a comfortable 12 games ahead of Detroit.

And that's where most observers think the Canadiens will wind up again—well ahead of the pack. The only players not back with the team are defenceman Butch Bouchard, who retired, and centre Ken Mosdell, sold to Chicago. Both saw little action in the last part of the 1955-56 season.

The Canadiens will not see action opening night. The first two games have the Toronto Maple Leafs at Chicago and the Boston Bruins at Detroit.

The Red Wings are considered the main threat to Montreal's supremacy. League champions for seven consecutive years before Montreal broke the monopoly last season, they still have potent scorers in Gordie Howe and Ted Lindsay, an outstanding defenceman in Red Kelly and a sound goalie in Glen Hall.

The other four teams are expected to battle it out for the remaining two playoff positions. New York and Toronto won the berths last season, with Boston and Chicago sitting out.

NEW MOVEMENT

Toronto has instituted a youth movement this year under new coach Howie Meeker and is an unknown quantity. The Black Hawks are still in the middle of a rebuilding program.

One of the individual highlights of the 1956-57 season will be the attempt by Maurice (Rocket) Richard of Montreal to become the greatest goalgetter the NHL has ever known, is within 40 goals of the 500 mark. He got 38 in regular season play last season.

Argos' Voice Complaint Over Judge's Decision

TORONTO (CP)—Bill Ross, president of Toronto Argonauts, says he has complained to the Big Four football union over officiating in Argonauts' game with Hamilton Tiger-Cats here Monday.

Ross said Tuesday night the complaint went to Cec McFaddin, a member of the union's board of reference.

Ross did not mention names but other Argonaut officials were critical of the job done by Jimmy Simpson of Hamilton, judge of play at the Monday game.

Meanwhile, Seymour Wilson, Big Four referee-in-chief, said in Hamilton he had viewed a film of Monday's game, which Hamilton won 34-29.

"I saw nothing wrong with the work of Simpson in that game.

MONTREAL ALSO COMPLAINS

Wilson also said he had talked with coach Pinhead Walker of Alouettes about a Montreal beef over officiating.

"He told me that he had no more complaint against Simpson than against any official of the league," Wilson said.

Montreal is reported to have asked Wilson not to appoint Simpson to future games played by the Alouettes.

Wilson also said there are "at least four officials who will be through this year if they don't show marked improvement."

Remember When

Carl Erskine, Brooklyn Dodgers' righthander, set a world series record for strike-outs by fanning 14 Yankees in the third game of the series three years ago last Wednesday. It was the first victory for the Brooks in that series, which the Yankees won by four games to two to become the first club to win five world championships in succession.

HAGERTY DROPPED

TORONTO (CP) — Defensive backfielder Jim Hagerty was dropped by Toronto Argonauts of the Big Four football league Tuesday night because of an injured achilles tendon. He had the same tendon trouble before he was cut by Washington Redskins of the National Football League earlier this year.

Wheat Cargoes From Vancouver Show Increase

VANCOUVER (CP)— More than 20,500,000 bushels of wheat has been shipped from elevators here in the current shipping year, compared with 13,000,000 bushels in the same period last year, grain trade officials said Tuesday.

Grain dealers and Canadian Wheat Board officials said overseas demand for Canadian wheat and barley is quite firm. Last year's total exports were 102,435,000 bushels.

"HAT TRICK" HELPS WIN

LONDON (Reuters)— A "hat trick" by centre-forward Kack Laybourne helped the British Olympic football team beat Luton Town, the English first division club, 3-2 Monday night.

In a representative match at Coventry, League III south beat League III north 2-1.

Former Anyox Man Named As Canadian Navy Director

OTTAWA (CP)—Commander (S) William James Floyd, 39, of Halifax and Ottawa, has taken up the appointment of Inspector of Supply and Fleet accounting at headquarters, it was announced here.

Succeeding Cdr. Floyd as director of service conditions and welfare will be Cdr. Thomas Henry Crone, 37, of Vancouver and Halifax, who has been in the United Kingdom on a Joint Services Staff course.

