Farewell Gathering Is Held At Terrace

TERRACE, May 15.— A very pleasant gathering was held at the home of Mr. and Mrs. E. T. Kenney on Monday night when the music club of Knox United Church met to bid farewell to its leader, Mrs. Adam Crisp.

The members of the club gave a fine rendering of solos, duets and choruses during the evening.

Games and contests were also enjoyed by those present.

Following the serving of refreshments, a presentation was made to Mrs. Crisp of a beautiful local view in color.

DRAMA IS POWERFUL

"Angels With Dirty Faces" is Feature Picture for First Half of This Week

Hailed by critics as a most powerful human drama, "Angels With Dirty Faces," starring James Cagney, Pat O'Brien, the "Dead End" kids, Humphrey Bogart, George Bancroft and Ann Sheridan, comes as the feature offering to the screen of the Capitol Theatre here for the first half of this week.

The story is that of two boys from the slums of a great city who took opposite paths, one to the shadowy realms of the underworld and the other to the estate of a priest. The conflict between these two characters, with the lives of thousands of boys as the grim stake, makes for strong drama and carries a deep message.

James Cagney is the hard guy, reckless, daring and invulnerable until he clashes with Pat O'Brien, the priest who loves and hates him. O'Brien serenely sacrifices his personal happiness and safety so that the slum boys grow up into good and useful citizens.

The "Dead End" kids contribute their unique talents for both comedy and drama and then serve as the unwitting motivators of the tale's climax. Humphrey Bogart and George Bancroft are sinister underworld characters. Ann Sheridan is talented as Cagney's sweetheart.

Whifflets
From The Waterfront

Jarvis (Hickey) McLeod, one of the Prince Rupert Daily News boys and winner of a recent contest with the prize a trip to Vancouver and Victoria to see the King and Queen, will join the steamer Prince Robert for the summer and will be on the big coastal liner when she carries Their Majesties from Victoria to Vancouver at the end of the month. Hickey, who is a member of the Sea Cadets here, has been appointed bridge boy on the Robert.

Having been delayed by heavy traffic along the coast, Union steamer Catala, Capt. James Findlay, was late in arriving at 12 midnight from the south. The vessel sailed a couple of hours later for Stewart, Anyox and other northern points whence she is due back here tomorrow morning southbound.

With a list of 150 passengers including Northern British Columbians and Yukoners going north for the season after having spent the winter in the south, C.P.R. steamer Princess Louise, Capt. S. K. Gray, arrived in port at 8 o'clock this morning from Vancouver and sailed two hours later for Skagway and other northern points whence she is scheduled to call here southbound on Saturday afternoon. There were three passengers disembarking here while upwards of twenty took passage for the north aboard the vessel from here.

There was a filip in trolling during the fine weather of last Thursday and the most of the boats did quite well. However towards the end of the week wind came up again and the fishing fell off. One American boat caught ninety-seven springs on the Flats on Thursday while one Canadian boat received $120 for the fish it caught during the day.

F. M. Burns and G. E. Norris, customs inspectors, were here aboard the Catala last night going through to Stewart on official business.

W. J. Crawford was a passenger aboard the Catala last night returning to Stewart after having been for the past three weeks in Vancouver on business.

NEW AND BETTER
COLD CURED ICE
For the Halibut and Salmon Fleets
Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.
Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.
Fishermen are invited to inspect the new system.
Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
