Discoverer of New Race in the Arctic Hopes No Effort Will Be Made to Christianize Them

Ottawa, Feb. 7.—Stefansson, the explorer, who has spent half a dozen years up in the Arctic representing Canadian interests in the joint expeditions under the direction of himself and Lieutenant Anderson, of the United States and Dominion Geological Surveys, has arrived in Ottawa. It is understood that he will lay before the government the results of his last expedition with a view to securing support for another trip north.

Steffansson, during the course of his explorations, lived for periods on seal oil and tea leaves helped out with the usual chewed moccasins. Interviewed, however, he states that Arctic hardships are by no means so distasteful as one would gather, and that it is above all the life for him. He desires to go back north and continue his explorations, although this is his first trip to civilization after years spent beyond the outer fringe of it. He is in hopes the Canadian Government will take steps while there is yet time for the protection in Central Arctic Canada and Victoria Land of the caribou and musk oxen, and the Eskimos as well, all, he thinks, being in danger of extinction. Mr. Stefansson's expressed wish, in fact, in regard to the new race of white Eskimos whom he discovered up north, was that no attempt would be made to civilize and Christianize them.

OREGON THREATENS SUNDAY BASEBALL

Salem, Ore., Feb. 8.—In explaining his presence in the state capital, Judge McCredie today admitted that he was greatly interested in the measure introduced in the House by Representative Nolte, providing for the closing of all places of amusement on Sunday. "If a bill should pass closing all amusements in this state on Sunday it will be the death knell of the Coast league team in Portland," said the judge. "I am not at all in favor of such legislation as this; do not think it worthy of this day and age, and do not think it will pass. If it should, Coast league baseball is dead in Portland."

CALIFORNIA HAS NO MERCY ON MASHERS

San Francisco, Feb. 8.—Not the character of the woman insulted but the nature of the insult is the measure of a "masher's" guilt," says the United States District Court here in pronouncing sentence of four months in jail and \$100 fine on Dr. Samuel Weiss, a young physician of good repute, who had pleaded guilty to sending an obscene note through the mails to Elizabeth Mayne, a vaudeville actress. In presenting the case a week ago, the United States Attorney had asked not consideration for the woman, who, he said, was glad to get the letter because it brought her notoriety, and had deliberately sought to be the centre of a nasty sensation. Judge Deitrich considered only the nature of the offence and not the person at whom it was directed.
