GREAT ENTHUSIASM AT GAME LAST NIGHT

Pirates Won from Cubs but Later Still Have Hopes of Winning the Championship.

Enthusiasm among the local baseball fans reached fever height last night when the Pirates and Cubs met at the skating rink in what many considered the deciding game of the series. That the popularity of the two teams is about equally divided was evident from the deafening cheers that rent the air throughout the game, for it cannot be denied that while the Cubs were the losers there were many brilliant and spectacular plays to their credit. Up to the third inning it was anybody's game and for a brief space the Cubs seemed to have the Pirates guessing. The score at the end of the third inning was four all. While the play was decidedly interesting right up to the end of the game, the Pirates had the

better of their opponents and finished victors by a score of 16 to 4. For the Cubs Vance did splendid work in the box and Brooks on second was much in evidence.

The lineup was as follows:

Pirates.....	Cubs.....
Lees.....	Catcher.....
Embleton.....	Pitcher.....
Ramsey.....	1st Base.....
Evans.....	2nd Base.....
Henning.....	3rd Base.....
Pooler.....	Field.....
Gray.....	Field.....

The referees were Jos. W. Scott and F. L. Wallace.

The present standing of the teams is as follows:

	Won.	Lost.
Pirates.....	4	1
Cubs.....	3	2
Men's Own.....	1	3

The Cubs have by no means given up hope of winning the championship. They have confidence that they can beat the Pirates in the next game, which, not considering the games with the Men's Own, would make the two teams a tie. The remainder of the series will be followed with much interest.

New Fight for Sat Nelson.

Chicago, March 11.—Batting Nelson, who never has been known to refuse almost any kind of a fight, today began to make preparations to engage in a new style of battle for him—that of the divorce court. Until yesterday the battle could not believe that his wife, formerly Fay King of Denver, was sincere in her statement that she intended to sue the former lightweight champion for divorce, but having decided that she was not jesting, he retained an attorney to look after his interests.

EXPECT FIVE POINT DOG SHOW IN MAY

Terminal City Kennel Club Officers Enthusiastic Over Prospects for Exhibition.

Vancouver, March 8.—Announcement was made at a meeting of the Terminal City Kennel Club last night that His Worship Mayor Baxter has consented to accept his election as honorary president of the club. Word was received from W. M. Coates, secretary of the Pacific Coast advisory board of the Canadian Kennel Club, appointing May 1, 2 and 3 as the dates for the club's spring show, also advising that the Canadian Kennel Club will donate two silver and three bronze medals for the best dogs in the show.

The committee have decided to give special classes in each breed for dogs owned by members of the Terminal City Kennel Club of British Columbia.

The indications are that the show will be the biggest ever held on the coast. The show will run three days. The last show was a four point one, but came so close to being a five point one that with equal prospects this year the committee expects to equal other big cities in that respect.

President Elkins was in the chair last night. Already twenty cups have been offered and assurances were given that this number would be doubled. It was decided to provide a junior puppy class, while all other standard breeds will be catered to in the premium list. It is expected that over 300 dogs will be exhibited at the approaching exhibition.

EVEN WALL STREET WAITERS JOIN CRUSADE

Fear Their Employment Will Go If Sulzer Measure Passes.

New York, March 10.—Waiters, elevator men, telephone operators, bank messengers, telegraphers and clerks in the financial district are engaged in a crusade, the like of which Wall Street has never seen. It is directed against Governor Sulzer's bills affecting the Stock Exchange, and in particular the bill to raise from \$2 to \$4 the state tax on the transfer of ownership of each one hundred shares of stock.

Members of the Stock Exchange say such a measure would seriously reduce the amount of trading on the exchange, which already is at a low point, and among the 20,000 wage earners in the neighborhood of Wall street there is genuine alarm lest many of them be thrown out of work.

After the Stock Exchange members had done what they could in the way of protesting to Governor Sulzer and the Legislature, their employees took up the fight.

A committee is to be sent to Albany for the hearing on the bills before the legislative committee next Wednesday.

Better than Ringing Door-bells

A PIANO manufacturer recently made a house-to-house canvass. He's one of those men with an absurd fear of the "waste-circulation" bugaboo—cannot get away from the haunting thought that only 10 out of every 100 readers of a newspaper may be possible buyers of his goods.

So he refused to advertise, and went a-canvassing—inviting people to come to his piano recitals. Then he wondered why they didn't come.

This is why:

He wasn't reaching the people.

His canvassers rang every door-bell in town. They talked to some one in every house.

But one in every household isn't enough—particularly if it doesn't happen to be the right person. And, as a rule, it wasn't the right person—it was a servant, or a child. The woman of the house was seldom seen; the man of the house, never.

Now, if the piano maker had placed an ad. in the newspaper, it would have reached thousands, where the canvassers could reach only hundreds.

And even though only 10 per cent. of the readers are actual piano buyers, this does not mean that the advertising read by the other 90 per cent. is wasted. Advertising talks, not only to the prospective buyer,

but also to his wife, his grown-up sons and daughters, his mother—even his mother-in-law. Their coaxing will help to convince the head of the house—and pretty soon there'll be a piano in that home.

This and dozens of similar cases which might be cited to show that "waste circulation" is an empty bugaboo, and should deter no one.

Take the motor truck. It can be sold only to large firms. Yet a motor truck manufacturer is successfully Advertising in daily papers. He realizes that he must reach, not alone the managers of the concerns that require trucks, but also their directors, their foremen, their head machinists, etc. It is found in actual practice that this Advertising radiates in a thousand directions, and again converges most astonishingly to influence the house that has made up its mind that horse-trucking is too costly and inefficient.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.
