THREE HUNDRED AND FIFTY MILLIONS THE DAMAGE IN OHIO

HUNDREDS OF THOUSANDS STILL NEEDED TO RELIEVE SUFFERINGS OF FLOOD VICTIMS.

(Special to The Daily News.)
Indianapolis, April 3.—Although large contributions to the relief funds and many carloads of clothing and supplies are being received from all over the country, it is estimated that hundreds of thousands of dollars are still needed to relieve the sufferings of the flood refugees. The damage loss in this state and Ohio is now compared with the damage loss in the San Francisco earthquake. In Ohio, a careful estimate puts the damage to \$350,000,000.

have now reached a stage of 69.1 and the people in the flooded zone are now moving back to the water soaked residences and business houses.

Saddest Story Ever Told.
Columbus, O., March 31.—One of the saddest stories ever told was reported by rescuers here today. Harry Keyes, a young man, waded through water up to his armpits to his sick mother's home and carried her out. Then he climbed to the topmost limb of a tree with her. She died in his arms. Keyes, his body shaking with sobs, was found still holding the corpse in his arms.

PAY YET FOUND ON SILVER CREEK

Telegram from New Strike Not at all Exciting

A. Puckett, local merchant, received a telegram Tuesday of a week from Smith & Geddes who has been in the Silver Creek strike for the past several weeks. The wire was dated Silver Creek, but was sent from a point on the Dominion line about 100 miles south of Atlin. The telegram bore the office date of March 31, and had probably been written four or five days previous on the ground, as that time would be required for it to reach the telephone line.

The message was pertaining to a shipment of supplies, but it was with the statement that, up to that date, there was absolutely nothing in that portion of the country to warrant a statement to it.

From all reports, however, the going to the country are of substantial class, many of them old Klondikers of experience, and if there has been no gold found as yet, there is every likelihood that it will be found in the coming season if it is there. There is no doubt but that the country will be thoroughly prospected.—Whitehorse Star.

SLIGHTLY IMPROVED

Walter Owen, Threatened with Appendicitis, Resting More Comfortably.

Walter, the little son of Walter Owen, chief of provincial police, has been confined to the hospital for the past two or three days, threatened with appendicitis, is reported to be resting easily today. Much sympathy is extended to the poor chap, who has suffered in the past for the past day or so. It has not yet been decided if an operation will be necessary.

CUTARI LIKELY TO BE TAKEN BY MONTENEGRO IN FEW HOURS

POWERS DECIDE TO MAKE DEMONSTRATION ON MONTENEGROIN COAST—BRITAIN SENDING TWO WARSHIPS.

(Special to The Daily News.)
Vienna, April 3.—Advices were received here last night that the Montenegrin army has succeeded in silencing four of the forts of Cutari and has taken possession of them. It is expected that the rest of the other forts is near at hand and that some time today Cutari will pass into the possession of the allies.

of Commons last night Sir Edward Grey, foreign secretary, made the statement that Montenegrin had resumed and was continuing its attack on Scutari, contrary to the express demand of the powers. Under these circumstances the powers had decided to immediately proceed to make a strong demonstration off the Montenegrin coast and two British warships had been ordered to participate.

ALREADY FOUR ENTRIES

May Be Many to Compete for Big Hydro-Aeroplane Prize.

(Special to The Daily News.)

London, April 3.—Four entries have been received for the Daily Mail's prize of £50,000 for a hydro-aeroplane contest around the British Isles and across the Atlantic this summer.

BURNS AND PELKEY FIGHT TO A DRAW

Odds Were Slightly in Pelkey's Favor and He Put Up a Good Contest.

(Special to The Daily News.)

Calgary, April 3.—Tommy Burns, ex-heavyweight champion of Canada, and Art Pelkey of New York met in the squared circle last night to pull off the bout that was arranged for Easter Monday but postponed. Pelkey stands over the six foot mark, has a big breadth across the shoulders and the general appearance of a very powerful man. Since he has been training here he has made many friends and when he stepped into the ring last night the odds were slightly in his favor.

Both men were in the pink of condition, however, and in the first five rounds neither seemed to have the advantage. Toward the close of the last half, the fighting was fast and furious, both men receiving heavy punishment. The referee decided it a draw and the decision gave general satisfaction though some thought Pelkey should have had it on points.

COAST LEAGUE BASEBALL.

(Special to The Daily News.)

San Francisco, April 3.—The Coast League games played yesterday were as follows:
San Francisco 3, Portland 2.
Los Angeles 15, Venice 2.

THE POPE'S HEALTH STILL PRECARIOUS

Believed That He Will Never Fully Recover but Grow Weaker and Weaker.