Cdr. Floyd was born in Halifax on December 17, 1916. He entered the Royal Canadian Naval Volunteer Reserve in the writer branch in September, 1939, and gained a commission as a probationary sub-lieutenant in January, 1943. He transferred to the regular force in March, 1946, and subsequently served at sea the destroyer HMCS Nootka and cruiser HMCS Quebec. He was deputy naval secretary (personnel) and secretary to the Chief of Naval Personnel before he became director of service conditions and welfare in September, 1955.

Cdr. Crone was born in Anyox, 90 miles north of Prince Rupert, B.C., on March 1, 1919. He was educated in Vancouver, where he attended the University of British Columbia and began training for a high school teaching profession.

He entered the Royal Canadian Naval Volunteer Reserve in November, 1941, as a probationary sub-lieutenant, and subsequently served at sea in corvettes and destroyers and in command of minesweepers and motor launches.

Cdr. Crone took his discharge in 1945 to return to UBC to complete his high school teacher's training and take a post graduate course in psychology, after which he re-entered the navy, this time in the regular force as an instructor lieutenant.

After serving as a personnel selection officer for several years, he transferred to the executive branch and served in HMCS Crescent and later in HMCS Quebec.

Game Inspector C. F. Kearns Dies in Victoria

VICTORIA (CP)—Charles Francis Kearns, an inspector for the British Columbia Game Commission since 1938, died here Monday night at 61.

Mr. Kearns, who served with the Royal Air Force in the First World War, joined the Game Commission in 1929 after serving with the British Columbia Provincial Police Force.

He was appointed Game Inspector in 1938 at Nelson.

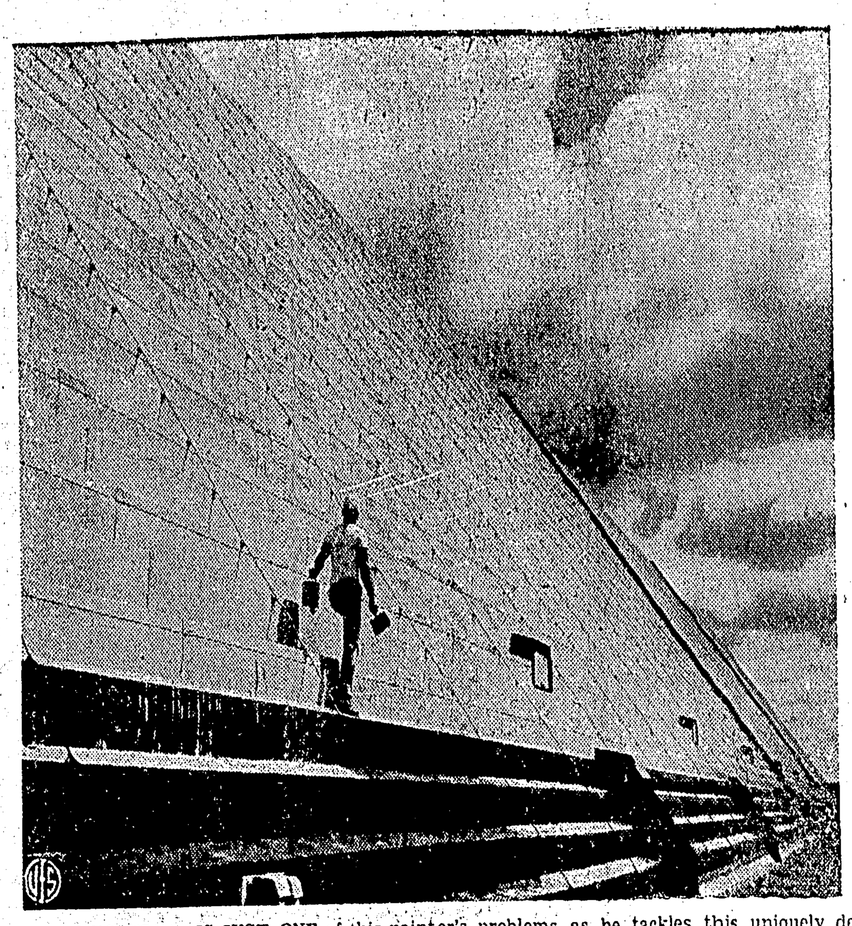
Mr. Kearns was transferred to Victoria last August as game inspector for Vancouver Island.

He is survived by his widow, Dorothy, a 22-year-old daughter, Sheila Ann in England, and a son Lionel John attending the University of B.C.

