PIERPONT MORGAN, WORLD'S FAMOUS FINANCIER, IS DEAD—ILLINOIS NOW INUNDATED

FORTY THOUSAND MUST BE FED AND HOUSED IN DAYTON

ILLINOIS NOW THREATENS TO BECOME A CENTRE OF FLOOD DISTRESS, CAIRO BEING IN IMMINENT DANGER.

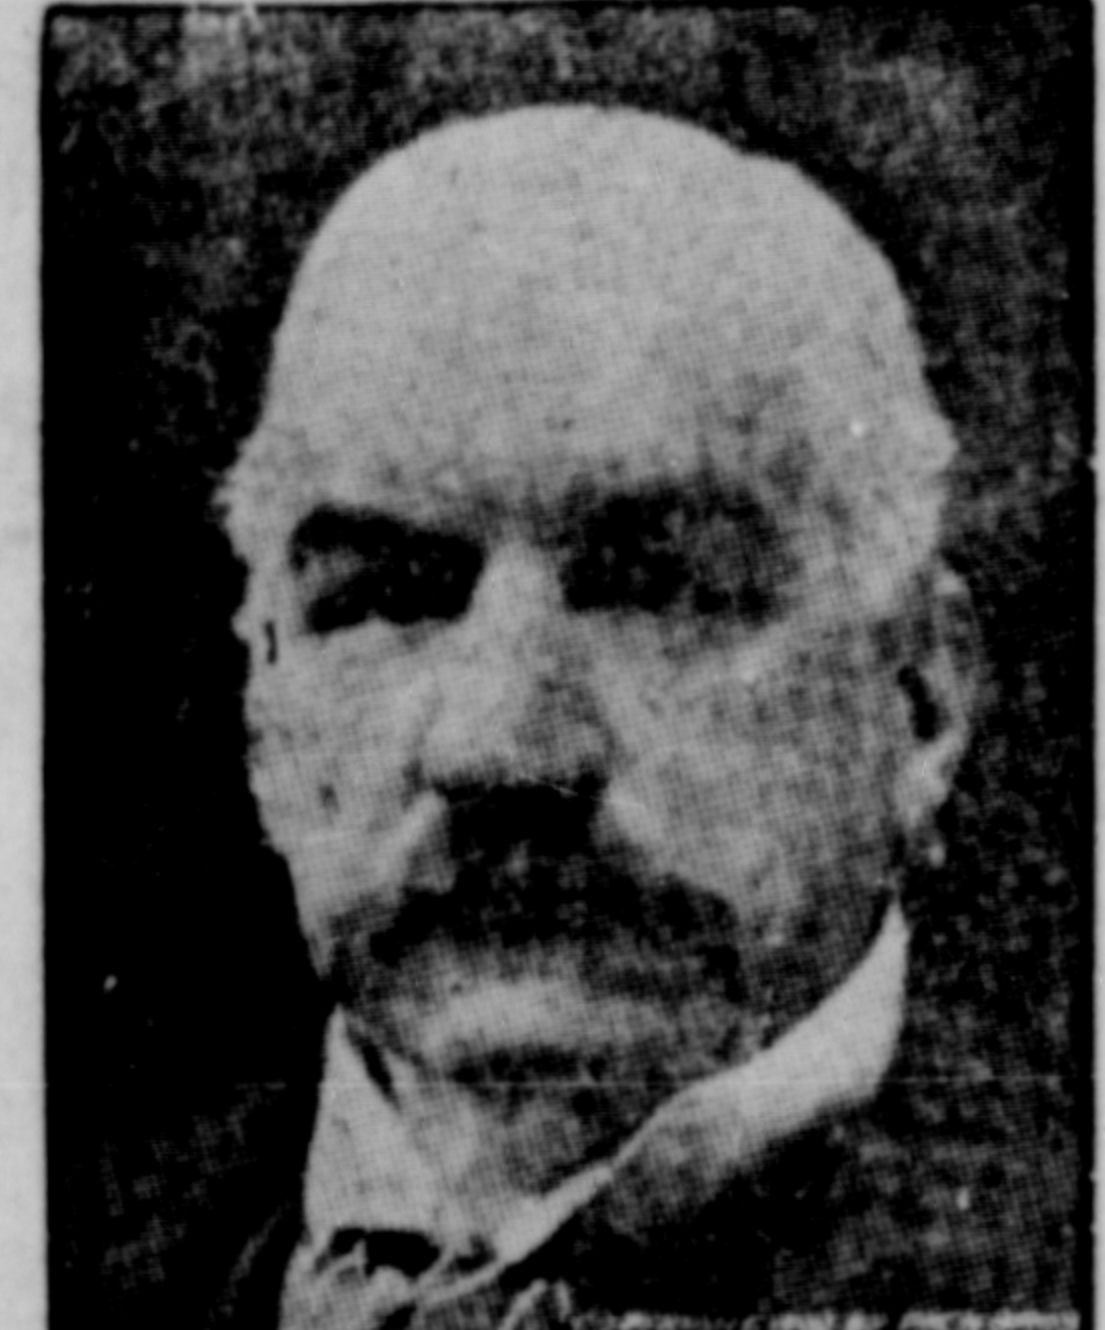

(Special to The Daily News.)
Dayton, Ohio, March 31.—Here the problem presented at Dayton is: Forty thousand persons must be fed, clothed and housed for a week longer. Twenty thousand persons must be cared for definitely. These are persons who lost all when their household goods were swept away. Fifteen thousand houses and business buildings must be rehabilitated. Twenty thousand houses and other structures, or what remains of them, must be pulled down. Thousands of tons of debris must be removed.

Illinois a Flood Centre.
Springfield, Ill., March 31.—Illinois threatens to become a centre of flood distress. Startling messages were received last night by Governor Dunne and Adjutant General Dickson, indicating that Shawnee town and Cairo are in imminent danger of being inundated. Other towns also are in distress.

GREATEST FINANCIER OF THE WORLD PASSES AWAY

PIERPONT MORGAN DIES AT ROME, WHERE HE HAD GONE TO BE TREATED FOR NEURASTHENIA

(Special to The Daily News.)
Rome, March 31.—J. Pierpont Morgan, the world famous financier, passed away at five minutes past twelve today (6.05 a.m. New York time). Dr. Bastanelli, his private physician, and Dr. Maravata, the physician to His Holiness the Pope, were with him to the time of his death. He came to Rome suffering from neurasthenia for the express purpose of being treated by Dr. Bastanelli. This was the first illness in his long career and by the time he had arrived had become a case of general debility. He failed to respond to the treatment of the celebrated doctor. On Sunday night his relatives were notified that his life was despaired of and during the night he gradually sank but regained consciousness to the last. Mr. Morgan, who was seventy years of age, was the son of a famous banker and financier. He began his career by the start-up of a partnership with Anthony Drexel, the wealthy Philadelphia, and establishing the present firm of Drexel, Morgan and Co. He had branch houses in London and Paris. His success as a financier of late years, especially since the formation by him of the great Steel Trust, has

THE LATE J. P. MORGAN

been phenomenal and at the time of his death he stood head and shoulders above any other figure in the financial world. As such he exercised an immense influence in other countries besides his own, and all these influences he has exercised for the general good rather than mere personal aggrandisement. He has always been a great collector of works of art and in all probability the great Morgan museum and library will be his gift to New York city and the nation.