Rome, March 31.—The Pope is not getting better. Up to a certain point he made quite remarkable progress and statements that he might be thought on the high road to recovery were well founded, but at a certain point he stopped and his doctors have not been able to pass the difficult corner.

Most of his entourage acknowledge this, but are convinced that it is only a matter of time, especially as he had a setback through the depression caused by the death of Cardinal Respighi, the vicar of Rome. There is no secret of their opinion that Pius X will never again be as strong as he was before his attack. They do not expect any immediate collapse, but think that his holiness will gradually get weaker and thus retire more and more from public affairs.

CARRIER PIGEONS IN HALIBUT TRADE

Atlin Fisheries, Ltd., Will Adopt Improved Form of Wireless.

Probably the greatest innovation in the fishing trade yet heard of on the Pacific Coast is to be adopted by Mr. J. Sidney Smith of the Atlin Fisheries, Ltd., whose headquarters are in Prince Rupert. In order that he may keep in constant touch with his trawlers engaged in the Hecate Straits and north and west of the Queen Charlotte Islands, Mr. Smith has placed an order for a large number of carrier pigeons, whose home coop will be in this city. Each boat going out to the banks to fish will take ten or a dozen birds on board to be liberated whenever it is desired to send a message to the head office of the company. As the boats are seldom more than a hundred miles from here messages can be delivered in the city within less than two hours, the average speed of a carrier pigeon being from sixty to seventy miles per hour.

Mr. Smith's unique scheme will be watched with a great deal of interest. If a success no doubt other companies engaged in the fishing industry here and along the coast may follow his example.

GENERAL HOSPITAL IS WELL PROTECTED

Test of Water Pressure This Morning Was Highly Satisfactory.

Between 11 and 12 o'clock this morning the fire department made a test of the water pressure in the vicinity of the hospital. Mayor Pattullo and several members of the council witnessed the test, which was considered highly satisfactory. The pressure at the hydrant just outside the hospital was all that is to be desired and there is splendid pressure for inside protection. It is gratifying to know that such an important and costly institution as the hospital is so well protected. The insurance rates should be materially decreased.

Boats Fitted with Phones.

Telephone communication with those on board the Prince George and the Prince Rupert can now be had as long as the steamers remain at the dock. This service, which was started a week ago yesterday, will no doubt prove a great public convenience.

KILLED IN COLLISION

Two Killed, One Fatally Hurt and Seven Others Seriously Injured.

(Special to The Daily News.)

Sheridan, Wyo., April 3.—Two Burlington passenger trains collided head-on last night a few miles from Wakely. It was a fearful wreck and two people were killed outright, one fatally hurt and seven others seriously injured.

PENITENTIARY TERM FOR STEALING CHEQUE

John Foley Will Serve Two Years for Stealing Sixteen Dollar Cheque.

John Foley, a laborer employed at Port Edward townsite, appeared before Judge Young this morning for trial on a charge of stealing a cheque for \$16.05 from John Brown W. E. Fisher of Fisher & Warton, as Crown prosecutor, produced two witnesses to substantiate the charge. Mr. McKinnon, bartender at the Savoy Hotel, testified that Foley had presented the cheque to him in payment for drinks and that he had cashed it, retaining \$2.00 that Foley owed him for drinks. Brown, in whose favor the cheque was drawn, said that he never gave the cheque to anyone, but that he had become intoxicated and when he came to the cheque was missing. He also testified that he had not endorsed the cheque. This was the substance of the Crown's case. Foley, the accused, who conducted his own case, deposed that Brown had given him the cheque for safe-keeping and on being further questioned by Judge Young said that he had left some twenty dollars with a bartender at the Central Hotel. The latter was called as a witness in the accused's behalf and corroborated the statement but testified that Foley had not told him the money was in safekeeping for anyone but himself. Later Foley had asked for and received a portion of this money. As the evidence was decidedly clear against the accused he was convicted and sentenced by His Honor Judge Young to a term of two years in the penitentiary at New Westminster.

A CANADIAN NAVY FOR CANADIANS

L. W. Patmore Will Discuss Naval Question at Open Meeting Tonight.

The Liberal meeting in the K. of P. Hall, Helgerson Block, tonight promises to be one of exceptional interest. Besides the ordinary business that will come before the meeting some splendid addresses have been arranged. The naval question, which is occupying the attention of all Canadians at the present time and which has recently caused some unusual scenes in the House of Commons, will be discussed at some length by Mr. L. W. Patmore. Another address on some general political issues will be delivered by Mr. Frank Angers, one of the silver tongued orators of the north. Everyone interested in progressive legislation will be welcomed and should make every effort to attend. The meeting opens at 8.30.

