### DOC ROLLER MAY MEET PAT CONNOLLY

Well Known Grappler Sends a Challenge Along to British Champion for Match.

Vancouver, March 7. — Doc Roller, the well known Seattle wrestler, who has been touring America for the past two years with much success, may be seen on the mat in Vancouver in the near future. Roller is now in Los Angeles and yesterday he wired to Chet McIntyre a challenge to throw both Chet and Pat Connolly twice in an hour. As Chet is through with the wrestling game as a principal he wired back offering to send Connolly against Roller in a straight match and the popular physical director is now waiting to receive a reply. Articles were finally signed yesterday for the match between Polly Grimm, the Seattle giant, and Connolly, but there was a change in the date at the last minute. They will mix on Tuesday, March 25, in a finish match, best two in three falls, and they will wager \$500 each on the side.

### No Difference.

"Oh, thank you," exclaimed an elderly lady to a laborer who surrendered his seat in a crowded car; "thank you very much."

"That's all right, mum," was the rejoinder.

As the lady sat down the chivalrous laborer added:

"Wot I see is, a man never ort to let a woman stand. Some men never gets up unless she's pretty, but you see, mum, it don't make no difference to me!"

### INTERESTING TALK ON A CHILLY TOPIC

Mr. Bullock-Webster Entertained Audience Last Night with Talk on Iceland and the Canaries.

Alderman Bullock-Webster, before a small but appreciative audience, delivered an interesting and instructive address last evening at the Clapham Hall, taking for his topic the recounting of a visit paid by himself to the widely separated islands of Iceland and the Canaries. Having been fortunate enough to secure several photographs during his visit to the islands, which had been converted into stereoscopic slides, Mr. Bullock-Webster with the aid of these thrown upon the screen took his audience over the ground he had travelled, relating many amusing and interesting experiences that happened to him during his summer holiday trip. Not the least interesting part of the evening's entertainment was the showing to the audience of a fine collection of rare and beautiful birds' eggs, which the speaker had collected during his visit to Iceland. Many of these are extremely rare and valuable specimens, and were only secured after an infinite amount of patient and persevering search.

Several other unique articles gathered together during the lecturer's visit to the Canary Islands were also shown to the audience. Upon closing his address the speaker was accorded a hearty vote of thanks on behalf of the gathering by Principal Brady of the high school.

#### Methodist Churches

Evangelistic services have been held this week in the Methodist church, the preacher being Rev. Mr. W. S. A. Cruik, B.A., of New Westminster. He has presented several studies on the awfulness of sin in drawing men from God. Last night the message was on the Isolation of Sin.

On Sunday at 11 and 7:30 Mr. Cruik will preach again, "The Power of the Resurrection" in the morning, and in the evening "First Things First." The general public are invited to the services which will be continued all next week at 8 o'clock each evening. ## Better than Ringing Door-bells

A PIANO manufacturer recently made a house-to-house canvass. He's one of those men with an absurd fear of the "waste-circulation" bugaboo—cannot get away from the haunting thought that only 10 out of every 100 readers of a newspaper may be possible buyers of his goods.

So he refused to advertise, and went a-canvassing—inviting people to come to his piano recitals. Then he wondered why they didn't come.

This is why:

He wasn't reaching the people.

His canvassers rang every door-bell in town. They talked to some one in every house.

But one in every household isn't enough—particularly if it doesn't happen to be the right person. And, as a rule, it wasn't the right person—it was a servant, or a child. The woman of the house was seldom seen; the man of the house, never.

Now, if the piano maker had placed an ad. in the newspaper, it would have reached thousands, where the canvassers could reach only hundreds.

And even though only 10 per cent. of the readers are actual piano buyers, this does not mean that the advertising read by the other 90 per cent. is wasted. Advertising talks, not only to the prospective buyer,

but also to his wife, his grown-up sons and daughters, his mother—even his mother-in-law. Their coaxing will help to convince the head of the house—and pretty soon there'll be a piano in that home.

This and dozens of similar cases which might be cited to show that "waste circulation" is an empty bugaboo, and should deter no one.

Take the motor truck. It can be sold only to large firms. Yet a motor truck manufacturer is successfully advertising in daily papers. He realizes that he must reach, not alone the managers of the concerns that require trucks, but also their directors, their foremen, their head machinists, etc. It is found in actual practice that this Advertising radiates in a thousand directions, and again converges most astonishingly to influence the house that has made up its mind that horse-trucking is too costly and inefficient.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumisden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.
