## By JOCELYN BOLTON

We are now observing our summer hours at the museum and tourist bureau. From June 1 to September 15 hours are from 9 a.m. until 9 p.m. Monday to ■ Saturday and on Sunday 2 to 5 p.m. We also open for all tour, boats and on Sunday we welcomed the tourists off the "Louise" CPR, her first trip north this year and we had a great many visitors. A very good crowd they were, interesting and charming, and a number of Canadians from the east and the Prairies.

Mrs. Della Gould Emmons of Tacoma, a clever person, works in the Tacoma Museum. She is an author and has written a, number of books. "Nothing in Life is Free," official book for the Washington Territorial Centennial 1953. "Sacajawea of the Shoshones" is another of her books and from the description sounds fascinating.

Mr. William Swanson of Prince Rupert gave Dr. R. G. Large a! very old Swedish pipe for the museum, a really interesting article, in very good condition, rewe have on display.

brought us some rocks. Both Mr. long distance calls. and Mrs. Hart are ardent "rock) hounds" and they donated a piece of jade from Quesnel, fossilized quart wood from Langara; Island, and a piece of dinosaur horn. I know that many of our visitors, who seem to be so interested in rocks, will enjoy these new pieces on display.

the fields, which she brought Dunford. back from Italy. It is very well finely made basket, quite differ- gain the coveted first place. ent to anything we see here, and The list of honor students by Tom Timms.

and those who have asked when Cheryl Kergin, Mona Mayeda, president, and Melody Shatford, the Stampede takes place will Joan Mallet, Richard Omori, Mi-secretary. be welcome to have a copy. The chael Sinclair and Mary Trowsdates for the Stampede are July dale. 9 to 14 this year. We also have

Costa Rica, from Tasmania and many other faraway places, and most of our guests are really impressed with the museum, plus the free literature we give series

