CHARGE WAS IRRESPONSIBLE IS REV. MR. KERR'S ANSWER

TOOK NO PART IN THE ELECTIONS, EITHER DIRECTLY OR INDIRECTLY—COUNCIL MADE TIRADE ON THE MINISTERS.

At the Presbyterian service in the Empress Theatre on Sunday evening, Rev. F. W. Kerr replied briefly to the attack made upon him by ex-Mayor Newton through his organ on Saturday. Rev. Mr. Kerr said that the attack was so absolutely unjustifiable that it was fit to be entirely ignored, but coming from one who had just been retired from the office of chief magistrate of the city he felt that it should be answered. The reverend gentleman stated that he had taken absolutely no part in the contest for the election of a mayor, either directly or indirectly, and therefore considered the statement irresponsible.

The references that had been made by himself and other preachers of the city to the opening of the pool rooms on Sunday were not personal in character. Rev. Mr. Kerr said that he would have been ashamed not to have taken a decided stand on that matter. At the first council meeting following those sermons the Council had made a regular tirade on the ministers. While he took no part in the election, Mr. Kerr said he did not consider that his position as a minister made it obligatory on his part to keep aloof from such matters. At any time there was a moral issue in the election he would use his influence in the right direction.

SKATING AT SHAWATLANS

A Large Number Enjoyed Themselves Yesterday — Ice in Splendid Condition

About thirty-five or forty Prince Rupertites who took a chance yesterday on the light snowfall the night before last, not entirely spoiling the skating at Skawatlans Lake, were amply rewarded for their optimism. The magnificent sheet of ice was in perfect shape, the little skiff of snow making very little perceptible difference to what it was all last week, one vast stretch of absolutely smooth glare of ice, nearly three miles in extent. A portion was soon cleared off for a hockey rink, many devoting themselves to the delights of that glorious winter sport whilst others made trips up and down the lake from end to end, several dropping in to the cabin of a hospitable trapper and hunter at the extreme head of the lake and were regaled with hot tea, jerked venison and warmed by the heat of a Yukon stove.

George D. Tite left yesterday for Vancouver and Victoria on a business trip.

AMERICANS IN MEXICO REPORTED IN DANGER

U. S. Cruiser Despatched to Mexican Port to Protect Lives and Property of Americans.

(Special to Daily News.) Washington, Jan. 18.—The cruiser Denver has been ordered from San Diego, California, to Acapulco, Mexico, where a desperate situation is reported, with Americans in danger. She will sail tomorrow and should arrive at the Mexican port in about four days. Commander Washington has about 270 bluejackets aboard and a company of marines.

WELSH MINERS ARE OUT ON STRIKE

Objected to Being Kept Waiting for Pay in Drizzling Rain

London, Jan. 15.—The reason for striking put forward by two thousand Welsh miners who quit work yesterday is that they were kept waiting for their pay half an hour Saturday in a drizzling rain without shelter, while the cashier finished his luncheon. The men were so incensed they gave the colliery officials twenty-four hours to dismiss the cashier and because the officials did not do it, the men struck, against the advice of their leaders.

WIRELESS TO YUKON

Proposal to Establish Chain of Stations Discussed at Ottawa.

(Special to Daily News.) Ottawa, Jan. 20.—A proposal to establish a series of wireless stations from Athabasca Landing up the Mackenzie River to Hehschel Island, and from there to Rupert House, in the Yukon, was discussed at a conference which was held today between Dr. Thompson, M. P. for the Yukon, Bishop Stringer of the Yukon, and Dr. King, director of the Astronomical Department.

GOVERNMENT WILL HELP IRRIGATION

Large Delegation Waited on the Premier and Minister of Lands—Legislation to be Introduced

(Special to Daily News.) Victoria, Jan. 18.—Irrigation development in British Columbia took another step forward yesterday, when a committee of the British Columbia Irrigation Association waited upon the Premier and the Minister of Lands and presented the resolutions adopted by the Kelowna Convention and ratified by the meeting in this city last week. The committee were cordially received by Sir Richard McBride and Hon. W. R. Ross and left assured that the legislation which would be introduced at the present session of the legislature, would go far to improve conditions under which irrigation is being carried on in this province.