Funeral services will be held here Saturday.

Growing Bigger

WELLINGTON, N.Z. (CP)— The health department reports boys at five years of age in New Zealand now average an inch taller than 20 years ago, and three pounds heavier. Girls show slightly smaller increases.



WHERE TO START IS JUST ONE of this painter's problems as he tackles this uniquely designed Cargill grain elevator—the world's largest single bin—at Port Cargill near Minneapolis. Painting the giant structure, which is longer than two football fields and holds 7,000,000 bushels, requires 14 men, six weeks' time and 1,500 gallons of paint. It will guard nearly $20,000,000 worth of farmers' harvests from moisture, wind, insects and other hazards.

Queen Dances Rock 'n' Roll At Big Party

IVER, England (CP) — Queen Elizabeth danced to rock 'n' roll music until the wee hours today at a gay 21st birthday party for her cousin, the Duke of Kent.

"It was all very regal, you know," said a fellow guest.

"You couldn't say she actually did the rock 'n' roll herself, but she did dance animatedly."

Her partner as the band played "See You Later, Alligator" and "Rock Around the Clock" was Lord Dorchester, 32-year-old peer.

Nearly 200 royal personages and members of London's high society helped the duke celebrate his coming of age at Coppins, the home of his mother, the Duchess of Kent. The party lasted from 9 o'clock Tuesday night until the last guests straggled out at 5 a.m. today.

QUEEN LEFT AT 3 A.M.

The Queen and the Duke of Edinburgh left just after 3 a.m. for the 20-mile journey back to Buckingham Palace.

Some of the younger set rocked 'n' rolled, with varying degrees of skill, until nearly dawn.

The gay young duke is as devoted a rock 'n' roll fan as many of his contemporaries. The duke is seventh in line of succession to the throne.

The party was divided into two sections. First came a private family dinner party, attended by the Queen and the Duke of Edinburgh, then a dance for about 130 young friends of the duke and his 19-year-old sister, Princess Alexandra.

It was the most important social event of the season, and London's glittering west end Tuesday night was left to the tourists and the second-string social set.

Eisenhower Plans Drive For Prized Labor Vote

WASHINGTON (CP)—President Eisenhower, carrying his campaign into the industrial city of Pittsburgh, apparently has aimed at breaking the traditional Democratic hold on the prized labor vote in the United States November election.

In a one-night stand in the heavily populated key state of Pennsylvania, the president on Tuesday night trotted out the record of his four years of administration and larded it generously with references to the benefits American labor has gained under Republican rule.

He pointed pridefully to a record share by labor in the U.S. national income, extension of unemployment, low jobless figures and non-interference of the federal government in labor-management relationships.

American labor has supported the Democratic party for the last quarter-century and this year's Democratic ticket, headed by presidential nominee Adlai E. Stevenson, already has the endorsement of the powerful AFL-CIO, which claims membership of 15,000,000. Democratic candidates also have the support of other important segments of the labor movement, including John L. Lewis' independent United Mine Workers.

Besides bidding for the labor vote, Eisenhower also was striving to keep Pennsylvania, which gave him 52.7 per cent of its popular vote in 1952, within the Republican column. Pennsylvania commands 32 of the 531 electoral votes which will determine the outcome of the Nov. 6 presidential voting.

TALKS OF RESOURCES

While Eisenhower wooed his adopted state—he now has a farm at Gettysburg, Pa.—Stevenson struck off into the far west and accused the Republicans of eroding the country's national resources.

Speaking at Great Falls, Mont., he said the Republican party "strongly favors" development of national resources "for private profit," which was "what we might have expected from an administration dominated by a single-interest—big business."

Earlier, in Chicago, Stevenson produced another in a series of documents outlining his policies for a so-called "new America," and called for federal assistance to make comprehensive private health insurance available to all Americans on a voluntary basis. He reiterated his opposition to "socialized medicine"—a term often used to describe compulsory health insurance.

Reporting to Democratic state chairmen in a country-wide telephone hook-up, he said the party's over-all campaign is "progressing well" and "all around us we sense a rising tide of optimism."

"We are winning the campaign."

