#### SIX MILLION INCREASE IN BRITISH NAVAL ESTIMATES

**PROGRAM INCLUDES FIVE BATTLESHIPS, EIGHT CRUISERS, SUBMARINES AND TORPEDO BOAT DESTROYERS—PERSONNEL OF NAVY INCREASED.**

(Special to The Daily News.)  
London, March 13.—The British naval estimates for 1913-14 were announced today. The total amount is \$231,546,500, being an increase of six million over last year. The program includes the building of five battleships, eight light cruisers, sixteen torpedo boat destroyers and a number of submarines. The personnel of the navy is to be increased to 146,000 officers and men.

**A Correction.**  
In an interview with Mr. Chas. Richardson, published in yesterday's "News," it was stated that he is a large stockholder in the Granby Bay Mining, Smelting and Development Co., Ltd. This was a reporter's error. Mr. Richardson is not a stockholder but has been associated with the company for some time past.

#### RUSH OF BRITISH SETTLERS TO CANADA

**Dominion's Officials in England Say this Will Eclipse Record Year**

London, March 13.—The annual rush to Canada has set in earlier than usual, and from now until the end of May or well into June the immigration authorities will be kept busy. Though last year was a record one, the Dominion may be prepared to welcome this year a still greater number of new settlers. Mr. J. H. Smith, head of the Canadian immigration department in London, states that he and his officials are prepared to ship as many as they did in 1912. "Last year," said Mr. Smith, "the number of arrivals in the Dominion was 395,804. That number constituted not only a record in number but in quality also. The largest number of settlers went to Ontario, but following closely on Ontario are Alberta, Saskatchewan and the west bearing lands. In Manitoba the citizens have formed a league named the Million Migration League, and the cry for more workers comes in from every corner of the Dominion." "We are quite up to the average and we expect that the rush of spring will eclipse anything

#### MINER FROM SEWARD WITH FLOWING LOCKS

**Immigration Officer Had a Busy Time When Princess May Arrived This Morning.**

There was a large crowd on the wharf this morning to meet the C. P. R. steamer Princess May on her way south from Skagway, Alaska. Immigration Officer Dr. N. M. McNeill had his hands full passing on the several passengers who claimed the privilege of going ashore. A very strict examination is made of the passengers as to their fitness to be allowed to land in a British port. A miner from Seward, Alaska, with flowing auburn locks half way down his back was the cynosure of all eyes. It was only after considerable interrogation on the part of the health officer that he was permitted to go ashore.

#### MOST TACTFUL MAN IN EUROPE

**Many Tributes Paid to the Long Service of Lord Knollys.**

London, March 13.—The resignation of Lord Knollys, private secretary to the King, is much discussed. Lord Knollys, the confidant of three sovereigns and the most tactful man in Europe, is now in his seventy-sixth year. Many tributes are paid to his long service in the royal household.

"No man," says the Archbishop of Canterbury, "ever knew so much and said so little." Lord Knollys' position has probably been more confidential than any other in court circles. As private secretary, he saw all the King's correspondence, attended to all his despatches, organized the hours of the monarch's audiences, and it is said opened on an average of five hundred letters per day.

King Edward trusted Lord Knollys implicitly and had no secrets from him and King George has found him a wise and valuable adviser. In fact, he would have retired a year ago had not the King requested him to defer such a step.

#### Passengers Southbound.

The Prince George left for the south this morning with a large passenger list, amongst whom were the following: Mr. Ikeda, W. A. Williams, E. E. Campbell, Mr. W. H. Greenwood, Mr. Lemuel Freer, C. Johnston, W. J. Leary, R. Reid, Harold Lockhart, F. W. Van Arsdol, G. A. Bryant, A. Stewart, F. G. Dawson, Mr. McColl, G. H. Brown, C. H. Sawle, Geo. Delasola, E. Miller, Mr. Draney, W. Fraser, W. O. Rowen, A. T. Donahue, Miss Helen Nugent, T. A. McMartin, Beatrice Walla, C. H. Keithly, Miss R. Wood, Mrs. C. H. Handasyde, E. H. Lea, C. H. Collins, Mrs. Ferrier, O. Besner, Mr. and Mrs. F. G. Myre, Mrs. Wingerd, Miss E. M. McNeill, Mrs. C. Olsen and child, Mr. and Mrs. Bebee, H. R. Bebee, Mona Basil and Byron Bebee, A. G. Fallowfield, F. Barkshire.