NAVAL BILL SHELVED FOR VOTE ON SUPPLY

Hoped to Pass One-Sixth of Estimates Before End of Present Week.

(Special to The Daily News.)
Ottawa, March 31.—Nothing is definitely known as to when the consideration of the naval bill will be resumed in Parliament. Supply will be the business taken up for the next few days, and a supply bill for one-sixth vote of practically all items in the estimates will be passed. Just when this will happen has not been definitely agreed upon, but the government is hopeful that it will be consented to by the opposition before the end of the week.

L. C. Macken left for Vancouver on the Princess Mary last night.

"UNCLE JERRY" HAD A SERIOUS ACCIDENT

Fell Down Companionway and Was Unconscious for Several Days—Is Now Recovering.

The many friends of Uncle Jerry Kugler in this city will regret to learn that he met with a rather serious accident about a week ago while on a trip from Vancouver to Victoria on the Princess Alice. Going down the companionway he slipped or missed his footing and fell to the deck below. Although no bones were broken he suffered a bad shaking up and was unconscious for four or five days. He had recovered sufficiently to be taken back to Vancouver yesterday and is now considered to be out of danger. Mr. J. Kugler Jr. went south last week and will remain in Vancouver for a few weeks in charge of his father's affairs. Mrs. Kugler and little child also left for Vancouver on the Prince Rupert this morning.

MINING RECORDER AT HAZELTON IS CHANGED

Government Official from Nelson to Succeed Mr. Allison.

Stephen H. Hoskin, mining recorder and assessor at Nelson, has been appointed government agent at Hazelton, to succeed W. Allison, whose appointment to the post of auditor general of the province was forecasted by the Times last Thursday.

Mr. Hoskins arrived in the city this morning from Nelson at the summons of the government and leaves for his new post at Hazelton on Wednesday morning. Mr. Hoskins has been in the provincial service for 18 years, his first appointment as provincial constable dating back to the days of Hon. Joseph Martin.

For many years as constable Mr. Hoskins was stationed in Victoria and other places on the island. He was also posted for some time in the East Kootenays. Since then he has been doing office work at Nelson.

Mr. Hoskins is a well known and popular government servant, and the news of his appointment to Hazelton will be received with pleasure by his many friends here and in other portions of the province.