OUTDOORS with MARTY

By ERIC S. MARTIN
Daily News Outdoor Columnist

The moose are finding the way into town now. **Ron Stewart** and **Bob Kelsey** had good luck, so did **Jim Cazes** and his son. **Bud Schuman** and **Gene Holliston** also clicked, while **Howard Harding** brought back a pair of Coast deer from the **Charlottes**. Believe there is a whisper around that **George Cook** got one as well, but he is not talking it up any more than **Bill Laird** is anent his moose.

That wonderful perennial **Jack Jenkins** took a well known couple on a goat hunt, a severe operation for anybody not in the best of shape, and the trio gets much credit from your scribe for the two goats they brought out. Hats off to Jack, and **Doug Kerr** and **Percy Berg**.

A foursome including **Lloyd Lahti** connected with two good bulls, a very satisfactory result; and some of the **Prince** brothers plus an **Anderson** (not sure of first name) rang the bell on moose. **Mel Bussey** once again sent his moose home from Vanderhoof, reckon it is too heavy to bring over our super highway by automobile, but he cares little for the express charges anyway. Never tell Mel there is a better moose rifle than the .270, not so long as he gets meat regularly with it!

Vic Duplisse and **Fred Grimble** are reported as successful on moose, also **Fred Murray**, one of the numerous **Martins** (Al?) and about seven other parties. Cannot give further details since they have not yet reached me, but over two dozen bulls have been cityfied already, and the season still plenty young. Good luck, hunters!

'Dom Dominato is expected back from the other side of the Rockies with a bag of Canada geese shortly, erstwhile partner **Tommy Boulter** engaged on higher learning at UBC could not make the trip; he'll be sorry!

More bad news on wrong handling of the .22 rifle by our younger people, and one lad badly hurt; this in a very nearby town. We cannot too strongly emphasize that any rifle, just any rifle or shotgun is made for just one purpose, namely, to kill or seriously damage. Therefore, never under any circumstances point even an empty firearm at anybody or anything that you do not intend to kill or seriously damage. This is my attitude towards firearms, I treat them as always loaded, I always take that trifle of extra time and care in the field, on the range, or right at home; do you the same and you will stick around to teach the same creed to others.

The tourist season now waning has shown a huge upsurge in the use of tent and trailer, yet motels have had no lessening in business. The Comox-Campbell River area caters to more sports anglers every year, accommodations increase steadily, the circle enlarges as news of excellent sport travels further afield, and the end cannot been seen. Here at home we have all the potential for high-volume tourist business, our different weather can be used as part o fthe stock in trade, for it is no deterrent to visiting angler or hunter who will not fail of success if handled by competent guides.

Obvious Line of Play Not Always Best Procedure

One angle which even experienced players have to watch is the tendency to make the obvious play—the play which has turned out well for them on hundreds of previous occasions.

3 NT	All Pass		

Playing a no trump contract, for example, it is usually best to set up your longest suit first. But that is not always the best procedure. The fine player is constantly on the alert to recognize those cases where deviations from "normal" lines of play must be made.

Mr. Abel is a pretty fair player but he is often guilty of carelessness and failure to think out each specific problem of play.

SEVEN TRICKS

In today's deal he got the trey of diamonds opening and killed Mr. Champion's jack with the ace. He saw that he had two sure winners in the diamond suit, three heart tricks, a cub trick and at least one spade trick—a total of seven.

Now he figured that if he could break the club suit 3-2, he could win three tricks in clubs, bringing the total up to nine. He had a total of eight clubs in his hand and dummy, leaving five for the opponents. By giving up two tricks he could win three.

This was all very fine, except that in the process the enemy won five tricks in all, defeating the contract. On the lead of the ace and another club Mr. Dale won the second club and returned a low diamond. Mr. Abel won with the ten and fired another club, losing to the queen.

Mr. Champion led back his last diamond and Mr. Dale won two tricks in that suit. On the last diamond, Mr. Champion flashed the eight of spades and a lead to the ace of that suit put the hand down one.

Mr. Abel should have gone after the spade suit, leading a spade from his hand at trick two and finessing dummy's nine. A subsequent finesse of the ten spot would have brought in three tricks in the suit, enough for the contract.

Of course Mr. Abel had to be lucky to make this one at all. He had to find the jack of spades on his left. But that was no worse than a 50-50 shot, whereas his plan of trying to develop the clubs involved certain defeat—unless the defenders made some horrible defensive error.