#### LITTLE CHILD WAS ATTACKED BY DOGS

**Two Bulldogs Last Night Attacked a Four-Year-Old Child—Timely Assistance Arrived.**

Between five and six o'clock last night two bulldogs owned by City Clerk Woods made a rather vicious attack upon the four-year-old son of Mr. Hendricksen of the Hendricksen-Smith Furniture Co. The little fellow was playing in the vicinity of his home at Taylor and Fifth Ave. when the attack occurred. Had it not been for the timely arrival of Mrs. Yager the little fellow might have been seriously bitten. Mrs. Yager succeeded in driving the dogs off but not before the lad had been pretty badly mauled. The child's arm shows plainly four marks of the dogs' teeth, the skin being broken sufficiently to bring blood. Some little time ago the same two dogs made an attack upon Mrs. Bennett, wife of C. V. Bennett, barrister. It is quite apparent they are not the type of dog that should be allowed to run at large.

#### INDIAN VILLAGE IS PUTTING ON AIRS

**Wm. Leighton Has Been Appointed Constable at Metlakatla and Will Wear a Uniform.**

On the recommendation of Indian Agent C. C. Perry, the Dominion government has just appointed Wm. Leighton as a special constable for the Metlakatla reserve. The new constable will be provided with a uniform and the other paraphernalia which goes with such a position. The Indian village of Metlakatla is fast becoming contaminated with the ways of modern civilization. It is expected that Robt. T. Tait will be appointed special constable at Port Simpson, although his appointment has not yet been announced.

#### VERBAL MARATHON AT THE CAPITAL

**Government Proposes Amendment to Curtail the Latitude of Speakers.**

(Special to The Daily News.)  
Ottawa, March 13.—The members of the opposition are continuing the verbal marathon on the naval question. Some have completed seven speeches since the blockade began. Next week the government proposes an amendment to the rules, bringing into effect some sort of closure to curtail the latitude of speakers.

#### QUEEN ALEXANDRA TO VISIT BALTIC

**Much Concerned About Illness of Dowager Empress of Russia.**

(Special to The Daily News.)  
London, March 13.—Queen Alexandra will not cruise in the Mediterranean this spring. She does not dare to go into Greek waters while the war continues. She is much concerned also with the illness of her sister, the Dowager Empress of Russia and would like, if possible, to take her voyage northward instead of to the south, so that she can meet her in the Baltic. The queen mother has usually left for the Mediterranean about the end of February, but this year she will remain at Sandringham throughout March and go to Denmark, Norway and the Baltic soon after Easter.

#### MEN'S OWN KEPT PIRATES GUESSING

**Unfortunate Accident Occurred in Last Night's Game—Pirates Won by 9 to 8.**

An indoor baseball match that was without exception the most hotly contested of the season was pulled off last evening at the skating rink between the Pirates and the Men's Own. The result was a matter of speculation until the very last innings, when the Pirates finally won by the narrow margin of one run. Smith, the captain of the Men's Own, played another star game, doing wonders toward achieving the great showing his side made. The latter was well supported by Scott, catcher for the Men's Own, who was seen at his very best last evening. For the Pirates Blythe was probably the most prominent, playing an absolutely faultless game.

A regrettable incident connected with the match was the fact that Lee of the Pirates broke his wrist. It is learned that the latter is progressing favorably toward recovery.

The lineup was as follows: Pirates—Ramsey, Embleton, Evans, Blythe, Henning, Hardy, Lee, Men's Own—Weston, Fingold, McDaniels, Blythe, Scott, Sherman, Smith.  
The final score was 9-8 in favor of the Pirates. There was a large crowd in attendance, including a number of ladies.

#### LOCAL JOTTINGS

Mr. G. A. Bryant, of the Bryant Company, Ltd., went south this morning on a short business trip.

