APPROPRIATION IS SET AT \$2,250,000

Vancouver Hotel of C. P. R. Will be Larger than First Planned

Vancouver, March 4.—The Canadian Pacific Railway Company has increased the appropriation for the new Vancouver hotel to two and a quarter millions. The original appropriation, announced by Sir Thomas Shaughnessy when on the coast last year, was for the amount of \$1,500,000 so that the amount has been increased by nearly one million.
Mr. Skene, who is the contractor for the hotel, and who built the Empress at Victoria at a cost of \$1,600,000, states that material changes have been made in the plans, the proposal now being to have the central tower sixteen stories high, with two ten storey wings, and a roof garden on top. Three hundred and fifty thousand dollars have so far been spent on the new power plant and the erection of a temporary wing on the rear, on Robson street. The wing will be turned into a high class rooming house when the new main building on Georgia Street are completed.

PRINCE DETERMINED TO BECOME A PIPER

London, March 5.—The students of Magdalen College were wrong in thinking that when the Prince of Wales took to learning the bagpipes, that he would soon get tired of it and give it up. They could not understand what pleasure he had in blowing such "unearthly noises." Others laughed at those who tried to emulate the prince and learn the bagpipes too. They have given up—they had to, to escape certain consequences. But they were wrong about the prince, who is said to be more than ever determined to become an expert.

BEST TEAM, SAYS LACROSSE MAGNATE

Con Jones, Returned from Two Months' Trip, Says Vancouver Will Be Strong.

Vancouver, March 5.—"Prospects for a first-class lacrosse team for Vancouver this season are very bright," remarked Con Jones, the local lacrosse magnate, when he returned this morning from a two months' jaunt around the continent that included a side trip to the Panama Canal. Con has been in California for the past two weeks. He spent some time in Toronto, Montreal and Ottawa, and then went to New York. From there he visited New Orleans, and then took a steamer trip to the Atlantic of the Panama Canal.
"I had a long talk with the prominent men in the Big Four while in the east," remarked the Vancouver boss, "and I think we will eventually be able to get together on the proposed national commission for lacrosse. I have plenty of star players in view, and fixed up a number of deals while in the east that will ensure Vancouver having the best team it ever had. We are going after the Minto cup again this year, and we propose to have it back here next September."

HYLAND AFTER BAYLEY

Fighting Dick Wants to Get Match with Canadian Champion.

Calgary, March 6. — Harry Lombard, the oldtime Chicago lightweight boxer, who is now located in Edmonton, has assumed the management of Fighting Dick Hyland and wants to get a match for him with Joe Bayley or some other coast boxer. There will be no boxing around Edmonton until May 24, when Joe Bayley and Kid Scaler will come together and Harry wants to get some work for Hyland in the meantime. Lombard says he will bet \$1000 on Hyland against Bayley in a straight rules mixup with five-ounce gloves. Hyland boxed Scaler on six days' notice and reduced 12 pounds in that time, only to lose the decision. The worst he should have received was a draw. "I think Bayley is a great little fighter," writes Lombard, who is well known to coast fight fans, having performed at North Vancouver on sundry occasions. "But Hyland is a better man and I am willing to gamble that way."

Y. W. C. A. Campaign.

New Westminster, March 5.—The campaign for funds to provide for the establishment of a local Y. W. C. A. commenced in the city this morning. At a meeting of the Women's Council held on Saturday it was decided to endeavor to raise \$1000 by March 15 and with the proceeds to rent a house and furnish it. This will be used as the Y. W. C. A. headquarters until funds for the erection of a building are obtained. An effort will be made to collect \$1 from each lady.

FORGED MORTGAGES, TITLES AND CHEQUES

Money Paid Out on Worthless Papers at Edmonton.

Edmonton, March 5.—Information now in the hands of the police here indicates that a wave of forgery is sweeping over the province and that a number of important documents have been forged in Edmonton. A few days ago \$500 was secured from the Royal Bank's branch and at LaCombe and Stettler by means of clumsily forged land titles. It appears that the title used for each bank had reference to the same quarter section of land southeast of Edmonton. A few days ago \$1000 was obtained from Ewing & Harvie on forged mortgages. In neither case has the culprit been captured. Last week two neatly executed forged cheques were passed on the Merchants Bank here and \$6300 was paid out. The signature was that of a construction firm working with headquarters here. On the charge of committing these forgeries Gustav Berg or Gustave Blane, as he is known here, was arrested in Calgary yesterday.

ON BETTER TERMS

Name of Federal Appointee Has Been Sent to Sir Richard McBride

Victoria March 5.—It is understood that the name of the Dominion Government's appointee on the royal commission which is to investigate the financial relations between this province and the federal authority (better known as better terms commission) has been communicated by Mr. Borden to the provincial prime minister and will be announced by Sir Richard McBride in about a fortnight when also the province's representative on this important tribunal will be named. According to expectations the greater part of the commission's work will be performed in this province, sittings being held also at Ottawa and London.

Better than Ringing Door-bells

A PIANO manufacturer recently made a house-to-house canvass. He's one of those men with an absurd fear of the "waste-circulation" bugaboo—cannot get away from the haunting thought that only 10 out of every 100 readers of a newspaper may be possible buyers of his goods.

So he refused to advertise, and went a-canvassing—inviting people to come to his piano recitals. Then he wondered why they didn't come.

This is why:
He wasn't reaching the people.

His canvassers rang every door-bell in town. They talked to some one in every house.

But one in every household isn't enough—particularly if it doesn't happen to be the right person. And, as a rule, it wasn't the right person—it was a servant, or a child. The woman of the house was seldom seen; the man of the house, never.

Now, if the piano maker had placed an ad. in the newspaper, it would have reached thousands, where the canvassers could reach only hundreds.

And even though only 10 per cent. of the readers are actual piano buyers, this does not mean that the advertising read by the other 90 per cent. is wasted. Advertising talks, not only to the prospective buyer,

but also to his wife, his grown-up sons and daughters, his mother—even his mother-in-law. Their coaxing will help to convince the head of the house—and pretty soon there'll be a piano in that home.

This and dozens of similar cases which might be cited to show that "waste circulation" is an empty bugaboo, and should deter no one.

Take the motor truck. It can be sold only to large firms. Yet a motor truck manufacturer is successfully Advertising in daily papers. He realizes that he must reach, not alone the managers of the concerns that require trucks, but also their directors, their foremen, their head machinists, etc. It is found in actual practice that this Advertising radiates in a thousand directions, and again converges most astonishingly to influence the house that has made up its mind that horse-trucking is too costly and inefficient.

Advice regarding your advertising problems is available through any recognised Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.