"THE POLAR BEAR"

Interesting Description of Boat Seen in Moving Pictures at the Westholme on Saturday.

In connection with the recent wonderful motion picture films shown at the Westholme Opera House of the Siberia-Alaska Arctic expedition, headed by Louis L. Lane and Captain Kleinschmidt, a short description of the intrepid little schooner, the Polar Bear, which appeared so prominently in the last film chasing the old Polar bear and her cub may prove of interest. The facts are gleaned from a very interesting article appearing in the current number of Pacific Motor Boat magazine. It was built according to Captain Lane's own ideas of what a vessel should be for service in the ice floes of the Arctic and Behring seas. She is 87 feet long, with beam of 20 feet and depth of 9 feet. Seasoned Douglas fir was used in her construction throughout. From a point above her water line to well below she is sheathed in Australian iron bark, this flint like wood taking all the chafing and jar of the ice floe, with scarcely a mar or scratch; over this her bow for fifteen feet is encased in half inch iron plates, making an ideal vessel for the class of service she is called upon to perform. Should the Polar Bear ever encounter an iceberg such as was struck by the Titanic, it is more than an even money bet that after a few jabs at her prow Mr. Iceberg would haul off with a damaged eye and skinned nose and very humbly apologize for obstructing the path of this little bulldog of the sea, while the boat would sail serenely away.

It is worthy of note that this remarkable little boat is fitted with a 75 horsepower Frisco Standard engine, many of which are in use in these waters, the Rupert Marine Iron Works being the sole agents for the same in Northern British Columbia.

THE LATE H. G. MUNRO

Remains Laid to Rest in Fairview Cemetery Yesterday—Funeral Service Largely Attended

All that was mortal of the late Hugh Gordon Munro was laid to its last resting place in Fairview Cemetery yesterday afternoon at 2.30 o'clock. A large gathering of friends, nearly all of whom were pioneers of the early days of Prince Rupert when the late Mr. Munro was actively engaged in helping to lay the foundations of the city, followed the remains to the grave. The funeral services were conducted by Bishop Du Vernet and the Rev. C. E. Burch of the Anglican Church. The pall bearers were Messrs. R. L. McIntosh, William Blaine, Hugh Tooker, Captain Roberson, A. W. McKnight and G. C. Emmerson, all intimate friends of the deceased.

The late Mr. Munro, who came to Canada from Scotland only a few years ago, was possessed of a disposition that naturally attracted friends. His early demise though known to be inevitable for several months past, is the subject of the deepest regret to all who knew him.

INSURANCE BROKER ACCUSED OF ARSON

Charged With Being Concerned in Numerous Fires in New York in which \$500,000 Was Collected

(Special to Daily News.) New York, Jan. 20.—George Grutz, an insurance broker, and a second man, said also to be an insurance broker, whose name was withheld, have been indicted on charges of arson by the grand jury that has been investigating the so-called "Arson Trust," alleged to be responsible for more than 300 fires in the past two years in which about \$500,000 insurance was fraudulently collected. Grutz has been in the toms in default of bail since the confession last week of Samuel Gold who is said to have revealed the workings of the "Arson Trust," to the district attorney. The police charge Grutz with having been adjuster for numerous fires set by members of the trust.

Darrow Trial Today.

Los Angeles, Jan. 20.—The trial of Clarence F. Darrow, veteran labor attorney, opened here today, Judge Conley presiding. Darrow is charged with bribing Robert F. Bain, a juror in the McNamara case. It is expected that he will take a prominent part in his own defence. Darrow was acquitted recently on a charge of bribing George N. Lockwood, a venireman in the McNamara case.

UTE INDIANS UP IN ARMS; GENERAL UPRISING FEARED

HOLD PASS IN THE MOUNTAINS OF SOUTHERN UTAH AND ARE PREPARED TO FIGHT TO A FINISH.