TWO MONTENEGRINS GET FIVE YEARS

Were Convicted on Charges of Forgery and Sentenced by Judge Young.

Two Montenegrins, Tom Wasich and Bill Tadich, appeared before Judge Young at Hazelton on Friday, both charged with forgery. It appeared from the evidence that another Montenegrin, Sam Metrich, had a considerable sum of money to his credit at the Union Bank in Hazelton. Leaving for a trip south, he turned over his pass book to a friend, Sam Tadich. The latter transferred it to his brother, Bill Tadich, who immediately started issuing cheques on the account, a couple of which were cashed. He then turned the bank book over to Tom Wasich, who also used the account as though it were his own. Altogether cheques amounting to \$230 were cashed.

Both men practically admitted their guilt and were sentenced to a term of five years each at New Westminster.

Constable Grant of Hazelton brought the prisoners to Prince Rupert last night and left at 9 o'clock this morning for the south.

Train on Sunday Did Not Get In Until After Midnight.

COLLART & REYNOLDS TAKE NEW OFFICES

Have Moved from Sixth Street to the Banking and Financial District.

With the expansion of their real estate business, Messrs. Collart & Reynolds have moved into more commodious quarters in what may now be classed as the banking and financial district of the city. Their new premises are in the Hart Block, next door to the Bank of Montreal, which have been fitted up in an up-to-date manner suitable to the handling of a great business. For the last two years their business has been continually increasing and the change of premises had in consequence become imperative. They are large handlers of Fort George and other interior realty as well as of Prince Rupert lots.

TWO RAILWAYS RACING TO ENTER CITY FIRST

Canadian Northern and Grand Trunk Railways Both Within Four Miles of Calgary.

Calgary, March 27.—Rival camps of Grand Trunk Pacific and Canadian Northern Railways are each within four miles of Calgary's post office. A vigorous battle is being waged for the honor of being the first to enter the city limits, and it is expected that steel will reach that point on both rights-of-way within forty-eight hours.

Each road will be halted, however, at the Bow and Elbow rivers, respectively, owing to the uncompleted state of bridges, postponing entry to the terminal sites of the rival roads. These bridges will not be completed until warmer weather occurs.

Goes North for Summer

J. H. Horne, who returned from California on Saturday last, left on the Princess Sophia this afternoon for Dawson, where he will spend the summer looking after his mining interests. Jack experienced rather regrettable weather in California during the winter but is anticipating a splendid summer in the north.

BALKAN ALLIES ARE NOW ON THE MARCH TO CONSTANTINOPLE

BELIEVED THAT TURKEY'S GREAT SEAT OF GOVERNMENT IS DOOMED—MONTENEGRINS ARE ROUTING THE TURKS.

(Special to The Daily News.)
London, March 31.—The Bulgarians, assisted by troops of the other allies, are now advancing from Adrianople rapidly in the direction of Constantinople. It seems now as if the seat of the Turkish government was doomed and the end of the war in sight. The powers have exhausted every hope of getting the allies to agree to the peace propositions proposed, and although they sent a peremptory demand a few days

ago to the allies that hostilities must cease the latter continued fighting in defiance of it.

Montenegrins Beating Turks.
Cettinje, March 31.—Since yesterday the Montenegrin artillery on the main front before Scutari has been developing great activity. The Turkish positions in the plain before the town have been bombarded heavily and the Turks have been driven from their entrenchments near the River Kir by the persistent artillery fire.

GERMANS IN LONDON WILL HONOR THE KAISER THERE

BELIEVED THIS IMPORTANT MOVE TOWARD STRENGTHENING ANGLO-GERMAN FRIENDSHIP WILL PROVE BIG SUCCESS.

London, March 28.—That Germans in London are going to celebrate the Kaiser's twenty-fifth anniversary of his rule in Germany in true Teutonic manner goes without saying, of course, for Germans remain loyal to their country and its rulers all the world over, but it is rather surprising to hear that the people in London who live in continuous fear of German invasions have definitely decided to have a special anniversary of Emperor William's accession to the throne.

An Anglo-German exhibition is to open at the Crystal Palace in the beginning of May and here the great festival is scheduled to take place on June 15 in the presence of King George and Queen Mary, possibly accompanied by the King and Queen of Denmark, who at that time will be their guests at Buckingham Palace.

There is every indication that this important move toward strengthening Anglo-German friendship will be a great success. Among those who are taking a close and active interest in the scheme are the Duke of Argyll, the Earl of Lonsdale and the Earl of Plymouth. It is on the suggestion of the Duke of Argyll that the project is being carried through without asking

for the support of the British and German governments.

The organizing committee feels that nothing can tend to bring Great Britain and Germany more closely together than an exhibition showing the wide range of trades and manufactures in which the two countries are mutually helpful, and also giving prominence to those numerous branches of art in which they can learn from one another.

They were very much impressed with Prince Rupert and said they expected to find a flourishing city here on their return south three years hence.
