TEMPERATURE AT ZERO; WANDERED IN BARE FEET

DEMENTED MAN FROM STEWART BROUGHT TO HOSPITAL—THREW HIS MONEY TO THE WINDS.

Last Sunday morning about 5 o'clock the night porter of the Northern Hotel, Stewart, received a visitor a man in half dressed state with bare feet and apparently in a demented condition. The proprietor, Mr. Jamieson, was called and identified the visitor as Tony Besich, who, in partnership with John Konjeweitch, owns a lot and shack on Eighth street, Stewart. He was taken care of and later on in the day his feet were found to be badly frozen, which is not to be wondered at considering that the temperature was at zero and the man had probably been wandering about for some time before getting in an appearance at the Northern Hotel.

After his injuries had been attended to, Besich had a few lucid moments and on being questioned stated that during one of his worst gales that has been known in Stewart he had stashed his money to the four winds and thrown his bank book away, but he did not know where he was at the time nor could he give any reason for his actions. He supposed to have had about \$100 in his money belt, which was afterward found empty outside his shack, the interior of which was discovered to be in a chaotic state.

PIRATES WINNERS OF MANSON CUP

Went Down to Defeat at Hands of Cubs, Who Forfeit Game by Playing Men's Own Pitcher.

The attendance at the ball game Thursday night when the Pirates and Cubs met in the deciding game of the series was not up to the average. While the game was interesting, it was not as exciting or as closely contested as some of the previous games. The Pirates did not seem to be putting up their usual game and several times the Cubs caught them napping. The score at the finish was 13 to 8 in favor of the Cubs.

Owing to an accident to his knee, sustained in the last game, Vance was relieved in the box by Smith of the Men's Own, which, according to the rules of the league, makes the Cubs forfeit the game to the Pirates, leaving the latter winners of the Manson cup and champions of the city league.

Port Edward will be placed on the market during the coming week and no doubt many Prince Rupertites will avail themselves of this opportunity of seeing the property. MAROONED ON ISLE IN THE BEHRING SEA

Prospector Tells a Harrowing Tale of Hardship and Privation

Fairbanks, Alaska, March 19.—A harrowing tale of hardship and privation is told in a letter received yesterday from Thorton F. Williams, a former Fairbanks prospector, who had not been heard from in many months and who, it was feared, was lost.

The letter mailed at Dillingham, on Mushbagak Bay, says Williams was going prospecting after returning from Kamashak Bay, where he investigated conditions surrounding the drowning of a brother late in the fall. When a storm came up, he was shipwrecked on a lonely island in Behring Sea, near the Alaska coast. There he was marooned for forty-five days, for thirty-five of which he was without fire or food, except what fish, seaweed, crabs or mussels, he happened to pick up on the beach.

He was nearly dead early in the winter when two men looking for a place to trap fox came on the island and found his camp. They took him to Topak Village, from where he went to Dillingham. His prospecting outfit, worth \$1,000, is a total loss.

Genoa, March 19.—Attorney Mario Piacenza, one of the most famous Alpine climbers in Italy, has left here with an extensive expedition to explore portions of the Himalaya Mountains, hitherto untraversed. The work, in a way, will be a continuation of the Duke of Abruzzi's explorations. The particular range Piacenza proposes to explore lies north of the glacier of Baltore and includes some of the highest Himalaya peaks. WILL EXPLORE HIGHEST HIMALAYAS

Prospector Tells a Harrowing Tale of Hardship and Privation

The ranges were declared open for the season yesterday by Captain R. W. Camrean, when the P. R. C. R. A. held its opening shoot. His Honor Judge Young fired the first shot and his subsequent score augurs well for his annexing a good share of the association trophies. The scoring yesterday was of a high order and very encouraging to the enthusiastic members who are taking such great interest in the welfare of the association. The membership and finances are stronger than ever before and the season opens with a vim, the more so on account of the good, healthy condition of the affairs of the club. The association's thanks are extended to His Honor Judge Young for his kindness in placing his beautiful pleasure yacht at their service. Among the new prizes offered for competition this season may be mentioned three cups and in addition each week two silver spoons for the association members. Ideal weather conditions prevailed and the opening shoot was most thoroughly enjoyed by all.

Football.
The first football game of the season was played yesterday between two teams, A and B, of the Callies. Excellent form was shown by both sides and a ding-dong contest ended in a victory for the B team by 6 goals to 4. If the players can show such style and are so evidently fit this early in the season, they will certainly have a pretty hot combination to put in the field against their opponents for 1913.

All Canada except the maritime provinces, was represented at the meeting yesterday, and first regular annual meeting of the newly constituted board, which has jurisdiction over all the mission work in Canada, except over the Chinese. A feature of the meeting was the optimistic tone of the representatives.
