Game

By LES STEVENS

Well, here we are back again after a week's layoff due to the All-Native Basketball Tournament. On checking with Joek Davidson at the Yacht Club it appears that I did not miss too much. Only one fish was weighed in at the Yacht Club for the week ending Sunday, March 4. Horace Leighton came in with an eight-pound 12-ounce spring which gave him the first prize of a spinning reel donated by Love Electric. Because of only one fish being entered the second and third prizes will be held over until a later date.

Lucky prize winners for the week ending February 25 did a lot better than those of the previous week. Marcel Baril took the spinning reel donated by Mc & Mc with a 25 pounder. John Jenkins won the voucher from Don's Men's Wear with his 21 pounder and the voucher from Stone's Men's Wear went to Walter Perkins with a 20-pound, five-ounce spring. It has been reported that Odin Rydde had quite a time landing his large two-pound, 14-ounce beauty.

The cold weather has been the main cause for the decline in fish and fishermen. Prizes for this week include, a Penn reel donated by Brown's Mill, for first prize, a voucher donated by Rupert Cleaners for second and a case of outboard motor oil donated by Standard Oil for third place. Lets hope the weather warms up a bit and more boats can drop out to their favorite spots for a day's trolling.

A meeting was held last Wednesday night at the home of Sam Currie for all those interested in pistol shooting. Approximately 15 members turned out and the formation of the pistol club was carried out. John Basso was elected chairman and Ron Basso was elected secretary treasurer. Only members of the Rod and Gun Club will be able to take part in any club activities. Initiation fee into the organization is only \$5 and this will cover the cost of insurance for all new members. Open house was held as usual last Sunday at the Rod and Gun Club and a few of the members did some trap shooting while the rest enjoyed a social gathering.

The next meeting of the Rod and Gun Club will be held at the club house at Oliver Lake March 19 to present the brief to the membership in respect to the proposed harbor closing. All members and those interested are urged to attend. Cold weather has dampened trips up the Skeena for trout and the Kloiya Creek has not improved any with the water still low. Good luck to those who brave the chill waters to get in on next week's derby prizes.