(Special to Daily News.) Washington, Jan. 20.—Fifty Ute Indians are today reported to be holding a pass in the mountains of Southern Utah prepared to fight to the death and a general uprising of Indians in that section, which is remote from settlements and railroads, is threatened. The trouble grew out of an attempt of officers to arrest an Indian outlaw.

SUPPLIED LIQUOR TO INDIAN FINED HUNDRED DOLLARS

THREE SWEDES CHARGED WITH THEFT REMANDED—CELESTIAL FINED FIVE DOLLARS FOR LETTING HIS WATER TAPS RUN

In the police court this morning before His Worship Magistrate Carss the adjourned hearing of the case against Ed. Shannon, charged with supplying liquor to Indians was proceeded with. The accused, through his counsel, changed his plea of "not guilty" to "guilty" and claimed the clemency of the court. He was sentenced to pay a fine of \$100 and costs, or serve two months imprisonment. The further charge of stealing the sum of \$45 from an Indian of the name of John Davidson was dismissed, as was also that against Arthur King, who appeared with Shannon in connection with the stealing case.

Three Swedes named Swanson, Anderson and Matson, charged by Rosie Simons, a dweller of the restricted district, with theft of \$160, a gold watch and a clock, were remanded until tomorrow morning. There was one ordinary case of d. and d., the customary fine of five and two being imposed. A Celestial of the name of Chun Lung seems to have been the "fall guy" amongst the army of petty offenders in the matter of an infraction of the city water bylaw. He let his tap run continually through the late frosty weather and was ordered to come through with \$5 and costs.

C. P. R. LINER MOUNT TEMPLE HAS ROUGH TRIP ON ATLANTIC

BIG SHIP MANAGES TO WEATHER STORM AFTER MUCH BUFFETING—TWENTY-ONE DAYS FROM ANTWERP TO ST. JOHN.

(Special to Daily News.) St. John, N. B., Jan. 18.—The Canadian Pacific Railway liner Mount Temple docked at the West Side last night after a terrible run of twenty-one days from Antwerp. The steamer brought three saloon passengers and 142 steerage and 5,000 tons of freight. All through the voyage the ship was swept by terrific seas and the course was made through unceasing gales of hurricane ferocity. This trip was exceedingly rough, and the steamer encountered continuous violent storms. Although the Mount Temple on her trips has often encountered mountainous seas and fierce winds, there has usually been a spell of calm. During the recent voyage, however, the ship was buffeted, and at times the violence of the storm was so great that anything on deck not held by extra fastenings was carried away by the great seas which crashed aboard the big steamer. She weathered the storm in good shape and suffered the loss of only four ventilators. When four hundred miles east of Cape Race the Mount Temple was in communication with the burning Allan liner Carthagenian, and learned that another steamer was standing by. Later she received word that the fire had been extinguished.

CEMENT PLANT PLANNED FOR PORT ALBERNI

New Westminster, Jan. 20.—A cement plant for Port Alberni, on Vancouver Island, is being planned by the B. C. Transport Company, Limited, of New Westminster. This company is made up of English manufacturers and it is understood that if the final tests of the raw material discovered near Alberni are satisfactory the deposits will be developed at once and a freight ship will be sent to the coast from England for the purpose of transporting the cement manufactured to New Westminster, Victoria and Vancouver. The company already own 600 feet of wharfage at New Westminster, gravel pits at Pitt Lake and a fleet of boats and barges.

WOLFE'S COPY OF GRAY'S ELEGY FOUND
London, Jan. 18.—The Vicar of Westerham, Wolfe's birthplace, has received a communication from Paris stating that a copy of Gray's Elegy has long been in the possession of W. N. Colling bearing an inscription showing that it originally belonged to General Wolfe. The discovery is important as tending to confirm the truth of General Wolfe reciting the Elegy while drifting down the St. Lawrence.

Rankin Will Not Turn "Pro."
Toronto, Jan. 18.—Frank Rankin has decided finally that he will not leave the amateur ranks to join the Toronto professional hockey team. He stated that he positively would not join the Torontonians and that at the end of the season he would hang up his stick for good. They were willing to offer him just about anything he cared to ask, running well over \$2,000.
