Operation Doorstep

Having a chest X-ray and TR skin test is a very simple matter, when "Operation Doorstep" comes to your town. This is the name of a type of community TH survey, designed to make having a chest X-ray and skin test as convenient as possible.

Come as you are, is the theme. A mobile X-ray unit brings this service within a step or two of your doorstep. All you do is give your name, address and

age to clerk. For the X-ray you merely stand in fromt of the camera for a few brief seconds while an oxpert technician defly does his job, and Presto, it's all over. The TR skin test is just as simple.
