Lumber Movement Heavy And Province Is Also Turning Out Uniforms, Machinery And Commissaries

OTTAWA, Nov. 30: (CP)— British Columbia is obtaining a good share of war orders from Canada and the Allies, Lloyd Craig, director of the British Columbia Bureau of Trade and Industrial Extension, says:

"Our lumber movements are very heavy and we are doing well too in uniforms and other wearing apparel as well as machinery and generally in commissary lines."

There were no announcements yet regarding aircraft construction in British Columbia, Craig said.

"British Columbia is geared for wartime production to aid Canada in the war effort," Craig declared. Both industry and agriculture were prepared and shipyards were ready to build vessels up to 8,000 tons.

HOOP TEAM IS INVITED

Word was received this morning from New Metlakatla, Alaska, to the effect that the basketballers there would like to meet the Standard Oilers of Prince Rupert on their court some time next month. So far as is known, the date has not been definitely set though it is understood to be somewhere around December 15.

Bobbie Houston, star guard for the Oilers, will not be able to make the trip through his having connection with His Majesty's Forces. Followers of the team will, nevertheless, be glad to hear that Sonny Styles, towering centre of many city teams, will fill Bobbie's shoes at the guard position. Sonny has been showing up well in practice and will prove a decided acquisition to the squad when they swing into regular action.

Ernie Santerbane has returned from Vancouver and is working out diligently on his forward position. He will be teamed with Beynon and MacPhee on one line with Dominato, Morgan and Campbell composing another powerful and effective trio.

The local boys are still without a hall although they have prospects of using the Exhibition Building. City Commissioner Alder has granted the use of the floor for practice which makes it easier for them to get into shape. Practising in small gymnasiums holds up drill work and, as a result, the teams bunch up on a regular court. It is hoped that before long the Empress building, now being renovated, will be available for the game. This, of course, will be decided by the public's enthusiasm for roller skating.

As long as there is a possibility of getting a hall the Fuelmen will never quit.