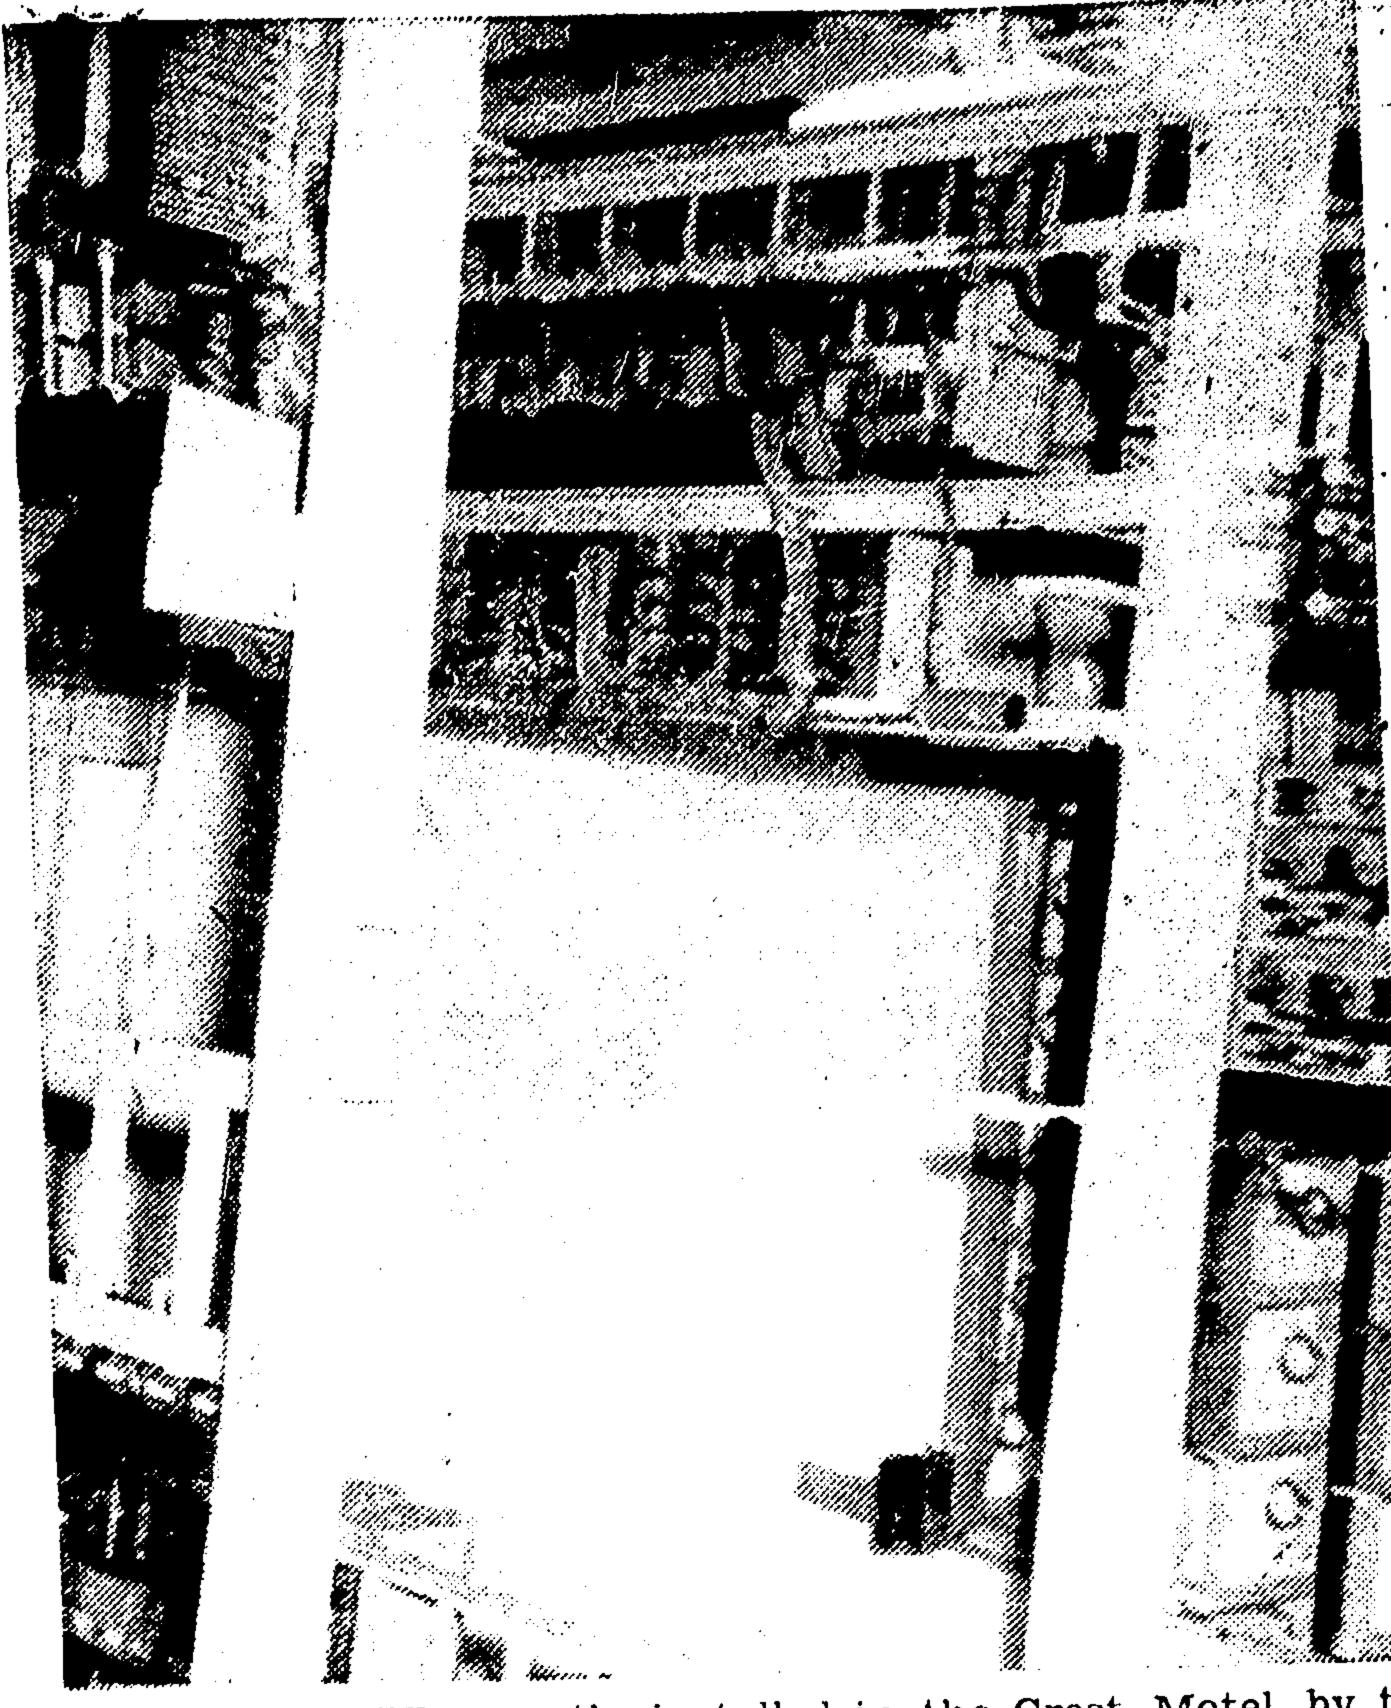

R. L. Colby, director of the Travel Bureau of the Department of Recreation and Conservation, was a guest this past; week, and is a fine photographer -he went out with Tony Crawley and Bill Scuby to photograph the harbor and was lucky to get a picture of the Prince George as she left for Alaska.

E. J. ASHCROFT (left) has been appointed sales manager of the Ellis Airlines office in Prince Rupert, it has been announced by R. E. Ellis, vice-president of sales. He succeeds Richard Melville (right) who will continue with his third year of studies at the University of British Columbia this fall. Mr. Melville is the son of Mr. T. C. Melville, manager of the Bank of Montreal in Pentleton and Mrs. Melville. Mr. Asheroft has had extensive experlence in northern British Columbia and Alaska as he was stationed at Prince Rupert, Wrangell, Alaska and Tulsequah with the Canadian customs. Ellis Airlines leave here at 4:30 p.m. daily for Ketchikan, Alaska, where connecting flights to anywhere in the world may be obtained. Ellis has amphibious landings to all parts of southeastern Alaska, and joins with Pacific Northern Airlines and Pan-American Airlines. A special feature is a 70-minute jet trip to Seattle, Wash, from Ketchikan. The plane, which accommodates up to 24 passengers, arrives here daily except Sunday at 4:15 p.m. Staff photo by Phylls Bowman

A NEW FEATURE in operation this week at the Crest Motel is the "Message-waiting-feature", shown left in the picture by the cash register. This machine is connected with every phone in the building, and if the roomer is not there to answer his phone, the desk clerk turns a button on the feature, and this causes the small light on the phone to blink on and off. The light will continue to blink until the roomer returns and phones the switchboard to receive his message. The glass-enclosed panel of disks shown upper right is part of the direct phoning system recently installed in the Motel by W. H. Murray, manager,
