RAIN OR SHINE Prince Rupert Public Library is one of the most popular places in town as shown above by youngsters who 4 braved Monday's wind and rain to browse through the large selection of junior books. At right are Shirley and Kenneth Meger, who as almost every day of the week, were on hand to help celebrate the opening day of "Young Canada's Book Week." The Meger children both favor mystery stories, but are enjoying all the new books now displayed.—Photos by Gladys Baldwin.