BILL TO CIRCUMVENT THE ACTION OF MILITANTS IN JAIL

NATION WARNED NOT TO TAKE STORIES OF SUFFERING BY FORCEFUL FEEDING TOO SERIOUSLY.

(Special to The Daily News.)

London, April 3.—In the House of Commons last night Home Secretary Lloyd-George warned Parliament and the nation not to attach too much importance to the tales of suffering of militant suffragettes now undergoing imprisonment supposed to be caused by forcible feeding. These prisoners, he said, had declared war against established society and all governments were responsible for the maintenance of law and order.

These remarks were made on the second reading of the bill "to

circumvent the action of the fully hunger stricken suffragettes." The terms of the bill provide for the temporary discharge of the offender, such discharge to be in force merely until such time as the offender has returned to a desirable state of health.

Mrs. Pankhurst on Trial.

London, April 3.—Charged with criminal connection with the attempt to blow up the residence of the Rt. Hon. Lloyd-George, Mrs. Pankhurst appeared at the Old Bailey yesterday. She had no counsel but attempted to defend herself.

NEW TOWNS ON THE CANADIAN NORTHERN

Fourteen Projected to be Sixty Miles Apart on Main Line

The Canadian Northern railway announced the other day the location of 14 new stations to be constructed along the main transcontinental line of their road. These are to be erected from Port Mann, B.C., and will be but sixty miles apart. The points at which they will be erected beginning with Port Mann are: Langley, Glen Valley, Mount Lehman, Malequi, Samas Mountain, Chilliwack, Rosedale, Popkum, St. Elmo, Floods, Hope, Trafalgar and Yale.

The construction of the stations is to be immediately undertaken. Following their completion a service on that section of the line is to be inaugurated early this summer.

BACK FROM McPHERSON

Police Patrol Returns to Dawson After Arduous Trip

The R. N. W. M. P. patrol which left here January 2nd in charge of Sergeant Dempster for Fort McPherson got back at 12.30 today with men and dogs in fine condition. They travelled since leaving here something like 800 miles, and through heavy snow and bitter days. At times the temperature was 50 to 70 below. The others with Dempster were Corp. Schultz, Constable Philips, and an Indian trail breaker. Connections were made at McPherson with the patrol from Herschel Island, comprising Beyer and Constable Johnstone. All are reported well. Mail was brought from McPherson and Herschel for local and outside points.—Dawson News, March 17th.

NEW HARDWARE SALESMAN

Prince Rupert Hardware Co. Gets First Class Salesman.

Mr. Alex. C. Prussing, who for some time has been associated with the Morse Hardware Co. of Bellingham, Wash., arrived in the city last night to take a position with the Prince Rupert Hardware & Supply Co., Ltd. Mr. Prussing comes highly recommended as having a thorough knowledge of the hardware business. The firm which he has just left is one of the most progressive hardware concerns in Washington. He will devote his entire time to the selling end of the business.

The Baxter Wedding

At St. John's Presbyterian church, Vancouver, B.C., on the 31st March, by the Rev. E. Leslie Pidgeon, Edward G. Baxter, P.W. D., Prince Rupert, to Cecilia, daughter of the late Arthur Baxter, Blairgowrie, Scotland.

CHURCHILL'S OLIVE BRANCH SNEERED AT

Met with a Most Discouraging Reception in German Press.

New York, March 31.—A Berlin cable says: "The naval holiday olive branch offered by Winston Churchill, the first lord of the admiralty, in the British House of Commons, has met, up to the present, with a most discouraging reception in Germany. The officials of the German ministry of marine will remain discreetly silent until the full text of the speech is received by mail, but it may be inferred from the general tone in official quarters that the English cabinet minister's proposition to suspend naval construction for one year is an impossible one. It is only in professedly pacific circles that there is any sign of a readiness to consider his proposal. In other quarters the hostility to the suggestion is not only violent but is often vulgar."

The secretary of the Pan-German Press, which is mainly responsible for anti-British feeling in Berlin, is outdoing itself in vituperation of Mr. Churchill, whose suggestion is frankly believed to be a foul plot to cheat Germany under the guise of a friendly agreement and to bring her under the British yoke.

MISS ROCHESTER ENGAGED

Wedding to take Place in Vancouver next Tuesday Week

The engagement has just been announced of Miss Jean Isobel Bryson Rochester, eldest daughter of Mr. and Mrs. J. Y. Rochester, to Mr. Francis James Bayfield, son of Mr. and Mrs. Edward Bayfield, of Charlottetown, P.E.I. The wedding will be solemnized quietly in St. Andrew's church, Vancouver on April 15th. Miss Rochester is well known in this city, where she resided with her parents for some time.

Among the old timers who, after spending the winter in the balmy south, are now flocking back are Mr. and Mrs. Frank Clapp, who wintered in San Diego.
