#### INFORMATION BULLETIN

MERRICAN INTERNATIONAL MINES LTD. (N.P.L.) is a recently incorporated British Columbia Company which was formed to provide the necessary financing and technical direction for the aggressive exploration and development of carefully selected mining properties.

The "BONANZA" group of 20 mineral claims, located on the north side of Goat 1 Island, at POWELL LAKE, about 16 miles north of POWELL RIVER, B.C., were subjected to an extensive examination, and after careful study of the general geology and zones of Tron-copper mineralization, they were selected as offering good prospects for development into a copper producer.

In the early 1900's, private operators shipped one hundred and forty tons of copper  $|\cdot|_1$ ore to the smelter, reportedly carrying 8% to 11% copper.

MERRICAN INTERNATIONAL MINES LTD. (NPL) has received A Registration to issue and allot 100,000 shares direct from the treasury at a price of 25c per share. Cheques should be made payable to MERRICAN INTERNATIONAL MINES LTD. (NPL). There is no brokerage charge.