Mr. F. G. Dawson left this morning on the Prince George on a hurried business trip to Vancouver.

Mr. O. Besner, of the Knox Hotel, was a passenger south this morning on the Prince George.

Mr. W. H. Greenwood, who is interested in the Haysport Fish and Cold Storage Co., Ltd., and who has been on a few days' visit to the company's plant, returned south this morning.

#### HOSTILE CROWD DISTURBS SUFFRAGETTE MEETING

**MRS. PANKHURST AND OTHER SUFFRAGETTES HAD TO FLY TO SAFETY—ATTEMPTED TO SPEAK AT ST. ANDREW'S HALL.**

(Special to The Daily News.)  
London, March 13.—Mrs. Pankhurst and a number of other suffragettes who attempted to speak at St. Andrew's Hall tonight had to seek safety by flight. A hostile crowd made things unusually lively for a short time.

#### FURTHER DEVELOPMENT OF THE FISHING INDUSTRY

**COMPANY OPERATING AT HAYSPORT PROPOSE TO MAKE LARGE INCREASES TO THEIR CAPACITY**

Among the passengers returning south on the Prince George this morning was W. H. Greenwood, of Vancouver, who represents a syndicate of British capitalists having large investments in this section of British Columbia. Mr. Greenwood has been spending the last four or five days at Haysport in connection with the fishing operations that are being carried on there with a view of increasing the capacity of the plant and extending operations.

The Company, which is known as the Skeena River Syndicate, Ltd., at present have a cold storage plant at Haysport with a capacity of 400,000 pounds, which has already proven inadequate for the requirements. They have one fishing schooner, the Haysport No. 1, and a number of smaller boats. It has been decided to increase the capacity of this plant just as soon as possible to a million and a half pounds and to add more fishing schooners. It is also the intention to establish a one line cannery equipped with the most modern machinery for the handling of the fish. The additions and improvements contemplated will cost about \$75,000, making the company's total investment in the plant about \$130,000.

#### MARRIAGE ANNULMENT IS APPEALED AGAINST

**Decision of Tribunal Regarding Count Boni de Castellane-Gould Marriage Appealed Against.**

Rome, March 13.—Mgr. Parillo, defender of the matrimonial bond, has appealed against the recent decision of the Rota Tribunal annulling the marriage of Count Boni de Castellane and Anna Gould, now the Duchess de Talliarand.

Two decisions already have been rendered by this court, the first against Count de Castellane, who sought the annulment, and the second, reversing the former decree and granting the annulment. The case will now come up for the third time at the sitting of the Rota about two months hence.

No matter what the decision of this court may be, another appeal is possible, but only if based on errors in the procedure, or in the law, or on new evidence. It is not probable that a final decision will be reached before July or August.

Mr. W. R. Lord, the well known canneryman, manager of the cannery department of the Canadian Fish and Cold Storage Co.'s business, was a passenger south this morning on the Prince George.

#### FIFTY-SIX PATIENTS WERE TREATED AT MONTREAL

**RESULTS OF DR. FRIEDMAN'S TESTS ARE AWAITED WITH THE GREATEST INTEREST**

(Special to The Daily News.)  
Montreal, March 13.—The results of the treatment administered by Dr. Friedmann to fifty-six patients here on Tuesday are awaited with keen interest by the medical profession and the public. There is hope mingled with fear among the subjects undergoing the tests.

#### ENTIRE VILLAGE WAS UNCOVERED

**Valuable Finds of Pottery and Manuscripts Made in Egypt.**

Cairo, March 13.—The work of excavation for ancient Egyptian relics, which was personally watched by J. P. Morgan, as director of the Metropolitan Museum of Art of New York, is now completed. The excavations have covered a period of two years on concessions granted by the Egyptian government on the west side of the Nile Valley, the most important achievement being the unearthing at Luxor of the palace of Amenhotep III, who reigned about fourteen hundred years before the Christian era. Not only was the great rambling structure uncovered, but a whole village of ancient houses and shops was found, the sun-dried bricks of which were stamped with the king's name. The expedition also secured many specimens of pottery and rare manuscripts.
