HON. L. B. PEARSON Leader of the Liberal Party of Canada Distinguished statesman, winner of the Nobel Peace Prize, Mr. Pearson has attracted good candidates to the Liberal team.

WE NEED A MILLION NEW JOBS, 415,000 Canadians, on average, have been out. of work every day since July 1957. We are making less — real income per Canadian is smaller — than six years ago.

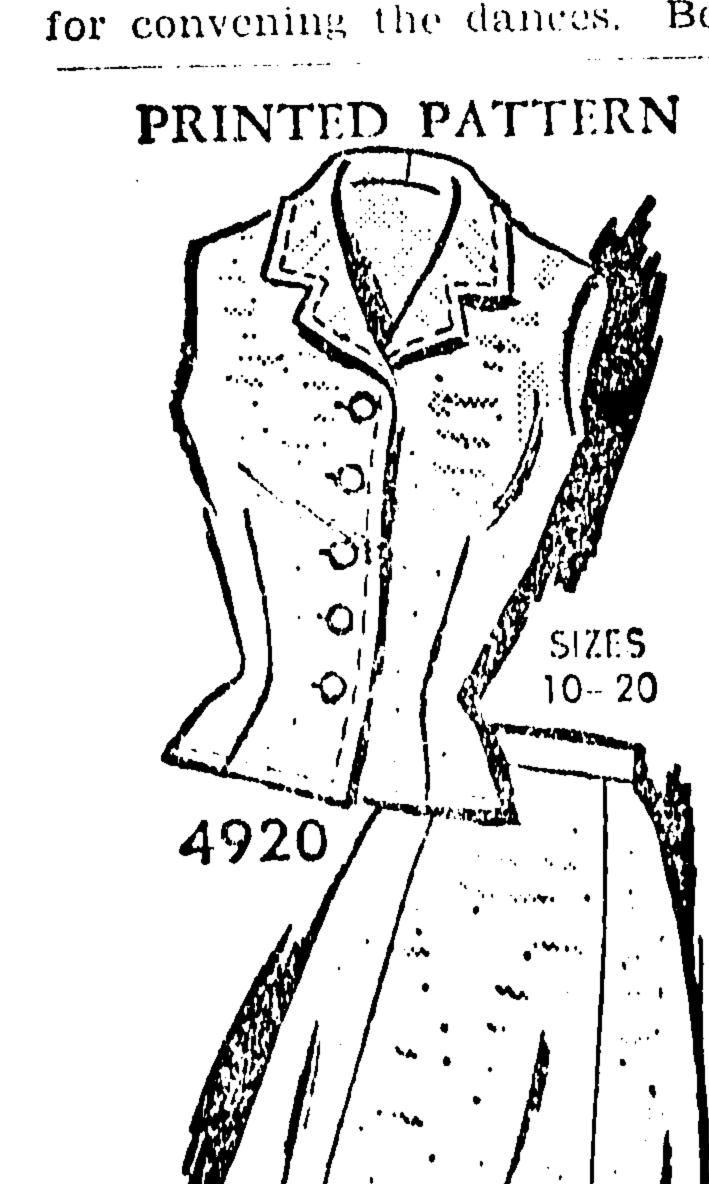

This waste and suffering of people did not have to happen. It must not be allowed to continue. The right government policies can get things moving and keep them moving. The Liberal party is pledged to full employment. Its policies are built for an expanding

economy. An expanding economy will create the million new jobs our growing population needs for

the next four years. You can take a stand for better jobs and greater opportunities in Canada... vote for your Liberal candidate on June 18.
